

Gmat Sentence Correction Bible

ACE THE GMAT is based on a simple but powerful observation: Test-takers who score high on the GMAT exam do so primarily by understanding how to solve a finite number of the most important, recurring problems that appear on the GMAT. What are these important, recurring problems? The answer to this question is the basis of this book. This manual provides in-depth analysis of over 200 all-star problems that are key to mastering the seven major GMAT problem types including Problem Solving, Data Sufficiency, Sentence Correction, Critical Reasoning, Reading Comprehension, Analytical Writing, and Integrated Reasoning. Apart from providing readers with answers and full explanations, a special feature of this book is that each problem is categorized by type (“classification”), rated by difficulty level (“chili rating”), and supplemented with a problem-solving strategy (“snapshot”). “Chance favors the prepared mind.” Whether you’re a candidate already enrolled in a test-prep course or are undertaking self-study, this guidebook will serve as a rigorous skill-building study guide to help you conquer the math, verbal, analytical writing, and integrated reasoning sections of the exam. Studying for the math and verbal sections of the GMAT exam requires some 100 hours of study time. This book’s content is conveniently divided into topics, which require two to three hours of study time per day. Total study time will vary between 80 to 120 hours for the entire 40 days. Solving (Official exam instructions for Problem Solving, Strategies and approaches, Review of basic math, Multiple-choice problems, Answers and explanations); Chapter 3 – Data Sufficiency (Official exam instructions for Data Sufficiency, Strategies and approaches, How are answers chosen in Data Sufficiency? How do the big seven numbers work? Multiple-choice problems, Answers and explanations); Chapter 4 – Sentence Correction (Official exam instructions for Sentence Correction, Strategies and approaches, Review of Sentence Correction, Multiple-choice problems, Answers and explanations); Chapter 5 – Critical Reasoning (Official exam instructions for Critical Reasoning, Strategies and approaches, Review of Critical Reasoning, Multiple-choice problems, Answers and explanations); Chapter 6 – Reading Comprehension (Official exam instructions for Reading Comprehension, Strategies and approaches, Review of Reading Comprehension, Answers and explanations); Chapter 7 – Analytical Writing Workshop (Official exam instructions for the Analytical Writing Assessment, Strategies and approaches, Review of Analytical Writing, Essay exercises, Outlines and proposed solutions); Chapter 8 – Integrated Reasoning Workshop (Official exam instructions for Integrated Reasoning, Strategies and approaches; Review of Integrated Reasoning with exercises, Answers and explanations); Appendix I – GMAT and MBA Informational Websites (Registering for the GMAT exam; MBA fairs & forums; MBA social networks; GMAT courses; Other GMAT & MBA websites; Information on business school rankings); Appendix II – Contact Information for the World’s Leading Business Schools (U.S. business schools; Canadian business schools; European business schools; Australian business schools; Asia-Pacific business schools; Latin and South American business schools; South African business schools); Quiz – Answers; On a Personal Note; Praise for Ace the GMAT. “Finally, a book that helps you master those learning skills that are critical to success on the GMAT.” —Linda B. Meehan, former Assistant Dean & Executive Director of Admissions, Columbia Business School

The PowerScore GMAT Sentence Correction Bible™ is a complete guide that teaches the grammar, style, and diction required to successfully attack GMAT Sentence Correction questions. This book is teeming with tips and tricks and includes an entire section on strategy. With dozens of examples, over 140 practice questions, and detailed explanations, the Sentence Correction Bible™ is the ultimate resource for gaining an edge on the GMAT. The GMAT Critical Reasoning Grail spans more than 240 pages and helps you master Critical Reasoning on the GMAT in a systematic way. The book firstly builds a strong foundation by discussing the basics of Critical Reasoning and then addresses each question type in-depth. It then goes a step further and provides you 100 practice questions for intensive practice. Like the Sentence Correction Grail, the Critical Reasoning Grail is written in an engaging manner and will equip you with all the skills that you need to tackle Critical Reasoning questions confidently. This book is superior to the other books available for Critical Reasoning in many ways. The GMAT Critical Reasoning Grail contains the most up-to-date content for Critical Reasoning. For example, while other books focus on Main Point questions, these question types rarely appear on the GMAT now. Similarly question types such as Logically complete the passage, which are increasingly being tested on the GMAT, find no mention in other books, whereas the CR Grail has an entire chapter that discusses this question type. What also distinguishes the GMAT Critical Reasoning Grail is that it helps you master Critical Reasoning in a step-by-step manner, using jargon free language and does not make you dependent on the diagrammatic approach. It is also the only book that provides you 100 Critical Reasoning Questions for practice

You need three things to do well on GMAT Reading Comprehension you need to know the secrets to reading passages efficiently, learn how to identify and tackle different RC Question Types, and practice enough number of passages from myriad subjects to build the requisite mental stamina so that you are able to comprehend dense and boring passages that the GMAT tests you on. The GMAT Reading Comprehension Grail has been written keeping the above three points in view. The book spans over 300 pages and is the most comprehensive book available today in the market to crack the GMAT Reading Comprehension. The book starts by unraveling the secrets to reading passages quickly yet effectively, then moves on to discuss various RC question types and then provides 60 GMAT like practice passages. By the

time, you finish the book, we assure you that you will not fear reading comprehension on the GMAT anymore because you would have learnt what are the best strategies, which of the them work for you and which don t, you will know the types of mistakes you make and what you need to do about them and above all you will not be scared of seeing passages from areas that you had no interest in. In short, you will be much more confident about taking on RC passages. How is this book superior to any other book for Reading Comprehension? This book provides you 3 times the number of practice passages as compared to any other book Unlike other books, the RC Grail strictly follows a 3-4 questions per passage format, just as the GMAT does RC Grail is the only book that categorizes passages into three difficulty levels - low, medium & high. This categorization ensures that by the time you reach high difficulty level passages, you'll be ready to handle them with confidence. RC Grail is the only book that provides a passage map for every passage along with detailed explanations to questions.
