According to the latest statistics, US alone spend approximately \$2.3 trillion annually on projects. Around the globe, nearly \$10 trillion is spent on all kinds of projects. Great project management can deliver success by providing clear objectives, ample resources, realistic planning, low risk, high-quality deliverables, efficient budget utilization, and on-time delivery of the product. This book is part of a series of books titled "Project Management by Amir Manzoor". This series focusses on Project Management Body of Knowledge (PMBOK) 6th Edition of Project Management Institute (PMI), USA to provide comprehensive coverage of all aspects of project management. PMBOK contains one of the most widely used standard terminology, best practices, and process guidelines around project management. This book series includes 11 books providing coverage of all areas of project management. This book covers the fundamentals of project management. The important topics covered include project management and organizations, project and product life cycle, project management processes, and project management knowledge areas. Compared with available texts on project management, the perspective of this book is global project management. The book is written in simple language, provides up-to-date coverage of its topics. This book is useful for undergrad

As competitors strive to win the war for talent, effective human resource management is necessary to gain true competitive advantage in the marketplace. Three challenges companies face are sustainability, technology, and globalization. Human Resource Management 5th Edition brings these challenges to life by highlighting real-world examples pertaining to these issues and relating it to the concepts within the chapter. This best-selling McGraw-Hill/Irwin Human Resource Management title provides students with the technical background needed to be a knowledgeable consumer of human resource (HR) products and services, to manage HR effectively, or to be a successful HR professional. While clearly strategic in nature, the text also emphasizes how managers can more effectively acquire, develop, compensate, and manage the internal and external

environment that relates to the management of human resources.
