Concern about the depiction of the ozone layer has been steadily growing since the 1970s, making the reduction of consumption and production of CFCs and halons an important and emotive issue. This report concentrates on three main areas; information on the levels of CFCs and halons in the UK, the most economic and technically efficient means of control, and the opportunities for recover, recycling and destruction.

The super-manual for Miata owners. The author has personally dismantled and reassembled a Miata, taking step-by-step pictures of all procedures. This, combined with his personal interest in the Miata and his years of writing and editing Haynes manuals, provides the background necessary to write the best Miata shop manual available. Coverage includes maintenance, repairs, modifications and improvements on all 1.6-liter Miatas from 1989-1994.

Owning a car is a ticket to independence and freedom for a large section of the population, but the prospect of owning a car for the first time can appear daunting.
