The triumphant story of a woman who refused to become a victim after being raped, stabbed and left for dead. Now an acclaimed film. First published in 1977, Muhammad 'Ata ur-Rahim's classic text examines Jesus as a prophet teaching the Unity of God, and the historical collapse of Christianity as it abandoned his teaching. Now revised by coauthor Ahmad Thomson, the book sketches the dramatic picture of the original followers of Jesus who affirmed Unity, showing how Christianity became the fiction that replaced their truth. A wide-ranging study that covers the Gospel of Barnabas, the Gospel of Hermes, the shepherd, early and later Unitarian Christians, and Jesus in the gospels and in the Qur'an and hadith, Jesus: Prophet of Islam argues persuasively that the idea of Jesus as part of a trinity was a Greek pagan concept adopted by early Christian missionaries to gain converts among the Greeks, and did not become a widely accepted Christian doctrine until after the Council of Nicea in 325 A.D.

The 99 names of Allah are also known as His attributes. In Islam's Holy book, The Quran, Allah has revealed His 99 names or attributes. This book is an humble effort to list the names of Allah along with their meanings.

In this international bestseller, a woman comes of age in a poignant novel about forgiveness, pain, and self-discovery. Mona's demanding mother ruled their home until a car crash took her life and changed their family forever. Left to tend to a distant father and a needy younger brother, Mona finds her new role almost too much to bear. And when a new stepmother, troubled and depressed, adds yet another crack to the family portrait, Mona's forced to shoulder an even greater share of the emotional burden. Somewhere between her responsibility to her family and to her own life, Mona finds a route of escape: in a theater career she craves. But for every challenge ahead--romantic, professional, sexual, and familial--Mona wonders how much of her future has already been defined by the challenges of her past. An emotional, funny, and universal novel about the people, experiences, and choices that make us who we are, Mona in Three Acts is a revelatory journey of a woman's self-discovery, forgiveness, and courage to finally speak her truth.

Today's corporate deal makers face a conundrum: Though 70% of major acquisitions fail, it's nearly impossible to build a world-class company without doing deals. In *Mastering the Merger*, David Harding and Sam Rovit argue that a laserlike focus on just four key imperatives--before executives finalize the deal--can dramatically improve the odds of M&A success. Based on more than 30 years of in-the-trenches work on thousands of deals across a range of industries--and supplemented by extensive Bain & Co. research--Harding and Rovit reveal that the best M&A performers channel their efforts into (1) targeting deals that advance the core business; (2) determining which deals to close and when to walk away; (3) identifying where to integrate--and where not to; and (4) developing contingency plans for when deals inevitably stray. Top deal makers also favor a succession of smaller deals over complex "megamergers"--and essentially institutionalize a success formula over time. Helping executives zero in on what matters most in the complex world of M&A, *Mastering the Merger* offers a blueprint for the decisions and strategies that will beat the odds.
