Make the most of your trip with The Rough Guide to Cairo & the Pyramids.

Woody Hayes is one of the greatest football coaches in history—and one of the most fascinating. More than a brilliant coach, he was a complicated, contradictory man. The former history teacher would tout the ideals of democracy yet run his football empire as an absolute monarchy. But he had a surprisingly altruistic side, hidden from the public, and Hayes visited local hospitals, donated his time, money, and advice, and insisted that his players graduate. More than just a standard biography, *A Fire to Win* explores the psychological motivations of one of the most complex of coaches. First and foremost, Woody Hayes was a coach—and his achievements are stunning. While at Ohio State, he won five national titles, and thirteen Big Ten Conference championships, made eight Rose Bowl appearances, and earned two national Coach of the Year awards. His killer instincts, honed in the navy, where he commanded a destroyer escort in the Pacific during World War II, helped him lead his teams to a 30-9 winning average. Moreover, Hayes's lifetime coaching record, 238-72-10, puts him in the first rank of college coaching immortals. No other coach has won more games in a shorter period. John Lombardo uses his extensive sports writing experience to craft an accurate portrait of one of the most complex and fascinating figures in football. Countless interviews of former players, assistant coaches, administrators, faculty, associates, and friends shape the image of Hayes and his career, which spanned the mid-1940s to the late 1970s during a tremendous period of change in American society. *A Fire to Win* is an honest and revealing biography of Hayes, a man who ranks in the pantheon of football coaches.

"Inside, 15 separate routes cover the Civil War's Eastern Theater, from southern Pennsylvania to western Maryland and throughout Virginia. Each route incorporates significant war sites, timely travel tips, and local history, complete with 'inside' stories on personalities -- from the illustrious to the unknown, from politicians and generals to unsung heroes and villains. Whether you're an avid Civil War aficionado or a novice to America's great military struggle, this fact-filled guide is for you and your entire family"--Page 4 of cover.

*Soldier Heroes* explores the imagining of masculinities within adventure stories. Drawing on literary theory, cultural materialism and Kleinian psychoanalysis, it analyses modern British adventure heroes as historical forms of masculinity originating in the era of nineteenth-century popular imperialism, traces their subsequent transformations and examines the way these identities are internalized and lived by men and boys.

Fire Emblem Fates: Birthright - Strategy GuideGamer Guides

The history and culture of Madrid, the cluster of historical cities at an easy distance (Segovia, Avila and Toledo) and the heartlands of Castile - the core of Spanish civilisation.

Profiles heroic figures from the beginning of the United States' history to the present whose contributions to society the author asserts have been overshadowed by the actions of those the liberal media holds in high esteem.

"An introduction to the study of Korean culture for readers in the United States and other English speaking nations, composed of selected reading material of 2000 pages from the author's seven published volumes and four unpublished volumes condensed into one volume."--Preface.

You are the Avatar, born into the Hoshido royal family but raised by the Nohr royal family. With the two families on the brink of war, you must choose whether to follow your destiny tied to your birthplace or the fate bound to the kingdom which raised you. Conquest sees you fight to defend the Nohr kingdom during a revolution. But ultimately the choice is yours. - Complete coverage of the main story. - All side quests uncovered. - Gameplay details and tactics on how to get the best from your game. - Details on features new to the Fire Emblem series. - Differences between the two games examined. Conquest is not for the casual fan! - Skills, monsters, Promotions and Re-classing explained and much, much more!

Vanessa Nox had a life of any normal teenager. A train ride to her father's "workplace" changes that. Vanessa and her sister Abigail realize that earth isn't the only realm. They meet up with a variety of creatures, both friend and foe, in a world called Terra. Vanessa discovers that not only is Terra her real home but she is also the princess of the elves. Together, Vanessa, Abigail, and an elf named Rex help save Terra against powerful villains that control not only the shadows but also what lurks in them. Between joy and betrayal, Vanessa finds not only can she save the elves but she can also lead them.

Hogan's Heroes' creation and creators, the directors, the writers, the promotion, and the eventual end of the show are chronicled. A guide to each of the 168 episodes provides title, air date, rerun date, production number, writer, director, guest cast and a plot synopsis.

The Rough Guide to Romania is the definitive handbook on one of Europe's most fascinating, scenic and enigmatic countries. The full-colour introduction highlights all the unmissable sights from the wilds of the Carpathian mountains to the marvellous Delta wetlands, as well as referencing the country's many unique festivals. Two full-colour sections describe the many outdoor activities on offer - from mountain hikes and skiing, to bear and wolf tracking - as well as the country's extraordinary religious architecture. This comprehensive guide reviews all the top hotel and restaurant options for every taste and budget, and includes informed background on Romania's history, wildlife, literature, music and, of course, Dracula. Accurate maps and comprehensive practical information help you get under the skin of Romania, whilst stunning photography makes this your ultimate travelling companion. Make the most of your time on earth™ with The Rough Guide to Romania.

The Rough Guide to Moscow is the definitive guide to one of Europe's most fascinating and rewarding cities. The full-colour introduction covers the awe-inspiring Kremlin and The Red Square and includes the essential list of 'what not to miss'. There are lively explorations of all the sights, from Moscow's lavish palaces to world-class museums, as well as detailed accounts of Russian history and politics that have formed this intriguing city. You'll find two full-colour sections that highlight the New Moscow Style - contemporary art, design, fashion, galleries, boutiques, bars and clubs - and the magnificent art-deco metro, famous for its arts, murals, mosaics and ornate chandeliers. With updated and easy-to-use maps, expanded listings of nightlife, restaurants and hotels in Moscow for all budgets, The Rough Guide to Moscow is the must-have item to this colourful and spirited city.

Insight Guides' unique combination of beautiful travel photography and focus on history and culture together create a unique visual reference and planning tool to inspire your next adventure.

Approaching the Bible in an original way—comparing biblical heroes to heroes in world literature—Elliott Rabin addresses a core biblical question: What is the Bible telling us about what it means to be a hero? Focusing on the lives of six major biblical characters—Moses, Samson, David, Esther, Abraham, and Jacob—Rabin examines their resemblance to hero types found in (and perhaps drawn from) other literatures and analyzes why the Bible depicts its heroes less gloriously than do the texts of other cultures: \* Moses founds the nation of Israel—and is short-tempered and weak-armed. \* Samson, arrogant and unhinged, can kill a thousand enemies with his bare hands. \* David establishes a centralized, unified, triumphal government—through pretense and self-deception. \* Esther saves her people but marries a murderous, misogynist king. \* Abraham's relationships are wracked with tension. \* Jacob fathers twelve tribes—and wins his inheritance through deceit. In the end, is God the real hero? Or is God too removed from human constraints to even be called a "hero"? Ultimately, Rabin excavates how the Bible's unique perspective on heroism can address our own deep-seated need for human-scale heroes.

The extraordinary lives, passions, and careers of four great military leaders--Stonewall Jackson, Winfield Scott Hancock, Joshua Chamberlain, and Robert E. Lee--come to a climax as Union and Confederate forces clash on the battlefields of the Civil War. Reprint.

The New York Times bestselling prequel to the Pulitzer Prize-winning classic The Killer Angels In this brilliantly written epic novel, Jeff Shaara traces the lives, passions, and careers of the great military leaders from the first gathering clouds of the Civil War.

Here is Thomas "Stonewall" Jackson, a hopelessly by-the-book military instructor and devout Christian who becomes the greatest commander of the Civil War; Winfield Scott Hancock, a captain of quartermasters who quickly establishes himself as one of the finest leaders of the Union army; Joshua Chamberlain, who gives up his promising academic career and goes on to become one of the most heroic soldiers in American history; and Robert E. Lee, never believing until too late that a civil war would ever truly come to pass. Profound in its insights into the minds and hearts of those who fought in the war, *Gods and Generals* creates a vivid portrait of the soldiers, the battlefields, and the tumultuous times that forever shaped the nation. **BONUS:** This edition includes an excerpt from Jeff Shaara's *Blaze of Glory*.

"War, reclamation, and what Tim O'Brien called "the Lives of the Dead" are eternal literary themes for men. Clay Bonnyman Evans has honored that lineage with this masterful melding of military history and personal quest."—Ron Powers, co-author of New York Times #1 bestsellers *Flags of Our Fathers* and *True Compass*, along with *No One Cares About Crazy People* and others In November 1943, Marine 1st Lt. Alexander Bonnyman, Jr. was mortally wounded while leading a successful assault on a critical Japanese fortification on the Pacific atoll of Tarawa, and posthumously awarded the Medal of Honor, the nation's highest military honor. The brutal, bloody 76-hour battle would ultimately claim the lives of more than 1,100 Marines and 5,000 Japanese forces. But Bonnyman's remains, along with those of hundreds of other Marines, were hastily buried and lost to history following the battle, and it would take an extraordinary effort by a determined group of dedicated civilians to find him. In 2010, having become disillusioned with the U.S. government's half-hearted efforts to recover the "lost Marines of Tarawa," Bonnyman's grandson, Clay Bonnyman Evans, was privileged to join the efforts of History Flight, Inc., a non-governmental organization dedicated to finding and repatriating the remains of lost U.S. service personnel. In *Bones of My Grandfather*, Evans tells the remarkable story of History Flight's mission to recover hundreds of Marines long lost to history in the sands of Tarawa. Even as the organization begins to unearth the physical past on a remote Pacific island, Evans begins his own quest to unearth the reclaim the true history of his grandfather, a charismatic, complicated hero whose life had been whitewashed, sanitized and diminished over the decades. On May 29, 2015, Evans knelt beside a History Flight archaeologist as she uncovered the long-lost, well-preserved remains of his grandfather. And more than seventy years after giving his life for his country, a World War II hero finally came home.

World-renowned 'tell it like it is' guidebook *Discover Romania* with this comprehensive, entertaining, 'tell it like it is' Rough Guide, packed with comprehensive practical information and our experts' honest and independent recommendations. Synonymous with practical travel tips, quality writing and a trustworthy 'tell it like it is' ethos, the Rough Guides list includes more than 260 travel guides to 120+ destinations, gift-books and phrasebooks.

A colorful figure of 18th-century America, Israel Putnam (1718-1790) played a key role in both the French and Indian War and the Revolutionary War. In 1758 he barely escaped from being burned alive by Mohawk warriors. He later commanded a force of 500 men who were shipwrecked off the coast of Cuba. It was he who reportedly gave the command "Don't fire until you see the whites of their eyes" at the Battle of Bunker Hill. Detailing Putnam's close relationships with Aaron Burr, Alexander Hamilton, and John and Abigail Adams, this first full-length biography of Putnam in more than a century re-examines the life of a revolutionary whose seniority in the Continental Army was second only to that of George Washington.

Japanese American Donnie, whose playmates insist he be the "bad guy" in their war games, calls on his reluctant father and uncle to help him get away from that role

From the crumbling colonial architecture of Havana to the vibrant party town of Santiago de Cuba, idiosyncratic Cuba offers limitless opportunities for exploration, and *The Rough Guide to Cuba* will ensure you don't miss a thing. This travel guide covers all of the big-hitting attractions - from the mogotes of Viñales to technicoloured Trinidad via the top scuba diving sights on the south coast - and unearths lesser-known gems across the island. In full-colour throughout, *The Rough Guide to Cuba* is having stunning photography and detailed maps, plus essential practical information on the latest visa requirements and how to get around. With expert, opinionated reviews on the best hotels, casa particulares, bars, shops and cigar lounges - plus coverage of the country's exciting new wave of restaurants - this in-depth guide will ensure you make the most of your time in Cuba.

"Words on the Street" is an experienced insider's analysis of Wall Street language. This informative and entertaining exploration of marketplace rhetoric focuses on metaphors derived from the fascinating arenas of games, love, war, politics, religion, the fine arts, and natural physical science. This expose reviews that wordplay in the context of the American Dream. Armies of books describe marketplace structure and instruments, recount economic history, or unveil personalities and strategies of heroic (or scandalous) individuals and institutions. "Words on the Street" is different. It enlightens Wall Street professionals, Main Street audiences, policy makers, and academics regarding Wall Street talk and its implications. Wall Street and American Dream rhetoric reflect and shape marketplace perspectives and thereby influence quests to make, keep, and manage money. Therefore Wall Street propaganda has major financial consequences for both Wall Street insiders and Main Street. "Words" may change marketplace viewpoints, including dogmas related to investment. This cultural investigation shows how investors and other players are persuaded to venture into and stay within stock, interest rate, currency, and commodity arenas. The opportunity to make money is a very incomplete explanation. The book is extensively documented from financial sources and via references to literature, film, and music. This study of Wall Street's language and rhetorical methods benefits Wall Street professionals, Main Street residents, businesses, politicians, and regulators seeking insight on how and why Wall Street sermons attract and

convince them. Enticed by the oratory of Wall Street and its allies, many millions of Main Street dwellers around the globe have marched into and remained within Wall Street, often to "invest." The recent worldwide economic crisis underlines the importance of Wall Street marketplaces, even for those who have not carried their own money directly to Wall Street tables. "Words on the Street" demolishes the scientific ambitions and claims, not only of Wall Street, but also of economics and other social "sciences." "Words" investigates and discredits the counterfeit science (alleged objectivity) of the influential armies of would-be Newtons, Einsteins, Darwins, and Fords roaming throughout Wall Street and economics. Its analysis of Wall Street language in the context of the American Dream will fascinate American history scholars and students. Finally, "Words" provides an innovative yet persuasive explanation of cultural reasoning and how it differs from scientific rationality. Leo Haviland has three decades of experience in the Wall Street trading environment. Leo has worked for Goldman Sachs, Sempra Energy Trading, and other institutions. In his research and sales career in stock, interest rate, foreign exchange, and commodity battlefields, he has dealt with numerous and diverse financial institutions and individuals. He is a graduate of the University of Chicago (Phi Beta Kappa) and the Cornell Law School.

The Rough Guide to Jamaica is the ultimate travel guide to the most captivating of the Caribbean islands. From dining by the sea to dancing under the stars, we've picked out the best of Jamaica, with full-colour pictures offering a taste of what to expect.
