The Book of Squares by Fibonacci is a gem in the mathematical literature and one of the most important mathematical treatises written in the Middle Ages. It is a collection of theorems on indeterminate analysis and equations of second degree which yield, among other results, a solution to a problem proposed by Master John of Palermo to Leonardo at the Court of Frederick II. The book was dedicated and presented to the Emperor at Pisa in 1225. Dating back to the 13th century the book exhibits the early and continued fascination of men with our number system and the relationship among numbers with special properties such as prime numbers, squares, and odd numbers. The faithful translation into modern English and the commentary by the translator make this book accessible to professional mathematicians and amateurs who have always been intrigued by the lure of our number system.

Pieterella, Daughter of Eva opens in the early days of the first white settlement at the Cape of Good Hope, beneath the shadow of Table Mountain, with the Dutch East India Company clinging precariously to a little piece of land - Robben Island - in Table Bay. Eva was one of the first interpreters and intermediaries between her Goringhaicona tribe and the Dutch, and Pieterella's father was Pieter van Meerhoff, the Company surgeon who was murdered by slave dealers in Madagascar. Pieterella and her siblings were among the first mixed-race children born at the Cape and their lives are a manifestation of a sentiment often expressed by Matthee in this novel - that life can consist of heaven and hell rolled up together in one bundle. After her mother's sudden and untimely death, the orphaned Pieterella and her brother Salomon are sent to the hurricane- and drought-afflicted Mauritius, a penal colony at the time, to work as 'slaves' to foster parents. Pieterella barely survives the exhausting sea voyage and a premature marriage becomes her salvation. Pieterella remains attached to the memory of her mother and is full of turbulent emotions about how she is both brown and white in the same body. What will her children look like? Is she really only half-human, as she has so scornfully been told? Will she ever come to terms with who she is and find the peace and comfort she yearns for? Through this remarkable true story, which took three years of intensive research into old journals, diaries and historical records, Matthee has resurrected and breathed new life into the early history of the Cape, and Robben Island and Mauritius - the isles of banishment. She skilfully balances the elements of Pieterella's life: love and shame for her mother, the impersonal might of the Company versus one individual, and a slave who is freer than a free woman. She allows the historically misunderstood Eva finally to come into her own through the eyes of her clever, sensitive daughter.

Ever since Nelson Mandela dramatically walked out of prison in 1990 after twenty-seven years behind bars, South Africa has been undergoing a radical transformation. In one of the most miraculous events of the century, the oppressive system of apartheid was dismantled. Repressive laws mandating separation of the races were thrown out. The country, which had been carved into a crazy quilt that reserved the most prosperous areas for whites and the most desolate and backward for blacks, was reunited. The dreaded and dangerous security force, which for years had systematically tortured, spied upon, and harassed people of color and their white supporters, was dismantled. But how could this country--one of spectacular beauty and promise--come to terms with its ugly past? How could its people, whom the oppressive white government had pitted against one another, live side by side as friends and neighbors? To begin the healing process, Nelson Mandela created the Truth and Reconciliation Commission, headed by the renowned cleric Archbishop Desmond Tutu. Established in 1995, the commission faced the awesome task of hearing the testimony of the victims of apartheid as well as the oppressors. Amnesty was granted to those who offered a full confession of any crimes associated with apartheid. Since the commission began its work, it has been the central player in a drama that has riveted the country. In this book, Antjie Krog, a South African journalist and poet who has covered the work of the commission, recounts the drama, the horrors, the wrenching personal stories of the victims and their families. Through the testimonies of victims of abuse and violence, from the appearance of Winnie Mandela to former South African president P. W. Botha's extraordinary courthouse press conference, this award-winning poet leads us on an amazing journey. Country of My Skull captures the complexity of the Truth Commission's work. The narrative is often traumatic, vivid, and provocative. Krog's powerful prose lures the reader actively and inventively through a mosaic of insights, impressions, and secret themes. This compelling tale is Antjie Krog's profound literary account of the mending of a country that was in colossal need of change.

Watter idee sal blindes van n olifant he? Miskien dink hulle dis n muur, n pilaar of n slang. Dit is di analogie wat uitgebuit word in hierdie eerste Afrikaanse inleidende handboek tot die literatuurwetenskap. A child wanders too far into the Knysna Forest ... he never returns. Nine years later government officials working on a census find a white child living with a Coloured family in the mountains beyond the forest. They take him away from the stricken Fiela, who has brought him up as her son, and give him back to his 'original' family. Stunned and helpless, Benjamin waits for Fiela to reclaim him. But, powerless against authority, Fiela never comes. Benjamin has to grow up before he can go in search of the truth ...

Alexander is autistic. When he is nine years old he is found dead in a bath of water. The only other person in the house at the time is his mother Ingrid. The circumstances arouse suspicion and the police take Ingrid into custody. Did she murder her child? And who could blame her if she did? She has had nine years of hell with her uncontrollable child, all those she cares about have deserted her, and not even the church has come to her assistance. Her efforts to find help for Alexander have left her bankrupt and she is emotionally and physically depleted. If it were not for Miriam and Gunter, she would surely never have endured the nine years... In this haunting novel Annelie Botes exposes the tragedy of autism and its devastating effect on families. Searingly honest, it brings home the inescapable truth that society can be cruelly indifferent to whatever it perceives to be aberrant.

Beginning in a jail cell and ending in a rugby tournament—the true story of how the most inspiring charm offensive in history brought South Africa together. After being released from prison and winning South Africa's first free election, Nelson Mandela presided over a country still deeply divided by fifty years of apartheid. His plan was ambitious if not far-fetched: use the national rugby team, the Springboks—long an embodiment of white-supremacist rule—to embody and engage a new South Africa as they prepared to host the 1995 World Cup. The string of wins that followed not only defied the odds, but capped Mandela's miraculous effort to bring South Africans together again in a hard-won, enduring bond. Watch a Video

Early in the twentieth century a four-year-old boy is washed ashore like a piece of driftwood at Rietfontein Bay in the Southern Cape. Plucked from amongst the drowned bodies and the wreckage of the ship

which floundered on the rocky reefs, the child is adopted by Willem and Sanna Swart and is given the name Moses. More than fifty years later, Moses spends his days taking care of a flock of sheep, continually haunted by a sense of displacement and a yearning to know his real identity. When he goes to work as a gardener for the elderly Lord and Lady de Saumarez he begins for the first time to feel a sense of belonging, and the missing pieces of his life start to unravel. Dalene Matthee, in this her final work, has created a moving tale of identity lost and found.

Karoliena Kapp is a child of the forest, born into a community of woodcutters. She is given the advantage of a good education, but it serves only to heighten her growing realisation that, because of the harsh injustices of poverty, there is little hope for the woodcutters. The day after her marriage to Johannes, himself of woodcutter stock, she realises that she has made the wrong choice. She may have escaped from the poverty of the forest, but she has exchanged her freedom for a cage. Alone and afraid, she leaves her husband and takes the road back to the forest.

Saul Barnard is a man with a self-imposed mission - to halt the wanton destruction of the Knysna Forest, home of wild elephants and the fiercely independent families of woodcutters. For years he has protected the forest from intruders, and has developed a mystical kinship with the spirit of Old Foot, the majestic and indomitable bull elephant. When word goes round that Old Foot is on the rampage, Saul is propelled towards a terrible confrontation that will change his future for ever.
