The International Baccalaureate® (IB) was founded in Geneva, Switzerland in 1968 as a non-profit educational foundation that endeavored to develop inquiring, knowledgeable and caring young people who would go on to create a better and more peaceful world through intercultural understanding and respect. What began as a single program for internationally mobile students preparing for college has grown into a series of programs for students up to age 19. Barron's is pleased to offer a brand new course review and exam preparation guide for the IB Mathematics SL exam. The content of the book is based on the subject guide, published by the International Baccalaureate Organization. It covers all topics required for exams beginning in 2014 and includes: A full-length diagnostic test with markscheme and fully explained answers Study tips and exam strategies Topic review and practice for each strand of the IB Math SL curriculum, including explanations and examples as well as problem sets with fully explained solutions Two full-length practice exams with markschemes and fully explained answers This all-encompassing book can also serve as a supplement to classroom instruction throughout the two-year IB Math SL course, a resource for the Internal Assessment project, and a review resource during first year college math courses.

The IB Psychology Exam Guide (SL & HL) is UNIQUE. Beat the "test taking game" with the most important exam preparation book you will find. This comprehensive study guide is written by a psychology and test-taking expert, Dr. Felix Albrecht-Erikson, who has painstakingly researched every topic and concept you need to know to pass your IB psychology exam. He has utilized his many years of expertise to guarantee your success in the SL or HL IB psychology exam. The standards set by Dr. Albrecht-Erikson are very strict. Along with his staff, he has years of combined research experience in mastering the content and skills necessary to succeed on the toughest exams. Some academic studies have revealed that test takers do not really benefit from most traditional test preparation process. Dr. Albrecht-Erikson has developed a set of secret keys to the exam that will open the door of success for you. This is a thorough, concise study guide that we believe allows any test taker, at any skill level, to improve his or her results dramatically with a minimum of effort. Dr. Albrecht-Erikson has made the critical connection between the material to be learned and how to use the material to succeed on the IB test. You're going to save time, money, and aggravation with this guide.
