

Going Clear

National Book Award Finalist A clear-sighted revelation, a deep penetration into the world of Scientology by the Pulitzer Prize-winning author of *The Looming Tower*, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists--both famous and less well known--and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology what it is today: The darkly brilliant science-fiction writer L. Ron Hubbard, whose restless, expansive mind invented a new religion. And his successor, David Miscavige--tough and driven, with the unenviable task of preserving the church after the death of Hubbard. We learn about Scientology's complicated cosmology and special language. We see the ways in which the church pursues celebrities, such as Tom Cruise and John Travolta, and how such stars are used to advance the church's goals. And we meet the young idealists who have joined the Sea Org, the church's clergy, signing up with a billion-year contract. In *Going Clear*, Wright examines what fundamentally makes a religion a religion, and whether Scientology is, in fact, deserving of this constitutional protection. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is. From the Hardcover edition.

From Colleen Hoover, the #1 New York Times bestselling author of *It Ends With Us*, a heart-wrenching love story that proves attraction at first sight can be messy. When Tate Collins meets airline pilot Miles Archer, she doesn't think it's love at first sight. They wouldn't even go so far as to consider themselves friends. The only thing Tate and Miles have in common is an undeniable mutual attraction. Once their desires are out in the open, they realize they have the perfect set-up. He doesn't want love, she doesn't have time for love, so that just leaves the sex. Their arrangement could be surprisingly seamless, as long as Tate can stick to the only two rules Miles has for her. Never ask about the past. Don't expect a future. They think they can handle it, but realize almost immediately they can't handle it at all. Hearts get infiltrated. Promises get broken. Rules get shattered. Love gets ugly.

Going Clear Scientology, Hollywood, and the Prison of Belief Vintage

Bare-Faced Messiah tells the extraordinary story of L. Ron Hubbard, a penniless science-fiction writer who founded the Church of Scientology, became a millionaire prophet and convinced his adoring followers that he alone could save the world. According to his 'official' biography, Hubbard was an explorer, engineer, scientist, war hero and philosopher. But in the words of a Californian judge, he was schizophrenic, paranoid and a pathological liar. What is not in dispute is that Hubbard was one of the most bizarre characters of the twentieth century. *Bare-Faced Messiah* exposes the myths surrounding the fascinating and mysterious founder of the Church of Scientology - a man of hypnotic charm and limitless imagination - and provides the definitive account of how the notorious organisation was created.

#1 NEW YORK TIMES BESTSELLER • An eye-opening, no-holds-barred memoir about life in the Church of Scientology, now with a new afterword by the author—the outspoken actress and star of the A&E docuseries *Leah Remini: Scientology and the Aftermath* Leah Remini has never been the type to hold her tongue. That willingness to speak her mind, stand her ground, and rattle the occasional cage has enabled this tough-talking girl from Brooklyn to forge an enduring and successful career in Hollywood. But being a troublemaker has come at a cost. That was never more evident than in 2013, when Remini loudly and publicly broke with the Church of Scientology. Now, in this frank, funny, poignant memoir, the former King of Queens star opens up about that experience for the first time, revealing the in-depth details of her painful split with the church and its controversial practices. Indoctrinated into the church as a child while living with her mother and sister in New York, Remini eventually moved to Los Angeles, where her dreams of becoming an actress and advancing Scientology's causes grew increasingly intertwined. As an adult, she found the success she'd worked so hard for, and with it a prominent place in the hierarchy of celebrity Scientologists alongside people such as Tom Cruise, Scientology's most high-profile adherent. Remini spent time directly with Cruise and was included among the guests at his 2006 wedding to Katie Holmes. But when she began to raise questions about some of the church's actions, she found herself a target. In the end, she was declared by the church to be a threat to their organization and therefore a "Suppressive Person," and as a result, all of her fellow parishioners—including members of her own family—were told to disconnect from her. Forever. Bold, brash, and bravely confessional, *Troublemaker* chronicles Leah Remini's remarkable journey toward emotional and spiritual freedom, both for herself and for her family. This is a memoir designed to reveal the hard-won truths of a life lived honestly—from an author unafraid of the consequences. Praise for *Troublemaker* "An aggressively honest memoir . . . *Troublemaker* is the most raw and revealing Scientology memoir to date."—*Entertainment Weekly* "Leah's story is a juicy, inside-Hollywood read, but it's more than that. It's a moving story about the value of questioning authority and how one woman survived a profound crisis of faith."—*People*

This is the new, unexpurgated, unabridged version of the classic history of L. Ron Hubbard and Scientology. Exposing Hubbard's false claims to be a war hero, a nuclear physicist, an explorer and a protege of Eastern gurus, and showing the true malevolence of Scientology. Invaluable for its history and insight into the character of its founder, L. Ron Hubbard. This is the standard reference among serious students of authoritarian belief systems.

Several "pieces first published in *The New Yorker* recall the path terror in the Middle East has taken from the rise of al-Qaeda in the 1990s to the recent beheadings of reporters and aid workers by ISIS ... They include an ... impression of Saudi Arabia, a kingdom of silence under the control of the religious police; the Syrian film industry, then compliant at the edges but already exuding a feeling of the barely masked fury that erupted into civil war; [and] the 2006-11 Israeli-Palestinian conflict in Gaza, a study in disparate values of human lives. Others continue to look into al-Qaeda as it forms a master plan for its future, experiences a rebellion from within the organization, and spins off a growing web of terror in the world"--

At an internment camp in Indonesia, forty-seven people are pronounced dead with acute hemorrhagic fever. When epidemiologist Henry Parsons travels there on behalf of the World Health Organization to investigate, what he finds will have staggering repercussions. Halfway across the globe, the deputy director of U.S. Homeland Security scrambles to mount a response to the rapidly spreading pandemic leapfrogging around the world, which she believes may be the result of an act of biowarfare. And a rogue experimenter in man-made diseases is preparing his own

terrifying solution. As already-fraying global relations begin to snap, the virus slashes across the United States, dismantling institutions and decimating the population. With his own wife and children facing diminishing odds of survival, Henry travels from Indonesia to Saudi Arabia to his home base at the CDC in Atlanta, searching for a cure and for the origins of this seemingly unknowable disease.

SYNOPSIS The choice of actions and decisions requires skill and wisdom, not just self-interest or just group interest. Containing 21 precepts, *The Way to Happiness* helps guide one in those choices encountered in life. This might be the first nonreligious moral code based wholly on common sense. **FULL DESCRIPTION** True joy and happiness are valuable. If one does not survive, no joy and no happiness are obtainable. Trying to survive in a chaotic, dishonest and generally immoral society is difficult. Any individual or group seeks to obtain from life what pleasure and freedom from pain that they can. Your own survival can be threatened by the bad actions of others around you. Your own happiness can be turned to tragedy and sorrow by the dishonesty and misconduct of others. I am sure you can think of instances of this actually happening. Such wrongs reduce one's survival and impair one's happiness. You are important to other people. You are listened to. You can influence others. The happiness or unhappiness of others you could name is important to you. Without too much trouble, using this book, you can help them survive and lead happier lives. While no one can guarantee that anyone else can be happy, their chances of survival and happiness can be improved. And with theirs, yours will be. It is in your power to point the way to a less dangerous and happier life.

National Book Award Finalist A clear-sighted revelation, a deep penetration into the world of Scientology by the Pulitzer Prize-winning author of *The Looming Tower*, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists—both famous and less well known—and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology what it is today: The darkly brilliant science-fiction writer L. Ron Hubbard, whose restless, expansive mind invented a new religion. And his successor, David Miscavige—tough and driven, with the unenviable task of preserving the church after the death of Hubbard. We learn about Scientology's complicated cosmology and special language. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is.

In 1971 Paulette Cooper wrote a scathing book about the Church of Scientology. Desperate to shut the book down, Scientology unleashed on her one of the most sinister personal campaigns the free world has ever known. The onslaught, which lasted years, ruined her life, and drove her to the brink of suicide. The story of Paulette's terrifying ordeal is told in full for the first time in *The Unbreakable Miss Lovely*, published by Silvertail Books. It reveals the shocking details of the darkest chapter in Scientology's checkered history, which ended with senior members in prison, and the organization's reputation permanently damaged. 'A brilliant exposition of how a child who escaped the Nazis grew up to be hunted by the Church of Scientology' - John Sweeney 'A page-turner packed with barely believable facts. The details are worthy of John le Carre' - Jon Atack www.theunbreakablemisslovely.com

"A masterful piece of reporting . . . Reitman tells a spellbinding story of a larger-than-life personality whose quirks, ticks and charisma shaped America's newest homegrown religious movement." — Washington Post
Scientology is known for its celebrity believers and its team of "volunteer ministers" at disaster sites such as the World Trade Center; its notably aggressive response to criticism or its attacks on psychiatry; its requirement that believers pay as much as hundreds of thousands of dollars to reach the highest levels of salvation. But for all its notoriety, Scientology has remained America's least understood new religion, even as it has been one of its most successful. Now Janet Reitman tells its riveting full story in the first objective modern history of Scientology, at last revealing the astonishing truth about life within the controversial religion for its members and ex-members. Based on five years of research, confidential documents, and extensive interviews with current and former Scientologists, this is an utterly compelling work of nonfiction and the defining work on an elusive faith. "A meticulously researched history and revealing exposé, a frightening portrait of a religion that many find not just controversial, but dangerous." — Boston Globe
"This book is fearless." — Wall Street Journal
A New York Times Notable Book
Amazon.com Best Books of 2011, Nonfiction
San Francisco Chronicle Top Ten of 2011
This book was written for people who (think they) know just about everything there is to know about Scientology, to those who know nothing; the stories range from early Hubbard to what is happening today. The chapters were chosen to appeal not only to former Scientologists, but also never-Scientologists, as well as to people who never bought a single book of theirs to those who spent most of their lives [and some believe, even their past lives] in it.

National Book Award Finalist The enhanced eBook edition of Lawrence Wright's revelatory study of Scientology includes additional photographs and documents, plus more than thirty minutes of original video—taped interviews with former members of the church speaking about what drew them to Scientology and about discovering past lives, the church's position on abortion and homosexuality, and how the Guardian's Office functions; and in interviews with the author, Lawrence Wright speaks about his aims in writing this book, his respect for his sources, and methods of research. A clear-sighted revelation, a deep penetration into the world of Scientology by Pulitzer Prize-winning author of *The Looming Tower*, the now-classic study of al-Qaeda's 9/11 attack. Based on more than two hundred personal interviews with current and former Scientologists—both famous and less well known—and years of archival research, Lawrence Wright uses his extraordinary investigative ability to uncover for us the inner workings of the Church of Scientology. At the book's center, two men whom Wright brings vividly to life, showing how they have made Scientology what it is today: The darkly brilliant science-fiction writer L. Employing all his exceptional journalistic skills of observation, understanding, and shaping a story into a compelling narrative, Lawrence Wright has given us an evenhanded yet keenly incisive book that reveals the very essence of what makes Scientology the institution it is.

The Upside-Down Magic kids are back in another topsy-turvy adventure in the next installment of this New York Times bestselling series! It's Big Night in Dunwiddle . . . and that means the whole school has a sleepover like no other. For one night every year, magic students run through the halls, hunting for the objects that will win them a super special prize. Nory is super excited for the scavenger hunt. Not only because she likes winning, but also because if her team wins, she thinks there's a chance her best friend Elliott won't move away to attend super snobby Sage Academy. Sebastian is a little less excited once the hunt is on. Yes, he has magical powers that help his team -- like being able to see invisible things or anything that makes a sound. The problem is that the really loud sounds are hurting him . . . and nobody seems to care. The kids in Upside-Down Magic know their five F's (Flares, Flyers, Fuzzies, Flickers, and Fluxers) -- but to win this night, a sixth F is the most important . . . Friendship.

"Originally published in hardcover in the United States by Alfred A. Knopf, a division of Penguin Random House LLC, New York, in 2014"--Title page verso.

THE BESTSELLING CLASSIC ON 'FLOW' – THE KEY TO UNLOCKING MEANING, CREATIVITY, PEAK PERFORMANCE, AND TRUE HAPPINESS Legendary psychologist Mihaly Csikszentmihalyi's famous investigations of "optimal experience" have revealed that what makes an experience genuinely satisfying is a state of consciousness called flow. During flow, people typically experience deep enjoyment, creativity, and a total involvement with life. In this new edition of his groundbreaking classic work, Csikszentmihalyi ("the leading researcher into 'flow states'" —Newsweek) demonstrates the ways this positive state can be controlled, not just left to chance. *Flow: The Psychology of Optimal Experience* teaches how, by ordering the information that enters our consciousness, we can discover true happiness, unlock our potential, and greatly improve the quality of our lives. "Explores a happy state of mind called flow, the feeling of complete engagement in a creative or playful activity." —Time

Jenna Miscavige Hill, niece of Church of Scientology leader David Miscavige, was raised as a Scientologist but left the controversial religion in 2005. In *Beyond Belief*, she shares her true story of life inside the upper ranks of the sect, details her experiences as a member Sea Org—the church's highest ministry, speaks of her "disconnection" from family outside of the organization, and tells the story of her ultimate escape. In this tell-all memoir, complete with family photographs from her time in the Church, Jenna Miscavige Hill, a prominent critic of Scientology who now helps others leave the organization, offers an insider's profile of the beliefs, rituals, and secrets of the religion that has captured the fascination of millions, including some of Hollywood's brightest stars such as Tom Cruise and John Travolta.

A detailed system that will help you achieve your professional and personal goals *Moving the Needle* provides both the "kick in the pants" and the game plan many of us need to break out of the rut and get moving to achieve our goals. CEOs, vice presidents, professionals, military personnel, and even college students frequently express frustration at the entrenched status quo, in which initiating progress feels like moving mountains. This book lights a path toward continual improvement, helping readers first find a direction, then make the key transitions that jumpstart forward progress. This highly practical guide outlines a change process that can be applied to professional or personal goals, giving readers a concrete plan for making big things happen. Rather than blindly shooting for the moon, readers will formulate a solid, systematic, actionable plan that can only result in progress. In today's tenuous business climate, employers and employees alike can be glued to the ground, unsure of the path they should take, or whether they have the freedom to move forward. *Moving the Needle* helps readers clarify their current position, identify their optimum position, and formulate a workable strategy for getting from here to there. Find what "moving forward" means for your career and life Shake off the doldrums of routine and establish a culture of innovation Improve performance on a consistent basis, at every level Break the inertia and get moving in the right direction Stagnation is diametrically opposed to progress. Moving forward requires a vision, a plan, and the impetus to get things done. Those who sense that big things can happen need to get clear, get free, and start *Moving the Needle*.

This business classic features straight-talking advice you'll never hear in school. Featuring a new foreword by Ariel Emanuel and Patrick Whitesell Mark H. McCormack, one of the most successful entrepreneurs in American business, is widely credited as the founder of the modern-day sports marketing industry. On a handshake with Arnold Palmer and less than a thousand dollars, he started International Management Group and, over a four-decade period, built the company into a multimillion-dollar enterprise with offices in more than forty countries. To this day, McCormack's business classic remains a must-read for executives and managers at every level. Relating his proven method of "applied people sense" in key chapters on sales, negotiation, reading others and yourself, and executive time management, McCormack presents powerful real-world guidance on • the secret life of a deal • management philosophies that don't work (and one that does) • the key to running a meeting—and how to attend one • the positive use of negative reinforcement • proven ways to observe aggressively and take the edge • and much more Praise for *What They Don't Teach You at Harvard Business School* "Incisive, intelligent, and witty, *What They Don't Teach You at Harvard Business School* is a sure winner—like the author himself. Reading it has taught me a lot."—Rupert Murdoch, executive chairman, News Corp, chairman and CEO, 21st Century Fox "Clear, concise, and informative . . . Like a good mentor, this book will be a valuable aid throughout your business career."—Herbert J. Siegel, chairman, Chris-Craft Industries, Inc. "Mark McCormack describes the approach I have personally seen him adopt, which has not only contributed to the growth of his business, but mine as well."—Arnold Palmer "There have been what we love to call dynasties in every sport. IMG has been different. What this one brilliant man, Mark McCormack, created is the only dynasty ever over all sport."—Frank Deford, senior contributing writer, *Sports Illustrated*

New research indicates that microbiota make us who we are. The skin's ecosystem is inhabited by diverse microorganisms, most of which are harmless or even beneficial. A few are pathogenic and play a role in acne formation. *The Acne Answer* looks at treating inflammatory skin conditions such as teenage acne, adult acne and rosacea from the natural and organic perspective. It covers the whys and wherefores of how acne is formed and what can be done to improve problem skin based on scientific research.

Ali's Smile: Naked Scientology is a collection of essays and a short story. First published in 1971 as the short story "Ali's Smile", the book eventually contained a group of previously published newspaper articles as well, all of which address Scientology.

NATIONAL BESTSELLER • From the author of *Into the Wild* and *Into Thin Air*, This extraordinary work of investigative journalism takes readers inside America's isolated Mormon Fundamentalist communities, where some 40,000 people still practice polygamy. Defying both civil authorities and the Mormon establishment in Salt Lake City, the renegade leaders of these Taliban-like theocracies are zealots who answer only to God. At the core of Krakauer's book are brothers Ron and Dan Lafferty, who insist they received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

Grounded in extensive historical research, this eye-opening survey reveals the long-undervalued role secret societies have played in American history. • Based on scholarly research, this book appeals to both academics and the general public • Sheds light on familiar figures from American history • Includes photographs

Beginning with the absolutely critical first moments of the outbreak in China, and ending with an epilogue on the vaccine rollout and the unprecedented events between the election of Joseph Biden and his inauguration, Lawrence Wright's *The Plague Year* surges forward with essential information--and fascinating historical parallels--examining the medical, economic, political, and social ramifications of the COVID-19 pandemic.

A former Church of Scientology member describes his experience in that organization, outlining the mind-control and dollar-extraction methods it employs on its members and offering a revealing look at the life of Scientology creator L. Ron Hubbard

From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called “the Dear Abby of the work world.” Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

In 1967, after a session with a psychiatrist she'd never seen before, eighteen-year-old Susanna Kaysen was put in a taxi and sent to McLean Hospital. She spent most of the next two years in the ward for teenage girls in a psychiatric hospital as renowned for its famous clientele—Sylvia Plath, Robert Lowell, James Taylor, and Ray Charles—as for its progressive methods of treating those who could afford its sanctuary. Kaysen's memoir encompasses horror and razor-edged perception while providing vivid portraits of her fellow patients and their keepers. It is a brilliant evocation of a “parallel universe” set within the kaleidoscopically shifting landscape of the late sixties. *Girl, Interrupted* is a clear-sighted, unflinching document that gives lasting and specific dimension to our definitions of sane and insane, mental illness and recovery.

UK and Australian edition of the international sensation and New York Times-bestselling investigation into Scientology

A quick, short read, "The Monster in the Mist" is a story set in the world of Flower's Fang. With prey scarce, Isok hears of a new hunting ground to the north. However, his alpha forbids him from going, scared of angering the legendary northern mist monsters. Determined to find a new source of food to save the clan, Isok sneaks out leading a small band of his peers. But once they get to the north, Isok and his small pack discover that the legends might just be real. This story originally appeared in the collection "Dogs of War 1."

As astonishing as it is compelling -- Steve Cannane's extraordinary insight into Scientology in Australia is investigative journalism at its very best. From Rugby League players trying to improve their game, to Hollywood superstars and the depressed sons of media moguls, Scientology has recruited its share of famous Australians. Less known is that Australia was the first place to ban Scientology, or that Scientology spies helped expose the Chelmsford Deep Sleep Scandal. Numerous Australians have held senior posts in the organisation only to fall foul of the top brass and lose their families as a result. Based on years of interviews and research, Walkley Award-winning journalist Steve Cannane tells for the first time the fascinating story of Australia's vital involvement with this powerful, secretive and punitive cult.

We live in a drug-oriented society. Drugs pervade our world -- from street drugs and medical drugs, to say nothing of the latest "feel-good" pharmaceuticals. Add to that the thousands of toxic substances we are exposed to on a daily basis, including household chemicals, food preservatives and pesticides, and it's easy to see that no one is immune to this crisis. Through the course of his research into the effects of drugs on the human mind, L.Ron Hubbard made a landmark discovery. Namely, that LSD appeared to remain in a person's body long after they stopped taking the drug. This breakthrough explained why someone who had used LSD in the past could suddenly reactivate a "trip" even years later. His further research revealed that many other toxic substances could also remain in the body, producing negative effects for years to come. The question remained: how can you eradicate these harmful drugs and toxins from your body? The answer is the Purification Program developed by Mr. Hubbard. With the inclusion of a precise regimen of vitamins, minerals and oils, we are able to work toward restoring the biochemical balance of the body and make it possible for the body to reconstruct itself from the damage done by drugs and other biochemical substances. - Publisher.

Now a #1 New York Times bestseller "Compulsively readable..." —LA Weekly "Excoriating memoir" —Publisher's Weekly "A sad and painful but bravely told story." —Kirkus Reviews The only book to examine the origins of Scientology's current leader, RUTHLESS tells the revealing story of David Miscavige's childhood and his path to the head seat of the Church of Scientology told through the eyes of his father. Ron Miscavige's personal, heartfelt story is a riveting insider's look at life within the world of Scientology. Not for sale outside the U.S.

Typescript, copyright 2003, edited 2006. Unmarked copy of a musical about Scientology and its founder that opened Dec. 10, 2006, at New York Theatre Workshop, 83 East Fourth Street, New York, N.Y. Sheet music is in separate folder with higher class mark.

The revelatory memoir by former "poster girl for Scientology" Michelle LeClair about her defection from the Church, her newly accepted sexual identity, and the lengths to which

Scientology went to silence it. For years, Michelle LeClair, former President of Scientology's international humanitarian organization, tried to reconcile her sexual orientation with the anti-gay ideology of the church. Michelle finally ends her horrific marriage, finds the love of her life, a woman, and ultimately leaves the Church. But the split comes at a terrible price. Her once pristine reputation is publicly dragged through the mud, the police raid her home, her ex-husband tries to gain full custody of their children, and the multi-million dollar business she built from scratch is utterly destroyed. In this tell-all memoir, Michelle offers an insider's perspective on Scientology's pervasive influence, secret rituals, and ruthless practices for keeping members in line. It's a story of self-acceptance, of finding the strength and courage to stand up for your emotional freedom, and of love prevailing.

Explores both the American and Arab sides of the September 11th terrorist attacks in an account of the people, ideas, events, and intelligence failures that led to the tragedies. In 1988 Ericka and Julie Ingram began making a series of accusations of sexual abuse against their father, Paul Ingram, who was a respected deputy sheriff in Olympia, Washington. At first the accusations were confined to molestations in their childhood, but they grew to include torture and rape as recently as the month before. At a time when reported incidents of "recovered memories" had become widespread, these accusations were not unusual. What captured national attention in this case is that, under questioning, Ingram appeared to remember participating in bizarre satanic rites involving his whole family and other members of the sheriff's department. Remembering Satan is a lucid, measured, yet absolutely riveting inquest into a case that destroyed a family, engulfed a small town, and captivated an America obsessed by rumors of a satanic underground. As it follows the increasingly bizarre accusations and confessions, the claims and counterclaims of police, FBI investigators, and mental health professionals. Remembering Satan gives us what is at once a psychological detective story and a domestic tragedy about what happens when modern science is subsumed by our most archaic fears.

A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world's most powerful internet company, she feels she's been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users' personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company's modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can't believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman's ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

Dianetics started the most controversial science of our modern times. The first printing sold out in a month. And within two months, 500 grassroots Dianetics groups sprang up across the US. Since then, it's sold over 83 million copies in over 50 languages. But this book also drew intense opposition from the medical establishment and from at least half a dozen Federal agencies. The reason for its controversy? Dianetics showed a person how to become aware of, and to deal with, past traumatic experiences so he was no longer bothered by them. It was so effective, it could uncover deeply repressed experiences--including ones that happened when a person was unconscious... such as car accidents and operations. Nobody at the time imagined that some people--as they looked into their past--would discover they had been unknowingly subjected to experiments while they were unconscious in hospitals. They had been subjects of cold war brainwashing and mind control research conducted by the CIA on unsuspecting patients. It was a secret the government was desperate to keep hidden. In your hands you now hold the science of the mind that uncovered it all. Dianetics gives you a clear explanation of how the mind works with easy-to-use, self-help techniques you can use to unlock your dormant abilities. This edition is a re-release of the original book exactly as Hubbard originally published it in 1950. It contains six important chapters that were part of the original 1950 edition, but have been removed from versions on sale by the Church of Scientology (Bridge Publications). That's 11% of the original content reclaimed for a complete understanding and application of Dianetics techniques. You'll also find an additional chapter by the editor called, "Warning of Black Dianetics," revealing how the Church of Scientology has altered Dianetics to forward its religious dogma, and to withhold the work-ability of Dianetics from its own members. The appendix contains free sources of information that can be found online for additional help and further study.

The #1 New York Times bestseller. Over 3 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning

artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: • make time for new habits (even when life gets crazy); • overcome a lack of motivation and willpower; • design your environment to make success easier; • get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.
