

George Washington S Socks Guided Reading Plan

Explore the lives of America's 45 presidents, as well as notable first ladies, famous speeches, and major constitutional events, with The Presidents Visual Encyclopedia. From George Washington to the new leader taking office in January 2017, this visual reference guide presents a unique insight into life in the White House. More than 150 easy-to-read entries cover the presidents, first ladies such as Eleanor Roosevelt, the Louisiana Purchase, the Gettysburg Address, and more, and over 200 fascinating photographs add to kids' knowledge of these leaders and the key moments that defined their time in office. The Presidents Visual Encyclopedia is the perfect one-stop reference guide, teaching kids all they need to know about the history of the United States and the remarkable impact our country has had on the rest of the world.

This volume shows how we can all gain from imitating George Washington, whose ideas of dignity and respect for his fellow peers began with these rules and were followed diligently throughout his life, ultimately shaping both his outward demeanor and his nation.

A rising-star historian offers a significant new global perspective on the Revolutionary War with the story of the conflict as seen through the eyes of the outsiders of colonial society Winner of the Journal of the American Revolution Book of the Year Award • Winner of the Society of the Cincinnati in the State of New Jersey History Prize • Finalist for the George Washington Book Prize Over the last decade, award-winning historian Kathleen DuVal has revitalized the study of early America's marginalized voices. Now, in *Independence Lost*, she recounts an untold story as rich and significant as that of the Founding Fathers: the history of the Revolutionary Era as experienced by slaves, American Indians, women, and British loyalists living on Florida's Gulf Coast. While citizens of the thirteen rebelling colonies came to blows with the British Empire over tariffs and parliamentary representation, the situation on the rest of the continent was even more fraught. In the Gulf of Mexico, Spanish forces clashed with Britain's strained army to carve up the Gulf Coast, as both sides competed for allegiances with the powerful Chickasaw, Choctaw, and Creek nations who inhabited the region. Meanwhile, African American slaves had little control over their own lives, but some individuals found opportunities to expand their freedoms during the war. *Independence Lost* reveals that individual motives counted as much as the ideals of liberty and freedom the Founders espoused: Independence had a personal as well as national meaning, and the choices made by people living outside the colonies were of critical importance to the war's outcome. DuVal introduces us to the Mobile slave Petit Jean, who organized militias to fight the British at sea; the Chickasaw diplomat Payamataha, who worked to keep his people out of war; New Orleans merchant Oliver Pollock and his wife, Margaret O'Brien Pollock, who risked their own wealth to organize funds and garner Spanish support for the American Revolution; the half-Scottish-Creek leader Alexander McGillivray, who fought to protect indigenous interests from European imperial encroachment; the Cajun refugee Amand Broussard, who spent a lifetime in conflict with the British; and Scottish loyalists James and Isabella Bruce, whose work on behalf of the British Empire placed them in grave danger. Their lives illuminate the fateful events that took place along the Gulf of Mexico and, in the process, changed the history of North America itself. Adding new depth and moral complexity, Kathleen DuVal reinvigorates the story of the American Revolution. *Independence Lost* is a bold work that fully establishes the reputation of a historian who is already regarded as one of her generation's best. Praise for *Independence Lost* “[An] astonishing story . . . *Independence Lost* will knock your socks off. To read [this book] is to see that the task of recovering the entire American Revolution has barely begun.”—The New York Times Book Review “A richly documented and compelling account.”—The Wall Street Journal

“A remarkable, necessary—and entirely new—book about the American Revolution.”—The Daily Beast “A completely new take on the American Revolution, rife with pathos, double-dealing, and intrigue.”—Elizabeth A. Fenn, Pulitzer Prize–winning author of Encounters at the Heart of the World

A biography of the commander-in-chief of the Continental Army and first president of the United States, George Washington, including illustrations of people, places, and artifacts of the times.

A bright, bold debut about a girl who happens to have been born a boy, but refuses to let that stand in the way of her dream. George joins the Scholastic Gold line, which features award-winning and beloved novels. Includes exclusive bonus content! When people look at Melissa, they think they see a boy named George. But she knows she's not a boy. She knows she's a girl. Melissa thinks she'll have to keep this a secret forever. Then her teacher announces that their class play is going to be Charlotte's Web. Melissa really, really, REALLY wants to play Charlotte. But the teacher says she can't even try out for the part... because she's a boy. With the help of her best friend, Kelly, Melissa comes up with a plan. Not just so she can be Charlotte -- but so everyone can know who she is, once and for all.

At the end of fifth grade, Fara decides to wear mismatched socks as a statement of individuality, but once middle school starts and she wants to be known for her ideas rather than her clothing, she feels burdened by an image that she no longer wants.

Traces the life of the first president of the United States from his boyhood at Mount Vernon to his adult years.

Ten-year-old Andy's life changes after a strange encounter with an ancient mummy during a class trip to the museum.

A humorous look at five of our country's founding fathers.

During a school trip to Ellis Island, Dominick Avaro, a ten-year-old foster child, travels back in time to 1908 Italy and accompanies two young emigrants to America.

* INSTANT #1 NEW YORK TIMES BESTSELLER * #1 WALL STREET JOURNAL BESTSELLER * “A rollicking, foil-mouthed” [memoir]....Boehner has delivered a classic Washington “tell-all,” albeit one with his typical jocular style.” --The Washington Post
Former Speaker of the House John Boehner shares colorful tales from the halls of power, the smoke-filled rooms around the halls of power, and his fabled tour bus. John Boehner is the last of a breed. At a time when the arbiters of American culture were obsessing over organic kale, cold-pressed juice, and SoulCycle, the man who stood second in line to the presidency was unapologetically smoking Camels, quaffing a glass of red, and hitting the golf course whenever he could. There could hardly have been a more diametrically opposed figure to represent the opposition party in President Barack Obama's Washington. But when Boehner announced his resignation, President Obama called to tell the outgoing Speaker that he'd miss him. "Mr. President," Boehner replied, "yes you will." He thought of himself as a "regular guy with a big job," and he enjoyed it. In addition to his own stories of life in the swamp city and of his comeback after getting knocked off the leadership ladder, Boehner offers his impressions of leaders he's met and what made them successes or failures, from Ford and Reagan to Obama, Trump, and Biden. He shares his views on how the Republican Party has become unrecognizable today; the advice--some harsh, some fatherly--he dished out to members of his own party, the opposition, the media, and others; and his often acid-tongued comments about his former colleagues. And of course he talks about golfing with five presidents. Through Speaker Boehner's honest and self-aware

reflections, you'll be reminded of a time when the adults were firmly in charge.

Mr. Tiffin and his students from the perennially popular *How Many Seeds in a Pumpkin?* and *The Dinosaur Expert* make friends with, Librarian Beck a new character in the series who also happens to be non-binary. This thoughtful picture book is about a wood-working project that helps a young student become a book lover. Everyone in Mr. Tiffin's class couldn't be more excited that the new school library has finally opened. Everyone except Jake. Jake is a slow and careful reader. Sometimes he reads the same page more than once to figure everything out. And he often feels left behind on class Library Day. All that changes when Librarian Beck notices Jake running his fingers across the grooves of a brand-new bookshelf and offers him an old, worn book:

Woodworking for Young Hands. Jake checks the book out, studies the pictures and instructions, and renews the book again and again. When the school year comes to an end, Jake has the perfect gift idea for the librarian who changed his life--and he makes it with his own two hands.

From James Rees, Executive Director of Mount Vernon, comes an enlightening guide to the leadership wisdom of America's first great leader. George Washington was more than just an inspiring battlefield commander; he was critical to the founding and success of the United States of America. His leadership, his vision, and his courage united a war-torn country and set the United States on the path to greatness. Washington's historic contribution to this nation--his leadership and his character--are as relevant and valuable today as they have ever been. This book reveals Washington's character, his leadership, his vision, and most surprising of all, his business skills and acumen. Most people aren't aware that Washington, while all of the above, was also a successful businessman and visionary entrepreneur. Exhibiting qualities sorely lacking in so many of our political and business leaders today, Washington remained steadfastly honest and ethical, following guiding principles that would benefit leaders around the world. *George Washington's Leadership Lessons* reveals a man of true character, worthy of emulation not just in the realm of politics and war, but in all leadership positions.

Poems which celebrate children's everyday experiences during the school year.

This historic time-travel fantasy is a riveting sequel to a bestselling classic. Ten-year-old Matt Carlton and six friends are accidentally swept back in time--to Boston in 1776! The British now occupy the city, and redcoat guards are everywhere! While the boys are being held captive by a den of Patriot spies, the girls have been taken in by a wealthy Tory family. The pox is rampant; danger lies around every corner--and there's no hope for returning home to their own time. How will these seven children survive? Readers will relish the nonstop action and humorous dialogue in this riveting sequel to Woodruff's bestselling novel, *GEORGE WASHINGTON'S SOCKS*.

While enjoying an innocent lakeside campout, five modern-day children are transported back in time to the days of George Washington and other American Revolutionary figures. Reprint.

Describes the life and achievements of George Washington, including his childhood in Virginia, his service in the army, and his election as the first president of the United States.

When Grandma was a little girl in Mississippi, she sneaked into town one day. It was a hot day—the kind of hot where a firecracker might light up by itself. But when this little girl saw the "Whites Only" sign on the water fountain, she had no idea what she would spark when she took off her shoes and—wearing her clean white socks—stepped up to drink. Bravery, defiance, and a touch of magic win out over hatred in this acclaimed story by Elevelyn Coleman. Tyrone Geter's paintings richly evoke its heat, mood, and legendary spirit.

In 1776, after witnessing the execution of Nathan Hale in New York City, which was newly occupied by the British army, young Sophia Calderwood resolves to do all she can to help the American cause, including becoming a spy.

Ten-year-old Matt and six other children are mysteriously swept back in time to 1776 Boston, living out American history as they meet Benjamin Franklin, learn about colonial medicine and become part of a rebel spy ring.

Philadelphia 1777 is no place for the faint of heart. The rumble of war with the British grows louder each day, and spies for and against the Patriots are everywhere. No one is above suspicion. Still, everyday life must go on and young Maddy Rose must help her mother, especially since her father's death at the Battle of Princeton and now with her beloved brother Jonathan off with Washington's army. But when childhood games become life-and-death actions, Maddy Rose is drawn ever deeper into events that will explode beyond her imagining. As young America stands on the very brink of its fight for freedom, it becomes clear that even the smallest of citizens can play the largest of parts, and that the role of a patriot has nothing to do with age and everything to do with heart. In *The Scarlet Stockings Spy*, Trinka Hakes Noble melds a suspenseful tale of devotion, sacrifice, and patriotism with the stark realities of our country's birth. Noted picture book author and illustrator Trinka Hakes Noble has pursued the study of children's book writing and illustrating in New York City at Parsons School of Design, the New School University, Caldecott medalist Uri Shulevitz's Greenwich Village Workshop, and New York University. She has authored and illustrated numerous books including the popular *Jimmy's Boa* series, which has been translated into six languages. Trinka lives in Bernardsville, New Jersey. *The Scarlet Stockings Spy* is her first book with Sleeping Bear Press. Because Robert Papp's childhood drawings of his favorite superheros were such a pleasure, it was only natural that he would wind up an illustrator. Nowadays, his award-winning artwork appears on book covers and in magazines instead of on the refrigerator. He has produced hundreds of cover illustrations for major publishers across the United States. Robert lives in historic Bucks County, Pennsylvania.

Provides answers to twenty questions about the Wright Brothers, including "When did they become interested in flying?", "Why did they build a giant kite?", and "What happened on December 17, 1903?"

Discusses the mysteries of ancient Egypt, and includes facts covering treasure, pyramids, mummies, and pharaohs.

"This book is about the most interesting key ever made, which now hangs in the central passageway of George Washington's Mount Vernon mansion, helping to greet over a million visitors a year. The main key to the Bastille prison in Paris, it was given in 1790 to Washington, the patriarch of liberty, by his missionary, the Marquis de Lafayette, who took the "sacred fire of liberty" he discovered in America and tried to fan its flames in France. Become a history detective and find out how this unique key was made, how the man who made it helped kill a king, and how it made its way to Mount Vernon. Along the way, learn about the interesting and unexpected twists and turns made in unlocking the

Read Book George Washington S Socks Guided Reading Plan

doors hiding the truth about the key, which some (incorrectly) argue is a counterfeit. Then learn what Washington and Lafayette each believed was the "key" to establishing and maintaining liberty, and what went right and wrong in their respective revolutions. Finally, learn how the key continues to inspire a world-wide devotion to freedom." --

In paperback for the 2012 election, this sophisticated and playful look at U.S. presidents includes a new portrait of President Obama. See America's presidents as never before—made of objects! Using everything from blue jeans to boxing gloves, Hanoch Piven “builds” the characters of eighteen of our nation's leaders. Revealing anecdotes accompany the creative collages and lend insight to the charismatic personalities of prominent presidents from George Washington to Barack Obama, resulting in an irresistible resource that transcends party lines.

Eight-year-old EllRay Jakes decides to "borrow" his father's crystals to impress his classmates, but his plan to return the crystals before his father notices goes awry.

If you lived at the time of the American Revolution --What started the American Revolution? --Did everyone take sides? --Would you have seen a battle? Before 1775, thirteen colonies in America belonged to England. This book tells about the fight to be free and independent. What if you lived in the White House? The Kennedy Center gives you a sneak peek inside!

A Publishers Weekly Most Anticipated Book of Spring 2021 From a Pulitzer Prize–winning historian, the powerful story of a fragile nation as it expands across a contested continent. In this beautifully written history of America's formative period, a preeminent historian upends the traditional story of a young nation confidently marching to its continent-spanning destiny. The newly constituted United States actually emerged as a fragile, internally divided union of states contending still with European empires and other independent republics on the North American continent. Native peoples sought to defend their homelands from the flood of American settlers through strategic alliances with the other continental powers. The system of American slavery grew increasingly powerful and expansive, its vigorous internal trade in Black Americans separating parents and children, husbands and wives. Bitter party divisions pitted elites favoring strong government against those, like Andrew Jackson, espousing a democratic populism for white men. Violence was both routine and organized: the United States invaded Canada, Florida, Texas, and much of Mexico, and forcibly removed most of the Native peoples living east of the Mississippi. At the end of the period the United States, its conquered territory reaching the Pacific, remained internally divided, with sectional animosities over slavery growing more intense. Taylor's elegant history of this tumultuous period offers indelible miniatures of key characters from Frederick Douglass and Sojourner Truth to Elizabeth Cady Stanton and Margaret Fuller. It captures the high-stakes political drama as Jackson and Adams, Clay, Calhoun, and Webster contend over slavery, the economy, Indian removal, and national expansion. A ground-level account of American industrialization conveys the everyday lives of factory workers and immigrant families. And the immersive narrative puts us on the streets of Port-au-Prince, Mexico City, Quebec, and the Cherokee capital, New Echota. Absorbing and chilling, American Republics illuminates the continuities between our own social and political divisions and the events of this formative period.

As the former Colonies struggle for freedom, the Revolution depends on teenage Susanna Bolling. Like America in rebellion, she craves independence. While her Patriot brothers fight, she longs to help. When British General Cornwallis invades her plantation, she hears his secret plan. America's fight for liberty hinges on her.

Featuring 18 trailblazing black women in American history, Dream Big, Little One is the board book adaptation of the author's Little Leaders: bold women in Black history.

Read Book George Washington S Socks Guided Reading Plan

SuperSummary, a modern alternative to SparkNotes and CliffsNotes, offers high-quality study guides for challenging works of literature. This 52-page guide for "George Washington's Socks" by Elvira Woodruff includes detailed chapter summaries and analysis covering 23 chapters, as well as several more in-depth sections of expert-written literary analysis. Featured content includes commentary on major characters, 25 important quotes, essay topics, and key themes like Duty and Responsibility of a Leader and Empathy for the "Other".

Three students, left behind at their school during Christmas break, find themselves in 1776 New Jersey with General Washington dead at their feet, and one of them must use his iPhone to find a way to set things right.

A motley crew of saboteurs wreak outrageous havoc on the corporations destroying America's Western wilderness in this classic, comic extravaganza. When George Washington Hayduke III returns home from war in the jungles of Southeast Asia, he finds the unspoiled West he once knew has been transformed. The pristine lands and waterways are being strip mined, dammed up, and paved over by greedy government hacks and their corrupt corporate coconspirators. And the manic, beer-guzzling, rabidly antisocial ex-Green Beret isn't just getting mad. Hayduke plans to get even. Together with a radical feminist from the Bronx; a wealthy, billboard-torching libertarian MD; and a disgraced Mormon polygamist, Hayduke's ready to stick it to the Man in the most creative ways imaginable. By the time they're done, there won't be a bridge left standing, a dam unblown, or a bulldozer unmolested from Arizona to Utah. Edward Abbey's most popular novel, *The Monkey Wrench Gang* is an outrageous romp with ultra-serious undertones that is as relevant today as it was in the early days of the environmental movement. The author who Larry McMurtry (Lonesome Dove) once dubbed "The Thoreau of the American West" has written a true comedic classic with brains, heart, and soul that more than justifies the call from the Los Angeles Times Book Review that we should all "praise the earth for Edward Abbey!"

Born into slavery, George Washington Carver became one of the most prestigious scientists of his time. This biography follows Dr. Carver's life from childhood to his days as a teacher and discoverer.
