Do you know that just beneath your feet are deep wells of revival? Are you aware that you are standing on bottomless geysers and fountains of the anointing and mandates of our spiritual forefathers and mothers that are just waiting to be released afresh to you? God is calling us as instruments today to unstop the wells and reclaim the spiritual inheritance of our nation. This same God who visited America in the Great Awakening, the Azusa Street Revival, the Jesus Movement, the Charismatic Outpouring, and more, wants to again honor His eternal covenants with the men and women of faith who have gone before us. God is ready to loose revival fires and miracles to the spiritual descendants of people like Jonathan Edwards, Henrietta Mears, Aimee Semple McPherson, Charles Finney, William Seymour, and Frank Bartleman. But who will contend for the mantle they wore? Will you? As America stands on the brink of the judgement of God for her sins, revival is our most glorious hope. This book is a prophetic call from the heart of a pastor in Los Angeles who calls his city, his country, and you to renew covenant with God, reclaim our glorious roots, and believe for the greatest revival the world has ever known.

about worship in a book that was written for anyone seeking to experience the Lord in a deeper way. Does God's presence seem distant? Do you have a friend who has grown numb to the things of God? Have you given up on hearing God's voice in the way so many authors and preachers talk about? Are you ready to awaken your life to a vibrant, one-on-one relationship with the Father once and for all? This is your moment. Your hope is about to be restored as you consider these questions and more: Are we truly present in God's presence? Do we encounter songs, artists, and atmospheres without encountering God Himself? What do we do when we lose the emotion that often surrounds worshipping God? Why are so many of us tempted to put ministry for God above intimacy with God? Are we unintentionally worshipping the image of a false god when we cherry-pick easy-to-swallow scriptures about God's character? Can the good work of serving the poor and moving in the supernatural cause us to miss the one thing? Do we allow potential embarrassment to keep us from loving and worshipping God extravagantly? Shift your perspective on relationship with God from obligation to invitation and rediscover authentic worship that reaches from the secret place to the marketplace.

Most believers understand that worship is not a compartmentalized aspect of the Christian experience, but rather it is the motivation--the driving force--behind all that we do and are. We exist to worship God. For years we have been basking in God's love and worshipping Him with uplifted hands and hearts. Now we need to go deeper and see that God is also an awesome, mysterious being who should engender our silent, even dumbstruck, reverence for His holiness, His "otherness." Until we are undone by the knowledge of who God is in all His glory, we will only touch the edges of true worship. Matt Redman says, "When we face up to the glory of God, we find ourselves face down in worship." This book shows the biblical record of those who found

The extraordinary #1 New York Times bestseller about the ability of books to feed the soul even in the darkest of times. Nominated as one of America's best-loved novels by PBS's The Great American Read. When Death has a story to tell, you listen. It is 1939. Nazi Germany. The country is holding its breath. Death has never been busier, and will become busier still. Liesel Meminger is a foster girl living outside of Munich, who scratches out a meager existence for herself by stealing when she encounters something she can't resist—books. With the help of her accordion-playing foster father, she learns to read and shares her stolen books with her neighbors during bombing raids as well as with the Jewish man hidden in her basement. In superbly crafted writing that burns with intensity, award-winning author Markus Zusak, author of *I Am the Messenger*, has given us one of the most enduring stories of our time. “The kind of book that can be life-changing.” —The New York Times “Deserves a place on the same shelf with *The Diary of a Young Girl* by Anne Frank.” —USA Today **DON'T MISS BRIDGE OF CLAY, MARKUS ZUSAK'S FIRST NOVEL SINCE THE BOOK THIEF.** Sing! has grown from Keith and Kristyn Getty's passion for congregational singing; it's been formed by their traveling and playing and listening and discussing and learning and teaching all over the world. And in writing it, they have five key aims: • to discover why we sing and the overwhelming joy and holy privilege that comes with singing • to consider how singing impacts our hearts and minds and all of our lives • to cultivate a

culture of family singing in our daily home life • to equip our churches for wholeheartedly singing to the Lord and one another as an expression of unity • to inspire us to see congregational singing as a radical witness to the world They have also added a few “bonus tracks” at the end with some more practical suggestions for different groups who are more deeply involved with church singing. God intends for this compelling vision of His people singing—a people joyfully joining together in song with brothers and sisters around the world and around his heavenly throne—to include you. He wants you, he wants us, to sing.

Eusebius praises the pastoral fidelity of the primitive pastors, in their unwearied labours to protect their flocks from the heresies with which Satan contrived to endanger the souls of believers. By exhortations and admonitions, and then again by oral discussions and refutations, contending with the heretics themselves, they were prompt to ward off the devouring beasts from the fold of Christ. Such is the praise due to Theophilus, in his opinion; and he cites especially his lost work against Marcion as "of no mean character." He was one of the earliest commentators upon the Gospels, if not the first; and he seems to have been the earliest Christian historian of the Church of the Old Testament. His only remaining work, here presented, seems to have originated in an "oral discussion," such as Eusebius instances. But nobody seems to accord him due praise as the founder of the science of Biblical Chronology among Christians, save that his great successor in modern times, Abp. Usher, has not forgotten to pay him this

A unique and validating look at the tension you feel between disillusionment and a desire for truth, *Searching for Enough* helps you see your doubt not as an emotion to fear but as an invitation to be followed. Do you ever find yourself thinking, "I'm not enough, and I'm never going to be. And I know I'm not supposed to say this, but God's not enough for me either." Whether or not we attend church, deep down we wonder if the biblical story of faith is really enough for the complexity of the world in which we live. We fill our lives with other things, hoping that maybe the next experience or accomplishment will complete us. Yet with every goal we reach, we still feel discouraged and anxious. In *Searching for Enough*, Pastor Tyler Staton draws on ancient and modern insights to introduce us, as if for the first time, to Jesus' disciple Thomas: history's most notorious skeptic. Like Thomas, we are caught between two unsatisfying stories: We want to believe in God but can't reconcile his presence with our circumstances and internal struggles. But what if there's a better story than shame? What if there's redemption so complete that there's nothing left to hide? What if there is a God who can heal your resentments, fears, and loneliness in such a profound way that you feel whole? From a place of spiritual companionship and deep authenticity, Tyler shows us that it is not an empty tomb that will change our lives, but the presence of the living God. Whether you are a distant skeptic, an involved doubter, or a busy but bored Christian, *Searching for Enough* invites you to find enough in a God who offers

Does your life feel out of control? Do you feel that you are doing so many things that you are doing none of them well? Lisa Brenninkmeyer understands how it feels when life is stuck on the spin cycle. As a mother of seven, she knows we don't just need to be told what kind of women we should be. We need some help getting there. Drawing from her own experience of balancing marriage, motherhood, and work inside and outside the home, Lisa helps you uncover the key to living a busy life with inner calm. What's the secret? Identifying key priorities, and doing first what matters most. Once in awhile, things may seem as if they're under control, but we want to walk with purpose regardless of our circumstances. God wants us to daily experience the joy and contentment that comes from knowing we have given our all to what he considers most important. The abundant and purposeful life we were created to live is just around the corner.

A paradigm-shifting blend of science, religion, and philosophy for the agnostic, spiritual-but-not-religious, and scientifically minded reader Many people are fed up with the way traditional religion alienates them, perpetuates conflict, vilifies science, and undermines reason. Nancy Abrams—a philosopher of science, lawyer, and lifelong atheist—is among them, but she has also found freedom in

imagining a higher power. In *A God That Could Be Real*, Abrams explores a radically new way of thinking about God. She dismantles several common assumptions about God and shows why an omniscient, omnipotent God that created the universe and plans what happens is incompatible with science—but that this doesn't preclude a God that can comfort and empower us. Moving away from traditional arguments for God, Abrams finds something worthy of the name "God" in the new science of emergence: just as a complex ant hill emerges from the collective behavior of individually clueless ants, and just as the global economy emerges from the interactions of billions of individuals' choices, God, she argues, is an "emergent phenomenon" that arises from the staggering complexity of humanity's collective aspirations and is in dialogue with every individual. This God did not create the universe—it created the meaning of the universe. It's not universal—it's planetary. It can't change the world, but it helps us change the world. A God that could be real, Abrams shows us, is what humanity needs to inspire us to collectively cooperate to protect our warming planet and create a long-term civilization.

Worship is a priceless gift. Unfortunately for many, this gift remains unopened and unused because of a lack of understanding. In truth, worship is not christianized entertainment, a religious ritual, or zealous demonstration. The biblical picture of worship is an intimate encounter with the infinite God that spreads into every part of your daily life. Even as the sound of modern worship has grown louder, the heartbeat of true worship has grown faint. This is a call for those whose hearts burn to see it revived— who burn with reformation's fire. Who long to see the purity of worship restored and the Lord's house of prayer once again reflect the fullness of His glory and the wonders of His heart. The Reset is not simply a book on worship, it's an appeal to the broader worshipping community to once again re-order their lives and practices in accordance with the sacred and priestly calling they were given and zealously return to the heart of worship.

Where is the life God promised us? Life is busy. We live like slaves to our fast-paced, suffocating schedules. We spend our energy and time in triviality, relegating God to the background. He seems distant to us, and we resist the idea that God wants to give, say, and show us more; we dismiss it as rumor. But Jesus calls us to a better way. Another dream- an unimagined future. The irony: two upstart Aussies from tiny towns half a world away wind up leading high impact churches in two of the most significant cities in North America. Only God. Darren Whitehead and Jon Tyson are deep thinking Christ followers with a bias for action in the world. A rare combination these days. They are both leaders and communicators, visionaries and "get stuff done for God" guys. Extremely rare. I have had the privilege of working closely with Darren at Willow Creek Community Church for over 7 years. He is thoughtful, relationally intelligent and one of the hardest working young leaders I know. In Rumors of God, Darren and Jon have some how succeeded in slipping 3D glasses over our eyes. The results are that passages from scripture come alive in ways that will impact readers for a long time. I salute the efforts of these young mates and pray that readers will be as stretched in their minds and hearts as I have been. The Unquenchable Worshipper issues a passionate call for a return to an unadulterated, first-love lifestyle of worship. Rage is an unprecedented and intimate tour de force of new reporting on the Trump presidency facing a global pandemic, economic disaster and racial unrest. Woodward, the #1 international bestselling author of *Fear: Trump in the White House*, has uncovered the precise moment the president was warned that the Covid-19 epidemic would be the biggest national security threat to his presidency. In dramatic detail, Woodward takes readers into the Oval Office as Trump's head pops up when he is told in January 2020 that the pandemic could reach the scale of the 1918 Spanish Flu that killed 675,000 Americans. In 17 on-the-record interviews with Woodward over seven volatile months—an utterly vivid window into Trump's mind—the president provides a self-portrait that is part denial and part combative interchange mixed with surprising moments of doubt as he glimpses the perils in the presidency and what he calls the “dynamite behind every door.” At key decision points, *Rage* shows how Trump's responses to the crises of 2020 were rooted in the instincts, habits and style he developed during his first three years as president. Revisiting the earliest days of the Trump presidency, *Rage* reveals how Secretary of Defense James Mattis, Secretary of State Rex Tillerson and Director of National Intelligence Dan Coats struggled to keep the country safe as the president dismantled any semblance of collegial national security decision making. *Rage* draws from hundreds of hours of interviews with firsthand witnesses as well as participants' notes, emails, diaries, calendars and confidential documents. Woodward obtained 25 never-seen personal

letters exchanged between Trump and North Korean leader Kim Jong Un, who describes the bond between the two leaders as out of a “fantasy film.” Trump insists to Woodward he will triumph over Covid-19 and the economic calamity. “Don’t worry about it, Bob. Okay?” Trump told the author in July. “Don’t worry about it. We’ll get to do another book. You’ll find I was right.”

Why do you lead worship? Often the motives are mixed. You find yourself wanting to point people to Jesus but also feeling a desire to be noticed and praised, to make yourself the center of attention. Stephen Miller is the worship pastor for a large church of young, energetic Christians. He and his band record albums and lead worship for conferences all over the country. He knows the temptation to make himself the show, to pursue fame, to seek the applause of other people. And he has learned to want nothing to do with it. In this book, Miller exhorts his fellow worship leaders to make Jesus the center of all their efforts. He teaches how to do this with Scripture, teaching, prayer, story, and song. In all, Miller’s call for worship leaders is to lead worship, whole-hearted and whole-minded exalting of God, rather than making a spectacle out of it. *Worship Leaders, We’re Not Rock Stars* will encourage and challenge worship leaders by clarifying their purpose and identity, and by doing so will bless those they lead.

In the last few years, 9/11, a tsunami, Hurricane Katrina, and many other tragedies have shown us that the vision of God in today's churches in relation to evil and suffering is often frivolous. Against the overwhelming weight and seriousness of the Bible, many Christians are choosing to become more shallow, more entertainment-oriented, and therefore irrelevant in the face of massive suffering. In *Suffering and the Sovereignty of God*, contributors John Piper, Joni Eareckson Tada, Steve Saint, Carl Ellis, David Powlison, Dustin Shramek, and Mark Talbot explore the many categories of God's sovereignty as evidenced in his Word. They urge readers to look to Christ, even in suffering, to find the greatest confidence, deepest comfort, and sweetest fellowship they have ever known.

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.
