As was never seen on Oprah or Ellen! Part parody, part satire, Hilarity Ensues; No Secret explores the mystical powers of The Unknown Thing and The Rule of Making Things Come to You, lampooning the most recent bestsellers in new age and self-help. Through anecdotes and examples from the great teachers of The Unknown Thing, the authors take the reader on a comic life changing journey into a world where bad things only happen to people who asked for it, fat dissolves when you refuse to acknowledge it, the universe exists to get you parking spaces and you can score sports cars and hot babes using the power of your mind!

A family road trip is supposed to be a lot of fun . . . unless, of course, you're the Heffleys. The journey starts off full of promise, then quickly takes several wrong turns. Gas station bathrooms, crazed seagulls, a fender bender, and a runaway pig—not exactly Greg Heffley's idea of a good time. But even the worst road trip can turn into an adventure—and this is one the Heffleys won't soon forget.

The author of the best-selling Assholes Finish First recounts a new series of misadventures marked by his considerable indiscretions, from deliberately baiting a short-tempered acquaintance to getting kicked out of his own charity event, in a volume that includes a revised version of his famed "Miss Vermont Story." 200,000 first printing.

Here's Johnny is like sitting with Ed and Johnny over lunch: The last time I saw Johnny, about a year before he died, we had chicken, a couple of glasses of red wine, and then we just sat there and reminisced, going back and forth the way we did on the show. We talked about our kids, and our careers and the state of America, just two lucky guys who loved each other and the good luck of our careers. Ed McMahon is the only person who was with Johnny Carson, even before The Tonight Show, when they both first appeared on Who Do You Trust. Now, with Johnny's blessing before he died, McMahon can finally share all the stories that only he knows. From the sofa at Johnny's right, to backstage, to their personal relationship - McMahon will provide a real view of the man who was so careful to only show one side of himself to the public. Brilliant in front of the camera, but shy in person, Carson seldom gave interviews. Only McMahon can tell the stories and provide the insights into the personality that made Johnny Carson more of a friend we invited into our home than a television star. This entertaining tribute will feature over 200 pictures, many never before published, from both McMahon's and Carson's private archives.

"Mabel, the fanciest and sassiest dog the Hamptons has ever seen, causes all sorts of chaos for her parents with her naughty hijinx"--

From a rising literary star comes a fresh, satirical novel about masculinity and tenderness, fatherhood and motherhood, set in the world of semi-professional wrestling. After seven years on the semi-pro wrestling circuit, Ricky Twohatchet, a.k.a. Richard Powell, needs one last match before he gets called up to the big leagues. Unlike some wrestlers who only play the stereotype, Ricky believes he comes by his persona honestly—he's half white and half Native American—even if he's never met his father. But the night of the match in Omaha, Nebraska, something askew in their intricate choreography sets him on a course for disaster. He finishes with a neck injury that leaves him in a restrictive brace and a video already going viral: him spewing profanities at his ex-partner, Johnny America. Injury aside, he's out of the league. Without a routine or identity, Ricky spirals downward, finally setting off to learn about his father, and what he finds will explode everything he knows about who he is—as a man, a friend, a son, a partner, and a wrestler. *Go Home, Ricky!* is a sometimes-witty, sometimes-heart-wrenching, but always gripping look into the complexities of identity.

The #1 bestselling pioneer of "fratire" and a leading evolutionary psychologist team up to create the dating book for guys. Whether they conducted their research in life or in the lab, experts Tucker Max and Dr. Geoffrey Miller have spent the last 20+ years learning what women really want from their men, why they want it, and how men can deliver those qualities. The short answer: become the best version of yourself possible, then show it off. It sounds simple, but it's not. If it were, Tinder would just be the stuff you use to start a fire. Becoming your best self requires honesty, self-awareness, hard work and a little help. Through their website and podcasts, Max and Miller have already helped over one million guys take their first steps toward Ms. Right. They have collected all of their findings in *Mate*, an evidence-driven, seriously funny playbook that will teach you to become a more sexually attractive and romantically successful man, the right way: No "seduction techniques," No moralizing, No bullshit. Just honest, straightforward talk about the most ethical, effective way to pursue the win-win relationships you want with the women who are best for you. Much of what they've discovered will surprise you, some of it will not, but all of it is important and often misunderstood. So listen up, and stop being stupid!

Meanwhile, in Gotham City, the great Olsen/Batman prank war rages on. An old favorite returns to make heads or tails of just what the heck has been going on. Jimmy does some funny *Fraction* stuff. Batman is there, too, doing some *Lieber* stuff. Lex Luthor's kicking around. It's a whole thing.

For fans of *The Age of Miracles* and *The Dog Stars*, *Black Moon* is a hallucinatory and stunning debut that Charles Yu calls "Gripping and expertly constructed." *Insomnia* has claimed everyone Biggs knows. Even his beloved wife, Carolyn, has succumbed to the telltale red-rimmed eyes, slurred speech and cloudy mind before disappearing into the quickly collapsing world. Yet Biggs can still sleep, and dream, so he sets out to find her. He ventures out into a world ransacked by mass confusion and desperation, where he meets others struggling against the tide of sleeplessness. Chase and his buddy Jordan are devising a scheme to live off their drug-store lootings; Lila is a high school student wandering the streets in an owl mask, no longer safe with her insomniac parents; Felicia abandons the sanctuary of a sleep research center to try to protect her family and perhaps reunite with Chase, an ex-boyfriend. All around, sleep has become an infinitely precious commodity. Money can't buy it, no drug can touch it, and there are those who would kill to have it. However, Biggs persists in his quest for Carolyn,

Shedding profound natural light on the inner lives of migrant workers, Jaime Cortez's debut collection ushers in a new era of American literature that gives voice to a marginalized generation of migrant workers in the West. The first-ever collection of short stories by Jaime Cortez, *Gordo* is set in a migrant workers camp near Watsonville, California in the 1970s. A young, probably gay, boy named Gordo puts on a wrestler's mask and throws fists with a boy in the neighborhood, fighting his own tears as he tries to grow into the idea of manhood so imposed on him by his father. As he comes of age, Gordo learns about sex, watches his father's drunken fights, and discovers even his own documented Mexican-American parents are wary of illegal migrants. Fat Cookie, high schooler and resident artist, uses tiny library pencils to draw huge murals of graffiti flowers along the camp's blank walls, the words "CHICANO POWER" boldly lettered across, until she runs away from home one day with her mother's boyfriend, Manny, and steals her mother's Panasonic radio for a final dance competition among the camp kids before she disappears. And then there are Los Tigres, the perfect pair of twins so dark they look like indios, Pepito and Manuel, who show up at Gyrich Farms every season without fail. Los Tigres, champion drinkers, end up assaulting each other in a drunken brawl, until one of them is rushed to the emergency room still slumped in an upholstered chair tied to the back of a pick-up truck. These scenes from Steinbeck Country seen so intimately from within are full of humor, family drama, and a sweet frankness about serious matters – who belongs to America and how are they treated? How does one learn decency, when laborers, grown adults, must fear for their lives and livelihoods as they try to do everything to bring home a paycheck? Written with balance and poise, Cortez braids together elegant and inviting stories about life on a California camp, in essence redefining what all-American means.

"My name is Tucker Max, and I am an asshole. I get excessively drunk at inappropriate times, disregard social norms, indulge every whim, ignore the consequences of my actions, mock idiots and posers, sleep with more women than is safe or reasonable, and just generally act like a raging dickhead. But, I do contribute to humanity in one very important way: I share my adventures with the world."--Introduction

A park ranger and a bear face off in a battle of signs as they each try to get treats from visiting campers.

Tucker Max's books-I Hope They Serve Beer In Hell, Assholes Finish First, and Hilarity Ensues-are a uniquely engaging trilogy composed of his best, craziest stories. They've sold millions of copies to fans all over the world. Their success has meant his success. As a thank you to those who have loved the stories and supported him for so long, Tucker has gone back through his massive archive of material one last time, culled out what you might call the "best of the rest," and arranged it here, in *Sloppy Seconds*, like a book version of *Deleted Scenes*. Unlike most deleted scenes, however, these don't suck. So enjoy.

ABOUT THE BOOK Hilarity Ensues is Tucker Max's third book in a series that has created a new literary genre called fratire. Fratire doesn't necessarily have to involve guys in fraternities (even though it is derived from the word), but it is about the drunken debauchery of young adult males who only focus on alcohol and sex. Defining this genre and revelling in it has made Tucker Max a rich, famous man. This is his last book in this genre, because he claims the book does not represent who he is anymore. All three of his books are really just a collection of short stories that are claimed to be autobiographical (some people don't believe that for a second) and have no real link except for the characters and general themes of demeaning women and sleeping with anyone. **MEET THE AUTHOR** Nolan Collins grew up in South Carolina and attended the great University of South Carolina in Columbia. There, he learned that his love for writing and story telling was something that he needed to pursue as a career. **EXCERPT FROM THE BOOK** There are countless other entertaining anecdotes in the pages of Hilarity Ensues, but a lot of them, while funny, are also very sad. It seems like Tucker is having a great time, but his life is so empty and that he is borderline sociopathic due to his seeming lack of conscience. More importantly, the book makes me feel bad for all of Tucker's victims. The women he constantly berates, belittles, abuses (emotionally), and demeans don't always deserve it. Sometimes they do, but very few. I'm sure there is more to Tucker emotionally than what he writes about and he even says that he leaves those things out because he doesn't want to ruin the funny parts. But it would be much more interesting to see how this lifestyle has affected Tucker on an emotional level. Unfortunately, he stays away from that like the plague. **CHAPTER OUTLINE** Quicklet on Tucker

We've all been there. You call an Uber. The app says it has arrived, but . . . where is it? Where is your Uber? Are You My Uber? is a 21st Century parody of the 1960 P.D. Eastman children's book Are You My Mother? A man steps off the midnight bus at Port Authority. His name? Unknown. His goal? To find his Uber, an elusive Ford Taurus. Lost and alone in a new city, he steels himself and begins by passing right by the very object of his search. Hilarity ensues: the man proceeds to knock at the doors of an off-duty cab, a helicopter, a halal cart, and other vehicles increasing in their absurdity, willing to try anything to find his Uber. Paired with illustrations by Hilary Fitzgerald Campbell, co-illustrator of Feminist Fight Club, Sarah Dooley's hilarious imagined story is as ridiculous as it is relatable.

THE NEW YORK TIMES BEST-SELLER Put simply, it's time for a national update on college fraternities. Greek life today makes Animal House look like a Pixar movie. The amount of alcohol that is being consumed, promiscuous sex that is being enjoyed, and intense drug-induced raging that is taking place on campuses across the country has quietly reached ridiculous new heights. Written with the goal of being the most fun you've ever had reading a book, TOTAL FRAT MOVE pulls back the curtain on this world of hard-partying American decadence. The stories are unabashed. They are hilarious. And they are going to blow you away. You're welcome, world.

Hilarity ensues when a slacker teen boy discovers he's gay, in this unforgettably funny YA debut.

"A hilarious and still timely tale of emerging Africa and declining England" (Time), Evelyn Waugh's third novel helped to establish his reputation as a master satirist. "We are Progress and the New Age. Nothing can stand in our way." When Oxford-educated Emperor Seth succeeds to the throne of the African state of Azania, he has a tough job on his hands. His subjects are ill-informed and unruly, and corruption, double-dealing, and bloodshed are rife. With the aid of Minister of Modernization Basil Seal, Seth plans to introduce his people to the civilized ways of the West--but will it be as simple as that? Profound hilarity ensues from the issuance of homemade currency, the staging of a "Birth Control Gala," the rightful ruler's demise at his own rather long and tiring coronation ceremonies, and a good deal more mischief.

Another installment in Tucker Max's series of stories about his drunken debauchery and ridiculous antics. In this book, you'll learn: * How to live and work in Cancun, while still enrolled in Law School * Why Halloween is really awesome * How to subtly torture a highstrung roommate until he

Only one coffee shop can survive, and a competition of one-upmanship ensues in a holiday battle of the brews. The paws really come out when the local rescue shelter has a fundraiser where local businesses foster dogs, and patrons donate cash to vote for their favorite pup. Harper takes in an adorable old bulldog on behalf of Deja Brew, while Jonah fosters a perky three-legged dachshund for Lucky Star. Neighbors is a contemplative picture book about the lives of our neighbors—who are all around us and ever-present, yet somehow surprisingly elusive. They're everywhere: next door, above, and even below. More often than not, they are a mystery, a presence suggested by low hums, footfalls, or perhaps a slammed door. This book explores the ways that we think about those we exist among, but who remain strangers until we make the brave—and affirming—decision to connect. • From debut author-illustrator Kasya Denisevich • An exploration of neighbors coexisting together in one very special apartment building • Dynamic black-and-white illustrations blur the line between imagination, dreams, and reality. As Neighbors illustrates so beautifully, that moment of connection is a portal to a world of possibility. This unique book uses both

visual storytelling and compelling text to consider how we map the landscape of the vast world around us, starting with the person just on the other side of the apartment wall. • Explores what it means to exist in a world of strangers, friends, and neighbors who are both alike and completely different from each other • Perfect for children ages 3 to 5 years old • Makes a great pick for parents and grandparents, as well as librarians, teachers, and educators • You'll love this book if you love books like *Be Kind* by Pat Zietlow Miller, *The Berenstain Bears Learn About Strangers* by Stan and Jan Berenstain, and *The Big Umbrella* by Amy June Bates.

Ilura Satou is in a funk. She's tried to keep up appearances, but the post-breakup blues are dragging her down. After a disastrous attempt at laugh yoga she badly needs the *Spell to Dispel Embarrassment*. Seth's hope for smooth sailing is turning into a trip on the Titanic. And the water is getting deeper by the minute...

Part fable, part folklore, *The Fastest Hound Dog in the State of Maine* is Yankee story telling at its very best. A man needs a dog to catch long-legged rabbits, so he buys a hound with longer legs than the rabbits. It's the fastest dog he's ever seen--the fastest dog anyone has ever seen. The dog is so fast, in fact, the man takes on the Bangor & Aroostook Railroad in some friendly competition. Hilarity ensues. Based on Maine folklore, and told as only John Gould can tell it, this story rightfully belongs to the times before television, before radio, when folks sat and talked and told stories. Yet it is a story for all times with its humor--warm as a Maine hearth--and distinct Yankee voice.
