New 2015 edition fully updated for new Study Manual and including analysis of the financial reporting elements of the 2014 exam papers in both Corporate Reporting and Strategic Business Management (the first real exam papers sat under the new evolved Advanced Level syllabus). Short form question bank providing over 700 practice questions for the financial reporting aspects of the Advanced Level. This book is applicable to both the Corporate Reporting and Strategic Business Management papers as the same core financial reporting concepts are tested in both papers. Designed to complement past paper practice by splitting topics and concepts into smaller and more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions and in the vast and dense Study Manual. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. In this way, you can build your knowledge effectively and without feeling overwhelmed. Questions are organised into 15 chapters, covering all aspects of the financial reporting element of the Advanced Level syllabus.

The author reveals his journey to success. His account of overcoming all obstacles is one that demonstrates that with an inner determination to succeed combined with positive opportunism, anything is possible. Wishing to support young people from struggling communities much like his own childhood neighbourhood, Rod's journey led him to help address ineffective education in this country. His story ends with his going back to the beginning, using his skills and experience to create the Aldridge Foundation and, through his academy schools, help 10,000 students nationwide to reach their full entrepreneurial potential.

more manageable chunks which you can revise many times before the exam, helping the knowledge to sink in. Helps to build your confidence and avoid becoming overwhelmed by the large number of learning points in full exam standard questions and in the vast and dense Study Manual. Instead, our Q&A tests one thing at once and therefore allows you to learn an issue properly before moving on. In this way, you can build your knowledge effectively and without feeling overwhelmed. Questions are organised into 15 chapters, covering all aspects of the financial reporting element of the Advanced Level syllabus. Analysis of distribution of past paper marks in the first Advanced Level paper exams set in 2014 and 2015 to help you focus your revision on key areas. Detailed questions on relevant IFRSs and new Advanced Level material such as pensions, share-based payments, deferred tax, forex and forex consolidation and hedge accounting. Also includes revision of topics such as groups, leases, government grants and revenue. All questions are designed to split topics into smaller parts, allowing you to study one thing at once and gradually build up knowledge. Our short form Q&A method strips the syllabus down into the core components and gives you a 100% active way of learning the models and theories, making it more interesting to revise this very dense syllabus. Please also see our Advanced Level Audit Q&A 2016 to complete your revision of
