#1 New York Times bestselling author Sherryl Woods returns readers to the beloved Southern town of Trinity Harbor with a story of second chances and finding love in unexpected places How could the sensible daughter of Trinity Harbor's self-proclaimed patriarch have taken in the boy caught hot-wiring her car? Whether the boy is a modern-day Huck Finn or not, Trinity Harbor is in an uproar. But for Daisy Spencer, guiding the orphaned ten-year-old is easy, an escape from her own tragic past. She can ignore the town's nay-saying. The only real obstacle is...that man. That man is the boy's uncle, Walker Ames, a tough DC cop who sees his unexpected nephew as his last chance at redemption. Soon he's commuting to the charming fishbowl of a town, where everyone assumes he's seduced Daisy—their best Sunday-school teacher! But to Walker, Daisy is a disconcerting mix of charming innocence and smart-mouthed excitement in a town that's not as sleepy as it looks.

Someone has broken into the Imogene Museum. Curator Meredith Morehouse finds an empty ornate frame, the still-life painting hurriedly sheared from its moorings, and calls in Sheriff Marge Stettler as she scrambles to identify the burglar. Not because his taste in art is questionable but because the thief's intimate knowledge of the museum and its collections indicates much more is at stake. Is the thief a friend or stranger? It doesn't help that the population of Platts Landing, Washington, has just blossomed with the influx of Hollywood movie-types roaming the countryside in search of the perfect setting for their next documentary. Nor that Meredith's boyfriend, Pete, has just spotted his ex-girlfriend among the production crew. Can Meredith protect Sockeye County's iconic cultural institution and her beloved employer, Rupert Hagg, from the thief's sinister intent?

October 2008, New York City: A dead man, sprawled in a pool of blood, is found in the penthouse suite of an opulent midtown Manhattan hotel. Who is he? Was he murdered or was it suicide, and would it make yet another headline about the financial meltdown rocking Wall Street? Chip Smith, veteran investment banker at Smyth Johnston, was looking forward to a comfortable

retirement until he found himself an unwilling player in a changing Wall Street scene. When the grisly hotel death investigation lands on Smyth Johnston's trading floor, insights into this new culture-behavior, business practices, shadow banking, lifestyle-all come into play.

Exploring the fate of the ideal of the English gentleman once the empire he was meant to embody declined, Praseeda Gopinath argues that the stylization of English masculinity became the central theme, focus, and conceit for many literary texts that represented the "condition of Britain" in the 1930s and the immediate postwar era. From the early writings of George Orwell and Evelyn Waugh to works by poets and novelists such as Philip Larkin, Ian Fleming, Barbara Pym, and A. S. Byatt, the author shows how Englishmen trafficking in the images of self-restraint, governance, decency, and detachment in the absence of a structuring imperial ethos became what the poet Larkin called "scarecrows of chivalry." Gopinath's study of this masculine ideal under duress reveals the ways in which issues of race, class, and sexuality constructed a gendered narrative of the nation.

Winning the lottery: \$70 million Mending family relationships: Priceless When James Bay journalist Lucy Carter wins the lottery, good fortune seems guaranteed. But even \$70 million in cold hard cash can't help Lucy when it comes to dealing with some cold hard facts. No amount of money will buy back Grandma's mind nor buy Lucy a reprieve from a strained mother/daughter relationship. After a twenty year absence, Lila's suddenly back in town. Lila says she's moved to James Bay to keep an eye out for her daughter Lucy... or is it Lucy's money that Lila has her eye on instead? When an auto accident forces mother and daughter together to live under one roof, even a luxurious 4,000 square foot condo seems like a tiny bungalow, and Lucy suddenly has her hands full with a whole new set of problems she never expected.

In *Waves of Decolonization*, David Luis-Brown reveals how between the 1880s and the 1930s, writer-activists in Cuba, Mexico, and the United States developed narratives and theories of decolonization, of full freedom and equality in the shadow of empire. They did so decades before the decolonization of Africa and Asia in the mid-twentieth century. Analyzing the work of nationalist leaders, novelists, and social scientists, including W. E. B. Du Bois, José Martí, Claude McKay, Luis-Brown brings together an array of thinkers who linked local struggles against racial oppression and imperialism to similar struggles in other nations. With discourses and practices of hemispheric citizenship, writers in the Americas broadened conventional conceptions of rights to redress their loss under the expanding United States empire. In focusing on the transnational production of the national in the wake of U.S. imperialism, Luis-Brown emphasizes the need for expanding the linguistic and national boundaries of U.S. American culture and history. Luis-Brown traces unfolding narratives of decolonization across a broad range of texts. He explores how Martí and Du Bois, known as the founders of Cuban and black nationalisms, came to develop anticolonial discourses that cut across racial and national divides. He illuminates how cross-fertilizations among the Harlem Renaissance, Mexican indigenismo, and Cuban negrismo in the 1920s contributed to broader efforts to keep pace with transformations unleashed by ongoing conflicts over imperialism, and he considers how those transformations were explored in novels by McKay of Jamaica, Jesús Masdeu of Cuba, and Miguel Ángel Menéndez of Mexico. Focusing on ethnography's uneven contributions to decolonization, he investigates how Manuel Gamio, a Mexican anthropologist, and Zora Neale Hurston each adapted metropolitan social science for use by writers from the racialized periphery.

Cindy and Clint are enjoying their honeymoon when paradise quickly turns into hell. Clint drowns in a freak accident in the ocean. The local police are quick to insist that he was caught in a sudden riptide. But Cindy, left all alone, is not convinced. She realizes that the only way to get answers, and to save her own life, is to return to where it all began: Barbados.

Life can be cruel. People can be ruthless and evil. The world can be cold and uninviting. No one knows these things better than Josephine Geroux. By her own definition, she is a twenty-five year old "nobody with nothing," and she is content to stay that way. Growing up an orphan has made her tough and indifferent to the people around her until she meets a strangely familiar man with a face that haunts her for reasons she can't understand. Despite the pain that will inevitably ensue, she makes it her mission to discover what parts of her tragic puzzle she is missing. On her journey to discovering why she feels an alarming connection to an absolute stranger, her greatest fear is reawakening the demons and darkness from the past that will surely overtake her if she lets her guard down. Little does Josephine know that the past should be the least of her worries. She is toying with a man who has already broken her heart once. She just doesn't realize it. Although she makes it a point to avoid interactions with others, Josephine's life becomes entangled with the enigmatic stranger. Before she realizes it, she has given herself over to the one person who is close enough to wreck her.

"My heart wandered through the world constantly seeking after my cure, but the sweet and delicious water of life had to break through the granite of my heart." When the words of Rumi enter your heart, something softens, breaks, and is subtly reborn. That he wrote the words seven hundred years ago in a medieval Persian world that bears little resemblance to ours makes their uncanny resonance to us today just that much more remarkable. Here is a treasury of daily wisdom from this most beloved of all the Sufi masters—both his prose and his ecstatic poetry—that you can use to start every day for a year, or that you can dip into for inspiration any time you need to break through the granite of your heart.

What makes you passionate about working with SQL Server? What lessons have you learned, perhaps the hard way, on how to get the best performance and scalability out of your SQL Server databases? We challenged a group of talented, up-and-coming 'new voices' in SQL Server to share their passion and knowledge with the Community. A DBA's core responsibilities are constant. A DBA must maintain and enforce security mechanisms on the data, prepare effectively for disaster recovery, ensure the performance and availability of all the databases in their

care. As such, we have chapters providing tips on how to get the most out of features such as data compression, backup verification, performance tuning with traces and extended events, auditing, SSIS, and more. Side by side with these, we have chapters on the importance to a DBA of communicating clearly with their co-workers and business leaders, presenting data as useful information that the business can use to make decisions, adopting a more Agile approach to their work, and sound project management skills. The resulting book, Tribal SQL, is a reflection of how a DBA's core and long-standing responsibilities sit alongside new thinking and fresh ideas about where the DBA role is going, and what it means to be a DBA in today's businesses.

"Hormegeddon" is the term coined by entrepreneur and New York Times Bestselling Author Bill Bonner to describe what happens when you get too much of a good thing in the sphere of public policy, economics and business. Simply put, it ends in disaster. Drawing on stories and examples from throughout modern political history-from Napoleon's invasion of Russia to the impending collapse of the American healthcare system, from the outbreak of WWII and the fall of the Third Reich to the 21st century War on Terror, from

the Great Recession to the sovereign debt crisis-Bonner pursues a modest ambition: to understand what goes wrong. History is not a clean yarn spun by its victors. It is a long tale of things that went FUBAR-debacles, disasters, and catastrophes. That each disaster carries with it a warning is what makes it useful to study. For instance, if the architect of a great ship tells you that 'not even God himself could sink this ship, ' you should take the next boat. If the stock market is selling at 20 times earnings and all the expert analysts urge you to 'get in' because you 'can't lose'-it's time to get out! Similarly, public policy disasters are what you get when well meaning people with this same Titanic degree of certitude apply rational, small-scale problem-solving logic to inappropriately large scale planning. First, you get a declining rate of return on your investment (of time or resources) until you hit zero. Then, if you keep going through the zero floor-and you always keep going-you get a disaster. The problem is, these disasters cannot be stopped by well-informed smart people with good intentions, because they are the people who cause them in the first place. From the mind of Bill Bonner comes Hormegeddon, a phenomenon that occurs when a small dose of something produces a favorable result, but if you increase the dosage, the results end in disaster. The same applies when the world gets too much of a good thing in public policy, economics, and business. Drawing on examples throughout modern political history, Bonner brings context and understanding to this largely ignored and anonymous phenomenon.
