iBooks Author is the first interactive publishing tool of its kind, giving authors, publishers, and content creators the ability to create interactive books in an easy-to-use "what you see is what you get" environment. iBooks Author allows for easy creation of beautifully designed pages – there's no design expertise or knowledge required to bring ideas to life. This is a must have beginners guide for any author who wants to create dynamic looking books for their readers.

Inexpensive and to-the-point, The iPad Pocket Guide is a complete companion to all the features and functions of the iPad including: Facetime, HD Video, Mail, Safari,

File Type PDF Ibooks Author Guide

Photos and Video, App Store, iBooks, Maps, Notes, Calendar, Contacts, and more. It will help you get up-and-running with easy to understand instructions and then show you hidden gems and tips to make you a true iPad expert.

In this much-anticipated book from acclaimed blogger Vicki Davis (Cool Cat Teacher), you'll learn the key shifts in writing instruction necessary to move students forward in today's world. Vicki describes how the elements of traditional writing are being reinvented with cloud-based tools. Instead of paper, note taking, filing cabinets, word processors, and group reports, we now have tools like ePaper, eBooks, social bookmarking, cloud syncing, infographics, and more. Vicki shows you how to select the right tool, set it up quickly, and prevent common mistakes. She also helps you teach digital citizenship and offers exciting ways to build writing communities where students love to learn. Special Features:

- Essential questions at the start of each chapter to get you thinking about the big ideas
- A chapter on each of the nine essential cloud-based tools--ePaper and eBooks; digital notebooks; social bookmarking; cloud syncing; cloud writing apps; blogging and microblogging; wikis and website builders; online graphic organizers and mind maps; and cartoons and infographics
- A wide variety of practical ways to use each tool in the classroom
- Alignments to the Common Core State Standards in writing
- Level Up Learning--a special section at the end of each chapter to help you review, reflect on, and apply what you've learned
- Writing tips to help you make the best use of the tools

File Type PDF Ibooks Author Guide

and avoid common pitfalls • A glossary of key terms discussed in the book • Useful appendices, including reproducible material for your classroom No matter what grade level you teach or how much tech experience you have, you will benefit from Vicki's compelling and practical ideas. As she emphasizes throughout this essential book, teaching with cloud-based tools has never been easier, more convenient, or more important than right now.

The self-publisher's bible! In this clear and entertaining ten-step guide, now in its eighth edition, a prolific American author tells how he formats his books using free software for upload to online bookstores. The secret, he explains, is to use the universal "epub" format to create a single e-book file that will be accepted by every digital retailer, from Amazon.com through Barnes & Noble, the Apple iBookstore, and smaller booksellers like the Canada-based Kobo. "Most beginners write their books in Word or Open Office," Notjohn says, "and then they up to upload the same document for conversion to an e-book. Sometimes it works; more often it doesn't, because these programs litter the file with hidden formatting. The result can be a disaster." Instead, the word-processing document should be converted to clean HTML, the markup language used to create a web page. (All e-books are web pages at heart, and the Kindle and other e-book readers are just special-purpose web browsers.) The conversion from document to HTML file takes seconds. It can then be plugged into a simple template that Notjohn includes in this Guide and also makes available on his blog for anyone to use. He also

File Type PDF Ibooks Author Guide

supplies a style sheet to format the book for best appearance on the Kindle, Fire tablet, the various Kindle apps, as well as on competing tablets and e-book readers. If all else fails, there's Plan B: a stripped-down template for novels and for non-fiction that consists mostly of text. He concludes with a chapter on how best to present your e-book on the Kindle platform, with hints on encrypting the book, copyrighting it, and pricing it for the greatest return. And new this year: a chapter on adapting the e-book to a print edition. With illustrations and screenshots. Revised and updated 2017 edition. Information, advice, and tips to help you decide between Self-Publishing or Traditional Publishing, and to then get you started on your road to publication. This detailed information gives contacts, lists, cheat sheets, and checklists that can be reproduced over and over again, helping set goals that will steer you towards professionally produced books. The book is aimed at all authors, fiction and non-fiction, and is available in a range of formats including digital and paperback. Co-Authored by two Australians, multi-published Imogene Nix and best-selling and award winning Suzi Love. Number one bestselling author David Walliams presents his very first picture book for children of 3 and up. Illustrated by artistic genius, Tony Ross, this eBook comes with audio hilariously read by the author himself.

This low-priced, practical guide is packed with handy information for people who want to jump right in and start using OS X Mavericks. Author Jeff Carlson is

like your smart techy neighbor, sitting at elbow guiding you through how to get the most out of Mavericks. Presents a guide to the latest features of the word processing program, covering such topics as organizing research, using project templates, creating and organizing the Binder, tracking scene elements, and compiling manuscripts for submission. iBooks Author is the first tool of its kind. Never before have publishers, authors, and content creators had a tool for making dynamic, interactive ebooks in a WYSIWYG environment. This book is intended to get you up and writing in iBooks Author. You'll learn what to expect from this new tool and what its strengths and limitations are. You'll see how you can create beautifully designed pages and how you can bring those designs to life with interactive content in ways that, before now, were only possible in a web browser on the Internet. You'll also find out how to navigate the occasionally tricky terrain of

Apple's ecosystem so that you can get your book published to the iBookstore.

Apple has always made headway in making the best devices with great features. The iPhone SE (Special Edition) is no different. The latest Apple phone was released at a press conference on March 21, 2016. The official release to the public was on March 31, 2016. It is the smallest phone in the iPhone line and can be seen as a skilful combination of the iPhone 5s and the iPhone 6s. This is a great combination creating a phone that is sleek and efficient. Many reviews have said that the new iPhone is a powerful and complete device in a small 4 inch package. The new iPhone has been designed with the features users have been accustomed to along with new upgrades for their clients. Some of the new features includes the increased storage capacity of 16GB or 64GB, new powerful display and improved camera for your pictures. The device can be used to make calls using the internet and has fingerprint features that can help to identify you and process transactions faster.

This hands-on guide steers you through how to lay out your Multi-Touch ebook. You discover how to work with objects, widgets, photos, images, and shapes, and how to insert and format tables. This practical,

File Type PDF Ibooks Author Guide

approachable guide will quickly help you start creating Multi-Touch ebooks! Table of Contents: Introduction Setting Up Your Book Adding and Formatting Text Inserting Media, Images, and Shapes Inserting and Formatting Tables Inserting and Formatting Charts Previewing Before You Publish Publishing Your Book.

If you have a family story to tell or research to share and want to know what your options are for publishing, this guide will: * lead you through how publishing works * illustrate the four stages of a publishing project * show you how to pick a project to publish (and give you some ideas for new projects) * analyze the which tools you will need to complete the project * and instruct you how to prepare your manuscript to publish in print, as an eBook, or online. This handy publishing primer will give you what you need to take your writing--your genealogical research, your family or local history, even your personal experiences and adventures--from manuscript to published book. Any author can get their book listed in an online catalog. But what if you want more? What if you want to rise above the digital masses and be relevant to booksellers and librarians? In today's digital age of publishing, it's easy to get your book listed on major retail and library sites around the world. But what about: * Attracting the attention of the curators of these sales channels? * Succeeding

in getting some of these channels to highlight, spotlight, and promote your book to their customers or patrons? * Having a bookstore or library actually order and stock your print book * Being invited to either host or participate in a live event in a bookstore or library * Standing out as a talented and relevant professional or subject matter expert All of these things take a bit more effort than the average creative person is willing to invest. But that's where you come in; because this type of success is reserved for the truly dedicated author like you. With the right amount of foresight, preparation, effort, and determination, you can rise above the digital slush to a place where you and your book can stand out to exactly the right people. This book walks you through all that you need to know in order to leverage the tools available for successfully working with both bookstores and libraries. It is derived from the author's three decades of experience in the book industry as a writer, an editor, a bookseller, and a publishing industry representative. If you want to leverage insights into the systems and logistics associated with print, eBook and audiobook distribution to retailers and libraries, to maximize your availability in these formats as well as your overall sales and earnings, then this is the book for you. An Author's Guide to Working with Bookstores and Libraries is a no-BS overview of the publishing industry, bookstores and libraries. It outlines the

basics of what authors need to know when navigating their way through the complex print, eBook and distribution options available to authors. Whether you are traditionally published or self-published, this book provides guidance and insights to help you maximize your sales, your earnings, and your author brand.

Whatever you want to do, *The Rough Guide to the iPad* 3rd edition has it covered: from FaceTime video-calling to iPhoto image editing to HD TV streaming. This book tells you everything you need to know about the 3rd generation iPad. *The Rough Guide to the iPad* covers everything from buying advice, and the low-down on the features you get straight out of the box, to advanced tips and reviews of the most useful apps. This new edition covers all the latest software developments, including syncing via iCloud, iBooks 2, multitouch gestures, iTunes Music Match and advanced photo editing. And of course, all you need to know about the glorious new retina display. If you are new to iPad or looking to upgrade to the latest model, this Rough Guide will show you how to make the most of the world's most iconic tablet. Now available in ePub format.

If you want to write a book that's going to sell to both publishers and readers, you need to know how to produce a marketable work and help it become successful. It starts the moment you have an idea. That's when you begin thinking about the first elements of the business plan that will make your project the best it can be. The reality is that you don't want to spend time and energy writing a book that will never get read. The way to avoid that is to create a business plan for your book, and evaluate it (and yourself) through the same lens that an agent or acquisitions editor would. The Author

File Type PDF Ibooks Author Guide

Training Manual will show you how to get more creative and start looking at your work with those high standards in mind. Whether you're writing fiction or non-fiction, or intend to publish traditionally or self-publish, author Nina Amir will teach you how to conduct an effective competitive analysis for your work and do a better job at delivering the goods to readers than similar books that are already on the shelf. Packed with step-by-step instructions, idea evaluations, sample business plans, editor and agent commentaries, and much more, The Author Training Manual provides the information you need to transform from aspiring writer to career author.

Self-publishing is a growing area and writers need independent and reliable advice they can trust. This guide is full of practical, nuts-and-bolts information on each aspect of the DIY-publishing process, from editing and page layout, cover design and book production, publicity and selling. Each chapter is written by publishing professionals expert in supporting authors and is full of insights from successful self-published authors themselves. This guide is essential reading for any indie author who wants to go it totally alone, who wants to work with other independent professionals or who might choose to pay for self-publishing provider services. It gives the pros and cons and potential financial outlay for the various options available so writers can make informed decisions about the best approach for their own book. Depending on the way of the interpretation you might perceive single topic to be either complicated and difficult, or on the contrary - easy and effortless to learn. The key to providing an advantageous learning is to deliver the information that is simple, yet entirely encompassing the field of study. In Alex's Simple Guide series, we maintained the point of view where everything complicated is assembled from the individual simple compiling parts. Thus, to pass the knowledge to our clients through this guide we dedicated our efforts to address the simple components first, and only afterwards by going deeper into the details of the corresponding complex issues. This way you will learn quicker and more efficiently. Alex Simple Guide to OS X Yosemite consists of seven chapters of carefully selected information covering various topics of the new operating system developed by Apple. In the first part of the guide we will discuss what is there new in OS X Yosemite and how can you use it to your benefit. Next, you will find Tips & Tricks

File Type PDF Ibooks Author Guide

section where we included information on exquisite hacks that will make your everyday work much easier. Following chapter about keyboard shortcuts will teach you how to speed up accomplishment of your daily tasks. Finally, in the FAQ area you will discover many interesting features of your Mac computers. Every tutorial is supplemented with high resolution illustrations and detailed step by step instructions to help you quickly understand the process. In order to easily memorize the presented information we have attentively complied each sentence of this guide. As a result we are proud to present you with the outcome of our efforts.

Filled with practical, step-by-step instructions and clear explanations for the most important and useful tasks. Get the job done and learn as you go. Written in a step-by-step tutorial style, this book shows you in simple steps how to get the most from your iBooks experience. This book is for literary geeks who want to explore the Apple iBooks universe. From buying books from the Apple iBookstore to organizing books and PDFs, this book goes forward by explaining how to write an interactive book with iBooks Author.

Do you want to turn your words and pictures into an ebook that's good enough to sell with little or no capital outlay? Do you want to be shown how to self publish your writing and pictures by a plain English speaking, non-geek, guide? Do you want a safe hand to hold every step of the way as you go through all the processes? An author's guide to self publishing on Amazon, Smashwords, iBooks, and more.

UPDATED JUNE 2014 'Self publishing books isn't difficult, but it certainly isn't easy either if you don't know where the pitfalls lie - professional presentation is everything. I've been there and made all the mistakes so you don't have to.'

Stephanie Zia Written in a straightforward, chatty, easy-to-understand style by a BBC TV researcher, journalist and author of mainstream-published fiction and non-fiction.

File Type PDF Ibooks Author Guide

Includes copy editing; proofreading; libel; copyright; how to format Word for Kindle, ePub, iBooks, Kobo, PDF etc; how to insert photos; how to make a cover; how to hyperlink chapter headings; how to make a clickable Table of Contents; how authors outside the US can get a US tax no. and so make 30% more on each sale; the mistakes to avoid if offered a print publishing deal; a complete beginner's ABC of getting your work from from Word to Kindle; how to avoid common kindle formatting problems, esp with spacings and indents; how to grow your sales; how to grow your sales through the roof; ebook marketing recommendations, plus much more.

For those who wish to delve deeper into the technical, code, side of publishing ebooks, IT expert Mark Binner's chapter at the end of the book on top techie tips gives you all the information you need for further study. "A fantastically brisk, snappy and practical guide. I love the step-by-step and hand holding nature of the instructions for the techie aspects!"

***** Louise Voss, Bestselling Kindle #1 Ranking (paid UK top 100) Author, now signed to Amazon's own publishing house Thomas & Mercer. "The Bible of Ebook Publishing" US Amazon Reviewer ***** "Good Grief, This Book Has Absolutely EVERYTHING!" US Az ***** "Excellent and comprehensive. This is the best book I've read on ebook publishing to date" joerr2002 US Az ***** "Great, great book. I can't understand how I could ever have managed my way through the ebook process without it." Ibooks ***** "I'm 83 years old, technically naive as far as computers are concerned. I bought a Kindle reader and half a dozen books which I hoped would help me to do it ... some chance; the first five were totally incomprehensible and it was only when I read Stephanie's words that the clouds began to part. Fantastic. I strongly advise anyone wanting to 'Kindle' their writings to buy Stephanie's book. I did and it saved my sanity." US Az ***** "I have read quite a few books on formatting and this one is the

File Type PDF Ibooks Author Guide

best yet, really it is quite outstanding and I would recommend it as Must Do (reading) for any eBook author (or newbie)."

UK Az ***** "Stephanie Zia has specifically targeted the writer wanting to publish on KDP, iBooks, etc., with a well constructed layout of short chapters taking the writer throughout all the essentials, from preparing the manuscript to uploading and promoting the final book. An excellent introduction for the beginner wary of the many pitfalls of self publishing." UK Az ***** Links to further reading throughout. Latest sales and marketing strategies, updated June 2014.

The way autoimmune disease is viewed and treated is undergoing a major change as an estimated 50 million Americans (and growing) suffer from these conditions. For many patients, the key to true wellness is in holistic treatment, although they might not know how to begin their journey to total recovery. The Autoimmune Wellness Handbook, from Mickey Trescott and Angie Alt of Autoimmune-Paleo.com, is a comprehensive guide to living healthfully with autoimmune disease. While conventional medicine is limited to medication or even surgical fixes, Trescott and Alt introduce a complementary solution that focuses on seven key steps to recovery: inform, collaborate, nourish, rest, breathe, move, and connect. Each step demystifies the process to reclaim total mind and body health. With five autoimmune conditions between them, Trescott and Alt have achieved astounding results using the premises laid out in the book. The Autoimmune Wellness Handbook goes well beyond nutrition and provides the missing link so that you can get back to living a vibrant, healthy life.

This volume of essays provides insights into educational

technology from a diverse set of vantage points. Each chapter provides school leaders with both conceptual insights and practical guides. Moreover, the authors of these insights and guides are eclectic including: current K-12 school educators and students, professors and graduate students of educational technology and educational leadership, and technology industry leaders. Our goal was to provide a thoughtful and thought-provoking set of essays that propels your own work in the world of educational technology forward. The audience for this book includes teachers, school and district leaders, educational technologists, educational policymakers, and higher education faculty. Chapters demonstrate a number of specific uses of advanced technologies in schools, in educational leadership, and in leadership preparatory programs. Chapters are accompanied by screen-captured images and links to multimedia examples that are accessible to readers via the Internet, including digital artifacts of leadership and learning that will guide readers to implementation in diverse educational settings.
