This collection of conversations over the course of her brief career allows a peek at the woman behind the hype. And allows us to see the image of herself she carefully crafted for the public. Frida Kahlo is now an icon. In the decades since her death, Kahlo has been celebrated as a proto-feminist, a misunderstood genius, and a leftist hero, but during her lifetime most knew her as ... Diego Rivera's wife. Featuring conversations with American scholar and Marxist, Bertram D. Wolfe, and art critic Raquel Tibol, this collection shows an artist undervalued, but also a woman in control of her image. From her timid beginnings after her first solo show, to a woman who confidently states that she is her only influence, the many faces of Kahlo presented here clearly show us the woman behind the "Fridamania" we know today.

One of Mexico's most celebrated new novelists, F. G. Haghenbeck offers a beautifully written reimagining of Frida Kahlo's fascinating life and loves. When several notebooks were recently discovered among Frida Kahlo's belongings at her home in Coyoacán, Mexico City, acclaimed Mexican novelist F. G. Haghenbeck was inspired to write this beautifully wrought fictional account of her life. Haghenbeck imagines that, after Frida nearly died when a streetcar's iron handrail pierced her abdomen during a traffic accident, she received one of the notebooks as a gift from her lover Tina Modotti. Frida called the notebook "The Hierba Santa Book" (The Sacred Herbs Book) and filled it with memories, ideas, and recipes. Haghenbeck takes readers on a magical ride through Frida's passionate life: her long and tumultuous relationship with Diego Rivera, the development of her art, her complex personality, her hunger for experience, and her ardent feminism. This stunning narrative also details her remarkable relationships with Georgia O'Keeffe, Leon Trotsky, Nelson Rockefeller, Ernest Hemingway, John Dos Passos, Henry Miller, and Salvador Dalí. Combining rich, luscious prose with recipes from "The Hierba Santa Book," Haghenbeck tells the extraordinary story of a woman

whose life was as stunning a creation as her art.

This book marks the triumphant return of Frida Kahlo to San Francisco, the city where her artistic life began to unfold. Kahlo's sojourns to the United States were brief, but formative. It was in the California city--the first she visited in the US--that she ventured into a new world beyond the scope of Coyoacán, Mexico City, and Cuernavaca. Kahlo first visited San Francisco in 1930 with her husband Diego Rivera and stayed for a year while he completed murals for the City Club of San Francisco and the San Francisco Art Institute. It was love at first sight. Kahlo appreciated the beauty of the city, relished its ethnic diversity, and was mesmerized by neighborhoods like Chinatown. She met fascinating people, many of whom became lifelong friends. It was also in San Francisco that Kahlo began to fashion her indigenous (and now iconic) Mexican identity, deliberately distinguishing herself from the local women, whom she called "scarecrows" and "dull." Kahlo refined her sartorial flair, enhanced her political and social worldview, and began to paint seriously. Today she is recognized as a cultural icon, and one of the most critically acclaimed artists of the twentieth century. Presented alongside a major exhibition at the de Young museum in San Francisco, this catalogue includes essays exploring Kahlo's role as an artist and her time in San Francisco, as well as a selection of artworks by the artist and photographs of her. *Frida Kahlo and San Francisco* provides a unique opportunity to examine the ways in which politics, gender, trauma, and national identity influenced Kahlo's diverse modes of creativity. Exhibition Schedule De Young San Francisco, CA March 21-July 26, 2020

Originally published in Spanish in 2016, *Frida Kahlo* has already found an enthusiastic audience in the Spanish-speaking world, with some 20,000 copies sold in just a few months. This translation introduces English-language readers to Kahlo's life, from her childhood and the traumatic accident that would change her life and her artwork, to her complicated love for Diego Rivera and the fierce determination that drove her to become a major artist in her own right. María Hesse tells the story in a first-person narrative, which captures both the depths of Frida's suffering and her passion for art and life.

Biography of Mexican artist Frida Kahlo, written as a child's school report.

This intimate account offers a new, unexpected understanding of the artist's work and of the vibrant 1930s surrealist scene. In 1938, just as she was leaving

Mexico for her first solo exhibition in New York, Frida Kahlo was devastated to learn from her husband, Diego Rivera, that he intended to divorce her. This latest blow followed a long series of betrayals, most painful of all his affair with her beloved younger sister, Cristina. In early 1939, anxious and adrift, Kahlo traveled from the United States to France—her only trip to Europe, and the beginning of a unique period of her life when she was enjoying success on her own. Now, for the first time, this previously overlooked part of her story is brought to light in exquisite detail. Marc Petitjean takes the reader to Paris, where Kahlo spends her days alongside luminaries such as Pablo Picasso, André Breton, Dora Maar, and Marcel Duchamp. Using Kahlo's whirlwind romance with the author's father, Michel Petitjean, as a jumping-off point, *The Heart: Frida Kahlo in Paris* provides a striking portrait of the artist and an inside look at the history of one of her most powerful, enigmatic paintings.

Frida Kahlo stepped into the limelight in 1929 when she married Mexican muralist Diego Rivera. She was twenty-two; he was forty-three. Hailed as Rivera's exotic young wife who "dabbles in art," she went on to produce brilliant paintings but remained in her husband's shadow throughout her life. Today, almost six decades after her untimely death, Kahlo's fame rivals that of Rivera and she has gained international acclaim as a path-breaking artist and a cultural icon. Cutting

through “Fridamania,” this book explores Kahlo’s life, art, and legacies, while also scrutinizing the myths, contradictions, and ambiguities that riddle her dramatic story. Gannit Ankori examines Kahlo’s early childhood, medical problems, volatile marriage, political affiliations, religious beliefs, and, most important, her unparalleled and innovative art. Based on detailed analyses of the artist’s paintings, diary, letters, photographs, medical records, and interviews, the book also assesses Kahlo’s critical impact on contemporary art and culture. Kahlo was of her time, deeply immersed in the issues that dominated the first half of the twentieth century. Yet, as this book reveals, she was also ahead of her time. Her paintings challenged social norms and broke taboos, addressing themes such as the female body, gender, cross-dressing, hybridity, identity, and trauma in ways that continue to inspire contemporary artists across the globe. Frida Kahlo is a succinct and powerful account of the life, art and legacy of this iconic artist.

The riveting story of how three years spent in the United States transformed Frida Kahlo into the artist we know today “[An] insightful debut....Featuring meticulous research and elegant turns of phrase, Stahr’s engrossing account provides scholarly though accessible analysis for both feminists and art lovers.” —Publisher's Weekly Mexican artist Frida Kahlo adored adventure. In November, 1930, she was thrilled to realize her dream of traveling to the United States to live in San Francisco, Detroit, and New York. Still, leaving her family and her country for the first time was monumental. Only twenty-three and newly married to the already world-famous forty-three-year-old Diego Rivera, she was at a crossroads in her life and this new place, one filled with magnificent beauty, horrific poverty, racial tension, anti-Semitism, ethnic diversity, bland Midwestern food, and a thriving music scene, pushed Frida in unexpected directions. Shifts in her style of painting began to appear, cracks in her marriage widened, and tragedy struck, twice while she was living in Detroit. Frida in America is the first in-depth biography of these formative years spent in Gringolandia, a place Frida couldn’t always understand. But it’s precisely her feelings of being a stranger in a strange land that fueled her creative passions and an even stronger sense of Mexican identity. With vivid detail, Frida in America recreates the pivotal journey that made Senora Rivera the world famous Frida Kahlo. Clever illustrations and story lines, together with full-color reproductions of Frida Kahlo's actual works, give children a light yet realistic overview of Leonardo DaVinci's life and style.

At first sight of Frida Kahlo’s painting The Two Fridas, Emily Rapp Black felt a connection with the artist. An amputee from childhood, Rapp Black grew up with a succession of prosthetic limbs and learned that she had to hide her disability from the world. Kahlo sustained lifelong injuries after a horrific bus crash,

and her right leg was eventually amputated. In Kahlo's art, Rapp Black recognized her own life, from the numerous operations to the compulsion to create to silence pain. Here she tells her story of losing her infant son to Tay-Sachs, giving birth to a daughter, and learning to accept her body. She writes of how Frida Kahlo inspired her to find a way forward when all seemed lost. Book cover image: Frida Kahlo, prosthetic limb. Frida Kahlo & Diego Rivera Archives.
