Parenting trends come and go. Gentle parenting is different - it isn't a label for a precise set of rules but a method of parenting that embraces

the needs of parent and child, while being mindful of current science and child psychology. It means parenting with empathy, respect, understanding - and boundaries. In *The Gentle Parenting Book*, Sarah Ockwell-Smith provides a trustworthy combination of what-to-expect information and gentle-parenting solutions to the most common challenges faced by parents with young children. Sarah addresses a wide variety of topics, including coping with a crying baby, introducing solid foods and creating healthy eating habits, potty training, starting nursery and school, sibling rivalry, tantrums, whining and sulking, aggressive behaviour and much more. And for those parents who have previously used a more authoritarian style of parenting, there's plenty of advice - and reassurance - on making the transition to a gentler approach. For many, gentle parenting comes as a relief because it chimes with their deepest instincts about the best way to raise their children.

“TRACY HOGG HAS GIVEN PARENTS A GREAT GIFT—the ability to develop early insight into their child’s temperament.” –Los Angeles Family When Tracy Hogg’s *Secrets of the Baby Whisperer* was first published, it soared onto bestseller lists across the country. Parents everywhere became “whisperers” to their newborns, amazed that they could actually communicate with their baby within weeks of their child’s birth. Tracy gave parents what for some amounted to a miracle: the ability to understand their baby’s every coo and cry so that they could tell immediately if the baby was hungry, tired, in real distress, or just in need of a little TLC. Now you too can benefit from Tracy’s more than twenty years’ experience. In this groundbreaking book, she shares simple, accessible programs in which you will learn:

- E.A.S.Y.—how to get baby to eat, play, and sleep on a schedule that will make every member of the household’s life easier and happier.

- How to identify which type of baby yours is—Angel, Textbook, Touchy, Spirited, or Grumpy—and then learn the best way to interact with that type.
- Tracy’s Three Day Magic—how to change any and all bad habits (yours and the baby’s) in just three days.

At the heart of Tracy’s simple but profound message: treat the baby as you would like to be treated yourself.
