

## Get Some Headspace How Mindfulness Can Change Your Life In Ten Minutes A Day

For the millions of Americans who want spirituality without religion, Sam Harris's latest New York Times bestseller is a guide to meditation as a rational practice informed by neuroscience and psychology. From Sam Harris, neuroscientist and author of numerous New York Times bestselling books, *Waking Up* is for the twenty percent of Americans who follow no religion but who suspect that important truths can be found in the experiences of such figures as Jesus, the Buddha, Lao Tzu, Rumi, and the other saints and sages of history. Throughout this book, Harris argues that there is more to understanding reality than science and secular culture generally allow, and that how we pay attention to the present moment largely determines the quality of our lives. *Waking Up* is part memoir and part exploration of the scientific underpinnings of spirituality. No other book marries contemplative wisdom and modern science in this way, and no author other than Sam Harris—a scientist, philosopher, and famous skeptic—could write it.

If you're thinking about buying this book, it's probably because it feels like something's missing in your career. Guess what? It could be YOU. Whether you're living for the weekends or counting the minutes until 5 pm every day, life is too short to wish it away because you feel stuck in your job. The good news is that you have the power to stop living on autopilot and turn your career around. "Follow your passion," "find your purpose," and "do what you love" have joined the parade of bland directives that aren't doing much to actually help you figure out what you're meant to do with your career. Instead, they only create more confusion. If all we had to do is "follow our bliss" . . . why aren't we blissful yet? The truth is, the best career is not one where you only do what you love, but one where you honor who you are. In *You Turn*, counterterrorism professional turned career coach Ashley Stahl shares the strategies she's used to help thousands ditch their Monday blues, get clarity on what work lights them up, and devise an action plan to create a career they love. This book gives readers access to Stahl's coveted 11-step roadmap that has guided thousands of coaching clients in 31 countries to self-discovery and success. Throughout her process, you'll:

- Discover your Core Skillset. Uncover your gifts and talents to create an intentional career path that's fulfilling and aligned with who you are—and what you're good at.
- Understand your "Inner Money Blueprint." Discover the root of your money mindset, and how to break free of financial limitation.
- Clarify your Core Interests. Identify the difference between a passion, gift, and calling so you can get clear on what's meant to be a hobby—and what's meant to be a career!
- Become your own coach. Walk away with a unique set of tools for staying true to your best self in times of stress, frustration, or anxiety. Whether you're considering a career pivot, or just curious about what else is possible for you, it's time to make a "you turn"—to get unstuck, discover your true self, and thrive (not just survive) in your career.

Enjoy a natural, positive, stress-free pregnancy. Trimester by trimester, this beautiful book gives you safe yoga, meditation, natural remedies, nutrition, and hypnobirthing techniques to match your stage of pregnancy. Encouraging, practical advice from midwife and positive birth expert, Tracy Donegan, will help you to understand your body, relish your pregnancy, and bond with your growing baby. Troubleshoot pregnancy aches and pains with appropriate exercises, quell morning sickness with natural remedies and food, bond with your baby through meditation and movement, and prepare your body and mind safely and healthily for childbirth using strengthening exercises and hypnobirthing techniques. Feel empowered to nurture and give birth to your baby with strength and confidence, and embrace your life as a new mum. "A must-read for all parents who want to create a healthier, more joyful, more peaceful world." - Deepak Chopra, MD

From the bestselling author of *The Little Book of Mindfulness*. Meditation is an easy way to bring more peace and tranquillity into your life. Packed with practical advice, useful meditations and affirming thoughts, this little book teaches you how to be happier, healthier and more relaxed - without sitting for hours on a meditation cushion. Dr Patrizia Collard, bestselling author of *The Little Book of Mindfulness*, shows you another way, with these fun and efficient exercises: just 5 to 10 minutes a day is enough to strengthen your immune system, relieve stress and clear your head. Whether you like mindfulness or movement meditations, or simple mantras, everyone will find a meditation to suit them.

Grover learns simple meditation techniques and plays a fun game to help him learn to focus on one thing at a time in this helpful board book—based on the popular Sesame Street Monster Meditation video on YouTube, made in collaboration with the mindfulness app Headspace. Sometimes everyone needs to slow down and take some cleansing belly breaths—even Grover! Grover is trying to do so many things at once that nothing's getting done! This terrific board book features Grover learning a game to help him focus and complete one task at a time. The game is a fun and simple one that all young children can easily learn and do whenever they feel overwhelmed. Plus there's an offer in the book for a free month of the Headspace app! This is book 3 in a series of six books, all inspired by the popular Sesame Street Monster Meditation videos on YouTube, that will help young girls and boys learn mindfulness techniques along with their favorite characters. The videos are made in collaboration with Headspace, the mindfulness app. The art style in the books is the same as in the videos—bright and simple, to appeal to the youngest Sesame Street fans. Look for Sesame Street: Monster Meditation books 1 and 2:

- Being Patient with Cookie Monster
- Getting Ready for Bed with Elmo

Sesame Workshop, the nonprofit educational organization behind Sesame Street, aims to help kids grow smarter, stronger, and kinder through its many unique domestic and international initiatives. These projects cover a wide array of topics for families around the world.

"In the beginner's mind there are many possibilities, but in the expert's there are few." So begins this most beloved of all American Zen books. Seldom has such a small handful of words provided a teaching as rich as has this famous opening line. In a single stroke, the simple sentence cuts through the pervasive tendency students have of getting so close to Zen as to completely miss what it's all about. An instant teaching on the first page. And that's just the beginning. In the forty years since its original publication, *Zen Mind, Beginner's Mind* has become one of the great modern Zen classics, much beloved, much reread, and much recommended as the best first book to read on Zen. Suzuki Roshi presents the basics—from the details of posture and breathing in zazen to the perception of nonduality—in a way that is not only remarkably clear, but that also resonates with the joy of insight from the first to the last page. It's a book to come back to time and time again as an inspiration to practice, and it is now available to a new generation of seekers in this fortieth anniversary edition, with a new afterword by Shunryu Suzuki's biographer, David Chadwick.

Today's IT workers are drowning in nonstop requests for time, days filled to the brim with meetings, and endless nights spent heroically fixing the latest problems. This churn and burn is creating a workforce constantly on the edge of burnout. In this timely book, IT time management expert Dominica DeGrandis reveals the real crime of the century—time theft, one of the most costly

factors impacting enterprises in their day-to-day operations. Through simple solutions that make work visible, Degrandis helps people round up the five thieves of time and take back their lives with timesaving solutions. Chock-full of exercises, takeaways, real-world examples, colorful diagrams, and an easy-going writing style, readers will quickly learn effective practices to create high-performing workflows within an organization.

Master 10 meditation techniques in 10 days with the step-by-step method in *Practical Meditation for Beginners*. The key to building a solid meditation practice is in the practice itself. From Zen and Vipassana to walking meditations and body scans, the simple practices outlined in *Practical Meditation for Beginners* make it easy to build an ongoing meditation routine that is best for you. Written by experienced meditation teacher Benjamin Decker, *Practical Meditation for Beginners* offers a clear 10-day program for learning 10 different meditation techniques—one for each day of the program. Newcomers and experienced meditators alike will enjoy the ease and variety presented in *Practical Meditation for Beginners*. In the pages of *Practical Meditation for Beginners* you'll find: Logical chapter organization that sets a daily structure for building your meditation skill set Step-by-step instructions to help you fully engage in each of the 10 techniques Thoughtful writing prompts for recording daily insights in your Meditation Notebook Accessible and effective, *Practical Meditation for Beginners* is a true how-to guide that will empower you to meditate with confidence right away.

Mindfulness is the simple and powerful practice of training your attention. It's simple in that it's just about paying attention to what's happening here and now, and powerful because it can keep you from getting lost in thoughts about the future or past, which often generate more stress on top of the real pressures of everyday life. While learning to live in the moment, the joyful mindfulness exercises, meditations, coloring pages, and habit-breakers in this beautifully designed and illustrated book will challenge your powers of observation, investigation, and cultivation while bringing new awareness to your senses, thoughts, and emotions. *I Am Here Now* inspires readers to explore the world with greater curiosity and find moments of mindfulness in everyday life, while unleashing your creativity along the way.

#1 New York Times Bestseller Winner of the 2014 Living Now Book Award for Inspirational Memoir "An enormously smart, clear-eyed, brave-hearted, and quite personal look at the benefits of meditation." —Elizabeth Gilbert Nightline anchor Dan Harris embarks on an unexpected, hilarious, and deeply skeptical odyssey through the strange worlds of spirituality and self-help, and discovers a way to get happier that is truly achievable. After having a nationally televised panic attack, Dan Harris knew he had to make some changes. A lifelong nonbeliever, he found himself on a bizarre adventure involving a disgraced pastor, a mysterious self-help guru, and a gaggle of brain scientists. Eventually, Harris realized that the source of his problems was the very thing he always thought was his greatest asset: the incessant, insatiable voice in his head, which had propelled him through the ranks of a hypercompetitive business, but had also led him to make the profoundly stupid decisions that provoked his on-air freak-out. Finally, Harris stumbled upon an effective way to rein in that voice, something he always assumed to be either impossible or useless: meditation, a tool that research suggests can do everything from lower your blood pressure to essentially rewire your brain. *10% Happier* takes readers on a ride from the outer reaches of neuroscience to the inner sanctum of network news to the bizarre fringes of America's spiritual scene, and leaves them with a takeaway that could actually change their lives.

"Everyone should read this. Mindfulness is such a great way to live life to the full." - Amazon Customer "The greatest 'little book' ever! Take my advice, buy it now and you will wonder how you ever managed without it!" - Amazon Customer "Patrizia Collard's depth of experience as a teacher and practitioner shines through. I love this little book!" - Amazon Customer "Great book to pick up if you just have a few minutes a day." - Amazon Customer "I carry it with me everywhere. Lovely little calming book." - Amazon Customer "Delightful little book." - Amazon Customer Mindfulness is the easy way to gently let go of stress and be in the moment. It has fast become the slow way to manage the modern world - without chanting mantras or setting aside hours of time for meditation. Dr Patrizia Collard will show you how to bring simple 5- and 10-minute practices into your day in order to free yourself from stress and, ultimately, find more peace in your life. This beautifully illustrated book will set you and your family on the road of mindfulness so you can lead a more mindful, peaceful and relaxed life. Find long-lasting happiness with *The Little Book of Mindfulness!* CONTENTS: 1. Being in the Now 2. Accept and Respond 3. Making Your Mind Up 4. Simply Be 5. Mindful Eating 6. Gratitude and Compassion 7. Everyday Mindfulness

Presents a program of meditation and mindfulness designed for busy people with hectic schedules, outlining exercises and techniques that can help improve one's physical and mental health in ten minutes per day.

Quiet the mind, feel less stressed, less tired, and achieve a new level of calm and fulfillment in just ten minutes a day Andy Puddicombe, a former Buddhist monk, the Voice of Headspace, and the UK's foremost mindfulness expert, is on a mission: to get people to take 10 minutes out of their day to sit in the here and now. Like his readers and students, Andy began his own meditation practice as a normal, busy person with everyday concerns, and he has since designed a program of mindfulness and guided meditation that fits neatly into a jam-packed daily routine—proving that just 10 minutes a day can make a world of difference. Accessible and portable, *The Headspace Guide to Meditation and Mindfulness* offers simple but powerful meditation techniques that positively impact every area of physical and mental health: from productivity and focus, to stress and anxiety relief, sleep, weight-loss, personal relationships...the benefits are limitless. The result? More headspace, less stress. Andy brings this ancient practice into the modern world, tailor made for the most time starved among us. Switch off after work \* Fall asleep at night \* Feel less anxious, sad, or angry \* Control your cravings \* Find a healthy weight

A lively and razor-sharp critique of mindfulness as it has been enthusiastically co-opted by corporations, public schools, and the US military. Mindfulness is now all the rage. From celebrity endorsements to monks, neuroscientists and meditation coaches rubbing shoulders with CEOs at the World Economic Forum in Davos, it is clear that mindfulness has gone mainstream. Some have even called it a revolution. But what if, instead of changing the world, mindfulness has become a banal form of capitalist spirituality that mindlessly avoids social and political transformation, reinforcing the neoliberal status quo? In *McMindfulness*, Ronald Purser debunks the so-called "mindfulness revolution," exposing how corporations, schools, governments and the military have co-opted it as technique for social control and self-pacification. A lively and razor-sharp critique, Purser busts the myths its salesmen rely on, challenging the narrative that stress is self-imposed and mindfulness is the cure-all. If we are to harness the truly revolutionary potential of mindfulness, we have to cast off its neoliberal shackles, liberating mindfulness for a collective awakening.

As a former Buddhist monk with over 10 years of teaching experience, Andy Puddicombe has been acknowledged as the UK's foremost mindfulness meditation expert. Like his readers and students, he began his own meditation practice as a normal, busy person with everyday concerns, and he has since designed a program of mindfulness and guided meditation that fits neatly into a jam-packed daily routine—proving that just 10 minutes a day can make a world of difference. Simple exercises, stories and techniques culled from Andy's years of experience will help anyone calm the chatter in their minds. The result? More headspace, less stress. *Get Some Headspace* also brings us the extraordinary science behind this seemingly simple cure-all. This book and practice will help readers positively impact every area of their physical and mental health through mindfulness, from productivity and focus, to stress and anxiety relief, sleep, weight-loss, personal relationships...and the list goes on and on.

Cookie Monster learns simple meditation techniques and plays a fun game to help be more patient--based on the popular Sesame Street Monster Meditation video on YouTube made in collaboration with the mindfulness app Headspace. Sometimes everyone needs to slow down and take some cleansing belly breaths--even Cookie Monster! This terrific board book features Cookie Monster learning a calming game to

help pass the time as he waits for his cookies to finish baking. The game is a fun and simple one that all young boys and girls can easily play whenever they need to be patient. This is Book 1 in a series of 6 books, all inspired by the popular Sesame Street Monster Meditation videos on YouTube, that will help young girls and boys learn mindfulness techniques along with their favorite characters. The videos are made in collaboration with Headspace, the mindfulness app. Sesame Workshop, the nonprofit educational organization behind Sesame Street, aims to help kids grow smarter, stronger, and kinder through its many unique domestic and international initiatives. These projects cover a wide array of topics for families around the world.

"In collaboration with Headspace"--Cover

Stress is endemic in our culture. We live in a speedy, pressurized world, and there's often little time to really experience and enjoy our lives. Rather than constantly trying to keep up, perhaps it's time for us to stop and pay attention, to our bodies, minds, and the world. For thousands of years Eastern traditions have taught meditation to help people lead healthier, happier lives. Now, scientific research is confirming that mindfulness can help us all improve our mental and physical well-being. Written by Dr. Jonty Heaveresdge and Ed Halliwell, *The Mindful Manifesto* integrates the latest scientific and medical research on mindfulness with meditation's historical context. We will see how mindfulness can:

- treat mental health problems such as depression and anxiety
- help us cope with the busyness of everyday life
- improve our physical health and manage chronic illness
- help us let go of unwanted behaviors and improve how we function in our relationships and jobs.

And why stop there? With examples of how the mindfulness movement is already well underway, we see that encouraging governments and other powerful institutions to take a mindful approach could make a massive difference to the health and happiness of the whole world.

THE LIFE-CHANGING BESTSELLER - OVER 1.5 MILLION COPIES SOLD 'A deeply compassionate guide to self-care - simple and profound' Sir Kenneth Branagh 'If you want to free yourself from anxiety and stress, and feel truly at ease with yourself, then read this book' Ruby Wax Authoritative, beautifully written and much-loved by its readers, *Mindfulness: A practical guide to finding peace in a frantic world* has become a word-of-mouth bestseller and global phenomenon. It reveals a set of simple yet powerful practices that you can incorporate into daily life to break the cycle of anxiety, stress unhappiness and exhaustion. It promotes the kind of happiness that gets into your bones and allows you to meet the worst that life throws at you with new courage. Mindfulness is based on mindfulness-based cognitive therapy (MBCT). Co-developed by Professor Mark Williams of Oxford University, MBCT is recommended by the UK's National Institute for Health and Care Excellence and is as effective as drugs for preventing depression. But, equally, it works for the rest of us who aren't depressed but who are struggling to keep up with the relentless demands of the modern world. By investing just a few minutes each day, this classic guide to mindfulness will put you back in control of your life once again.

In an irresistible invitation to lighten up, look around, and live an unscripted life, a master of the art of improvisation explains how to adopt the attitudes and techniques used by generations of musicians and actors. Let's face it: Life is something we all make up as we go along. No matter how carefully we formulate a "script," it is bound to change when we interact with people with scripts of their own. *Improv Wisdom* shows how to apply the maxims of improvisational theater to real-life challenges—whether it's dealing with a demanding boss, a tired child, or one of life's never-ending surprises. Patricia Madson distills thirty years of experience into thirteen simple strategies, including "Say Yes," "Start Anywhere," "Face the Facts," and "Make Mistakes, Please," helping readers to loosen up, think on their feet, and take on everything life has to offer with skill, chutzpah, and a sense of humor.

How does mindfulness promote psychological well-being? What are its core mechanisms? What value do contemplative practices add to approaches that are already effective? From leading meditation teacher Christina Feldman and distinguished psychologist Willem Kuyken, this book provides a uniquely integrative perspective on mindfulness and its applications. The authors explore mindfulness from its roots in Buddhist psychology to its role in contemporary psychological science. In-depth case examples illustrate how and why mindfulness training can help people move from distress and suffering to resilience and flourishing. Readers are guided to consider mindfulness not only conceptually, but also experientially, through their own journey of mindfulness practice.

In this time of quarantine and global uncertainty, it can be difficult to deal with the increased stress and anxiety. Using ancient self-care techniques rediscovered by Herbert Benson, M.D., a pioneer in mind/body medicine for health and wellness, you can relieve your stress, anxiety, and depression at home with just ten minutes a day. Herbert Benson, M.D., first wrote about a simple, effective mind/body approach to lowering blood pressure in *The Relaxation Response*. When Dr. Benson introduced this approach to relieving stress over forty years ago, his book became an instant national bestseller, which has sold over six million copies. Since that time, millions of people have learned the secret—without high-priced lectures or prescription medicines. *The Relaxation Response* has become the classic reference recommended by most health care professionals and authorities to treat the harmful effects of stress, anxiety, depression, and high blood pressure. Rediscovered by Dr. Benson and his colleagues in the laboratories of Harvard Medical School and its teaching hospitals, this revitalizing, therapeutic tack is now routinely recommended to treat patients suffering from stress and anxiety, including heart conditions, high blood pressure, chronic pain, insomnia, and many other physical and psychological ailments. It requires only minutes to learn, and just ten minutes of practice a day.

Tim Ferriss, the #1 New York Times best-selling author of *The 4-Hour Workweek*, shares the ultimate choose-your-own-adventure book—a compilation of tools, tactics, and habits from 130+ of the world's top performers. From iconic entrepreneurs to elite athletes, from artists to billionaire investors, their short profiles can help you answer life's most challenging questions, achieve extraordinary results, and transform your life. From the author: In 2017, several of my close friends died in rapid succession. It was a very hard year, as it was for many people. It was also a stark reminder that time is our scarcest, non-renewable resource. With a renewed sense of urgency, I began asking myself many questions: Were my goals my own, or simply what I thought I should want? How much of life had I missed from

underplanning or overplanning? How could I be kinder to myself? How could I better say “no” to the trivial many to better say “yes” to the critical few? How could I best reassess my priorities and my purpose in this world? To find answers, I reached out to the most impressive world-class performers in the world, ranging from wunderkinds in their 20s to icons in their 70s and 80s. No stone was left unturned. This book contains their answers—practical and tactical advice from mentors who have found solutions. Whether you want to 10x your results, get unstuck, or reinvent yourself, someone else has traveled a similar path and taken notes. This book, *Tribe of Mentors*, includes many of the people I grew up viewing as idols or demi-gods. Less than 10% have been on my podcast (*The Tim Ferriss Show*, more than 200 million downloads), making this a brand-new playbook of playbooks. No matter your challenge or opportunity, something in these pages can help. Among other things, you will learn:

- More than 50 morning routines—both for the early riser and those who struggle to get out of bed.
- How TED curator Chris Anderson realized that the best way to get things done is to let go.
- The best purchases of \$100 or less (you'll never have to think about the right gift again).
- How to overcome failure and bounce back towards success.
- Why *Humans of New York* creator Brandon Stanton believes that the best art will always be the riskiest.
- How to meditate and be more mindful (and not just for those that find it easy).
- Why tennis champion Maria Sharapova believes that “losing makes you think in ways victories can't.”
- How to truly achieve work-life balance (and why most people tell you it isn't realistic).
- How billionaire Facebook co-founder Dustin Moskovitz transformed the way he engages with difficult situations to reduce suffering.
- Ways to thrive (and survive) the overwhelming amount of information you process every day.
- How to achieve clarity on your purpose and assess your priorities.
- And much more.

This reference book, which I wrote for myself, has already changed my life. I certainly hope the same for you. I wish you luck as you forge your own path. All the best, Tim Ferriss

**\*\*55% OFF for Bookstores!! LAST DAYS\*\*** Whiting all living beings are seven powerful centers of energy called chakras. Every chakra holds the potential for immense healing and restoration, and *Chakra Healing* can show you how to harness that power with a wide range of simple, beginner-friendly exercises that anyone can do. This book will put you on the path to healing pain, allergies, indigestion, headaches, fatigue, and even emotional turbulence like loneliness. - Discover the power of balancing your chakras to help you heal and feel your best.

Formally *The Headspace Diet*, this book is designed to show you how to find your ideal weight in an easy, manageable and mindful way. It allows you to escape the endless diet trap by following simple yet potentially life-changing exercises in order to develop new effective habits and a much improved relationship with food and your body. The Headspace mission is to get as many people taking just 10 minutes out of their day to practise these powerful mindfulness techniques. Mindful eating is a key aspect of mindfulness and as you start to practise it you will notice profound results, both in terms of your shape but also your overall health and well being. Have you tried every diet going only to see the weight creep back on again? Do you feel guilty and anxious about eating certain foods? Or find yourself unable to resist that extra helping even if you're not actually that hungry? Are you unhappy with your body and how it looks and feels? Now is the time to stop what you're doing and try a different, healthy and brilliantly effective approach...

Harris and Warren present a practical guide to meditation that debunks the myths, misconceptions, and self-deceptions that make many people reluctant to try it. They suggest a range of meditation practices that may lower your blood pressure, mitigate depression and anxiety, and literally rewire key parts of your brain.

A Tibetan lama and leader of a global meditation network explains how the sport of running can be turned into a spiritual practice. By the author of *Ruling Your World*. 30,000 first printing.

The first edition of Marilee Adams's book introduced a surprising, life-altering truth: any of us can literally change our lives simply by changing the questions we ask, especially those we ask ourselves. We can ask questions that open us to learning, connection, satisfaction, and success. Or we can ask questions that impede progress and keep us from getting results we want. Asking "What great things could happen today?" creates very different expectations, moods, and energy than asking "What could go wrong today?" Many readers reported that they found themselves asking better questions before they even finished reading the book! This is the key insight that the book's hero, Ben Knight, learns from his executive coach as the story of his transformative journey unfolds, eventually leading to breakthroughs that save his career as well as his marriage. His success rests on having become a "question man" and an inquiring leader rather than a judgmental, know-it-all answer man. In this extensively revised second edition, Adams has made the story even more illuminating and helpful, adding three new chapters as well as three powerful new tools. *Change Your Questions, Change Your Life* is practical yet simple, giving readers an entertaining, step-by-step guide to a technique that will transform their personal and professional lives. Great results really do begin with great questions - Marilee Adams shows you how to ask them!

It's easy to disconnect when life moves fast. *Practicing Mindfulness* offers effective exercises and meditations to live every moment of your daily routine, in the moment. From finding your breath to feeling grounded, these practice-based exercises make integrating mindfulness into your routine easy. With over 75 essential meditations--that take between 5-20 minutes from start to finish--*Practicing Mindfulness* is an approachable way to apply mindfulness in your day-to-day life. Reduce stress, improve mental health, and stay present no matter what the day holds when you practice mindfulness, with: *Mindfulness 101* that provides clear explanations of what mindfulness is, along with why and how it helps in your day-to-day life 75 mindfulness exercises that are organized by difficulty to help develop your practice Practical advice for overcoming obstacles to your mindfulness practice like how to deal with distracting noises or fight off sleepiness Today and every day, mindfulness takes practice. *Practicing Mindfulness* offers effective, modern meditations and exercises to start practicing everyday mindfulness, today.

*A Guide to Meditation and Mindfulness for the Modern Day* In our never-ending search for happiness we often find ourselves looking to external things for fulfillment, thinking that happiness can be unlocked by buying a bigger house, getting the next promotion, or building a perfect family. In this profound and inspiring book, Gelong Thubten shares a practical and sustainable

approach to happiness. Thubten, a Buddhist monk and meditation expert who has worked with everyone from school kids to Silicon Valley entrepreneurs and Benedict Cumberbatch, explains how meditation and mindfulness can create a direct path to happiness. *A Monk's Guide to Happiness* explores the nature of happiness and helps bust the myth that our lives and minds are too busy for meditation. The book can show you how to: - Learn practical methods to help you choose happiness - Develop greater compassion for yourself and others - Learn to meditate in micro-moments during a busy day - Discover that you are naturally 'hard-wired' for happiness Reading *A Monk's Guide to Happiness* could revolutionize your relationship with your thoughts and emotions, and help you create a life of true happiness and contentment.

The life-changing international bestseller reveals a set of simple yet powerful mindfulness practices that you can incorporate into daily life to help break the cycle of anxiety, stress, unhappiness, and exhaustion. Mindfulness promotes the kind of happiness and peace that gets into your bones. It seeps into everything you do and helps you meet the worst that life throws at you with new courage. Based on Mindfulness-Based Cognitive Therapy (MBCT), the book revolves around a straightforward form of mindfulness meditation which takes just a few minutes a day for the full benefits to be revealed. MBCT has been clinically proven to be at least as effective as drugs for depression and is widely recommended by US physicians and the UK's National Institute for Health and Clinical Excellence—in other words, it works. More importantly it also works for people who are not depressed but who are struggling to keep up with the constant demands of the modern world. MBCT was developed by the book's author, Oxford professor Mark Williams, and his colleagues at the Universities of Cambridge and Toronto. By investing just 10 to 20 minutes each day, you can learn the simple mindfulness meditations at the heart of MBCT and fully reap their benefits. The book includes links to audio meditations to help guide you through the process. You'll be surprised by how quickly these techniques will have you enjoying life again.

*How Mindfulness Can Change Your Life in Ten Minutes a Day: A Guided Meditation. Teaser Bonus!* From one of the world's top mindfulness experts comes the ultimate tool for clearing out mental clutter and improving every aspect of your physical and mental health. With this ten-minute guided meditation, learn a simple yet powerful technique that's been tested by time and now adapted to fit into even the most hectic modern lifestyle. And reap incredible benefits! Doing this exercise on a daily basis can help you relieve stress, have stronger relationships, reduce anxiety, sleep more, find a healthy weight, control your emotions, be more productive... the list goes on and on. If you enjoy this meditation, don't miss Andy Puddicombe's book *GET SOME HEADSPACE* (coming June 2012), which provides many more techniques and exercises, as well as the fascinating science behind mindfulness. When the world feels chaotic, find peace within through an accessible mindfulness practice from the bestselling picture-book dream team that brought us *I Am Yoga*. Express emotions through direct speech. Find empathy through imagination. Connect with the earth. Wonder at the beauty of the natural world. Breathe, taste, smell, touch, and be present. Perfect for the classroom or for bedtime, Susan Verde's gentle, concrete narration and Peter H. Reynolds's expressive watercolor illustrations bring the tenets of mindfulness to a kid-friendly level. Featuring an author's note about the importance of mindfulness and a guided meditation for children, *I Am Peace* will help readers of all ages feel grounded and restored.

'The expert's expert. Simplicity is the key with this technique.' *The Times* 'Do you guys know about Headspace...? It's kind of genius.' Emma Watson The best start for your baby begins with your mind Widely acknowledged as one of the world's foremost experts on mindfulness, Andy Puddicombe, co-founder of Headspace, is your friendly guide in this wonderful new approach to pregnancy, birth and new parenthood. Whether you are trying for a baby, are mid-term, or have already arrived home with your new baby, this practical and reassuring guide will teach you and your partner how to calmly navigate the anxieties and demands of this epic adventure. With helpful exercises for both mother to be and her partner, Andy shows how to live mindfully and get the most from pregnancy and the early days of parenthood. *The Headspace Guide To...A Mindful Pregnancy* provides you with tools to live mindfully during this rare and precious opportunity to nurture a healthy happy mind. Imagine creating the most peaceful environment possible for your child and this book will show you how.

From the bestselling author of *HAPPY* and the *HAPPY PLACE* PODCAST THE FOLLOW UP TO THE SUNDAY TIMES BESTSELLER, *HAPPY: FINDING JOY IN EVERY DAY AND LETTING GO OF PERFECT* 'Calm for me is less about thought and much more about feeling. It is a stillness that allows my lungs to expand like hot air balloons. It is an acceptance of the noise around me. It is a magic alchemy that might last a second or a whole day, where I feel relaxed yet aware; still yet dynamic; open yet protected . . . ' \*\*\* In today's always-on world, for many of us it seems impossible to relax, take time out or mute the encircling 'noise'. It is easy to feel trapped in this frenzied state of mind: we are surrounded by negative stories in the press, weighed down by pressures from work, family life or school and subject to constant scrutiny under the all-seeing eye of social media. As a result, mental health illnesses are on the rise in every age group, and more of us than ever before yearn for silence, peace and calm. *CALM* is Fearn's mission to find the simple things that can inch us away from stress and over to the good stuff. Including expert advice, conversations with wise friends from all walks of life, easy ideas to try, activities to complete - and the little things that have made a difference to her own, sometimes-bumpy life - this book is a friendly reminder that Calm is a place that exists in us all, we just have to find our way back to it.

'If you're thinking about trying mindfulness, this is the perfect introduction....I'm grateful to Andy for helping me on this journey.' BILL GATES 'It's kind of genius' EMMA WATSON Feeling stressed about Christmas/Brexit/everthing? Try this... Demystifying meditation for the modern world: an accessible and practical route to improved health, happiness and well being, in as little as 10 minutes. Andy Puddicombe, founder of the celebrated Headspace, is on a mission: to get people to take 10 minutes out of their day to sit in the now. Here he shares his simple to learn, but highly effective techniques of meditation. \* Rest an anxious, busy mind \* Find greater ease when faced with difficult emotions, thoughts, circumstances \* Improve focus and concentration \* Sleep better \* Achieve new levels of calm and fulfilment. The benefits of mindfulness and meditation are well documented and here Andy brings this ancient practice into the modern world, tailor made for the most time starved among us. First published as *Get Some Headspace*, this reissue shows you how just 10 minutes of mediation per day can bring about life changing results.

*The Mind Illuminated* is a comprehensive, accessible and - above all - effective book on meditation, providing a nuts-and-bolts stage-based system that helps all levels of meditators establish and deepen their practice. Providing step-by-step guidance for every stage of the meditation path, this uniquely comprehensive guide for a Western audience combines the wisdom from the teachings of the Buddha with the latest research in cognitive psychology and neuroscience. Clear and friendly, this in-depth practice manual builds on the nine-stage model of meditation originally articulated by the ancient Indian sage Asanga, crystallizing the entire meditative journey into 10 clearly-defined stages. The book also introduces a new and fascinating model of how the

mind works, and uses illustrations and charts to help the reader work through each stage. This manual is an essential read for the beginner to the seasoned veteran of meditation.

A young, orphaned shapeshifter in a world that fears magic must risk everything if she hopes to save her only friend in Elayne Audrey Becker's *Forestborn*, first in a new fantasy series with a timeless feel. Download a FREE sneak peek today! **TO BE BORN OF THE FOREST IS A GIFT AND A CURSE**. Rora is a shifter, as magical as all those born in the wilderness—and as feared. She uses her abilities to spy for the king, traveling under different guises and listening for signs of trouble. When a magical illness surfaces across the kingdom, Rora uncovers a devastating truth: Finley, the young prince and her best friend, has caught it, too. His only hope is stardust, the rarest of magical elements, found deep in the wilderness where Rora grew up—and to which she swore never to return. But for her only friend, Rora will face her past and brave the dark, magical wood, journeying with her brother and the obstinate, older prince who insists on coming. Together, they must survive sentient forests and creatures unknown, battling an ever-changing landscape while escaping human pursuers who want them dead. With illness gripping the kingdom and war on the horizon, Finley's is not the only life that hangs in the balance.
