

## Hombres

Esta obra es un experimento de mezcla de novela e historia. Su inicio es la vida y enseñanzas del evangelista Santo Tomás hasta que murió mártir en lo que hoy es la ciudad de India Madrás. En un salto de dos milenios se pasa a la novela histórica que se detiene en la actualidad del mundo, de la mano de un rico aventurero indio, Harsha y un periodista italiano, Giuseppe. Con los dos recorreremos lo que está pasando en los países pioneros del momento actual, haciendo ver los riesgos con que se enfrenta la Humanidad. A continuación se pone la fotografía y la vida y libros del autor, Enrique Larroque, sin olvidar sumar a la relación de libros el publicado con el título “El año de la oscuridad” en el año 2009 por X-LIBRIS.

“Although known for his mysteries, Elmore Leonard has penned some of the best western fiction ever.” —USA Today Grand Master Elmore Leonard is justifiably acknowledged as one of the very best crime fiction writers ever, alongside other all-time greats like John D. MacDonald, Dashiell Hammett, James M. Cain, and Robert Parker. But he has also many acclaimed masterworks of American western fiction to his credit—including *Hombre*, the basis for the classic Hollywood motion picture starring Paul Newman. Set in Arizona mining country, *Hombre* is the tale of a white man raised by Indians, who must come to the aid of people who hate him when their stagecoach is attacked by outlaws. As thrilling as his contemporary novels of crime, double-cross, and murder in Detroit and Miami,

Hombre is Elmore Leonard at his riveting best—no less than one would expect from the creator of U.S. Marshal Raylan Givens (Justified).

Sergey Bodelo presenta una poesia fresca, atrevida, un tanto guarra para el gusto de los lectores. En ella plasma las metáforas eróticas del deseo homosexual a través del cuerpo y la mirada."

This book examines four conspiracy narratives from Mexico that push the boundaries of conspiracy research in a new direction. They include narratives about Lee Harvey Oswald's visit to Mexico City, shortly before he apparently assassinated JFK, and street gangs across borders and how some of our worst fears are projected into them. Mexico is a fertile terrain for conspiracy theories due to its complex social environment and its proximity to the United States, which not only made it a strategic platform during the Cold War but also today's land of bad hombres that according to Donald Trump should be fended off with a wall. Conspiracy theories are always narrative in nature, telling us about the state of the world and the actors behind such states of affairs. This narrativity tends to be so enthralling that they have increasingly become the substance of entertainment and even politics. This volume analyses Mexican conspiracy narratives, explaining how they produce meaning in a variety of different social and political contexts. This book will be of interest to researchers of conspiracy theories, crime and its representations, Mexican politics and society, and US-Latin American relations.

Nadie puede imaginar hasta qué punto los tiempos convulsos son capaces de convertirnos en quienes ni siquiera imaginamos que podríamos llegar a ser. *Hombres desnudos* es una novela sobre el presente que estamos viviendo, donde hombres treintañeros pierden su trabajo y pueden acabar haciendo estriptis en un club, y donde cada vez más mujeres priman su carrera profesional sobre cualquier compromiso sentimental o familiar. En esta historia, esos hombres y esas mujeres entran en contacto y en colisión, y lo harán con unas consecuencias imprevisibles. Sexo, amistad, inocencia y maldad en una combinación tan armónica como desasosegante.

Although patriarchy, machismo, and excessive masculine displays are assumed to be prevalent among Latinos in general and Mexicans in particular, little is known about Latino men or macho masculinity. *Hombres y Machos: Masculinity and Latino Culture* fills an important void by providing an integrated view of Latino men, masculinity, and fatherhood?in the process refuting many common myths and misconceptions. Examining how Latino men view themselves, Alfredo Mirandrgues that prevailing conceptions of men, masculinity, and gender are inadequate because they are based not on universal norms but on limited and culturally specific conceptions. Findings are presented from in-depth personal interviews with Latino men (specifically, fathers with at least one child between the ages of four and eighteen living at home) from four geographical regions and from a broad cross-section of the Latino population: working and middle class, foreign-born and native-born. Topics range from views on machos and machismo to beliefs regarding

masculinity and fatherhood. In addition to reporting research findings and placing them within a historical context, Mirand draws important insights from his own life. *Hombres y Machos* calls for the development of Chicano/Latino men's studies and will be a significant and provocative addition to the growing literature on gender, masculinity, and race. It will appeal to the general reader and is bound to be an important supplementary text for courses in ethnic studies, women's studies, men's studies, family studies, sociology, psychology, social work, and law.

How do you find your original self? Osho perceives man as becoming increasingly alienated from his inner self, gradually losing his natural innocence and creativity in the mindless quest for worldly power and success. To appear strong, the average man suppresses his innate qualities of love and compassion. For Osho, the ideal man is Zorba, the Buddha—a perfect blend of matter and soul. This seamless collection of discourses takes the reader through the various stages of man's evolution: from Adam to Slave, Son, Homosexual, Priest and

Politician, until he attains the pinnacle of his consciousness as the Rebel or Zorba. Sparkling with anecdotes and enriched with brilliant repartee, *The Book of Man* is a remarkable blend of wisdom and wit.

La principal hormona en el deseo sexual es la testosterona. En el cuerpo de los hombres, la testosterona es más que en el cuerpo de las mujeres, casi 20 veces. Por lo tanto, los hombres son peludos, altos y se ven sexys. Dado que el cuerpo femenino tiene mucha oxitocina, se convierte en una explicación que las mujeres tienden a enamorarse más que los hombres...
