A celebration of the unmistakable Missoni style, whose innovative approach mixes bold color, pattern, and material with an extraordinary sense of balance and elegance. This is the first fully comprehensive book about Missoni, created with full access to the archives and with the support of the Missoni family. Lavishly designed, it features reproductions of Missoni patterns printed on special material and stitched into the binding between signatures along with other special features. This volume was conceived as a design object, in which images, texts, original fabrics, drawings, color palettes, and fashion patterns speak to one another. Missoni celebrates an elegance that has become an artistic expression as well as something of a cultural and fashion revolution since the early 1950s, when Rosita and Ottavio Missoni began their creative journey into fashion and art, with a talent for experimentation that never betrayed the spirit of their origins in the decades to come. Divided into thematic sections, each is introduced

by an essay including quotes by the Missonis themselves, highlighting the artistic decisions that contributed to the success and recognizability of their fashion house. With previously unpublished material from both the family and the company archives, this volume is a look into the creative and artistic world of Missoni.

An immersive, timely celebration of more than 200 female product designers from the early twentieth century to the present day This glorious visual celebration of the most incredible and impactful design ever produced by female designers flips the script on what is historically considered a man's world. Featuring more than 200 designers from more than 50 countries, it records and illuminates the fascinating and overlooked history of women preeminent in the field - shining a vital spotlight on the most extraordinary objects made by female designers but, more importantly, offering a compelling primer on the best in the field of design.

In the late 19th and early 20th centuries, haute couture achieved its first real prominence and prestige, thanks to the elegant fashion creations of Worth, Lanvin, Paquin, Poiret, and a host of other brilliant couturiers. Now their finest designs - and the glittering era in which they were created - are recalled in this splendid new paper doll book from Dover. Noted fashion authority and artist Tom Tierney has rendered two dolls (one in the earlier wasp-waisted style, the second accenting a straighter figure) and 30 authentic, meticulously detailed costumes in full color. Encompassing fashions of the late Victorian period, the Edwardian era, and the early years of the First World War, the costumes comprise a rich array of ladies' apparel, usually designed for a specific function. Here are dinner gowns, opera cloaks, ball gowns, walking costumes, visiting dresses, tailored suits, bicycling dresses, at-home outfits, and many more. Fashion enthusiasts will appreciate such highlights as a stunning crepe-de-chine house dress by Lanvin, an elegantly simple hobble-skirted dinner gown by Poiret, a "Scheherazade" -inspired ball gown by Laferriere, and numerous other outstanding examples of the couturier's art. Custom-designed for well-to-do women, these elaborate confections of silk, satin, velvet, chiffon, lace,

and other finery, not only set styles for the day, but established standards of excellence that profoundly influenced the course of high fashion. Tom Tierney has painstakingly researched the originals of each costume to insure their accuracy down to the last nuance of fabric and cut. He has also provided concise, informative captions supplying pertinent information about each costume: designer, date, fabric, accessories, etc. Paper doll enthusiasts, costume and cultural historians, anyone interested in an especially influential period of fashion design, will delight in this inexpensive full-color tribute to the inspiring and imaginative couture of the Bell Epoque.

**\*NYTBR Paperback Row Selection\*** An investigation into the damage wrought by the colossal clothing industry and the grassroots, high-tech, international movement fighting to reform it What should I wear? It's one of the fundamental questions we ask ourselves every day. More than ever, we are told it should be something new. Today, the clothing industry churns out 80 billion garments a year and employs every sixth person on Earth. Historically, the apparel trade has exploited labor, the environment, and intellectual property--and in the last three decades, with the simultaneous unfurling of fast fashion, globalization, and the tech revolution, those abuses have multiplied exponentially, primarily out of view. We are in dire need of an entirely new human-scale model. Bestselling journalist Dana Thomas has traveled the globe to discover the visionary designers and companies who are propelling the industry toward that more positive future by reclaiming traditional craft and launching cutting-edge sustainable technologies to produce better fashion. In Fashionopolis, Thomas sees

renewal in a host of developments, including printing 3-D clothes, clean denim processing, smart manufacturing, hyperlocalism, fabric recycling--even lab-grown materials. From small-town makers and Silicon Valley whizzes to such household names as Stella McCartney, Levi's, and Rent the Runway, Thomas highlights the companies big and small that are leading the crusade. We all have been casual about our clothes. It's time to get dressed with intention. Fashionopolis is the first comprehensive look at how to start.

This book is a bright and vivacious look at the fashion, art and homes of one of the most celebrated fashion designers of the twentieth century. Adrian (1903-1959) designed costumes for over 150 Hollywood productions, including fabulous gowns worn by such iconic actresses as Greta Garbo, Norma Shearer, Joan Crawford, Judy Garland, and Katharine Hepburn. He then went on to found one of the most popular and influential fashion labels of the mid-twentieth century, Adrian, Ltd. He had a passion for art and interior design, as seen in his impeccably decorated homes, which he shared with his wife, Hollywood movie star Janet Gaynor, and his personal paintings and sketches. The man who created the famous ruby slippers worn in *The Wizard of Oz* was also the first American designer honored with a retrospective at the Smithsonian Institution, and his influence can still be felt on the runways in New York and Paris today. This is the first book on the famed Hollywood fashion and costume designer to be published with the cooperation of his family. With a foreword by the designer's son, Robin, as well as a treasure trove of never-before-seen images and anecdotes taken from Adrian's unpublished manuscript, this is the definitive book on the life of the legendary designer.
