Ones role models in life are often found in the unexpected. The person who is our confidant and hero, or role model, may well be a teacher, parent, sibling, or friend who is appreciated too late. For me, my role model was my brother, Andy, who died too soon, at the age of twentyone. Unexpected? Yes. Andys story and my own as it unfolds will tell the tale of two brothers who were each others best friend. We had a childhood filled with love, joy, laughter, and sadness. Unfortunately for me, I was so busy being my brothers keeper that I never realized the phenomenal human being my brother, Andy, had become. It took Andys death for me to realize the role model I had lost. Death stole my chance ever to say thank you while Andy was alive. This memoir shares

the emotions of a brothers love. Each of my lifes accomplishments has in some way been shaped by my brothers life and the way he lived it. Born with a cloud over his head, Andy struggled to learn and to fit in. Born with a rainbow in his heart, Andy would love and be loved in a way that I finally came to understand too late. This memoir is my gift of gratitude to my hero and role model. May it inspire those who read it to express their appreciation to those people who have made them into who they are today. In my case, it is my brother, who I loved more than I ever knew. A Brothers Love is Andys story and mine; it is a love story for all ages. "Having been born a freeman, and for more than thirty years enjoyed the blessings of liberty in a free State—and having at the end of that time been kidnapped and sold into Slavery, where I remained, until happily rescued in the month of January, 1853, after a bondage of twelve years—it has been suggested that an account of my life and fortunes would not be uninteresting to the public." -an excerpt

Rainbow Boa snakes are among the most beautiful snakes in the world. In fact, because they are aesthetically appealing, possess calm personalities and remain smaller than many gigantic constrictors, rainbow boas have become some of the most popular snakes in the world. This popularity has led many keepers to breed rainbow boas, thereby making it easy for enthusiasts to work with these snakes.

Whereas snake hobbyists in the past only had access to imported, wild-caught individuals, who were irritable and riddled with parasites, modern keepers can choose from the scads of captive bred rainbow boas produced each year. Book Riot, The Chicago Review of Books, Minnesota Public Radio, and more An Indies Introduce and Indie Next Pick Fans of Maria Semple's *Where'd You Go Bernadette* and Kevin Wilson's *The Family Fang* will delight in Annie Hartnett's debut, a darkly comic novel about a young girl named Elvis trying to figure out her place in a world without her mother. Elvis Babbitt has a head for the facts: she knows science proves yellow is the happiest color, she knows a healthy male giraffe weighs about 3,000 pounds, and she knows that the naked mole rat is the longest living rodent. She knows she should plan to grieve her mother, who has recently drowned while sleepwalking, for exactly eighteen months. But there are things Elvis doesn't yet know—like how to keep her sister Lizzie from poisoning herself while sleep-eating or why her father has started wearing her mother's silk bathrobe around the house. Elvis investigates the strange circumstances of her mother's death and finds comfort, if not answers, in the people (and animals) of Freedom, Alabama. As hilarious a storyteller as she is heartbreakingly honest, Elvis is a truly original voice in this exploration of grief, family, and the endurance of humor after loss.

Based on Five Elements theory, this practical, fully illustrated guide to performing facial enhancement acupuncture (also known as cosmetic acupuncture, facial revitalisation or facial rejuvenation acupuncture) shows in detail the acupuncture

points, techniques and equipment used in this procedure. Facial enhancement acupuncture targets points and muscles of the face in order to improve the elasticity of the skin and general overall appearance, as well as addressing constitutional points on the legs, arms and body to balance and harmonise the inner elements. The author clearly explains the rationale behind the needling of each face and neck point, which are shown in colour illustrations. He also discusses the advantages of acupuncture over surgical intervention in dealing with wrinkles and sagging jaw lines, and a chapter is included on discussing treatment with prospective patients, follow up and after care. As well as significantly improving the cosmetic appearance, facial acupuncture also has a strong whole body effect on the health and wellbeing of the person treated, and has a long and distinguished history in Chinese medicine. The book is the perfect introduction for acupuncturists and acupuncture students who want to learn how to incorporate this alternative to surgical procedures into their practice.
