This book of reminiscences charts the life of a young man Kamturuudu (short Kamtu), growing up in an African township during the Rhodesian era. It chronicles a journey that spans his formative years from primary school through to his secondary school years. It gives

some insight into the Rhodesian primary and secondary school education systems then, and the challenges faced by the youngster as he tried to make sense of a school disciplinary system that often bordered on physical abuse. The chronicles of Kamtus childhood adventures and conflicts make one wonder how he came through it all without any emotional scars. In his early teens, bemused by the contradiction between ancestral worship and Christianity, he asks poignant questions regarding the oxymoron that was the coexistence of the two beliefs within his family, and as a result, conflict with his mother, siblings, and cousins was an inevitable eventuality. A brief escape to the shores of England provided a temporary reprieve from the stress and anxiety triggered by his appointment to the role of a spirit medium, but on his return to Zimbabwe, the traditional cloth which had been assigned to him as the emblem of his supposedly elevated status was awaiting him. In his quest for answers and a means of escape, he stumbles into a tent church meeting and witnesses a logic-defying event that changes his life forever . . .

The book that inspired the major new motion picture *Mandela: Long Walk to Freedom*. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's anti-apartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. *LONG WALK TO FREEDOM* is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

When Akuma, a youthful African government secondary school teacher, leaves his hometown and goes to the capital city, he hardly knows that he will be paralyzed and will not be able to use his legs again. *The Journey's End* is a character-driven narrative that explores the lives of two men who meet in Yaoundé, the capital city: Lucas Wango, an elderly pensioner who comes to collect his back pay of seven years' pension money, and Akuma, a physically challenged man who helps him recover his pension arrears. Wango doesn't know that Akuma, aka Général, is a mobster and the boss of a city gang that commands and controls a better part of the metropolis. Running parallel to this central plot are two subplots that eventually converge at the end of the novel: Lucas Wango's meddling in and eventual frustration with national political life and Général's relationship with Martina, a woman with whom he falls in love in the city. Set in the rural African landscape of Yambe and Menamo - Akuma's home village which he left to come to the city, and the urban backdrop of the rapidly populated city of Yaoundé, *The Journey's End* epitomizes the predicament of Africa's expanding slum-cities, characterized by poverty, corruption, and survival-driven individuality. For whom does the journey end - remains an absorbing question that animates every single page in this extraordinary urban adventure.

In the three volumes of *Major Trends in Theoretical and Applied Linguistics*, the editors guide the reader through a well-selected compendium of works, presenting a fresh look at contemporary linguistics. Specialists will find chapters that contribute to their

fields of interest, and the three-volume collection will provide useful reading for anyone interested in linguistics. The first volume explores theoretical issues dealing with phonetics-phonology and syntax-semantics-morphology. Volume two is organized into three main sections that examine interdisciplinary linguistics: discourse analysis, gender and lexicography; language acquisition, and language disorders. Finally, volume three focuses on applied linguistics - both language teaching/ learning and education. Obi Okonkwo is an idealistic young man who, thanks to the privileges of an education in Britain, has now returned to Nigeria for a job in the civil service. However in his new role he finds that the way of government seems to be backhanders and corruption. Obi manages to resist the bribes that are offered to him, but when he falls in love with an unsuitable girl - to the disapproval of his parents - he sinks further into emotional and financial turmoil. The lure of easy money becomes harder to refuse, and Obi becomes caught in a trap he cannot escape. Showing a man lost in cultural limbo, and a Nigeria entering a new age of disillusionment, *No Longer at Ease* concludes Achebe's remarkable trilogy charting three generations of an African community under the impact of colonialism, the first two volumes of which are *Things Fall Apart* and *Arrow of God*.
