Girls may be called "sluts" for any number of reasons, including being outsiders, early developers, victims of rape, targets of others' revenge. Often the labels has nothing to do with sex -- the girls simply do not fit in. An important account of the lives of these young women, *Slut!* weaves together powerful oral histories of girls and women who finally overcame their sexual labels with a cogent analysis of the underlying problem of sexual stereotyping. Author Leora Tanenbaum herself was labeled a slut in high school. The confessional article she wrote for *Seventeen* about the experience caused a sensation and led her to write this book.

The APIL Guide to Accidents Abroad is a major new addition to the APIL Guides series, looking in detail at a highly technical and difficult aspect of personal injury practice. Written by leading lawyers in the field, it covers the Package Travel Regulations, jurisdiction and applicable law, direct action against insurers, shipping and aviation claims, and damages. In keeping with the APIL Guides series, it takes a practical approach providing all the information needed to conduct a claim. The authors' explanatory commentary is supplemented by pleadings and precedents, together with relevant legislation and international materials making this an essential one-stop-shop for conducting PI claims with an international element.

along with favorites from *Walking Through Clear Water* in a Pool Painted Black and other publications. Also the best of Cookie's art columns from *Details* magazine, and the funniest of her advice columns from the *East Village Eye*, on everything from homeopathic medicine to how to cut your cocaine with a healthy substance. This collection is as much an autobiography as it is a map of downtown New York in the early '80s - that moment before *Bright Lights, Big City*, before the art world exploded, before New York changed into a yuppie metropolis, while it still had a glimmer of bohemian life. Mazes, puzzles, riddles, and word games for hours of mind-boggling fun.

She's the one woman I'd give anything to forget--and now I'm stuck living with her. I'm making a fresh start in Lake Tahoe, until my stubborn sister decides to move Mira into our cabin. I'll be damned if I move out on Mira's account. Nothing has changed in the years since I last saw Mira. Her tempting body and smart mouth taunt me daily. The only hope I have at keeping my sanity is the knowledge that Mira is hiding something. Sooner or later I'll discover her secret, and knowing her, it'll be damning. But first, I have to ignore the urge to kiss and touch and make Mira mine again. --EXCERPT-- I grab her waist, guiding her back against the shelves. She kisses my cheekbone, nibbles my earlobe. "We can't do this here." That nibble shoots straight to my groin. "I beg to differ. I think we can manage." Once the walls come down, emotions run hot. *Grab Never Date Your Ex*, a sexy, second-chance romance! Keywords: second chance romance, New Adult, second chances, enemies to

Aerodynamics of Road Vehicles details the aerodynamics of passenger cars, commercial vehicles, sports cars, and race cars; their external flow field; as well as their internal flow field. The book, after giving an introduction to automobile aerodynamics and some fundamentals of fluid mechanics, covers topics such as the performance and aerodynamics of different kinds of vehicles, as well as test techniques for their aerodynamics. The book also covers other concepts related to automobiles such as cooling systems and ventilations for vehicles. The text is recommended for mechanical engineers and physicists in the automobile industry who would like to understand more about aerodynamics of motor vehicles and its importance on the field of road safety and automobile production.

Incidents involving rescue from road vehicles are dramatically increasing in frequency. There are some 3500 deaths on the road each year, with 35,000 serious injuries. Modern motor vehicles are becoming safer for occupants, due to advancement in technology, so persons are more likely to survive high impact speeds, but are also more likely to become entrapped. The Fire and Rescue Service, as the

primary rescue service, requires national guidance to ensure a similar standard of response anywhere in the UK. This manual is designed to highlight current best practice with regard to vehicle rescue techniques and first responder trauma care. Each chapter forms an independent reference source, but the publication as a whole forms a complete guide. Chapters cover: vehicle design and construction; dealing with incidents; safety procedures; operational procedures; extrication equipment; medical considerations and trauma care; Integrated Personal Development System (I.P.D.S.). Appendices cover: Highways Agency/Fire and Rescue Service memorandum of understanding; training and general information; and emergency services personnel (ESP) aide m moire. The CD-ROM, "Vehicle extrication techniques", is a multi media guide to rescue tool handling and extrication techniques.

newest intern, a bubbly blonde known as "Sweet Thang," Carter finds the victims' mother, Akilah Harris, who spins a tale of woe about a mortgage rate reset that forced her to work two jobs and leave her young boys without child care. Carter turns in a front-page feature, but soon discovers Akilah isn't what she seems. And neither is the fire. When Newark councilman Windy Byers is reported missing, it launches Carter into the sordid world of urban house-flipping and Jersey-style political corruption. With his usual mix of humor, compassion, and street smarts, Carter is soon calling on some of his friends—gay Cuban sidekick Tommy Hernandez, T-shirt-selling buddy Tee Jamison, and on-and-off girlfriend Tina Thompson—for help in tracking down the shadowy figure behind it all. Brad Parks's debut, *Faces of the Gone*, won the Shamus Award and Nero Award for Best American Mystery. Now Parks solidifies his place as one of the brightest new talents in crime fiction with this authentic, entertaining thriller, *Eyes of the Innocent*.

The reluctant hero from Alien Invasion and Other Inconveniences is back in all his droll glory — and this time the fate of humankind is on the line. Jesse has had the worst year of his life. First a race of homicidal (but very polite) aliens invaded Earth, killing pretty much everyone and enslaving the few people left behind, including Jesse; his best friend, Michael; his sort-of girlfriend, Lauren; and the girl of his dreams, Catlin. Now Jesse is revered as some sort of Chosen One all because he managed to kill one of the alien lords and escape — even though he's not really sure how he did it. But it's hard to argue with the multitude of new talents he is developing, including (somehow) killing aliens with his mind and grasping glimpses of alternate futures. With

thousands of aliens already on Earth and thirty million more about to arrive, Jesse has to decide whether to embrace his maybe-destiny before the world is completely destroyed. No pressure.
