#1 NEW YORK TIMES BESTSELLER • NOW A MAJOR MOTION PICTURE • Look for special features inside. Join the Random House Reader's Circle for author chats and more. In boyhood, Louis Zamperini was an incorrigible delinquent. As a teenager, he channeled his defiance into running, discovering a prodigious talent that had carried him to the Berlin Olympics. But when World War II began, the athlete became an airman, embarking on a journey that led to a doomed flight on a May afternoon in 1943. When his Army Air Forces bomber crashed into the Pacific Ocean, against all odds, Zamperini survived, adrift on a foundering life raft. Ahead of Zamperini lay thousands of miles of open ocean, leaping sharks, thirst and starvation, enemy aircraft, and, beyond, a trial even greater. Driven to the limits of endurance, Zamperini would answer desperation with ingenuity; suffering with hope, resolve, and humor; brutality with rebellion. His fate, whether triumph or tragedy, would be suspended on the fraying wire of his will. Appearing in paperback for the first time—with twenty arresting new photos and an extensive Q&A with the author—Unbroken is an unforgettable testament to the resilience of the human mind, body, and spirit, brought vividly to life by Seabiscuit author Laura Hillenbrand. Hailed as the top nonfiction book of the year by Time magazine • Winner of the Los Angeles Times Book Prize for biography and the Indies Choice Adult Nonfiction Book of the Year award “Extraordinarily moving . . . a powerfully drawn survival epic.”—The Wall Street Journal “[A] one-in-a-billion story . . . designed to wrench from self-respecting critics all the blurby adjectives we normally try to avoid: It is amazing, unforgettable, gripping, harrowing, chilling, and inspiring.”—New York “Staggering . . . mesmerizing . . . Hillenbrand’s writing is so ferociously cinematic, the events she describes so incredible, you don’t dare take your eyes off the page.”—People “A meticulous, soaring and beautifully written account of an extraordinary life.”—The Washington Post “Ambitious and powerful . . . a startling narrative and an inspirational book.”—The New York Times Book Review “Magnificent . . . incredible . . . [Hillenbrand] has crafted another masterful blend of sports, history and overcoming terrific odds; this is biography taken to the nth degree, a chronicle of a remarkable life lived through extraordinary times.”—The Dallas Morning News “An astonishing testament to the superhuman power of tenacity.”—Entertainment Weekly “A tale of triumph and redemption . . . astonishingly detailed.”—O: The Oprah Magazine “[A] masterfully told true story . . . nothing less than a marvel.”—Washingtonian “[Hillenbrand tells this] story with cool elegance but at a thrilling sprinter’s pace.”—Time “Hillenbrand [is] one of our best writers of narrative history. You don’t have to be a sports fan or a war-history buff to devour this book—you just have to love great storytelling.”—Rebecca Skloot, author of *The Immortal Life of Henrietta Lacks*

Now part of the HBO docuseries “Exterminate All the Brutes,” written and directed by Raoul Peck 2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told

from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

Don't miss the latest entry in the incredible Willow Falls series by Wendy Mass! Amanda and Leo have a history with birthdays. Now their friend's little sister, Grace, has fallen into a strange frozen state on her birthday, and Amanda and Leo must travel in time in order to fix whatever's wrong. As they journey back to each of Grace's birthdays, they start seeing all sorts of patterns . . . which raise all sorts of questions. Amanda and Leo are going to have to unravel the threads of the past and present - and travel much further than they ever imagined - if they're going to save Grace. Luckily, a little birthday magic always helps in the charming and funny Willow Falls series by Wendy Mass, where everything is possible and there are no coincidences.

Many racial and ethnic groups in the United States, including blacks, Hispanics, Asians, American Indians, and others, have historically faced severe discrimination—pervasive and open denial of civil, social, political, educational, and economic opportunities. Today, large differences among racial and ethnic groups continue to exist in employment, income and wealth, housing, education, criminal justice, health, and other areas. While many factors may contribute to such differences, their size and extent suggest that various forms of discriminatory treatment persist in U.S. society and serve to undercut the achievement of equal opportunity. *Measuring Racial Discrimination* considers the definition of race and racial discrimination, reviews the existing techniques used to measure racial discrimination, and identifies new tools and areas for future research. The book conducts a thorough evaluation of current methodologies for a wide range of circumstances in which racial discrimination may occur, and makes recommendations on how to better assess the presence and effects of discrimination. A conceptual introduction and practical primer to the application of imagery and remote sensing data in GIS (geographic information systems).

Here is a book as joyous and painful, as mysterious and memorable, as childhood itself. *I Know Why the Caged Bird Sings* captures the longing of lonely children, the brute insult of bigotry, and the wonder of words that can make the world right. Maya

Angelou's debut memoir is a modern American classic beloved worldwide. Sent by their mother to live with their devout, self-sufficient grandmother in a small Southern town, Maya and her brother, Bailey, endure the ache of abandonment and the prejudice of the local "powhitetrash." At eight years old and back at her mother's side in St. Louis, Maya is attacked by a man many times her age—and has to live with the consequences for a lifetime. Years later, in San Francisco, Maya learns that love for herself, the kindness of others, her own strong spirit, and the ideas of great authors ("I met and fell in love with William Shakespeare") will allow her to be free instead of imprisoned. Poetic and powerful, *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read. "I Know Why the Caged Bird Sings liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder, such a luminous dignity."—James Baldwin From the Paperback edition.

The Newbery Medal and Coretta Scott King Award-winning classic about a boy who decides to hit the road to find his father—from Christopher Paul Curtis, author of *The Watsons Go To Birmingham*—1963, a Newbery and Coretta Scott King Honoree. It's 1936, in Flint Michigan. Times may be hard, and ten-year-old Bud may be a motherless boy on the run, but Bud's got a few things going for him: 1. He has his own suitcase full of special things. 2. He's the author of *Bud Caldwell's Rules and Things for Having a Funner Life and Making a Better Liar Out of Yourself*. 3. His momma never told him who his father was, but she left a clue: flyers advertising Herman E. Calloway and his famous band, the Dusky Devastators of the Depression!!!!!! Bud's got an idea that those flyers will lead him to his father. Once he decides to hit the road to find this mystery man, nothing can stop him—not hunger, not fear, not vampires, not even Herman E. Calloway himself. AN ALA BEST BOOK FOR YOUNG ADULTS AN ALA NOTABLE CHILDREN'S BOOK AN IRA CHILDREN'S BOOK AWARD WINNER NAMED TO 14 STATE AWARD LISTS "The book is a gem, of value to all ages, not just the young people to whom it is aimed." —The Christian Science Monitor "Will keep readers engrossed from first page to last." —Publishers Weekly, Starred "Curtis writes with a razor-sharp intelligence that grabs the reader by the heart and never lets go. . . . This highly recommended title [is] at the top of the list of books to be read again and again." —Voice of Youth Advocates, Starred From the Hardcover edition.

"The classic of modern science fiction"--Front cover.

A much-needed and delightful book. It shows how history can be taught with the meaningful experiences of each child at its centre, making connections between the child, the locality and community, the national and global past and concepts of time. Throughout the authors empower teachers to adopt their philosophy, by showing them how to plan, select resources and strategies and reflect on ideas and case studies. Hilary Cooper, Emeritus professor of history and pedagogy, The University of Cumbria, UK. *Bringing History Alive through Local People and Places* puts the local environment and community at the heart of history, showing how it can be used as the context for successful history teaching across the primary age range. It considers how to develop children's concepts and skills through local history, how to link local, national and global aspects of history, and helps you develop your own historical knowledge, understanding and confidence in teaching the subject. Practical topics explored include: Investigating children's cultural and geographical roots through fieldwork Finding and

visiting local museums, archives and heritage sights Choosing and using resources

Using significant people, events and buildings to link with national history

Environmental education and sustainable development through local history

Understanding the links between history and everyday life Planning and assessing

history. Based on the latest research and practice in the field, *Bringing History Alive through Local People and Places* offers an exciting template of creative ideas and activities to show teachers how they can make history relevant to all children.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

The story of one African-American family fighting to stay together and strong in the face of brutal racist attacks, illness, poverty, and betrayal in the Deep South of the 1930s.

Sethe, an escaped slave living in post-Civil War Ohio with her daughter and mother-in-law, is haunted persistently by the ghost of the dead baby girl whom she sacrificed, in a new edition of the Nobel Laureate's Pulitzer Prize-winning novel. First released in the Spring of 1999, *How People Learn* has been expanded to show how the theories and insights from the original book can translate into actions and practice, now making a real connection between classroom activities and learning behavior. This edition includes far-reaching suggestions for research that could increase the impact that classroom teaching has on actual learning. Like the original edition, this book offers exciting new research about the mind and the brain that provides answers to a number of compelling questions. When do infants begin to learn? How do experts learn and how is this different from non-experts? What can teachers and schools do—with curricula, classroom settings, and teaching methods—to help children learn most effectively? New evidence from many branches of science has significantly added to our understanding of what it means to know, from the neural processes that occur during learning to the influence of culture on what people see and absorb. *How People Learn* examines these findings and their implications for what we teach, how we teach it, and how we assess what our children learn. The book uses exemplary teaching to illustrate how approaches based on what we now know result in in-depth learning. This new knowledge calls into question concepts and practices firmly entrenched in our current education system. Topics include: How learning actually changes the physical structure of the brain. How existing knowledge affects what people notice and how they learn. What the thought processes of experts tell us about how to teach. The amazing learning potential of infants. The relationship of classroom learning and everyday settings of community and workplace. Learning needs and opportunities for teachers. A realistic look at the role of technology in education.

The first and most terrifying monster in English literature, from the great early epic *Beowulf*, tells his own side of the story in this frequently banned book. This classic and

much lauded retelling of Beowulf follows the monster Grendel as he learns about humans and fights the war at the center of the Anglo Saxon classic epic. This is the book William Gass called "one of the finest of our contemporary fictions."

Unlike dry history books, What Makes America Great? is written in a breezy, personal style. It makes history come alive with humanizing stories about the men and women who made America great. -Chapter 1 provides objective proof of America's greatness, using a lot of statistics. -Chapters 2 and 3 cover the early history of America and explain why we revolted. -Chapter 4 explains our victory over England in the American Revolution, a tremendous upset. Few Americans know how the colonists achieved this astounding feat. -Some modern "debunkers" like to say that our founding fathers acted out of selfishness rather than principle. Chapter 5 shows the idealism of our founders and details the sacrifices made by the signers of the Declaration of Independence. -Our founding fathers were faced with the exciting but daunting task of creating an entirely new kind of country. Well-educated men, they based the United States on principles developed by the world's greatest philosophers. Chapter 6 starts with Moses and goes through Locke and Voltaire. Each philosopher's ideas are related to American ideals. -The Declaration and the Constitution are the two greatest publications mankind has ever known. But they weren't created out of thin air. Chapter 7 discusses the precedents our forefathers studied before drafting these two great documents. -In Chapter 8, each American war is discussed in the light of whether it was just or unjust. -Chapter 9 covers the role of immigrants in shaping America. It shows the challenges, obstacles and contribution of each immigrant group. -No country is perfect, not even America. Chapter 10 discusses the five areas in which America has done wrong: Indians, slaves, women, prejudice, and education. -Chapter 11 is a glimpse into the future of America.

Fallen Angels by Walter Dean Myers is a young adult novel about seventeen-year-old Richie Perry, a Harlem teenager who volunteers for the Army when unable to afford college and is sent to fight in the Vietnam War. Perry and his platoon—Peewee, Lobel, Johnson, and Brunner—come face-to-face with the Vietcong, the harsh realities of war, and some dark truths about themselves. A thoughtful young man with a gift for writing and love of basketball, Perry learns to navigate among fellow soldiers under tremendous stress and struggles with his own fear as he sees things he'll never forget: the filling of body bags, the deaths of civilians and soldier friends, the effects of claymore mines, the fires of Napalm, and jungle diseases like Nam Rot. Available as an

e-book for the first time on the 25th anniversary of its publication, *Fallen Angels* has been called one of the best Vietnam War books ever and one of the great coming-of-age Vietnam War stories. Filled with unforgettable characters, not least Peewee Gates of Chicago who copes with war by relying on wisecracks and dark humor, *Fallen Angels* “reaches deep into the minds of soldiers” and makes “readers feel they are there, deep in the heart of war.” *Fallen Angels* has won numerous awards and honors, including the Coretta Scott King Award, an ALA Best Book for Young Adults, a Booklist Editors Choice, and a School Library Journal Best Book. *Fallen Angels* was #16 on the American Library Association’s list of the most frequently challenged books of 1990–2000 for its realistic depiction of war and those who fight in wars.

Looking down on the immigrant-filled neighborhood, a Romanian woman watches suspiciously. A school janitor gets involved, then a Guatemalan family. Then muscle-bound Curtis, trying to win back Lateesha. Pregnant Maricela. Amir from India. A sense of community sprouts and spreads. Newbery-winning author Paul Fleischman uses thirteen speakers to bring to life a community garden's founding and first year. The book's short length, diverse cast, and suitability for adults as well as children have led it to be used in countless one-book reads in schools and in cities across the country.

Seedfolks has been drawn upon to teach tolerance, read in ESL classes, promoted by urban gardeners, and performed in schools and on stages from South Africa to Broadway. The book's many tributaries—from the author's immigrant grandfather to his adoption of two brothers from Mexico—are detailed in his forthcoming memoir, *No Map, Great Trip: A Young Writer's Road to Page One*. It takes a graveyard to raise a child. Nobody Owens, known as Bod, is a normal boy. He would be completely normal if he didn't live in a graveyard, being raised by ghosts, with a guardian who belongs to neither the world of the living nor the dead. There are adventures in the graveyard for a boy—an ancient Indigo Man, a gateway to the abandoned city of ghouls, the strange and terrible Sleer. But if Bod leaves the graveyard, he will be in danger from the man Jack—who has already killed Bod's family.

Gogol is named after his father's favourite author. But growing up in an Indian family in suburban America, the boy starts to hate his name and itches to cast it off, along with the inherited values it represents. Gogol sets off on his own path only to discover that the search for identity depends on much more than a name.

1984 is George Orwell's terrifying vision of a totalitarian future in which everything and everyone is slave to a tyrannical regime lead by The Party. Winston Smith works for the Ministry of Truth in London, chief city of Airstrip One. Big Brother stares out from every poster, the Thought Police uncover every act of betrayal. When Winston finds love with Julia, he discovers that life does not have to be dull and deadening, and awakens to new possibilities. Despite the police helicopters that hover and circle overhead, Winston and Julia begin to question the Party; they are drawn towards conspiracy. Yet Big Brother will not tolerate dissent - even in the mind. For those with original thoughts they invented Room 101. . .

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

A Newbery Honor Winner A New York Times Bestseller This stunning fantasy inspired

by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver*. In the valley of Fruitless Mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved *Year of the Dog* and *Year of the Rat* returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

The classic story of one family torn apart by the Revolutionary War. All his life, Tim Meeker has looked up to his brother. Sam is smart and brave, and is now a part of the American Revolution. The multi-million bestselling novel about a young girl's journey towards healing and the transforming power of love, from the award-winning author of *The Invention of Wings* and *The Book of Longings* Set in South Carolina in 1964, *The Secret Life of Bees* tells the story of Lily Owens, whose life has been shaped around the blurred memory of the afternoon her mother was killed. When Lily's fierce-hearted black "stand-in mother," Rosaleen, insults three of the deepest racists in town, Lily decides to spring them both free. They escape to Tiburon, South Carolina--a town that holds the secret to her mother's past. Taken in by an eccentric trio of black beekeeping sister, Lily is introduced to their mesmerizing world of bees and honey, and the Black Madonna. This is a remarkable novel about divine female power, a story that women will share and pass on to their daughters for years to come.
