Bestselling and award-winning author, Sharon G. Flake, delivers a mystery set in the 1950s that eerily blends history, race, culture, and family. Octobia May is girl filled with questions. Her heart condition makes her special - and, some folks would argue, gives this ten-year-old powers that make her a "wise soul." Thank goodness for Auntie, who convinces Octobia's parents to let her live in her boarding house that is filled with old folks. That's when trouble, and excitement, and wonder begin. Auntie is non-traditional. She's unmarried and has plans to purchase other boarding homes and hotels. At a time when children, and especially girls, are "seen, not heard," Auntie allows Octobia May the freedom and expression of an adult. When Octobia starts to question the folks in her world, an adventure and a mystery unfold that beg some troubling questions: Who is black and who is "passing" for white? What happens when a vibrant African American community must face its own racism? And, perhaps most important: Do vampires really exist? In her most and probing novel yet, Sharon G. Flake takes us on a heart-pumping journey.

"Everyone gets mad at hustlers, especially if you're on the victim side of the hustle. And Miles knew hustling was in his veins." Miles Morales is just your average teenager. Dinner every Sunday with his parents, chilling out playing old-school video games with his best friend, Ganke, crushing on brainy, beautiful poet Alicia. He's even got a scholarship spot at the prestigious Brooklyn Visions Academy. Oh yeah, and he's Spider Man. But lately, Miles's spidey-sense has been on the fritz. When a misunderstanding leads to his suspension from school, Miles begins to question his abilities. After all, his dad and uncle were Brooklyn jack-boys with criminal records. Maybe kids like Miles aren't meant to be superheroes. Maybe Miles should take his dad's advice and focus on saving himself. As Miles tries to get his school life back on track, he can't shake the vivid nightmares that continue to haunt him. Nor can he avoid the relentless buzz of his spidey-sense every day in history class, amidst his teacher's lectures on the historical "benefits" of slavery and the importance of the modern-day prison system. But after his scholarship is threatened, Miles uncovers a chilling plot, one that puts his friends, his neighborhood, and himself at risk. It's time for Miles to suit up.

The New York Times best-selling book exploring the counterproductive reactions white people have when their assumptions about race are challenged, and how these reactions maintain racial inequality. In this “vital, necessary, and beautiful book” (Michael Eric Dyson), antiracist educator Robin DiAngelo deftly illuminates the phenomenon of white fragility and “allows us to understand racism as a practice not restricted to ‘bad people’ (Claudia Rankine). Referring to the defensive moves that white people make when challenged racially, white fragility is characterized by emotions such as anger, fear, and guilt, and by behaviors including argumentation and silence. These behaviors, in turn, function to reinstate white racial equilibrium and prevent any meaningful cross-racial dialogue. In this in-depth exploration, DiAngelo examines how white fragility develops, how it protects racial inequality, and what we can do to engage more constructively.
