Have Anything You Really Really Want! is a thought-provoking study about the power of positive thinking and the Christian faith. It follows the authors own personal journey of faith and discovery as he details how his Christian faith unleashed a positive power in the attainment of personal, even material goals (including the acquisition of university degrees and a Rolls Royce!), but more significantly in the realisation of far-reaching goals: the discovery of his wife and ultimately the transition from university professor in South Africa to successful hotel-owner in Scotland. An important lesson in the experience of mid-life change is seen in the close dependence on Gods love and boundless supply for all needs, material and spiritual. From establishing an objective, working out a strategy, and using faith and initiative, this detailed thesis explores the essential principles for personal success and achievement and guides the reader step-by-step through the practical process of attaining his or her goals. In the final analysis, however, it asks whether it is the individual, or the invisible hand of Providence, which engineers the success even to the extent of changing ones original goals, and changing oneself in the process.

Debt, uncontrolled, can be devastating to ones life. A thriving business whose debt has gone unchecked, can find itself suddenly facing chapter 13 or closing it's doors. Statistics show that a once happy and fulfilling marriage can grow cold and eventually end in divorce when debt is not handled properly. I have heard of people who have committed suicide because they had gotten so far into debt, that they felt death was the only way out. Some handle debt better than others. The reasons can be complex. I have tried in this book to make the ridding of debt from your life simple and clear. I take a focused look at the psychological root cause of why one falls back into debt despite great efforts to get out. This gives merit to the age old saying: "The rich gets richer, and the poor gets poorer." We examine the bible scripture that corrects this dilemma where it instructs us to renew our minds. The precise meaning is to renew our mindset. See Ephesians 4 verse 23. I found the term: Debt free too vague for my use. I had fifteen credit cards, at the max, and a mortgage about to fall behind. I found out that by saying out loud what I wanted to happen yielded results. Saying that my J.C. Penny card was paid off was something I could see and do. Saying: "My home is paid for" was something I could see and get motivated to do. By doing this with all fifteen credit cards and my house, I did obtain debt freedom. Treat your goal of (Paid for) like a puzzle. See the big picture , but focus on putting it together piece by piece.

Two top business professors offer up the only negotiation book you'll ever need Do you know what you want? How can you make sure you get it? Or rather, how can you convince others to give it to you? Almost every interaction involves negotiation, yet we often miss the cues that would allow us to make the most of these exchanges. In *Getting (More of) What You Want*, Margaret Neale and Thomas Lys draw on the latest advances in psychology and behavioral economics to provide new strategies for negotiation that take into account people's irrational biases as well as their rational behaviors. Whether you're shopping for a car, lobbying for a raise, or simply haggling over who takes out the trash, *Getting (More of) What You Want* shows how negotiations regularly leave significant value on the table-and how you can claim it. Variety of handicraft projects made from discarded household items and scrap materials. A six-step plan for driving a wedge between the competition and the customer For sales people, convincing a potential customer to choose them over the competition is no easy task, and especially when the competition already has the account. Finally, *How to Get Your Competition Fired* shows readers a proven system for breaking the relationship between the competition and the customer. Randy Schwantz's method, *The Wedge(r)*, includes a six-step plan that drives a "wedge" between the competition and the customer. He shows how to reveal the competition's shortcomings without seeming to, letting prospects decide independently to dump their current provider, exclude other competitors and, finally, switch to the salesperson's product or service. Offering real tactics, not just theory, this is the only sales strategy that really works to break the relationship between customers and the competition and bring in more business, faster than ever. Randy Schwantz (Dallas, TX) is a leading authority and expert on the sales process. A highly successful sales professional, he is a nationally respected sales trainer, author, sales coach, consultant, and public speaker. Randy is President and CEO of The Wedge Group, whose clients include Fortune 500 companies as well as small businesses. CO-PUBLISHED BY ROUTLEDGE AND THE NATIONAL COUNCIL OF TEACHERS OF ENGLISH *Grammar to Get Things Done* offers a fresh lens on grammar and grammar instruction, designed for middle and secondary pre-service and in-service English teachers. It shows how form, function, and use can help teachers move away from decontextualized grammar instruction (such as worksheets and exercises emphasizing rule-following and memorizing conventional definitions) and begin considering grammar in applied contexts of everyday use. Modules (organized by units) succinctly explain common grammatical concepts. These modules help English teachers gain confidence in their own understanding while positioning grammar instruction as an opportunity to discuss, analyze, and produce language for real purposes in the world. An important feature of the text is attention to both the history of and current attitudes about grammar through a sociocultural lens, with ideas for teachers to bring discussions of language-as-power into their own classrooms.
