In this delightfully imaginative novel, once again, hell threatens to break loose as Samuel Johnson and his ragtag group of friends must defend their town from shadowy forces more threatening than ever before... In this clever and quirky follow-up to *The Gates and The Infernals*, Samuel Johnson's life seems to have finally settled down—after all, he's still got the company of his faithful dachshund, Boswell, and his bumbling demon friend, Nurd; he has foiled the dreaded forces of darkness not once, but twice; and he's dating the lovely Lucy Highmore, to boot. But things in the little English town of Biddlecombe rarely run smoothly for long. Shadows are gathering in the skies, a black heart of pure evil is bubbling with revenge, and it rather looks as if the Multiverse is about to come to an end, starting with Biddlecombe. When a new toy shop's opening goes terrifyingly awry, Samuel must gather a ragtag band of

The latest installment of John Connolly's wholly original and creepily imaginative Samuel Johnson Tales, *The Creeps* is humorous horror for anyone who enjoys fiction at its best.

THE GRIPPING, EMOTIONAL SEQUEL TO *DANCES WITH WOLVES*. The Comanche people have evaded the white settlers for years, relying on their knowledge of the land and the strength of their warriors for protection. But with the fast encroaching railroad cutting across the countryside, there's nowhere left to go as an independent people. When the white representatives give them an ultimatum - to move to a reservation or face the armies of America - the Comanches must each make the choice for themselves, to accept the imprisonment of their people and the dissolution of their culture, or to suffer inevitable extinction. In this heart-wrenching sequel to the #1 New York Times bestseller, *Dances With Wolves*, all the familiar characters - *Stands With A Fist*, *Kicking Bird*, *Wind In His Hair*, and of course, the man who was Lieutenant John J. Dunbar - return with new, vivid complexity. A novel for any age, *The Holy Road* sheds compelling light on human resilience, social consequences, and the nature of freedom.

How did we get to where we are? John Cassidy shows that the roots of our most recent financial failure lie not with individuals, but with an idea - the idea that markets are inherently rational. He gives us the big picture behind the financial headlines, tracing the rise and fall of free market ideology from Adam Smith to Milton Friedman and Alan Greenspan. Full of wit, sense and, above all, a deeper understanding, *How Markets Fail* argues for the end of 'utopian' economics, and the beginning of a pragmatic, reality-based way of thinking. A very good history of economic thought Economist *How Markets Fail* offers a brilliant intellectual framework . . . fine work

In recent years, China has become a major actor in the global economy, making a remarkable switch from a planned and egalitarian socialism to a simultaneously wide-open and tightly controlled market economy. Against the establishment wisdom, Minqi Li argues in this provocative and startling book that far from strengthening capitalism, China's full integration into the world capitalist system will, in fact and in the not too distant future, bring about its demise. The author tells us that historically the spread and growth of capitalist economies has required low wages, taxation, and environmental costs, as well as a hegemonic nation to prevent international competition from eroding these requirements. With the decline of the economic power of the United States, its current hegemonic role will deteriorate and the unprecedented growth of China will so erode the foundations of capital

Don't panic - I'm Islamic! Amal is a 16-year-old Melbourne teen with all the usual obsessions about boys, chocolate and Cosmo magazine. She's also a Muslim, struggling to honour the Islamic faith in a society that doesn't understand it. The story of her decision to "shawl up" is funny, surprising and touching by turns.

The headlines are filled with the politics of Islam, but there is another side to the world's fastest-growing religion. Sufism is the poetry and mysticism of Islam. This mystical movement from the early ninth century rejects worship motivated by the desire for heavenly reward or the fear of punishment, insisting rather on the love of God as the only valid form of adoration. Sufism has made significant contributions to Islamic civilization in music and philosophy, dance and literature. The Sufi poet Rumi is the bestselling poet in America. But in recent centuries Sufism has been a target for some extremist Islamic movements as well as many modernists. The Garden of Truth presents the beliefs and vision of the mystical heart of Islam, along with a history of Sufi saints and schools of thought.
