Aggregate 50 is a story about friendship. It's a story about how your attitude determines your destiny. It's a story which will enforce that you believe your inner soul. It's a story about discovering yourself. It's a story about love. It's a story about success. It's a story about failure. Come explore the journey with three boys, Ashish, Akshay, and Trilochan, who were fascinated by the CA course and landed themselves in Chennai. Passing a particular subject requires a minimum of 40 marks, but in order to clear the exam, one should fetch an AGGREGATE 50. Let's find out how it challenges each of them and their friendship. Can their friendship withstand the challenge?

The book has been primarily designed for the students of C.A. Foundation course for the subject Principles and Practice of Accounting. It has been revised as per the new updates in the syllabus and is applicable for the students appearing for CA Foundation Examination November 2019 and onwards. The book provides conceptual knowledge and understanding of various principles and systems of accounting and their practical application in different sets of business transactions.

After launch of Hemang Doshi's CISA Video series, there was huge demand for simplified text version for CISA Studies.

This book has been designed on the basis of official resources of ISACA with more simplified and lucid language and explanation. Book has been designed considering following objectives: * CISA aspirants with non-technical background can easily grasp the subject. * Use of SmartArts to review topics at the shortest possible time. * Topics have been profusely illustrated with diagrams and examples to make the concept more practical and simple. * To get good

score in CISA, 2 things are very important. One is to understand the concept and second is how to deal with same in exam. This book takes care of both the aspects.* Topics are aligned as per official CISA Review Manual. This book can be used to supplement CRM.* Questions, Answers & Explanations (QAE) are available for each topic for better understanding. QAEs are designed as per actual exam pattern. * Book contains last minute revision for each topic. * Book is designed as per exam perspective. We have purposefully avoided certain topics which have nil or negligible weightage in cisa exam. To cover entire syllabus, it is highly recommended to study CRM.* We will feel immensely rewarded if CISA aspirants find this book helpful in achieving grand success in academic as well as professional world.

Advances in Accounting Education: Teaching and Curriculum Innovations investigates how teaching methods or curricula/programs in accounting can be improved. Volume

15 includes papers examining communication apprehension, self-directed learning in managerial accounting courses, and a section on integrating accounting with other business disciplines.

The present book 'C.A. Pass: The Real Story' is the author's life story in which he describes in a very interesting manner the ups and downs of his life's journey from zero to zenith. Through this book you will come to know how a small boy, who, sick of the constant fights between his parents, runs away from home and has to work in a canteen or in a hotel in order to put food in his belly and survive. How he refused to give up and despite these many trials and hardships he realized his dream all because he continued to persevere and is today a successful C.A. Via this honest auto – biography the author wants to say that you don't have to be exceptionally talented to succeed; sincerity and hard work make everything possible. People with average potential can also polish and refine themselves to reach their desired goal. It is only after reading the book that one realizes the true meaning of 'Try Again'. This book tells us that failures are only repetition of mistakes and so rather than getting demoralized by them and quitting we must try to identify and remove them. This book is not written to sermonize instead it is a true account of the actual experiences of the author's life and inspires us not to be defeated by such challenges of life but to face them all the while telling us of the ways to do it. All in all it is a practical handbook which gives us courage, teaches us and also entertains.
