The ebook of the stunning new novel from the bestselling author of SHIVER, LINGER AND FOREVER. Stay alive, stay astride, stay out of the water... Every November, the Scorpio Races are run beneath the chalk cliffs of Skarmouth. Thousands gather to watch the horses and the sea that washes the blood from the sand. The mounts are capaill uisce: savage water horses. There are no horses more beautiful, more fearless, more deadly. To race them can be suicide but the danger is irresistible. Sean Kendrick knows the dangers of the capaill uisce. With one foot in the ocean and one on land, he is the only man on the island capable of taming the beasts. He races to prove something both to himself and to the horses. Puck Connolly enters the races to save her family. But the horse she rides is an ordinary little mare, just as Puck is an ordinary girl. When Sean sees Puck on the beach he doesn't think she belongs. He doesn't realize his fate will become entwined in hers. They both enter the Races hoping to change their lives. But first they'll have to survive.

"This is is a compilation of vintage occult detective stories"--

The audacious and inspired history of horse racing told through the bloodline of twenty-five exceptional Arabian steeds. In 1704 a bankrupt English merchant sent home the colt he had bought from Bedouin tribesmen near the ruins of Palmyra. Thomas Darley hoped this horse might be the ticket to a new life back in Yorkshire. But he turned out to be far more than that, and although Mr. Darley's Arabian never ran a race, 95% of all thoroughbreds in the world today are descended from him. In this book, for the first time, award-winning racing writer Christopher McGrath traces this extraordinary bloodline through twenty-five generations to our greatest modern racehorse, Frankel. The story of racing is about man's relationship with horses, and Mr. Darley's Arabian also celebrates the men and women who owned, trained and traded the stallions that extended the dynasty. The great Eclipse, for instance, was bred by the Duke who foiled Bonnie Prince Charlie's invasion (with militia gathered from Wakefield races) and went on to lead the Jockey Club. But he only became a success once bought and raced by a card-sharp and brothel-keeper - the racecourse has always brought high and low life together. McGrath expertly guides us through three centuries of scandals, adventures and fortunes won and lost: our sporting life offers a fascinating view into our history. With a canvas that extends from the diamond mines of South Africa to the trenches of the Great War, and a cast ranging from Smithfield meat salesmen to the inspiration for Mr Toad, and from legendary jockeys to not one, but two disreputable Princes of Wales (and a very unamused Queen Victoria), Mr. Darley's Arabian shows us the many faces of the sport of kings.

Hailed as one of the greatest novels of all time, Tolstoy's epic unfolds during the Napoleonic invasion of Russia and encompasses episodes of romance and historical scope as well as insightful social observation.

Bo Derek vaulted into the national spotlight in 1979 as the perfect fantasy woman in 10, Blake Edwards's sophisticated film comedy. Her otherworldly beauty and voluptuous figure captivated men everywhere, while her cornrow hairstyle launched a fashion trend among women. Bo has always remained intensely private about her personal life, especially with regards to her May-December marriage to director John Derek, creating an intriguing sense of

mystery that has led to much speculation. Here, for the first time, she reveals the truth about the woman behind the glossy image. Born Mary Cathleen Collins and known as Cathy, she grew up in southern California, the horse-crazy oldest daughter of four. Her father, a public relations executive for the boat manufacturer Hobie Cat, and her mother, a hairstylist and makeup artist for a number of Hollywood figures, separated permanently while Bo was in her teens. During this time her mother was working for Ann-Margret, and it was backstage at one of the entertainer's Las Vegas shows that a theatrical agent approached Bo about pursuing a movie career. At one of her very first auditions the sixteen-year-old Bo met John Derek, a man thirty years her senior, with whom she would spend the next twenty-five years of her life. Theirs was a love affair of epic proportions, but it was one that was widely misunderstood by the press and public alike. John was dubbed a Svengali, and his influence over the young Bo was thought to be limitless. With great candor and an endearing humor, Bo comes clean on a relationship that has long intrigued provided fodder for American gossip mills, and the result is an account that is far from what we may have imagined. Bo lays bare the intimate moments and madcap adventures that she and John shared, revealing in the process that she has never, even for a moment, relinquished control of her own destiny. Given her unusual story, her only-in-Hollywood childhood, her friendships with Ursula Andress and Linda Evans (both of John's ex-wives), her time spent living in a trailer home, her rumored relationship with Ted Turner, and her exhaustive work for the Republican Party, it often seems as if Bo has lived nine lives rather than just one. Whether spurning Life magazine or passing on the opportunity to work with legendary filmmaker Dino De Laurentiis, Bo has gone with her gut regardless of the consequences. And that's only fitting for the woman who has chosen to live life with no safety nets--and no regrets. But as Bo makes clear in *Riding Lessons*, it is her passion for John and her love of all things equine that have been the constants in her life. Sharing her hard-won lessons on life and love, she draws on her intuitive understanding of horses to offer surprising insights into the dynamics of intimate relationships. In this compelling memoir, Bo Derek writes openly of her growing self-awareness and of the coping strategies she has learned, whether faced with sudden stardom, the crazy and competitive world of moviemaking, or the death of her beloved husband. With *Riding Lessons*, she transcends her legendary physical beauty to reveal an inner wisdom certain to enlighten and enthrall readers of all ages.

The heartwarming true story of a woman and the horse who changed her life. Jana Harris had always dreamed of having a horse farm, and she knew the horse on whom she could build her dreams the moment she saw her on a ranch in the Eastern Mountains of Washington State, where a herd had been corralled to be sold: a beautiful, deep dark red-colored mare standing about sixteen hands, with a white star on her pretty head. Something about the way this mare guarded her handsome foal spoke to Harris. The mare was named True Colors. When True Colors was delivered to Harris's ranch three months later, however, she was unrecognizable: head-shy from the infected sores on her face, and lungs damaged by pneumonia, she sensed demons hiding in everything from the scent of fabric softener on clothes to a gate in a fence. This injured, traumatized horse existed between two worlds—wild and domesticated—and belonged to neither. Remarkably, the other horses fell in love with her on sight. And true to her name, True Colors would never pretend to be something she was not; with her wise, intuitive nature, she would end up changing the lives of everyone she encountered. This is the story of True Colors and how, with her quiet wisdom, she became the heart of the range and farm. There is a famous horseman's saying: A horse never lies about its pain. But maybe we should also consider: A horse never lies about love.

The New York Times bestselling author of *Chosen by a Horse* explains how caring for an animal taught her to care for herself. One day, at the age of thirty-one, Susan Richards realized that she was an alcoholic. She wrote it down in her journal, struck by the fact that it had taken nine years of waking up hung-over to name her illness. What had changed? Susan had a new horse, a spirited Morgan named Georgia, and, as she says: "It had something to do with Georgia. It had something to do with making a commitment as enormous as caring for a horse that might live as my companion for the next forty years. It had something to do with love." Every day begins with a morning ride. Every day Susan lives a little more and thinks about her mistakes a little less. Every day she learns a little more from Georgia, the kind of horse who doesn't go in for indecision, who doesn't apologize for her opinions, and who isn't afraid to be herself. In Georgia, Susan finds something to draw her back to herself, but also something to keep her steady and focused, to teach her about stepping carefully in unknown territory, to help her learn again about balance. This is a memoir about the power of animals to carry us through the toughest times of our lives—about the importance of constancy, the beauty of quiet, steadfast love, the way loving a good (and sometimes bad!) animal can keep you going. It's a wonderful story for Susan's (and Georgia's) fans, and for anyone who has ever loved an animal enough to keep on living.

NAKED LIBERTY is a captivating memoir of Carolyn Resnick's detailed account of how she gained a magnetic connection with horses. Carolyn reveals her struggle to be accepted into a herd of wild horses, beginning at the bottom of the pecking order, working to gain higher rank and ultimately riding on the back of a lead mare from a bonded trust. This book goes beyond "horse whispering" and will inspire readers to seek a higher level of communication with their horses. "I learned that dominant horses must fight for their position and lead horses do not. From these waterhole rituals I discovered the secret society of wild horses, and that the spirit of the bond has its own language," says Carolyn.

There is little in this world that a family cannot endure, if endure they must. For we all have it within us to lose everything, absolutely everything, and still find strength in the most simple, beautiful things. Pat and Mandy Retzlaff lived a hard but satisfying farming life in Zimbabwe. Working all hours of the day on their sprawling ranch and raising three boisterous children, they savored the beauty of the veld and the diverse wildlife that grazed the meadows outside their dining room window. After their children, the couple's true pride and joy were their horses. But in early 2001, the Retzlaffs' lives were thrown into turmoil when armed members of President Robert Mugabe's War Veterans' Association began invading the farmlands owned by white Zimbabweans and violently reclaiming the land. Under the threat of death, the family was forced to flee, leaving behind a lifetime's possessions and becoming exiles in the only country they had ever called home. As other families across the country fled, they left behind not only their homes but dozens of horses. Devoted animal lovers, Pat and Mandy—now essentially homeless themselves—vowed to save these horses: Shere Khan, the queen of the herd; Tequila, the escape artist forever breaking free and trying to walk back to his original home; Grey, the silver gelding and leader; Princess, the temperamental mare; and the numerous others they rescued along the way. One Hundred and Four Horses is a love story and an epic tale of survival and unbreakable bonds—those that hold us to land and family, but also those between man and the most majestic of animals, the horse.

The antidote to navigating turbulent times isn't more rules. It is timeless virtue that creates sustainable value. Thoughtful leaders are keenly aware of the enormous challenge they face to drive high performance in a world that continues to ratchet up pressure and uncertainty. Some leaders respond by getting tough and establishing

strict rules. They get people in line, but they don't inspire excellence. Wise leaders, on the other hand, help their people practice character to navigate their way through the turbulence—without lowering performance expectations. As a result, their people are more reliable under pressure. Exception to the Rule links ancient wisdom with contemporary science on high performance, teamwork, and engagement. Building an organizational culture based on classical virtues—of trust, compassion, courage, justice, wisdom, temperance and hope—is both strategically smart and a better way to live. Exception to the Rule walks you through the steps of helping everyone in your organization focus on character defined by virtue. The word virtue means excellence, which is why each one is essential to help people perform at a high level despite uncertainty and pressure. Under character-based leadership, teams work better together, creativity flourishes and engagement increases. The most powerful idea of Exception to the Rule is this: character defined by virtue is not based on birthright; it can be learned and practiced. Everyone can develop habits to become better than they were. While character cannot be legislated, character can be cultivated. As virtue proves its value, the culture you have can evolve into the culture you need.

A "superb" account of the enduring connection between humans and horses—"Full of the sort of details that get edited out of more traditional histories" (*The Economist*). Fifty-six million years ago, the earliest equid walked the earth—and beginning with the first-known horse-keepers of the Copper Age, the horse has played an integral part in human history. It has sustained us as a source of food, an industrial and agricultural machine, a comrade in arms, a symbol of wealth, power, and the wild. Combining fascinating anthropological detail and incisive personal anecdote, equestrian expert Susanna Forrest draws from an immense range of archival documents as well as literature and art to illustrate how our evolution has coincided with that of horses. In paintings and poems (such as Byron's famous "Mazeppa"), in theater and classical music (including works by Liszt and Tchaikovsky), representations of the horse have changed over centuries, portraying the crucial impact that we've had on each other. Forrest combines this history with her own experience in the field, and travels the world to offer a comprehensive look at the horse in our lives today: from Mongolia where she observes the endangered takhi, to a show-horse performance at the Palace of Versailles; from a polo club in Beijing to Arlington, Virginia, where veterans with PTSD

are rehabilitated through interaction with horses. “For the horse-addicted, a book can get no better than this . . . original, cerebral and from the heart.” —The Times (London)
