How do you sell an innovative product to a market that does not yet exist?

Entrepreneurial businesses often create products and services based on radically new technology that have the power to change the marketplace. Existing market research data will be largely irrelevant in these cases, making sales and marketing of innovative new products especially challenging to entrepreneurs. Entrepreneurial Marketing focuses on this challenge. Classic core marketing concepts, such as segmentation, positioning and the marketing mix undergo an 'extreme makeover' in the context of innovative products hitting the market. Edwin J. Nijssen stresses principles of affordable loss, experimentation and adjustment for emerging opportunities, as well as cooperation with first customers. Containing many marketing examples of successful and cutting edge innovations (including links to websites and videos on the Internet), useful lists of key issues and instructions on how to make a one-page marketing plan, Entrepreneurial Marketing: An Effectual Approach provides a vital guide to successfully developing customer demand and a market for innovative new products. This second edition has been thoroughly expanded with: a one-page marketing plan which now focuses on the three entrepreneurial challenges that can be easily adapted; coverage of the customer development process; and updated references and new examples. This book provides students and entrepreneurs with the fundamental tools to succeed in marketing.

Student Ryder Stone has been inducted into the Cage Hero program, a secret project developing the hidden powers held by a select group of people. With the world in danger, can this new team unlock the hero from within themselves before it's too late? Ein paar Zutaten und eine Pfanne reichen noch lange nicht aus, um ein köstliches Essen zu zaubern. Genauso wenig reichen eine Kamera und ein Videobearbeitungsprogramm, um spektakuläre Videos zu erstellen. Vielmehr musst du wissen, wie du damit umgehst. Beim Kochen helfen dir Rezepte. Beim Filmen mit der GoPro hilft dir dieses Buch. Du lernst, wie du spektakuläre GoPro-Videos mit System erstellst, einen Haufen Zeit sparst und dabei richtig Spaß hast – auch wenn du bisher noch nicht so ganz zufrieden mit deinen Ergebnissen warst und kaum Erfahrung mit dem Filmen oder der Videobearbeitung hast. Das Buch begleitet dich bei jedem Schritt auf dem Weg zu deinem Wunsch-Video. Die Kapitel sind so aufgebaut, dass du von A bis Z durch den gesamten Prozess der GoPro-Videoerstellung geführt wirst: • die Planung und Vorbereitung • das Verständnis der Kamera • das Filmen • die Nachbearbeitung Gleichzeitig ermöglicht der Aufbau ein schnelles, gezieltes Nachschlagen der Tipps, die du in deiner Situation gerade brauchst: Welche Einstellung wähle ich? Wie beginne ich mein Video? Wie vermeide ich verwackelte Aufnahmen? Welche Befestigung oder Perspektive eignet sich am besten? Wie hole ich die beste Bildqualität heraus? Wo finde ich gute, passende und legale Musik? Was muss ich überhaupt bei der Videobearbeitung machen? Welche Effekte kann ich wie einbauen? Erspare dir endloses Rumprobieren, zahlreiche Fehlschläge und tonnenweise "papierkorbtaugliches" Filmmaterial mit diesen bewährten Tipps und Techniken.

Exhausted by the futility of her efforts against the city's endemic problems and the revolving door of violence in her Chicago emergency room, Dr. Miranda Campbell came home to Wishful, where she knew she could make a real difference in people's lives. Between her clinic, a rotation in the hospital's ER, volunteer work at the new women's shelter, and time spent with family and friends, her life is full. But it's not too full to notice a sexy lawman when she sees one. Former US Marshal Ethan Greer is still settling into the job as Wishful's new Chief of Police, but he's starting to realize it may be years before he'll ever be considered one of the locals. Fair enough. He's the first to admit that making the shift to small town policing is a big adjustment. After losing his marriage and almost his life in line of duty, the slow pace of Wishful is a change he's happy to make. While Miranda's and Ethan interest in each other is mutual, he's not sure about taking on a serious relationship. That's just fine with her. But when Miranda is targeted in an escalating chain of threatening events, Ethan's Marshal instincts go on overdrive. Miranda's rose-colored view of Wishful is putting her in danger. She's become more than a casual fling or a job responsibility. With Ethan's training screaming at him to put her in protective custody, can he find out who's behind the threats before he pushes Miranda away?

The NFL is the most popular professional sports league in the United States. Its athletes receive multimillion-dollar contracts and almost endless media attention. The league's most important game, the Super Bowl, is practically a national holiday. Making it to the NFL, however, is not about the promised land of fame and fortune. Robert W. Turner II draws on his personal experience as a former professional football player as well as interviews with more than 140 current and former NFL players to reveal what it means to be an athlete in the NFL and explain why so many players struggle with life after football. Without guaranteed contracts, the majority of players are forced out of the league after a few seasons. Over three-quarters of retirees experience bankruptcy or financial ruin, two-thirds live with chronic pain, and too many find themselves on the wrong side of the law. Robert W. Turner II argues that the fall from grace of so many players is no accident. The NFL, he contends, powerfully determines their experiences in and out of the league. The labor agreement provides little job security and few health and retirement benefits, and the owners refuse to share power with the players, making change difficult. And the process of becoming an elite football player--from high school to college and through the pros--leaves athletes with few marketable skills and little preparation for their first Sunday off the field. With compassion and objectivity, Not for Long reveals the life and mind of high school, college, and NFL athletes, shedding light on what might best help players transition successfully out of the sport.

Michael Martel and the mysterious Immotus have freed Shiloh Summers from the UN's Superhuman Protective Council, but now the SPC is determined to track them down. So when SPC agents take her parents into custody, Shiloh and her new friends face a difficult choice: fight to free them or find another way to convince the SPC to release them.

Hanna Boudreaux has lived in the small town of Willow all her life. She's sweet, cute and quiet. Hanna has a moment of epiphany when she realizes her crush for forever, Raiden Ulysses Miller, is not ever going to be hers. She sees her life as narrow and decides to do something about it. Raiden Miller is the town's local hero. A former Marine with the medal to prove his hero status, he comes home, shrouded in mystery. It takes a while, but eventually Hanna catches his eye. After all these years of Raid and Hanna living in the same town, the question is why? Is Raid interested in Hanna because she's sweet and cute? Or does Raid have something else going on?

The GoPro Karma Drone is the first foldable drone. The announcement was made in December of 2015, but the long- awaited GoPro is not yet up for purchase until October of this year. It is lightweight and easy to use when

compared to other drones currently on the market. It is a professional-grade drone that can be used by anyone and comes with its own backpack. In addition, the GoPro Karma drone requires no assembly, simply remove from the backpack, unfold the propeller and you are ready to use. The parts can be easily replaced if damaged and the GoPro Karma is able to stand up to everyday wear-and-tear.

Most of the 70 billion animals that are farmed in the world are transported at least once in their lives. For improved animal welfare, sustainability, and profitability it is important that everyone involved in the transportation process takes responsibility for doing a good job. This may require legislation and assurance schemes backed up by inspections and driven by consumer awareness and demand. All aspects of the transportation process, including preparation for transport, handling during loading and unloading, handler and driver training, stocking density on the transport container, journey length, and weather have an effect on animal welfare, meat quality, health after transport, and even mortality during transit. These topics are covered in the papers and reviews in this book together with related aspects such as consumer perceptions of animal transport, cleaning of transport coops, and consideration of on-farm slaughter to obviate the need for transport to an abattoir. The book adds to the knowledge of farm animal transport and highlights areas for future research and improved practice.

Texas, 1874. Long ago, Scout Proffitt gave up on ever being a man of honor like his Civil War hero brother Clayton. But when Scout steps foot on the rundown remnants of the Circle C ranch, he wonders if maybe—just maybe—the Lord has something different intended for him. Rosemarie has lived most of her life doubting her worth and shouldering the blame for her brother’s death. But when a stranger rides onto her ranch, claiming he owns it, she suddenly is given a choice: either keep looking at the dark side of life . . . or dare to dream.

The dawning of desire 1806, Scotland. Wild, reckless Callum MacCreath is in no hurry to become someone’s husband. But when his responsible, steady older brother Ian announces his engagement to their childhood friend Rebecca, Callum makes a startling discovery: he wants the lovely young lass for himself. But it’s too late, and when Ian banishes him for his duplicity, Callum is only too happy to leave Scotland forever. ...is delicious and dangerous 1816: Marrying Ian was the practical, logical thing for Becca to do. But once Callum sailed away to America, she missed his rakish charm and lust for life. Now Becca is a widow when a much-changed Callum returns to his Scottish homeland. Will he remember their spirited, fiery connection or does he blame her for his brother’s unexpected death? This time neither of them can deny their scorching attraction. But will their hearts be burned in the blazing heat of scandal? “It’s time to fall in love with Suzanne Enoch.” —Lisa Kleypas “Steamy and bubbling with humor, a scrumptious tale to begin her No Ordinary Hero series.” —Booklist (starred review) on Hero in the Highlands

My GoPro Hero Camera offers a comprehensive introduction to using the most recently released GoPro Hero camera models, including the basic GoPro Hero, GoPro Hero3+ and the GoPro Hero4. All three of these cameras utilize the same basic operating system and menus, but each has slightly different features, functions and possible shooting resolutions for digital images and video. After offering an initial introduction to the cameras themselves, as well as their menus and buttons, this book offers an overview of the different camera housings and mounts available, plus explains how to utilize the GoPro mobile app and computer software. How to best use other “must have” GoPro accessories, including the Wi-Fi Remote and the LCD Touch BacPac display are also be covered. Throughout the book are hundreds of shooting tips and strategies that teach readers how to capture the best possible photos and videos in a wide range of situations. Strategies for shooting professional-quality first and third-person photos/videos, as well as traditional photos/video, plus ways to achieve the best possible results indoors, outdoors, underwater, in low-light situations, and in high-action situations are covered. This book appeals to those who purchased a GoPro camera to take on vacation or to capture “family moments,” as well as to more active people who want to capture crystal-clear “action” images or videos of themselves engaged in various activities, using their GoPro camera in conjunction with the best combination of optional camera accessories,

housings and mounts, based on their activity and the shooting conditions. How and why all of the accessories, housings, mounts, menu options and camera settings were used to capture the sample content is explained in the text and with plenty of visual examples within the book. Some additional companion video content is available through the Que website.

Increasing numbers of ecologists and conservation biologists have begun to explore the use of drone technology to obtain accurate and up-to-date data on the distribution and density of species, as well as the threats to their habitats, in their ongoing attempts to conserve and monitor biodiversity. Conservation drones are low-cost, autonomous, and operator-friendly unmanned aerial vehicles that can be used for surveying, mapping, and monitoring both habitat and biodiversity. They are fast becoming a valuable complement to ground-based surveys and satellite imagery for a wide range of ecological and conservation applications. The authors pioneered the use of conservation drones for the purpose of monitoring orangutan populations in Southeast Asia. They subsequently founded ConservationDrones.org to share their knowledge of building and using drones with colleagues in the wider environmental community. This

website has proved highly popular and this book aims to further build capacity to use drones and inspire others to adapt emerging technologies for practical conservation.
