Mary Beard's by now famous blog *A Don's Life* has been running on the TLS website for nearly three years. In it she has made her name as a wickedly subversive commentator on the world in which we live. Her central themes are the classics, universities and teaching -- and much else besides. What are academics for? Who was the first African Roman emperor? Looting -- ancient and modern. Are modern exams easier? Keep Lesbos for the lesbians. Did St Valentine exist? What made the Romans laugh? That is just a small taste of this selection (and some of the choicer responses) which will inform,

* A Real Simple Best Book of 2019: "An essential read for parents and students." * The New York Times bestselling author of Pledged is back with an unprecedented fly-on-the-wall look inside fraternity houses from current brothers' perspectives—and a fresh, riveting must-read about what it's like to be a college guy today. Two real-life stories. One stunning twist. Meet Jake, a studious freshman weighing how far to go to find a brotherhood that will introduce him to lifelong friends and help conquer his social awkwardness; and Oliver, a hardworking chapter president trying to keep his misunderstood fraternity out of trouble despite multiple run-ins with the police. Their year-in-the-life stories help explain why students are joining fraternities in record numbers despite scandalous headlines. To find out what it's like to be a fraternity brother in the twenty-first century, Robbins contacted hundreds of brothers whose chapters don't make headlines—and who suggested that many fraternities can be healthy safe spaces for men. Fraternity is more than just a page-turning, character-driven read. It's a vital book about the transition from boyhood to manhood; it brilliantly weaves psychology, current events, neuroscience, and interviews to explore the state of masculinity today, and what that means for

students and their parents. It's a different kind of story about college boys, a story in which they candidly discuss sex, friendship, social media, drinking, peer pressure, gender roles, and even porn. And it's a book about boys at a vulnerable age, living on their own for perhaps the first time. Boys who, in a climate that can stigmatize them merely for being male, don't necessarily want to navigate the complicated, coming-of-age journey to manhood alone.

Madeleine L'Engle's ground-breaking science fiction and fantasy classic, now a major motion picture. It was a dark and stormy night; Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem. *A Wrinkle in Time* is the winner of the

Spanning eight decades and chronicling the wild ride of a Greek-American family through the vicissitudes of the twentieth century, Jeffrey Eugenides' witty, exuberant novel on one level tells a traditional story about three generations of a fantastic, absurd, lovable immigrant family -- blessed and cursed with generous doses of tragedy and high comedy. But there's a provocative

twist. Cal, the narrator -- also Callie -- is a hermaphrodite. And the explanation for this takes us spooling back in time, through a breathtaking review of the twentieth century, to 1922, when the Turks sacked Smyrna and Callie's grandparents fled for their lives. Back to a tiny village in Asia Minor where two lovers, and one rare genetic mutation, set our narrator's life in motion. *Middlesex* is a grand, utterly original fable of crossed bloodlines, the intricacies of gender, and the deep, untidy promptings of desire. It's a brilliant exploration of divided people, divided families, divided cities and nations -- the connected halves that make up ourselves and our world.

How did

drama challenge Athenians to reflect on their way of living? How did the emperor Augustus present himself as the restorer of Rome's greatness? To what extent did he provide an example to later political figures as a promoter of his regime? This book guides AS and A-Level students to a greater understanding of these issues. The Greek Theatre chapter explores the festival context in which tragedies and comedies were performed, and then analyses three plays: Oedipus the King by Sophocles, Bacchae by Euripides and Frogs by Aristophanes. The Imperial Image chapter analyses the self-presentation of Rome's most dynamic emperor, who claimed to have found Rome 'a city of bricks, but left it a city of marble'. The ideal preparation for the final examinations, all content is presented by experts and experienced teachers in a clear and accessible narrative. Ancient literary and visual sources are described and analysed, with supporting images. Gerald J. Beyer's *Just Universities* discusses ways that U.S. Catholic institutions of higher education have embodied or failed to embody Catholic social teaching in their campus policies and practices. Beyer argues that the corporatization of the university has infected U.S. higher education with hyper-individualistic models and practices that hinder the ability of Catholic institutions to create an environment imbued with bedrock values and principles of Catholic Social Teaching such as respect
