“In her long and extraordinary career, Cicely Tyson has not only succeeded as an actor, she has shaped the course of history.”
—President Barack Obama, 2016 Presidential Medal of Freedom ceremony “Just as I Am is my truth. It is me, plain and unvarnished, with the glitter and garland set aside. In these pages, I am indeed Cicely, the actress who has been blessed to grace the stage and screen for six decades. Yet I am also the church girl who once rarely spoke a word. I am the teenager who sought solace in the verses of the old hymn for which this book is named. I am a daughter and a mother, a sister and a friend. I am an observer of human nature and the dreamer of audacious dreams. I am a woman who has hurt as immeasurably as I have loved, a child of God divinely guided by his hand. And here in my ninth decade, I am a woman who, at long last, has something meaningful to say.” —Cicely Tyson

In *The Husband's Story*, Jack is at home coping with domestic crises and two uncouth adolescents while immobilised by self-doubt and questioning his worth as a historian. In *The Wife's Story*, Brenda, travelling alone for the first time, is in a strange city grappling with an array of emotions and toying with the idea of an affair.

A vibrant new novel from Penelope Lively—a wry, wise story about the surprising ways lives intersect *Look out for Penelope Lively's* new book, *The Purple Swamp Hen and Other Stories*. A marriage unravels after an illicit love affair is revealed through an errant cell phone message; a posh yet financially strapped interior designer meets a business partner who might prove too good to be true; an old-guard historian tries to recapture his youthful vigor with an ill-conceived idea for a TV miniseries; and a middle-aged central European immigrant learns to speak English and reinvents his life with the assistance of some new friends. Through a richly conceived and colorful cast of characters, Penelope Lively explores the powerful role of chance in people's lives and deftly illustrates how our paths can be altered irrevocably by someone we will never even meet. Brought to life in her hallmark graceful prose and full of keen insights into human nature, *How It All Began* is an engaging, contemporary tale that is sure to strike a chord with her legion of loyal fans as well as new readers. A writer of rare wisdom, elegance, and humor, Lively is a consummate storyteller whose gifts are on full display in this masterful work.

Reflecting on how a student's parents met because of a fly ball to center field in a summer softball game, author Robert Root wondered how the lives of that student's parents and of the student himself would have changed had the batter bunted or struck out. Haunted by this pure example of happenstance, he began to ponder his own existence, dependent in part on geology (the Niagara Escarpment) and history (the Erie Canal). He wondered how happenstance had influenced the course of his parents' lives, in particular their marriages (they married and divorced each other twice), and consequently the shaping of his identity. *Happenstance* investigates the effects of that phenomenon and choice on one man's life. Root explores this theme in interwoven strands of narrative, interpretation, and reflection. One strand, "The Hundred Days," follows his attempt to write one hundred journal entries, each about a different day in his life, to recover memories of specific moments or collections of moments. In the strand headed "Album," he examines and interprets old family photographs in light of the way he reads them in the present, as someone now privy to a family secret that directed his and his siblings' lives without their knowledge. Interspersed among these brief interpretations and narratives are reflections on happenstance and choice, a sequence contemplating their effect on his life and perhaps on all our lives. Through juxtaposition and accumulation, the book's incremental unraveling of meaning imitates the process of unexpected epiphanies and gradual self-discovery in anyone's life. By revisiting individual days, giving voice to photographs that mutely preserve family moments, and reflecting on the way happenstance and choice determine the directions lives take, Robert Root generates a meditation on identity anchored in an album in words and images of a mid-twentieth-century life.

Happenstance Found Simon and Schuster

A panoramic novel set in New York City during the catastrophic blizzard of February 1978. On the night of February 6, 1978, an overwhelming nor'easter struck the city of New York. On that night, on the Upper West Side of Manhattan, in a penthouse apartment of the stately Apelles, a crowd gathered for a grand party. And on that night Mr. Albert Haynes Caldwell—a partner emeritus at Swank, Brady & Plescher; Harvard class of '26; father of three; widower; atheist; and fiscal conservative—hatched a plan to fake a medical emergency and toss himself into the Hudson River, where he would drown. Jack Livings's *The Blizzard Party* is the story of that night.

A boy awakens, blindfolded, with no memory of even his name, but soon meets Lord Umber, an adventurer and inventor, who calls him Happenstance and tells him that he has a very important destiny--and a powerful enemy.

Micha Kessler, Prince of Ashen Springs, bully, and devil in disguise. We were the Knights, the future leaders of The Order of Ravens and Wolves. Each born into privilege and power. We could have anything and anyone we wanted. And I wanted Riley Adams. That pigtailed little brat slapped me in the park. She thought she could handle me. That I was just an entitled prick who got my kicks taunting her. She should've listened to the rumors, paid attention to the warnings. . . . Not that it would've mattered. Her fate was sealed the day she came up to me looking for her damn dog. Hate wasn't a strong enough word for how I felt about Micha. I could handle his taunting words and cruel jokes, but he decided to up the ante. Trap me, lock me in a cage and throw away the key. But the thing about a cornered animal is that, they eventually turn feral. Desperately clawing around for a way out. Even the devil had a weakness. I just had to maintain my sanity long enough to find his, and hope that I didn't lose something I couldn't get back in the process. Because there's a fine line between love and hate. . . and that line is starting to blur. Warning: This book is a dark romance and contains intense sexual scenes. If you are a reader with certain triggers sensitive to such dark themes, please heed the author's note at the beginning of the book.

From the bestselling author of the No. 1 Ladies' Detective Agency series comes this splendid collection. Inspired by vintage photographs, these five lyrical stories capture the surprising intersections of love and friendship that alter life's journeys. A smiling girl leading a younger girl astride a pony, and a boy in a kilt on a tricycle beside them, gives rise to a story of a lifelong romance between the two riders. A dapper, roguish-looking man perching on a lady's knee sparks the story of a ventriloquist and an animal handler who work in a circus, and who, under the most delightfully unexpected circumstances, fall in love. The image of a woman haloed by light in a train station becomes the lighthearted tale of a nun's decision to leave the sisterhood and discover what the big city has to offer. Charming and poignant, this collection brims with the flourishes of grace and humor that could only come from the pen of Alexander McCall Smith. (With black-and-white photographs throughout.)

In the dense woodland and harsh humidity of the Georgia/Florida border, a ruthless, and idyllic, Captain attempts to right his old wrongs and heal festering wounds to sustain his own lawfully rigid empire in this coastal wasteland. Helping him enforce his power are his two protégés, Cliff Ramos and Cooper Cornelius Happenstance, known better as Coop. Ramos is a young and brilliant detective, orphaned at an early age, and has always felt apart from the norm of humanity. He is being mentored by the older, and very animalistic Coop whose instincts are never in question. Both men have a unique ability to find, and create trouble, and are in a constant battle with themselves to either accept the demonic urges inside them or to rise up against that part of themselves and embrace their humanity....or is there a way to do both? This tale unfolds to hilarious, dark, and violent chapters of human greed, animal desires, and other worldly phenomenon, as Ramos, Cooper, and the Captain work to maintain power over their sanity and reality. When Coop's daughter, Sam, begins to have people die around her, both men are directed to investigate. Ramos and the girl are fallen lovers from high school, and he is vying to get her back. Coop cares for nothing since his wife died, except to protect Sam from any harm. Who is committing these random acts of murder? Is it Boogy, Sam's estranged eco-terrorist husband and father to her child? Is it the crime syndicate of The Viking, striking back at Coop for destroying their local operations years ago after they had brutally murdered his wife? Or does the trail lead closer to home, possibly implicating Sam, or even Ramos and Coop?

A novel about a marriage from the viewpoints of both the husband and the wife at a time when they are both undergoing changes.

Personal, primordial, and pulsing with syncopated language, Tolu Oloruntoba's poetic debut, *The Junta of Happenstance*, is a compendium of dis-ease. This includes disease in the traditional sense, as informed by the poet's time as a physician, and dis-ease as a primer for family dysfunction, the (im)migrant experience, and urban / corporate anxiety. In the face of struggles against social injustice, Oloruntoba navigates the contemporary moment with empathy and intelligence, finding beauty in chaos, and strength in suffering. *The Junta of Happenstance* is an important and assured debut.

From one of the most significant contemporary Japanese writers, a haunting, dazzling novel of loss and rebirth "Yuko Tsushima is one of the most important Japanese writers of her generation." —Foumiko Kometani, *The New York Times* I was puzzled by how I had changed. Territory of Light follows her over the course of a year, as she struggles to bring up her two-year-old daughter alone. As the months come and go and the seasons turn, she must confront what she has lost and what she will become. At once tender and lacerating, luminous and unsettling, Yuko Tsushima's *Territory of Light* is a novel of abandonment, desire, and transformation. The Renaissance in Florence conjures images of beautiful frescoes and elegant buildings—the dazzling handiwork of the city's skilled artists and architects. But equally important for the centuries to follow were geniuses of a different sort: Florence's manuscript hunters, scribes, scholars, and booksellers, who blew the dust off a thousand years of history and, through the discovery and diffusion of ancient knowledge, imagined a new and enlightened world. At the heart of this activity, which bestselling author Ross King relates in his exhilarating new book, was a remarkable man: Vespasiano da Bisticci. Born in 1422, he became what a friend called "the king of the world's booksellers." At a time when all books were made by hand, over four decades Vespasiano produced and sold many hundreds of volumes from his bookshop, which also became a gathering spot for debate and discussion. Besides repositories of ancient wisdom by the likes of Plato, Aristotle, and Quintilian, his books were works of art in their own right, copied by talented scribes and illuminated by the finest miniaturists. His clients included a roll-call of popes, kings, and princes across Europe who wished to burnish their reputations by founding magnificent libraries. Vespasiano reached the summit of his powers as Europe's most prolific merchant of knowledge when a new invention appeared: the printed book. By 1480, the king of the world's booksellers was swept away by this epic technological disruption, whereby cheaply produced books reached readers who never could have afforded one of Vespasiano's elegant manuscripts. A thrilling chronicle of intellectual ferment set against the dramatic political and religious turmoil of the era, Ross King's brilliant *The Bookseller of Florence* is also an ode to books and bookmaking that charts the world-changing shift from script to print through the life of an extraordinary man long lost to history—one of the true titans of the Renaissance.

Hap's and Umber's journeys take them to the corrupt kingdom of Sarnica, where Umber's nemesis has acquired some dragon eggs. Umber wants to study a new magical species, but what starts as a quest for knowledge turns into a dangerous rescue operation. "Open Water is tender poetry, a love song to Black art and thought, an exploration of intimacy and vulnerability between two young artists learning to be soft with each other in a world that hardens against Black people."—Yaa Gyasi, author of *HOMEGOING* In a crowded London pub, two young people meet. Both are Black British, both won scholarships to private schools where they struggled to belong, both are now artists—he a photographer, she a dancer—and both are trying to make their mark in a world that by turns celebrates and rejects them. Tentatively, tenderly, they fall in love. But two people who seem destined to be together can still be torn apart by fear and violence, and over the course of a year they find their relationship tested by forces beyond their control. Narrated with deep intimacy, *Open Water* is at once an achingly beautiful love story and a potent insight into race and masculinity that asks what it means to be a person in a world that sees you only as a Black body; to be vulnerable when you are only respected for strength; to find safety in love, only to lose it. With gorgeous, soulful intensity, and blistering emotional intelligence, Caleb Azumah Nelson gives a profoundly sensitive portrait of romantic love in all its feverish waves and comforting beauty. This is one of the most essential debut novels of recent years, heralding the arrival of a stellar and prodigious young talent.

FINALIST FOR THE CENTER FOR FICTION'S FIRST NOVEL PRIZE "Cain's small but mighty novel reads like a ghost story and packs the punch of a feminist classic." —The New York Times Book Review A haunted feminist fable, *Amina Cain's Indelicacy* is the story of a woman navigating between gender and class roles to empower herself and fulfill her dreams. In "a strangely ageless world somewhere between Emily Dickinson and David Lynch" (Blake Butler), a cleaning woman at a museum of art nurtures aspirations to do more than simply dust the paintings around her. She dreams of having the liberty to explore them in writing, and so must find a way to win herself the time and security to use her mind. She escapes her lot by marrying a rich man, but having gained a husband, a house, high society, and a maid, she finds that her new life of privilege is no less constrained. Not only has she taken up different forms of time-consuming labor—social and erotic—but she is now, however passively, forcing other women to clean up after her. Perhaps another and more drastic solution is necessary? Reminiscent of a lost Victorian classic in miniature, yet taking equal inspiration from such modern authors as Jean Rhys, Octavia Butler, Clarice Lispector, and Jean Genet, *Amina Cain's Indelicacy* is at once a ghost story without a ghost, a fable without a moral, and a down-to-earth investigation of the barriers faced by women in both life and literature. It is a novel about seeing, class, desire, anxiety, pleasure, friendship, and the battle to find one's true calling.

Two novels in one, *Happenstance* tells the story of a marriage from the individual perspectives of a husband and wife at a turning point in their relationship. When we meet Brenda Bowman in "The Wife's Story," the forty-year-old mother of two is preparing to fly to Philadelphia to attend a craft convention that will feature one of her quilts. She already has the flight memorized: leaving Chicago at 8:35, arriving at Philadelphia at 1:33. This will be her first trip solo, her first time away from her husband, Jack, in their decades-long marriage. She's nervous, excited . . . and tempted when she meets an intriguing stranger. "The Husband's Story" introduces Jack Bowman, a historian who is left at home with his troubled son and overweight daughter while his wife, Brenda, attends a craft convention. Not used to coping on his own, he's suddenly confronted with domestic calamities, including the disintegration of his best friend's marriage. And when he learns that an old flame has published a book on the same topic that Jack has been laboring on for years, Jack's self-doubt reaches crisis proportions. *Happenstance* is an intimate portrait of a marriage in transition. "History," to Jack, is "not the story itself. It's the end of the story."

From the bestselling author of *Oracle Night* and *The Book of Illusions*, an exhilarating, whirlwind tale of one man's

accidental redemption Nathan Glass has come to Brooklyn to die. Divorced, estranged from his only daughter, the retired life insurance salesman seeks only solitude and anonymity. Then Nathan finds his long-lost nephew, Tom Wood, working in a local bookstore—a far cry from the brilliant academic career he'd begun when Nathan saw him last. Tom's boss is the charismatic Harry Brightman, whom fate has also brought to the "ancient kingdom of Brooklyn, New York." Through Tom and Harry, Nathan's world gradually broadens to include a new set of acquaintances—not to mention a stray relative or two—and leads him to a reckoning with his past. Among the many twists in the delicious plot are a scam involving a forgery of the first page of *The Scarlet Letter*, a disturbing revelation that takes place in a sperm bank, and an impossible, utopian dream of a rural refuge. Meanwhile, the wry and acerbic Nathan has undertaken something he calls *The Book of Human Folly*, in which he proposes "to set down in the simplest, clearest language possible an account of every blunder, every pratfall, every embarrassment, every idiocy, every foible, and every inane act I had committed during my long and checkered career as a man." But life takes over instead, and Nathan's despair is swept away as he finds himself more and more implicated in the joys and sorrows of others. *The Brooklyn Follies* is Paul Auster's warmest, most exuberant novel, a moving and unforgettable hymn to the glories and mysteries of ordinary human life.

"BEAUTIFUL. ... A lyrical companion to his father's classic, *A River Runs through It*, chronicling their family's history and bond with Montana's Blackfoot River. ... Spectacularly vivid." —Washington Post A New York Times "New & Noteworthy" Selection A "poetic" and "captivating" (Publishers Weekly) memoir about the power of place to shape generations, *Home Waters* is John N. Maclean's remarkable memoir of his family's century-long love affair with Montana's majestic Blackfoot River, the setting for his father's classic novella, *A River Runs through It*. Maclean returns annually to the simple family cabin that his grandfather built by hand, still in search of the trout of a lifetime. When he hooks it at last, decades of longing promise to be fulfilled, inspiring John, reporter and author, to finally write the story he

was born to tell. A book that will resonate with everyone who feels deeply rooted to a landscape, Home Waters is chronicle of a family who claimed a river, from one generation to the next, of how this family came of age in the 20th century and later as they scattered across the country, faced tragedy and success, yet were always drawn back to the waters that bound them together. Here are the true stories behind the beloved characters fictionalized in A River Runs through It, including the Reverend Maclean, the patriarch who introduced the family to fishing; Norman, who balanced a life divided between literature and the tug of the rugged West; and tragic yet luminous Paul (played by Brad Pitt in Robert Redford's film adaptation), whose mysterious death has haunted the family and led John to investigate his uncle's murder and reveal new details in these pages. A universal story about nature, family, and the art of fly fishing, Maclean's memoir beautifully portrays the inextricable ways our personal histories are linked to the places we come from—our home waters. Featuring twelve wood engravings by Wesley W. Bates and a map of the Blackfoot River region.

He shares tales of his early years as an awkward "only child"; his Jewish roots; his fortuitous encounters with Chinese culture; and his embrace of sexuality. Original.
