First published in 1908, "Scouting for Boys" is the seminal work on scouting by British Army officer and founder of the worldwide scouting movement, Robert Baden-Powell. Originally written as a manual for self-instruction, "Scouting for Boys" details many important scouting skills including scoutcraft, tracking, woodcraft, camping, and first-aid. Baden-Powell's work is a rework of his earlier "Aids to Scouting", published in 1899, and borrows many ideas from Ernest Thompson Seton's "The Birch Bark Roll of the Woodcraft Indians", published in 1906. "Scouting for Boys" includes numerous tales that can be told around the campfire, as well as many of Baden-Powell's personal anecdotes, and opinions on proper moral character of boy scouts. While some of the information in this work may seem outdated and some of the moralizing many seem antiquated to modern readers, "Scouting for Boys" remains an important historical work in the scouting movement. Having sold millions of copies since its first publication, the impact Baden-Powell's "Scouting for Boys" as well as his personal advocacy for the scouting movement cannot be overstated. This edition is printed on premium acid-free paper.

The amazing, all-true story of the first Girl Scouts and their visionary founder. Juliette Gordon Low--Daisy to her friends and family--was not like most girls of the Victorian era. Prim and proper? BOSH! Dainty and delicate? HOW BORING! She loved the outdoors, and she yearned

for adventure! Born into a family of pathfinders and pioneers, she too wanted to make a difference in the world--and nothing would stop her. Combining her ancestors' passion for service with her own adventurous spirit and her belief that girls could do anything, she founded the Girl Scouts. One hundred years later, they continue to have adventures, do good deeds, and make a difference!

An encyclopedia designed especially to meet the needs of elementary, junior high, and senior high school students.

Born at the start of the Civil War, Juliette "Daisy" Gordon Low struggled to reconcile being a good Southern belle with being true to her adventurous spirit. Accidentally deafened, she married a dashing British patrician and moved to England, where she quickly became dissatisfied with the aimlessness of privileged life. Her search for greater purpose ended when she met Robert Baden-Powell, founder of the Boy Scouts, and was inspired to recreate his program for girls. The Girl Scouts of the USA—which can now count more than fifty-nine million American girls and women among its past members—aims to instill useful skills and moral values in its young members, with an emphasis on fun. In this lively and accessible biography of its intrepid founder, Stacy A. Cordery paints a dynamic portrait of an intriguing woman and a true pioneer whose work touched the lives of millions of girls and women around the world. Joan Kuhl helps women create a clear vision of what their career path deserves to be and make a convincing business case for equality to their managers and senior leadership. You'll learn strategies for overcoming sexist cultural attitudes about gender and leadership, as well as for dealing with self-limiting behaviors like Imposter's Syndrome (the feeling that you're never good enough despite a track record of success) and the Myth of Meritocracy (the idea that just doing good work is the only way to advance). Because relationships are absolutely crucial, Kuhl describes how to build support networks before you even need them and explains how to get actionable feedback that will help you get to the next level—the kind women rarely are afforded. Case studies, practical exercises, and inspiring stories from Kuhl's work with clients at companies such as Eli Lilly and Company, Goldman Sachs, U.S. Soccer, BlackRock, South Carolina Asphalt Pavement Association and top business schools make this a truly comprehensive guide. It's an indispensable resource for women seeking to build the confidence and conviction to secure the seat at the table they've earned and create a welcoming workplace for everyone.

Miss Congeniality meets She's the Man in this hilarious M!X novel about a girl torn between competing in a beauty pageant and playing on the boy's baseball team.

Gabby's summer vacation isn't shaping up to be that great. Her dad was just deployed overseas, and Gabby is staying at her grandmother's house with her mom and baby sister until he returns. The one bright spot is that Gabby plans to sign up for the local softball league—her greatest love and a passion she shares with her Dad who was a pitcher in college. But when Gabby goes to sign up for the summer league, she discovers that there wasn't enough interest to justify a girl's team this year. And to top it off, a horrible miscommunication ends with Gabby signed up to participate in the Miss Popcorn Festival—the annual pageant that Gabby's mom dominated when she was younger. Besides not having any interest in the pageant life, Gabby made a promise to her dad that she would play softball for the summer. Since her pitching skills rival any boy her age, Gabby creates a master plan: disguise herself as a boy and sign up for the boy's baseball team instead—and try to win the pageant to make Mom happy. Can Gabby juggle perfecting her pageant walk and perfecting her fastball? Or will this plan strike out?

A guide that helps parents focus on their children's unique strengths and inclinations rather than on gendered stereotypes to more effectively bring out the best in their individual children, for parents of infants to middle schoolers. Reliance on Gendered Stereotypes Negatively Impacts Kids Studies on gender and child development show that, on average, parents talk less to baby boys and are less likely to use numbers when speaking to little girls. Without meaning to, we constantly color-code children, segregating them by gender based on their presumed interests. Our social dependence on these norms has far-reaching effects, such as leading girls to dislike math or increasing aggression in boys. In this practical guide, developmental psychologist (and mother of two) Christia Spears Brown uses science-based research to show how over-dependence on gender can limit kids, making it harder for them to develop into unique individuals. With a humorous, fresh, and accessible perspective, *Parenting Beyond Pink & Blue* addresses all the issues that contemporary parents should consider—from gender-segregated birthday parties and schools to sports, sexualization, and emotional intelligence. This guide empowers parents to help kids break out of pink and blue boxes to become their authentic selves.

"Amid the ugly realities of contemporary America, American Hate affirms our courage and inspiration, opening a roadmap to reconciliation by means of the victims' own words." —NPR Books "The collection offers possible solutions for how people, on their own or working with others, can confront hate." —San Francisco Chronicle A San Francisco Chronicle Books Pick One of Bitch Media's "13 Books Feminists Should Read in August" One of Paste Magazine's "The 10 Best Books of August 2018" A moving and timely collection of testimonials from people impacted by hate before and after the 2016 presidential election In *American Hate: Survivors Speak Out*, Arjun Singh Sethi, a community activist and civil rights lawyer, chronicles the stories of individuals affected by hate. In a series of powerful, unfiltered testimonials, survivors tell their stories in their own words and describe how the bigoted rhetoric and policies of the Trump administration have intensified bullying, discrimination, and even violence toward them and their communities. We hear from the family of Khalid Jabara, who was murdered in Tulsa, Oklahoma, in August 2016 by a man who had previously harassed and threatened them because they were Arab American. Sethi brings us the story of Jeanette Vizguerra, an undocumented mother of four who took sanctuary in a Denver church in February 2017 because she feared deportation under Trump's cruel immigration enforcement regime. Sethi interviews Taylor Dumpson, a young black woman who was elected student body president at American University only to find nooses hanging across campus on her first day in office. We hear from many more

people impacted by the Trump administration, including Native, black, Arab, Latinx, South Asian, Southeast Asian, Muslim, Jewish, Sikh, undocumented, refugee, transgender, queer, and people with disabilities. A necessary book for these times, *American Hate* explores this tragic moment in U.S. history by empowering survivors whose voices white supremacists and right-wing populist movements have tried to silence. It also provides ideas and practices for resistance that all of us can take to combat hate both now and in the future.

#1 NEW YORK TIMES BESTSELLER • Michelle Obama's worldwide bestselling memoir, *Becoming*, is now adapted for young readers. Michelle Robinson was born on the South Side of Chicago. From her modest beginnings, she would become Michelle Obama, the inspiring and powerful First Lady of the United States, when her husband, Barack Obama, was elected the forty-fourth president. They would be the first Black First Family in the White House and serve the country for two terms. Growing up, Michelle and her older brother, Craig, shared a bedroom in their family's upstairs apartment in her great-aunt's house. Her parents, Fraser and Marian, poured their love and energy into their children. Michelle's beloved dad taught his kids to work hard, keep their word, and remember to laugh. Her mom showed them how to think for themselves, use their voice, and be unafraid. But life soon took her far from home. With determination, carefully made plans, and the desire to achieve, Michelle was eager to expand the sphere of her life from her schooling in Chicago. She went to Princeton University, where she learned what it felt like to be the only Black woman in the room. She then went to Harvard Law School, and after graduating returned to Chicago and became a high-powered lawyer. Her plans changed, however, when she met and fell in love with Barack Obama. From her early years of marriage, and the struggle to balance being a working woman, a wife, and the mom of two daughters, Michelle Obama details the shift she made to political life and what her family endured as a result of her husband's fast-moving political career and campaign for the presidency. She shares the glamour of ball gowns and world travel, and the difficulties of comforting families after tragedies. She

managed to be there for her daughters' swim competitions and attend plays at their schools without catching the spotlight, while defining and championing numerous initiatives, especially those geared toward kids, during her time as First Lady. Most important, this volume for young people is an honest and fascinating account of Michelle Obama's life led by example. She shares her views on how all young people can help themselves as well as help others, no matter their status in life. She asks readers to realize that no one is perfect, and that the process of becoming is what matters, as finding yourself is ever evolving. In telling her story with boldness, she asks young readers: Who are you, and what do you want to become?
