Uncover a riveting story of palace intrigue set in a sumptuous Asian-inspired fantasy world in the breakout YA novel that Publisher's Weekly calls "elegant and adrenaline-soaked." In this richly developed fantasy, Lei is a member of the Paper caste, the lowest and most persecuted class of people in Ikhara. She lives in a remote village with her father, where the decade-old trauma of watching her mother snatched by royal guards for an unknown fate still haunts her. Now, the guards are back and this time it's Lei they're after -- the girl with the golden eyes whose rumored beauty has piqued the king's interest. Over weeks of training in the opulent but oppressive palace, Lei and eight other girls learns the skills and charm that befit a king's consort. There, she does the unthinkable: she falls in love. Her forbidden romance becomes enmeshed with an explosive plot that threatens her world's entire way of life. Lei, still the wide-eyed country girl at heart, must decide how far she's willing to go for justice and revenge.

Ken Follett wrote his first international bestseller, *Eye of the Needle*, when he was 25 years old. He has since been one of the most consistent international best-selling authors, with approximately 130 million copies of his books sold worldwide. His manifold influences on the thriller genre includes the pioneering use of strong female characters in

espionage stories and the development of the historical thriller as a new form of novel, exemplified by *Winter of the World* (2012). This book is an investigation of Follett's development as an author, and of the craft of writing and the negotiation of serious versus popular literary value, from his earliest short stories and screenplays through his mature thrillers and entertainment fiction. Unpublished materials are also considered, including his notes, business and personal correspondence, unpublished drafts, journal entries and outlines. Follett's dramatic shift to writing historical fiction may be his most enduring legacy.

A new collection of short stories by a master of the form with a common focus on the turmoils of romantic love. Ready! Aim! On command the firing squad aims at the man backed against a full-length mirror. The mirror once hung in a bedroom, but now it's cracked and propped against a dumpster in an alley. The condemned man has refused the customary last cigarette but accepted as a hood the black slip that was carelessly tossed over a corner of the mirror's frame. The slip still smells faintly of a familiar fragrance. So begins "Tosca," the first in this vivid collection of Stuart Dybek's love stories. Operatically dramatic and intimately lyrical, grittily urban and impressionistically natural, the varied fictions in *Paper Lantern* all focus on the turmoil of love as only Dybek can portray it. An execution triggers the recollection of a theatrical romance; then a social worker falls for his own client; and lovers part as giddily, perhaps as hopelessly, as a kid trying to hang on to a boisterous kite. A flaming laboratory evokes a steamy midnight drive across terrain both familiar and strange, and an eerily ringing phone becomes the telltale signature of a dark betrayal. Each story is marked with contagious desire, spontaneous revelation, and, ultimately, resigned courage. As one woman whispers when she sets a notebook filled with her sketches drifting out to sea, "Someone will find you." Some of Dybek's characters recur in these stories, while others appear only briefly. Throughout, they—and we—are confronted with vaguely familiar scents and images, reminiscent of love but strangely disconcerting, so that we might wonder whether we are looking in a mirror or down the barrel of a gun. "After the ragged discharge," Dybek writes, "when the smoke has cleared, who will be left standing and who will be shattered into shards?" *Paper Lantern* brims with the intoxicating elixirs known to every love-struck, lovelorn heart, and it marks the magnificent return of one of America's most important fiction writers at the height of his powers.

Personal Recollections of Joan of Arc is a historical novel presented as a translation of memoirs by Louis de Conte, a fictionalized version of Louis de Contes, Joan of Arc's page. The story is divided into three sections according to Joan of Arc's development: a youth in Domrémy, a commander of the army of Charles VII of France, and a defendant at trial in Rouen. Samuel Langhorne Clemens (1835-1910), better known by his pen name Mark Twain, was an American writer, humorist, entrepreneur, publisher, and lecturer. He is best known for his two novels – *The Adventures of Tom Sawyer* and its sequel, *The Adventures of Huckleberry Finn*, but his satirical stories and travel books are also widely popular. His wit and satire, in prose and in speech, earned him praise from critics and peers. He was lauded as the greatest American humorist of his age.

Drawing on toned paper is a fun way to step outside the box and try something different. You can expand your drawing skills by drawing on grey paper because it will help you to discover opportunities and ideas that wouldn't otherwise be possible if you only drew on white paper. Drawing white objects or animals on white paper is especially tricky as they would look far less noticeable. To make such a drawing more prominent, we would have to color the background, and this is quite difficult and tedious, which may discourage you from drawing. In this book, you will learn to draw from both reference photos and imagination so that you can learn to see things through the artist's eyes, enrich

your creative mind, and get inspired. It will help you to see and understand art from a different point of view and to enjoy the endless opportunities that working on toned paper offers. Reasons to Draw on Toned Paper: · You can start with white, which is pretty interesting. · You only have to add black and white shades, and the paper does the rest of the job. · Your work will seem more complete and won't look pale because lighter hues appear quite darker on a grey surface, and they won't "disappear" like on white paper. · Your highlights will appear much more spectacular and three-dimensional. · Drawings on toned paper look more realistic and lifelike. · You can use the tone of the paper as your mid-tone, which is particularly helpful if you struggle with creating mid-tones on white paper. · Working on grey paper will help you to see and evaluate tonal values more easily. · The experience and skills gained by working with toned paper is something that you can apply to your white paper in the future. Working on grey paper will boost your creativity.

Writing has always been my passion. Growing up in the Bronx you had to have a release from all the negativity. I never thought I would write a book, let alone get it published to the WORLD. As you go through page by page, you will see what I saw and experienced. Maybe you can relate to each word written. I wrote from my heart however, realizing I am not the only one who has challenges. So as you read these poems know that I am you and we experience similar obstacles. Never be afraid to express yourself.
