In 1978, high school senior Bobby decides to skip class with his wealthy buddy Rich. It turns out its both of their birthdays, so the boys see no point in going to school when they can party down on Dana Point instead. Richs grandmother has a mansion there, and the old ladys been known to throw some awesome parties. Today is no exception. Ninety-year-old Greta Jane welcomes their arrival, and so begins a day of decadence and adventure. Young Bobby has visions of beautiful women and drugs, but what he finds is an unfamiliar world of affluence, intrigue, and bizarre fetishes. He grows up fast, embracing the finer things in life with troublemaker Rich by his side. Soon, Bobby finds himself having a bit too much fun. Things quickly spiral out of control, and a day of birthday ditching threatens to turn downright deviant. Still, Bobby convinces himself that hes a man now; he can handle whatever life throws his way. They skipped school to enjoy a day of freedom, but both boys get a whole lot more than they expected.

A small boy, a cruel city, and the incredible dogs who save him. Based on a true story! When Ivan's mother disappears, he's abandoned on the streets of Moscow, with little chance to make it through the harsh winter. But help comes in an unexpected form: Ivan is adopted by a pack of dogs, and the dogs quickly become more than just his street companions: They become his family. Soon Ivan, who used to love reading fairytales, is practically living in one, as he and his pack roam the city and countryside, using their wits to find food and shelter, dodging danger, begging for coins. But Ivan can't stay hidden from the world of people forever. When help is finally offered to him, will he be able to accept it? Will he even want to? A heart-pounding tale of survival and a moving look at what makes us human.

The updated edition of the bestselling book that has changed millions of lives with its insights into the growth mindset “Through clever research studies and engaging writing, Dweck illuminates how our beliefs about our capabilities exert tremendous influence on how we learn and which paths we take in life.”—Bill Gates, *GatesNotes* After decades of research, world-renowned Stanford University psychologist Carol S. Dweck, Ph.D., discovered a simple but groundbreaking idea: the power of mindset. In this brilliant book, she shows how success in school, work, sports, the arts, and almost every area of human endeavor can be dramatically influenced by how we think about our talents and abilities. People with a fixed mindset—those who believe that abilities are fixed—are less likely to flourish than those with a growth mindset—those who believe that abilities can be developed. Mindset reveals how great parents, teachers, managers, and athletes can put this idea to use to foster outstanding accomplishment. In this edition, Dweck offers new insights into her now famous and broadly embraced concept. She introduces a phenomenon she calls false growth mindset and guides people toward adopting a deeper, truer growth mindset. She also expands the mindset concept beyond the individual, applying it to the cultures of groups and organizations. With the right mindset, you can motivate those you lead, teach, and love—to transform their lives and your own.

The Academic Encounters Second edition series uses a sustained content approach to teach skills necessary for taking academic courses in English. There are two books for each content area.
