The Exam Success in Cambridge IGCSE & O Level Chemistry Practical Workbook provides everything students, especially those revising for external exams for the first time, need to grow their confidence and help them achieve the best grades they can in their Practical Test or Alternative to Practical paper.

The Cambridge IGCSE® & O Level Chemistry Exam Success Guide fully supports the latest Cambridge IGCSE (0620) & O Level (5070) syllabuses and is suitable for use alongside our Complete and Essential IGCSE Chemistry series. The Guide helps students cope with the increased rigour of linear IGCSEs by bringing clarity and focus to exam preparation and by providing explicit exam guidance. Learners can recap content through easy-to-digest chunks, apply this via targeted revision activities, review and reflect on their work, and use exam practice and worked examples to achieve best results. The Chemistry Exam Success Guide is written by Roger Norris, Cambridge chief examiner for IGCSE Chemistry, and Lawrie Ryan, series editor of the Essential Science series. Students can benefit from their expertise and excellent understanding of what support learners need in order to reach their full potential. Other resources are also available: a Practical Workbook, Student Books and Workbooks. The Practical Workbook helps students to achieve practical exam success. The Complete or Essential Student Book is at the heart of delivering the course and is available in print, online or in a great-value print and online pack. The Complete or Essential Workbook is for

independent practice and strengthens exam potential inside and outside the classroom. Packed with spectacular superlatives, shocking stats, fantastic facts and fun figures, Science and Stuff celebrates the simple joy in finding things out. What can cats teach us about the laws of physics? Why was cabbage banned on the International Space Station? (Can you fart in space?) And would a penny dropped from the Empire State Building really kill someone? (Short answer: No!) But it's not all facts and stats. The feature chapter just for Makers, introduced by our very own mad professor Burnaby Q. Orbax, challenges you to attempt record-breaking science experiments at home, from the fastest Mentos & Soda rocket car to the most slime thrown and caught in a minute! Join us as we rise from the deepest depths of the ocean, where weird glowing fish hunt in the darkness, to the mountaintop observatories where scientists unravel the secrets of the universe.
