“Savage, wise, and witty . . . It is hard to think of a more timely, powerful, or necessary book.”--J. K. Rowling International Bestseller! For readers of *Hillbilly Elegy* and *Evicted*, the Orwell Prize–winner that helps us all understand Brexit, Donald Trump, and the connection between poverty and the rise of tribalism in the United Kingdom, in the US, and around the world. Darren McGarvey has experienced poverty and its devastations firsthand. He grew up in a community where violence was a form of currency and has lived through addiction, abuse, and homelessness. He knows why people from deprived communities feel angry and unheard. And he wants to explain . . . So he invites you to come along on a safari of sorts. But not the kind where the wildlife is surveyed from a safe distance. His vivid, visceral, and cogently argued book—part memoir and part polemic—takes us inside the experience of extreme poverty and its stresses to show how the pressures really feel and how hard their legacy is to overcome. Arguing that both the political left and right misunderstand poverty as it is actually lived, McGarvey sets forth what everybody—including himself—could do to change things. Razor-sharp, fearless, and brutally honest, *Poverty Safari* offers unforgettable insight into conditions in modern Britain, including what led to Brexit—and, beyond that, into issues of inequality, tribalism, cultural anxiety, identity politics, the poverty industry, and the resentment, anger, and feelings of exclusion and being left behind that have fueled right-wing populism and the rise of ethno-nationalism.

Within the field of second language acquisition, interest in the acquisition of French as a second language has a long-standing tradition, especially in the European context. The aim of this book is to offer a synthesis of current research within this area. It contains contributions from different researchers in the field, including studies on the acquisition of grammar, formulaic language, lexis and pragmatic devices, and covering interlanguage development from beginner level up to very advanced, presumably near-native levels of proficiency. The learners in the studies reported in the volume represent different L1 backgrounds and age groups. The chapters shed light on current issues in research on second language acquisition from different theoretical perspectives, and contribute to a better understanding of L2 French and SLA in general. The volume should be of interest for students, teachers and researchers of L2 French and SLA. Originally published in *Language, Interaction and Acquisition* 3:1 (2012)
