Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Sheard redefines the concept of "retirement" as an issue of financial independence that can be achieved at any age. He spells out clearly, as no book has before, exactly how to set up and reach personal financial and lifestyle goals through savvy investing. Designed for boomers now in their peak earning years, the book cuts through the complicated formulas and actuarial tables to show readers how to figure out exactly how to plan for and achieve financial independence. Eschewing the traditional approach to retirement at 65, the book acknowledges that boomers are in a hurry. They want to get on with their lives, change careers, take sabbaticals -- in short, to pursue their dreams. By abandoning the age criteria and formulating a new approach to retirement, Sheard makes this possible. Using the techniques he made famous while with the Motley Fools, Sheard develops a framework that treats individuals as self-sustaining "foundations," living off a well-invested nest egg. He clearly shows the reader what steps to take in order to make financial independence possible. Mr. Sheard gained a broad following at The Motley Fool. His audience will undoubtedly be interested in Money For Life. He is now an investor columnist with the Microsoft Network.

The best financial planner Michelle Singletary ever knew was Big Mama, her grandmother. Big Mama raised Michelle and her four brothers and sisters on a salary that never reached more than \$13,000 a year. Yet at her death, Big Mama owned her own home, had paid off a car

loan, and had a beautiful collection of Sunday-go-to-meeting church hats and a savings account that supplemented her Social Security check and small pension. Most important, she had taught Michelle "7 Money Mantras for a Richer Life." Those mantras serve as the inspiration for this straight-talking book of practical personal financial advice that really works. The 7 Money Mantras are: 1. If it's on your ass, it's not an asset! 2. Is this a need or is it a want? 3. Sweat the small stuff. 4. Cash is better than credit. 5. Keep it simple. 6. Priorities lead to prosperity. 7. Enough is enough. Michelle Singletary is a syndicated columnist for The Washington Post whose popular personal finance column appears in more than 120 newspapers. She's also a mother of three children who understands what it's like to live on a budget. In a plainspoken, sassy, no-nonsense voice, Michelle provides answers to the financial issues that confront almost every household: how to teach children the value of money; how to address money issues in a relationship or marriage; household saving tips; getting the best loans; and much more. "This book is about saving enough money to have choices," she writes. "It's about feeling free to be cheap if you can't afford to buy a ton of gifts at Christmas. It's about eliminating wasteful spend-ing so you can begin to save and invest. It's full of uncommon commonsense lessons and guidance on the way people should use their money." With humor and down-home financial wisdom, Michelle Singletary offers practical and realistic advice that will help you live well with the money you have. Michelle Singletary on . . . Romance and Money "It's okay to say: 'Honey, I love you and everything, but if you need money, ask your mama.'" Credit Cards "We are minimizing our financial potential by making minimum credit-card payments." Car Buying "If you want to save money, keep your car until you're on a first-name basis with the local tow-truck drivers." Leasing a Car "You, too, can drive a car you can't afford and then have to give it back. It's crazy." Gift Giving "Generosity isn't about how much you spend. It's about how much thought you put into the gift." Penny Pinching "I once bought a stick-shift car because it was \$1,000 cheaper than the automatic in the same model. There was just one little problem. I couldn't drive a stick-shift. But at least I saved \$1,000!"

I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! In Love Your Life, Not Theirs, Rachel Cruze shines a spotlight on the most damaging money habit we have: comparing ourselves to others. Then she unpacks seven essential money habits for living the life we really want--a life in line with our values, where we can afford the things we want to buy without being buried under debt, stress, and worry. The Joneses are broke. Life looks good, but hidden beneath that glossy exterior are credit card bills, student loans, car payments, and an out-of-control mortgage. Their money situation is a mess, and they're trying to live a life they simply can't afford. So why exactly do we try so hard to keep up with the Joneses? Are we really living the lives we want, or are we chasing someone else's dream, just trying to keep up appearances on social media, at church, and in our community? Why are we letting other people set the pace for our own family's finances? In Love Your Life, Not Theirs,

Rachel shows you how to buy and do the things that are important to you--the right way. That starts by choosing to quit the comparisons, reframing the way you think about money, and developing new habits like avoiding debt, living on a plan, watching your spending, saving for the future, having healthy conversations about money, and giving. These habits work, and Rachel is living proof. Now, she wants to empower you to live the life you've always dreamed of without creating the debt, stress, and worry that are all too often part of the deal. Social media isn't real life, and trying to keep up with the Joneses will never get you anywhere. It's time to live--and love--your life, not theirs. "I've never read a book about money that takes this approach--and that's a good thing! Comparison has a way of weaving itself throughout all aspects of our lives, including our money. In *Love Your Life, Not Theirs*, Rachel Cruze outlines the seven money habits that really matter--and they have nothing to do with keeping up with the Joneses!" Candace Cameron-Bure Actress, author, and co-host of *The View* "*Love Your Life, Not Theirs* is full of the kind of practical, straightforward advice we've come to expect from Rachel Cruze.
