Renowned biblical sleuth and scholar Richard Elliot Friedman reveals the first work of prose literature in the world—a 3000-year-old epic hidden within the books of the Hebrew Bible. Written by a single, masterful author but obscured by ancient editors and lost for millennia, this brilliant epic of love, deception, war, and redemption is a compelling account of humankind's complex relationship with God. Friedman boldly restores this prose masterpiece—the very heart of the Bible—to the extraordinary form in which it was originally written. New York Times bestseller! The Atlas Obscura Explorer's Guide for the World's Most Adventurous Kid is a thrilling expedition to 100 of the most surprising,

diffusion. Contributors to this volume each provide a critical analysis of the design, production, regulation, representation and consumption of internet-connected toys. In order to address the theoretical, methodological and policy questions that arise from the study of these new playthings, and contextualise the diverse opportunities and challenges that loToys pose to educators, families and children themselves, the chapters engage with notions of mediatization, datafication, robotification, connected and post-digital play. This timely engagement with a key transformation in children's play will appeal to all readers interested in understanding the social uses and consequences of loToys, and primarily to researchers and students in children and media, early childhood studies, media and communications, sociology, education, social psychology, law and design.

Written in thirteen days in 1564 by the renowned Elizabethan magus, Dr. John Dee, The Hieroglyphic Monad explains his discovery of the monas, or unity, underlying the universe as expressed in a hieroglyph, or symbol. Dee called The Hieroglyphic Monad a "magical parable" based on the Doctrine of Correspondences which lies at the heart of all magical practice and is the key to the hermetic quest. Through careful meditation and study of the glyph, its secrets may be slowly revealed.

A witty and warm-hearted novel about a trans teen finding his place in the world perfect for fans of Red, White and Royal Blue There's only one thing standing between Finch Kelly and a full-blown case of high school senioritis: the National Speech & Debate Tournament. Taking home the gold would not only be the pinnacle of Finch's debating career, but the perfect way to launch himself into his next chapter: college in Washington, DC, and a history-making career as the first trans congressman. What could possibly go wrong? Well, for starters, Finch could develop a teeny tiny crush on his very attractive, very taken, and very gay debate partner, Jonah. Never mind that Finch has never considered whether he's interested in more than just girls. And that dream of college in DC? Finch hasn't exactly been accepted anywhere yet, let alone received the full-ride scholarship he'll need to make this dream a reality. Worst of all, though, is this year's topic for Nationals: transgender rights. If he wants to cinch the gold, and get into college, Finch might have to argue against his own humanity. People say there are two sides to every argument. But, as Finch is about to discover, some things—like who you are and who you love—are not up for debate.
