The time of the Lanterns is ending as the New Gods make a dramatic, universe-altering entrance. A year ago, Kyle Rayner, the White Lantern, breached the Source Wall at the edge of the universe, killing himself to save creation and inadvertently tapping into the Life Equation. Highfather of the New Gods has become convinced that the Equation can be accessed by combining the colors of the emotional spectrum through the rings of the universe's Lantern Corps. Fearing the ring bearers too unevolved to wield power that they do not fully understand, Highfather decrees that all who wield a Power Ring must relinquish it to the New Gods. With the fate of every living creature across infinite worlds in the balance, there is no time for peaceful resolution or the folly of mortals. The Lanterns will willingly give up their rings-or die. Collecting GREEN LANTERN/NEW GODS: GODHEAD #1, GREEN LANTERN #35-37, GREEN LANTERN CORPS #35-37, GREEN LANTERN NEW GUARDIANS #35-37, RED LANTERNS #35-37, SINESTRO #6-8 and GREEN LANTERN ANNUAL #3, this story of cosmic war features the talents of Robert Venditti, Van Jensen, Justin Jordan, Charles Soule, Cullen Bunn, Billy Tan, Bernard Chang, Brad Walker, J. Calafiore and more.

Is there One God or Three? How does one reconcile the "One God" of the Sh'ma with the "Three Persons" of the Trinity? The doctrine of the trinity has been at the heart of much theological controversy. The routine objection is that the doctrine sacrifices monotheism to "tritheism." But this objection thrives on a misconception of divine personality in the image of disparate, individual, human selves. This type of rationalistic apologetics, promotive of trinitarianism on speculative rather than revelational grounds, regrettably encourages this misunderstanding. One of the reasons we suffer such misunderstanding is due to our relying on "models." Chuck explores the ostensible tensions between the Old and New Testament revelations of the ultimate mystery of the Godhead. This is a foundational study for every Christian.

In Prime 3: The Quest for the Godhead, author Jason R. Elliott brings decades of research to bear on the vast and complex topic of the triune Godhead—one God in three persons, with corporeal and incorporeal properties under the power of a single divine essence. God's immeasurable love in the lives of Christians everywhere has led His people to experience Him personally and relationally. Incomprehensible to believers is the fact that God foresaw humanity's downfall before creation yet preordained their acquittal from eternal damnation through the death of Himself. How could this be? Many adherents of the Christian faith have also long pondered how God through Christ, in physical form, was able to break the barriers of the material world when He appeared to His disciples in the upper room after the doors were locked. Others have wondered at some of God's most puzzling attributes, such as the irrelevance of time to an eternal, immutable, omnipotent God. Prime 3 tackles these mysteries, and many others.

This work is the first English translation of her 13th century classic-the mystical writings of Mechthild of Magdeburg. The only complete codex of this work is in the library of Einsiedeln in Switzerland, where the translator spent three years translating the codex from a South German translation of 1344. The book is a collection of visions, revelations, thoughts and letters written in alternating prose and poetry. The variety of its contents includes practical advice on daily conduct, as well as the most sublime descriptions of high mystical experience. Her works were early translated into Latin, and were almost certainly known to Dante, whose vision of heaven, hell and purgatory went on to have a great influence in Western Literature. Her influence is traceable in the Paradiso and by some scholars she is thought to have been the Matilda in the earthly paradise. Her works remains to this day a classic text of Christian mysticis

Everything God has done and will do is extravagant and has great purpose. All His actions have a planned objective, even the breath He breathes and the gifts He gives. God the Father breathed granting life to the created man. God the Son breathed, and man now supernaturally received the infilling of the Holy Spirit. God the Holy Spirit breathed fulfilling the promise of God's manifested power and presence upon and in believers. When the Godhead breathes it brings life, salvation, and power. God breathing illuminates the purpose and giftings given to His creation. The trinity Godhead distributes gifts and endowments to the believer for the growth and increase of the body of Christ. The attributes and gifts of the Godhead are purposed and given to benefit the body while empowering each believer to be more than conquerors. When God Breathes details the design and purpose for each of the Godhead breathing and describes the gifts given by each. The supernatural gifts of the Father, the Son, and the Holy Spirit.

A corporation invents a device that can talk to God in this graphic novel thriller. Godhead ricochets from the streets of a working-class African American community to the glimmering halls of corporate America to a mobile scientific laboratory located in the Pacific Ocean. A sprawling contemporary saga with a science-fiction edge, Godhead explores a collision course between science and religion when a corporation creates a device that can talk to God. Is this humanity's salvation or the equivalent of a Doomsday machine? Godhead is Ho Che Anderson's most conceptually and thematically ambitious graphic novel to date, his first in over ten years. Visually, he employs a variety of drawing techniques from tonal images to stark black-and-white to full color painting in order to convey a thriller that ranges from intimate domestic drama to globalist corporate intrigue.

An eminent theologian argues that nothingness is necessary in order to fully actualize the Godhead.

All things in life are about birthing. Concepts, viewpoints, and even religious doctrine go through a process of birthing. In *Birthing to the Workings*, author Shirley Johnson examines the effect of the church leaving its Hebraic roots. In this informative analysis, Johnson places key emphasis on the effect this had on teachings related to the Godhead, Trinity, and Pentecost. Packed with credible resources and buoyed by thorough research, this examination provides revelations and truths relating to Godhead perspectives and Hebraic viewpoint. It illustrates the following points: The Hebraic believers emphasized the cohesiveness of the whole God versus the singleness of the one person. The Father, and at times the spirit, have become supporting actors, with Yeshua stealing the show. The first apostolic believers of Yeshua believed in manifestations rather than persons. Yeshua, the apostles, and the early church did not support the current Godhead doctrines as espoused by Western Christianity of today. *Birthing to the Workings* compares the birthing process of doctrine and the workings of the Holy Spirit to the birth of a child. The theological nature of birthing to workings is clarified as it relates to Christianity, the Trinity, and the Hebraic roots connection.

"Scholem's treatment is complex and stylistically brilliant as he systemically analyzes the history and intellectual background of these critical ideas. Highly recommended."--Library Journal.

The Design of this Volume: Readers are invited to view a concise, yet limited presentation of the work and blessings of The One True God; manifested in the Person of God The Father, The Person of God The Son and The Person of God The Holy Spirit. The miraculous events shown throughout this volume succinctly threads 86 different passages of scripture across 15 topics to see this Holy God at work now in your life and in the lives of every human being. These scriptures come from the Holy Bible - God's eternal word which lives and abides forever. The reader is taken from pre-existent eternity into the beginning of human existence - eternity present; through final earthly events in to eternity's future. What a series of events, the Godhead has activated in the past; activates in these present days; and will activate in the day of the Lord! The desire is that each of us will be reminded in this brief, yet concise volume, of the total basis of our present and future state of affairs. May we now bring to conscious mind and be aware of actions coming soon until Time shall be no more. Now is the time to prepare to meet thy GOD!

The Book challenges Christianity's often believed understanding on the Godhead. The author is concerned about the dangers of just accepting what one has been taught about the topic without going to scripture to substantiate it. Christians joined religious groupings for the primary purpose of being saved, not necessarily for belonging for the sake of it. However, the concern comes when, at the end, the very God one thought he or she worshipped says, "I do not know you!" What a treble loss will such a one experience? This study is motivated by the rationale that it is an absolute imperative that every Christian should be clear about not only the standard of worship acceptable to his or her Creator, but also the object of their worship. He or she should have no vestige of doubt about whether he or she is worshiping in Spirit and in truth. And yet for one to be able to worship acceptably, he or she must address his or her worship to the right God, in addition to obviously offering the worship correctly. After all, is it not true that it is possible to be in the right church and still worship a wrong god, or worship the right God in a manner that falls short of being acceptable? Recall that the children of biological Israel thought they were the Chosen Nation only to crucify the very One who had chosen them to be His peculiar people! According to 1 Peter 5v17-18, judgment begins in the house of God, I mean the house of the true God! Why? The implication is clearly that it is possible for those in the correct church to still get lost because they would have fallen short of the required standard of worship, or even worse, worshiped the wrong "God". Recall Christ's answer when He was asked about which commandment is the greatest! He said, "The first of all the commandments is this, 'Hear O Israel the Lord our God, the Lord is one. And you shall love the Lord your God with all your heart, with all your soul, with all your mind and with all your strength.' This is the first commandment." [Mark 12v29-30] Other versions say the first and principal or the foremost, or in simple, the greatest. This logically means that anyone breaking this commandment has to be the greatest sinner. Therefore, dear child of God, while there are many false gods, the true God is only ONE. You have to be sure of the God you worship so that you have no doubt that he is the One and only true God and that you are worshiping Him correctly. May God bless and richly reward you in your search for Him! In all matters that pertain to Inspiration, Christians are

better advised to tread carefully, lest they mix the common with the sacred and get struck down as did others in the past, as recorded in scripture. I find that the only safe course to take in order to optimally benefit from this study is to present the evidence from Scripture impartially. No attempt should be made to hide anything, even those points that seem to go contrary to one's current understanding. Then, from the weight of evidence alone, one is to choose what makes sense. The safest course is to completely leave out the will of man and let the will of God prevail in each circumstance. I know this last step is not a very easy one to adopt, except when guided by the power of the Holy Spirit, because the human mind will often strive to read its own prejudices into any presentation. May God help both the author and the reader to be divested of every vestige of prejudice so that only that which the Word of God says should prevail will ultimately do so! Give glory to God! The author hopes that, in studying the Word of God, Christians will discover the truth about the God they intend to spend their eternity with.

Here is the first English translation based on the new critical edition of *The Flowing Light of the Godhead*, the sole mystical visionary work of Mechthild, a 13th-century (c. 1260-c. 1282/94) German Beguine. This challenging work of deep religious insight reflects Mechthild's inner life, and God's as well, employing a great variety of traditional medieval literary forms and genres in prose and verse.

"Lavished with praise at the time of its 1925 publication, Leonard Cline's phantasmagoric *God Head* is being republished so a new generation of readers can marvel at its dark magic. Cline's mesmerizing debut follows the journey of Paulus Kempf, a fugitive labor agitator who takes refuge with a colony of Finns on the remote shores of Lake Superior in the upper peninsula of Michigan. Kempf, a former surgeon, poet, writer, sculptor, and hyper-intellectual, is at first deeply impressed by the folklore and traditions of the quiet, gentle Finns, not to mention their generosity and hospitality. But he soon begins to play upon their superstitions and exploits their kindness through the power of his cunning and imagination, manipulating them into seeing him as a kind of a god. As Cline's novel hurtles toward its unforgettable climax, Kempf's capacity for compassion or mercy swiftly falls to the wayside as he seduces his host's wife and then murders the man in cold blood. Soon thereafter he carves a giant *God Head* into the side of a nearby mountainside, which the villagers look upon with awe and fear, held in the thrall of Kempf's mysterious intimations of its malicious power. Having achieved complete domination over the Finns, Kempf ultimately tires of their gullibility and returns to civilization, his quest for self-mastery complete. *God Head's* descent into the dark void of the human heart will thrill modern readers who are sure to cherish this lost literary artifact from the shadow canon of American fiction"--

From the chronicles of the History Channel's truly epic series comes a new saga of glory and plunder! A brand new graphic novel featuring Ragnar, Lagertha and their legendary kin! An all-new epic tale as the Vikings set sail once more for England and run straight into a shield wall of politics, intrigue, betrayal and, of course, axe-wielding, blood-spraying, sword-swinging combat!

I consider this book to be a simple, easy read of a lesson and message that came from God while searching a time such as this. It's an end-time must read for the church. The book was written to be an easy read, and likewise, it's easy to understand its point of view and its purpose. The book is like an interesting word picture. The more you look at it, the more you understand it and see its purpose and message. Personally, I do not believe a loving God who created us in his image would make it difficult and hard for us to understand his purpose and embrace his love and eternal desire. Frankly, the message of the book in totality is about God the Father desiring the most spiritually intimate relationship possible between him and his mankind creation. The book

encourages personal accountability. Enjoy the read, and come away desiring a deeper, more spiritually intimate personal relationship with God. It is a mandate for mankind. It is time to roar (reach one accord relationship), church!

The question of the Godhead is a very heated issue in Christendom. The field abounds with contrasts, antitheses, and confusion. The majority of Christians are proponents of the Trinity. But increasingly large numbers of them are abandoning the Trinity camp and questioning its validity. In discussions and chat rooms, for every verse one presents in favor of a particular theory of the Godhead, one will encounter tens of scriptures contradicting or disproving them. This is irrespective of the brand of Godhead being defended Trinity, Binitarianism, Oneness, Unitarianism, etc. In one such public Internet forum, as I was trying to present my own version of the Godhead, God gave me a unique understanding of the subject and prompted me to turn my posts then into a book. This is the book you are now about to read. It examines God in seven divine dispensations. Godhead is different in each dispensation. At times God appears to be one (Unitarianism); at other times he seems to be two (Binitarianism); and still other times he is three (Trinity). At times it seems it is only Jesus and no one else (Oneness). Only this book combines all the theories of the Godhead into one glorious unity! Understanding the Godhead. Is the Trinity three different people in one God? Is Jesus God? The Bible says we are without excuse if we don't know the Godhead.

"Frankie, give this envelope to Mr. Passano when you see him tomorrow," club manager and ever-vigilant doorman Jerry D'iorfio said. The envelope was sealed but I could tell there was a great deal of cash in it. I'm just the drummer with the band, and now suddenly I am making some sort of delivery to the syndicate. My mother would have been proud. "Don't worry," Jerry laughed. "We trust you. After all, you're a paesano, am I right?" He suddenly grew serious. "Plus, you pull any fast one and, bing bada bing, you're history." Then Jerry laughed again. Frankie Severino wasn't laughing. When the FBI and IRS investigated him four years later, they weren't laughing either. Frank Catanzano provides an irreverent and often funny look at life working with members of organized crime who ran many of the clubs in Pittsburgh. Based on true events he has taken great pains to disguise the people, places and things in this tell-all story of how the wise guys ruled through intimidation and threats. Drummer for the Mob is a no holds barred, behind the scenes look at the sex, drugs and rock and roll that were pervasive during the disco years, told through the lens of social values and the music genres of the period. Drummer for the Mob is Saturday Night Fever meets Good Fellas.

Do you have unanswered questions? Are you wondering who God is? Are you wondering why you are here? Is Jesus really God's Son? Can I really have a relationship with God? If these are some of the questions on your heart then Dr. Crenshaw's book The Eternal Godhead will take you on a journey knowing God and how to have that relationship with Him. Maybe you are already a student of the Word and seek to understand more and to be able to impart Truth to others. If this is you then The Eternal Godhead will help you answer questions about topics such as sin, the family, the Church and the future. Wherever you may be I hope and pray that this book will help you draw closer and have a more intimate relationship to The Eternal Godhead. May God open your eyes on this journey that you are about to undertake.

Drawing together psychology, science and mysticism into the same river of human experience, 'Godhead' throws new light on the questions that mankind has pondered for centuries. An eminent theologian argues that nothingness is necessary in order to fully actualize the Godhead. Eminent theologian Thomas J. J. Altizer breaks new ground by exploring the ultimate transfiguration of the Godhead as a question of the Nihil or nothingness and God. The Nihil is essential to the full actualization of the Godhead in that it fully occurs in both a primordial and an apocalyptic sacrifice of the Godhead. Virtually unexplored by philosophical and theological thinking, the Nihil is luminously enacted in the deepest expressions of the imagination, and most clearly and decisively so in the Christian epic tradition. Altizer looks at the works of philosophers and theologians such as Spinoza, Barth, Hegel, Nietzsche, and epic writers such as Dante, Milton, and Blake to ultimately posit a God that is necessarily a dichotomous God.
