WINNER OF THE 2020 PULITZER PRIZE IN GENERAL NONFICTION "The Undying is a startling, urgent intervention in our discourses about sickness and health, art and science, language and literature, and mortality and death. In dissecting what she terms 'the ideological regime of cancer,' Anne Boyer has produced a profound and unforgettable document on the experience of life itself." —Sally Rooney, author of Normal People "Anne Boyer's radically unsentimental account of cancer and the 'carcinogenosphere' obliterates cliché. By demonstrating how her utterly specific experience is also irreducibly social, she opens up new spaces for thinking and feeling together. The Undying is an outraged, beautiful, and brilliant work of embodied critique." —Ben Lerner, author of The Topeka School A week after her forty-first birthday, the acclaimed poet Anne Boyer was diagnosed with highly aggressive triple-negative breast cancer. For a single mother living paycheck to paycheck who had always been the caregiver rather than the one needing care, the catastrophic illness was both a crisis and an initiation into new ideas about mortality and the gendered politics of illness. A twenty-first-century Illness as Metaphor, as well as a harrowing memoir of survival, The Undying explores the experience of illness as mediated by digital screens, weaving in ancient Roman dream diarists, cancer hoaxers and fetishists, cancer vloggers, corporate lies, John Donne, pro-pain "dolorists," the ecological costs of chemotherapy, and the many little murders of capitalism. It excoriates the pharmaceutical industry and the bland hypocrisies of "pink ribbon culture" while also diving into the long literary line of women writing about their own illnesses and ongoing deaths: Audre Lorde, Kathy Acker, Susan Sontag, and others. A genre-bending memoir in the tradition of The Argonauts, The Undying will break your heart, make you angry enough to spit, and show you contemporary America as a thing both desperately ill and occasionally, perversely glorious. Includes black-and-white illustrations

But time is running out for Mahegan. Terrorist cells are gathering in the Blue Ridge Mountains. Hackers are emptying the nation's banks of millions of dollars. When the people he loves most are in danger, Jon Reznick will get revenge...or die trying. When black-ops specialist Jon Reznick receives a voice mail from FBI assistant director Martha Meyerstein, hoping to explore their relationship outside of the federal government, Jon starts to imagine a new future, one where he can leave his past behind. But an unhinged killer with a grudge has other plans. He's setting a trap for Reznick, one he knows the operative won't be able to resist. In a picturesque fishing village on the Mediterranean coast, a luxury yacht has gone up in flames. Was it a terrible accident or something much more sinister? Jon Reznick must travel overseas, to find out what's happened to Martha and seek revenge on the psychopath who has put Reznick's entire future in jeopardy. Jon will need all the help he can get to bring him to justice. Fresh out of Quantico, Reznick's daughter, Lauren, joins him against his wishes, along with hacker Trevelle Williams. But government operatives from across the globe have descended on this quiet vacation destination and will stop at nothing to prevent the truth from coming out.

When an ex-Delta Forces operative dies in a car wreck in Miami, the FBI dismiss it as a tragic accident. But Jon Reznick isn't so sure--especially when he learns that his teetotal former colleague was apparently drunk at the wheel. Reznick's one-man investigation quickly enters dangerous territory when it becomes clear that this was merely the first in a series of mysterious deaths. All of the victims are ex-Delta Forces, and all were involved in a top-secret Iranian hit under Reznick's command. Retribution will not be complete until Reznick is wiped out too. With Iran's ruthless Quds Force hunting him down on US soil, assisted by a powerful Mexican drug cartel determined to increase its own foothold in the country, Reznick's survival is a threat to national security. FBI Assistant Director Martha Meyerstein is not as keen as some government officials to sacrifice him as collateral damage, but the longer Reznick runs, the more audacious his enemies become. Innocent American lives are at risk, and only Reznick's victory--or surrender--can save them.

A senior American security adviser is missing, presumed kidnapped for his top-level military intelligence. FBI Assistant Director Martha Meyerstein needs to track him down before classified information gets into the wrong hands. She needs Jon Reznick on board. The former black-ops assassin is supposed to be on vacation with his daughter, but when Meyerstein calls, it doesn't pay to keep her waiting. Her elite team is convinced that the missing diplomat's expertise in the Persian Gulf points to an Iranian terrorist cell, but Reznick isn't so sure. His gut instinct tells him they're all wrong. Never one to play by the rules, he finds himself working alone, following a lead that everyone else has dismissed. But to Reznick, the suspect seems a little too clean... When the team comes under attack, the kidnapping is exposed as part of a much wider conspiracy, one far more dangerous than Meyerstein feared. Nothing and nobody is safe--and only Jon Reznick stands between national security and a campaign of unprecedented terror. Nothing and no one can stop assassin Nathan Stone. When black-ops asset Nathan Stone took out the heads of the Commission, a secret deep-state organization, he thought he'd destroyed them for good. Now he's gone off the grid, trying to get as far away from his past as possible. But the Commission isn't done with him yet. Lying low in a Miami bar, Stone knows something's up when an alluring actress strikes up a conversation with him. His suspicions are correct. The Commission is hot on his trail, and Stone is soon forced to run deep into the heart of the Everglades with the terrified woman as his hostage. He's the Commission's number one target--and this time nothing will stop them from eliminating him. But Nathan Stone is no ordinary target. The crew of mercenary assassins on his heels have no idea what's in store for them on the River of Grass. Because the hunt is on, and they picked the wrong prey.

When a deep-cover FBI agent disappears along with a ton of Semtex explosive, the government turns to Nathan McBride, former Marine sniper and covert CIA operative, to recover them.

Jon Reznick is a "ghost": a black-ops specialist who takes his orders from shadowy handlers, and his salary from the US government. Still mourning the loss of his beloved wife on 9/11, he's dispatched to carry out a high-level hit. Reznick knows only that it must look like suicide. It's textbook. But the target is not the man Reznick expected. The whole setup is wrong. In an instant the operation is compromised, and Reznick is on the run with the man he was sent to kill. A man wanted by the FBI, and by a mysterious terrorist organization hell-bent on bringing the United States to its knees. FBI Assistant Director Martha Meyerstein is determined to track him down, and to intercept whatever it is Reznick was sent to do. When Reznick's young daughter becomes a pawn in the game, he has to use more than his military training to stay one step ahead of those responsible. Meanwhile, he is the only person who knows the true extent of the threat to national security--and has the stealth and determination to stop it.

In this fast-paced thriller, special operative Nathan McBride battles the most treacherous enemy he's ever faced--and the one hitting closest to home. After simultaneous deadly terror attacks on San Diego and Washington, DC, hammer the nation, Nathan learns that the mass murders weren't random events--they targeted his family. And the threat is far from over. Part of a larger plot involving a sabotaged North Korean bioweapons facility and an ISIS training camp in northern Mexico, a third attack--bigger than 9/11--is being hatched by cold-blooded killers. With the

US Border Patrol and the CIA supporting the mission, Nathan teams up with longtime family friend Vincent Beaumont, the CEO of America's largest private military contractor. In a harrowing firefight, Nathan's assault team will have to neutralize the terrorist cell, recover the weapons of mass destruction, and get them safely across the international border. The lives of thousands are at risk as Nathan weighs his lust for revenge against the most crucial part of the mission--taking the ringleaders alive--which might just cost him his life.

Jon Reznick has never played by the rules, a trait that has brought him into conflict with FBI Assistant Director Martha Meyerstein in the past. But now Meyerstein has been taken by a shadowy gang, and the renegade black-ops specialist may be her only hope for rescue. The FBI are reluctant to let Reznick anywhere near the case, but he's not in the habit of seeking their permission—especially once his covert investigation leads him straight to the head of the Russian Mob. And it soon becomes clear that it's not only Meyerstein who's in danger: her abduction is just the start of a campaign to undermine American law and order. With Meyerstein's whereabouts just out of reach, and the CIA and FBI seemingly operating at cross-purposes, it falls to Reznick to go it alone. Can he get to Meyerstein before the Mob get to him?

The terrorists responsible for the Madrid train bombings on March 11, 2004, succeeded in killing 193 innocent civilians and injuring scores more. The bombings changed the outcome of the Spanish election which took place three days later. What the terrorists didn't know, but were to find out in due time, was that on that fateful day they have also succeeded in creating their worst nightmare. Although none of them had an idea who he was, what he looked like, where he came from, and who he worked for. He was a sniper who could take a target out at eight-hundred yards to a mile. He could kill with a long gun, short gun, or no gun. He was lethal with edged weapons, explosives, poisons, or no weapon at all. Targets could be taken out from a mile away or die with his breath in their faces. Among his enemies, he went by names which sent ice-cold shivers down their spines. El Gato, the cat in Spanish, Alshaytan, the Devil in Arabic, the Ghost, and many others. His real name was Rex Dalton. He had no friends. He had no family. He had no girl. He had only one motto; don't hate the terrorists - it will kill you. Instead kill them, so they can't kill again. THE FULCRUM is a full-length novel, a nail-biting thriller by best-selling author JC Ryan. It is the first book in the electrifying new Rex Dalton series.

Chaos, murder, and a hint of sizzling romance descend on East Africa in this electrifying page-turner of a mystery. Journalist Alex Derksen's new assignment in Tanzania should be easy, but he soon finds himself on the wrong side of the news. It starts when he meets Ranna, a beautiful photographer with something to hide. Alex stopped believing in love a long time ago, yet here in the middle of East Africa, it's found him again. Alex knows a thing or two about chaos--wherever he goes, it follows. When an IT billionaire washes up onshore after seasonal flooding, he finds himself at the center of an investigation with Ranna as the main suspect. It turns out she may have a good reason for hiding her past. Wherever she goes, murder follows. Alex should be used to these cat-and-mouse games, but this time it's different. Should he listen to his heart and help Ranna hide the bloody trail leading to her? Or should he use his head and run for his life? In the remote Four Corners region of Colorado, Special Agent Nathaniel Arkin, a disgraced former intelligence officer, investigates the killing of a bigoted, vitriolic preacher who was about to be elected to the U.S. House of Representatives. In processing the murder scene, Arkin thinks he recognizes the modus operandi of a shadowy group he pursued and was on the verge of exposing years earlier, just before his abrupt fall from grace and exile from Washington, D.C. Rumored to be run by a self-righteous, lapsed Jesuit priest, it was a group Arkin long suspected of orchestrating an international assassination campaign targeting charismatic, fledgling fanatics--future Hitlers and bin Ladens--just as they emerged from obscurity, before they were capable of instigating mass murder. Reluctant, but aching for redemption, Arkin resumes the chase, setting in motion a chain of events that could lead to his salvation--or his doom. Along the way, he confronts a question that has troubled him for many years: What creates murderous fundamentalists and fanatics like Hitler and bin Laden in the first place?

From the author of the bestselling Jon Reznick Thriller series comes an exhilarating new adventure. When the people he loves most are in danger, Jack McNeal will get revenge...or die trying. NYPD detective Jack McNeal is used to asking the tough questions. But a late-night visit from the Secret Service lands Jack on the other side of the table--as a suspect in the disappearance of his estranged wife, Caroline, a prominent reporter on the White House beat. When her body is found floating in the Potomac, Jack is overcome by disbelief and despair. Her death seems eerily similar to the suspicious fatality of a young socialite years before. Is the similarity of the two tragic incidents simply a coincidence, or could it be a sign of a murderous orchestrated plot to protect those in the highest echelons of the American government? To avenge Caroline's death, Jack embarks on a journey into the darkest recesses of power. Suspects abound--from haunted special forces soldiers to ex-CIA to the president's own body man. Along the way, Jack will be forced to decide: Is there a line he won't cross to expose the killer?

The tragic bombing of EuroTours Flight 1023 was big news. To FBI Agent Cam Daggett it was more than that. It was personal. His parents and son were on that plane. And for two years he's been after the killer who did it. All he has to go on is a name: Anthony Kort . . . and the knowledge that Kort is in the United States with a detonator no airport security can detect. HE MUST BE STOPPED. Daggett's colleagues at the Bureau and his girlfriend tell him his vendetta has become an obsession. They suggest he leave the investigation to other agents, in order to keep it objective. But having painstakingly constructed a portrait of the terrorist, Daggett believes he's now the only one with any chance of predicting Kort's next target. A novel of madness and revenge, *Hard Fall* begs readers to fasten their seatbelts.
