You can turn any warm or cold prospect into a hot prospect, wanting to know all about your business. How? By learning how to effectively introduce your business into a social conversation with an easy, rejection-free sequence of just a few words. Prospects want what you have to offer, but they are afraid of someone selling them. However, prospects love to buy and join. FOREWORD BY BRENE BROWN and POSTSCRIPT FROM BRAIN PICKINGS CREATOR MARIA POPOVA

Rock star, crowdfunding pioneer, and TED speaker Amanda Palmer knows all about asking. Performing as a living statue in a wedding dress, she wordlessly asked thousands of passersby for their dollars. When she became a singer, songwriter, and musician, she was not afraid to ask her audience to support her as she surfed the crowd (and slept on their couches while touring). And when she left her record label to strike out on her own, she asked her fans to support her in making an album, leading to the world's most successful music Kickstarter. Even while Amanda is both celebrated and attacked for her fearlessness in asking for help, she finds that there are important things she cannot ask for-as a musician, as a friend, and as a wife. She learns that she isn't alone in this, that so many people are afraid to ask for help, and it paralyzes their lives and relationships. In this groundbreaking book, she explores these barriers in her own life and in the lives of those around her, and discovers the emotional,

philosophical, and practical aspects of THE ART OF ASKING. Part manifesto, part revelation, this is the story of an artist struggling with the new rules of exchange in the twenty-first century, both on and off the Internet. THE ART OF ASKING will inspire readers to rethink their own ideas about asking, giving, art, and love.

The self-help industry tells you that if you're positive, if you put your best foot forward and if you just believe in yourself that you will find happiness. Let's be real, you can read all the inspirational quotes you want. You can spend your days giving yourself affirmations in your heart-shaped mirror and trying to learn to love yourself. You can say your mantra over and over again while sitting cross-legged on a yoga mat in a Whole Foods parking lot. But the truth is, you're not a badass and you still don't have the life you want. That's where *You're Not That Great* (but neither is anyone else) comes in. This book teaches you how to harness all the negativity in the world and use it to improve your life, taking everyday feelings like self-loathing, regret and shame and making them work for you. Positive thinking is for assholes. Negative thinking is for winners.

It's not what you steal. It's getting away with it that's so much fun. *Lifted*, a novel by Wendy Toliver.

It's February 21, 1981, a sunny morning in Los Angeles, California where the top distributors of the newly founded, Herbalife International, have gathered at the Bonaventure Hotel for the one and only event of its kind

called The Millionaire Training. Once too shy to stand up in front of his class and give an oral book report, the 35-year old Vice President of Sales, Larry Thompson, takes the stage teaching the timeless fundamental principles of network marketing to the small and enthralled crowd. Thankfully just hours before, Herbalife founder, Mark Hughes, decided to invest the \$150 to tape the training. The audio cassette of The Millionaire Training was immediately included in every Herbalife distributor pack. Those who metabolized The Millionaire Training became the top network marketing leaders we see today and several of their stories are included. Today, Herbalife is the #2 direct sales company in the world with over \$5 Billion in sales annually. Larry Thompson has continued to be a dynamic leader in the network marketing industry for over 50 years and has developed and simplified sales strategies for multiple companies around the globe. Most recently, Larry and his strategic alliance with Rolf Sorg, has helped guide PM International to its first billion dollars in annual sales. Why is this book being written now? There is a distinct difference between marketing and network marketing. Many leaders are teaching marketing and expect the everyday, average person to learn it and then implement it. It's not that easy. Network marketing is simple. The fundamentals of network marketing never change. When you fully understand these foundational principles, you can easily bridge the gap and apply them to the ever changing world of social media marketing techniques. You will be taught How to Employ Yourself, The 7 Diseases of Attitude and Get the Goldmine Attitude plus

many other principles that will remain relevant throughout your lifetime. It will impact who and how you are as a business leader and as a person in your everyday life. Larry Thompson is known by many as the "Mentor to the Millionaires." The Wall Street Journal called Larry, "The Original Architect of Wealth Building." And, now you have the opportunity to have The Millionaire Training in your hands as your very own success manual. The Millionaire Training is accepted to be the essential foundation to anyone building a business and is more relevant today than when it was originally recorded. Larry and his wife Taylor reside in Prosper, Texas and continue to train and teach willing entrepreneurs the fundamentals of creating wealth through their LT WealthBuilding Academy. Do you want to be a leader? Or, do you want more leaders on your network marketing team? The strength of your network marketing business is measured in leaders - not in the number of distributors. What are the things we need to teach ordinary distributors to do in order to become leaders? Successful leaders have a plan. They want to duplicate themselves as leaders. This plan doesn't happen by accident. Follow this plan. Instead of wishing and hoping for leaders, this book will give you the step-by-step activities to actually create leaders. "Nina Hill's life may not seem like much, but for a person battling anxiety, it's more than enough. She enjoys her job at a bookstore and her small circle of friends. Until a visit from a lawyer changes everything... The father that Nina never knew existed has died, leaving behind an enormous extended family. Nina now has innumerable sisters, brothers, nieces, nephews, and cousins all living within a twenty-mile radius--some welcoming and some not so welcoming, but all demanding her attention. If that's not enough, Nina's talent for worrying is taking the thrill out of falling in love. Tom, a fellow trivia nerd--who's totally into her--is obviously too good to be true.

Everything is moving too fast for Nina. Caught in a whirlwind of new people, emotions and experiences, she

feels the need to protect herself. But maybe opening her world--and her heart--is a risk worth taking"--

The inspiration for the film starring Tilda Swinton and John C. Reilly, this resonant story of a mother's unsettling quest to understand her teenage son's deadly violence, her own ambivalence toward motherhood, and the explosive link between them remains terrifyingly prescient. Eva never really wanted to be a mother. And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a much-adored teacher in a school shooting two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child's character. But Eva was always uneasy with the sacrifices and social demotion of motherhood. Did her internalized dislike for her own son shape him into the killer he's become? How much is her fault? Now, two years later, it is time for her to come to terms with Kevin's horrific rampage, all in a series of startlingly direct correspondences with her estranged husband, Franklin. A piercing, unforgettable, and penetrating exploration of violence and responsibility, a book that the Boston Globe describes as "impossible to put down," is a stunning examination of how tragedy affects a town, a marriage, and a family.

LinkedIn measures its strengths in its professionals. Network Marketing measures its strengths by what it offers professionals. Many Network Marketers lack the approach for reaching professionals. They don't know what to say or what to do. Professional Network Marketers have a plan. They know it takes skills for reaching professionals. But it takes better words for implementing the skills. Instead of running off at the mouth with words that don't work, let's speak with words that do work. Instead of leaving a trail of dead bodies behind us, let's reenergize them with trained words.

Professionals and executives have their language. Network Marketers have their language. When you have a book that teaches you the words to say, it's good to take advantage of it. We can look professional. We can speak professional. We can be professional. We can build a massive downline with better skills. We can make our upline proud by the skills we learn. Instead of spending hours a day on a social network such as Facebook, spend an hour a day on LinkedIn. Let's build a team on LinkedIn. Let's make your upline proud you've built a team on LinkedIn. Experience Network Marketing through the eyes of professionals. Build a team with professionals. Ten professionals doing something are worth more than one hundred non-professionals doing nothing. Now you have a proven guide for your organization of distributors. Read it. Learn it. Follow the lessons in it.
