For over three decades, contemporary Native American artist Hock E Aye Vi Edgar Heap of Birds has pursued a disciplined practice in multiple media, having shown his paintings, drawings, prints, and text-based conceptual art throughout numerous national and international galleries and public spaces. In the first book-length study of this important artist, Bill Anthes analyzes Heap of Birds's art and politics in relation to the international contemporary art scene, Native American history, and settler colonialism. Foregrounding how Heap of Birds roots his practice in Cheyenne spirituality and an indigenous way of seeing and being in the world, Anthes describes how Heap of Birds likens his art to "sharp rocks"—weapons delivering trenchant critiques of the loss of land, life, and autonomy endured by Native Americans. Whether appearing as interventions in public spaces or in a gallery, Heap of Birds's carefully honed artworks pose questions about time, modernity, identity, power, and the meaning and

value of contemporary art in a global culture.

Following the celebration of the 70th anniversary of Indian independence, this book focuses on the Progressive Artists Group, which included artists from different backgrounds and traditions who found common cause at a time of political and social upheaval in their country. Formed just months after the 1947 Partition of India and during tremendous violence and protest, the Progressive Artists Group (PAG) included artists seeking a break with their country's past and its cultural constraints. For nearly a decade these painters and sculptors explored ideas about art for a new nation. Through lush illustrations and scholarly essays, this volume looks at the brand of modernism the group espoused and its relevance and importance to contemporary art. The careers of artists K.H. Ara, S.K. Bakre, H.A. Gade, V.S. Gaitonde, M.F. Husain, Krishen Khanna, Ram Kumar, Tyeb Mehta, Akbar Padamsee, S.H. Raza, Mohan Samant, and F.N. Souza are presented in three sections. "The Realists" explores how artists turned away from the trauma of Mumbai and toward folk and rural culture. "India International" demonstrates how the Progressives mined contemporary artists such as Mark Rothko, Paul Klee, and Pablo Picasso to create their own distinct genre. "Masters of the Game" brings together works created after the PAG's dissolution and shows how these pieces collectively gave visual form to the idea of India as secular, heterogeneous, international, and united. A valuable examination of the ways artistic expression can preserve and advance its cultural heritage, this volume captures an exciting time in India's art history.

Any artistic creation, be it a painting or sculpture, initiates a reaction within us, invoking within us a desire to analyse or evaluate it. The criticism of art definitely has its presence. But the question is—in what form and of what relevance is it? Art criticism is exclusively presented in the written form—it does not consist of descriptions of pictures, interpretations, or re-creations; but of something new and autonomous, related to the piece of art in some way. Criticism always gives us novel ideas for modern art, which in turn, enriches the Indian heritage. Art has been part of our life since ancient times. Traditionally, Indian art writing was mainly composed of commentaries on courtly art conventions and on the poetic texts that inspired paintings and sculptures. Since the 20th century, there has been a breakdown of established conceptions of meaning in the all streams of arts and several rapid changes in artistic style. This book will help readers understand the journey of modern art criticism since Indian independence. It formulates as precisely as possible, the basic principles and norms that will enrich artistically sensitive laymen and critics alike.

This book explores the drawings of eminent Indian artist K M Adimoolam, well-known in India and internationally for his meticulous pen-and-ink drawings on subjects ranging from realistic portraits of Mahatma Gandhi to idealised portrayals of Indian kings and warriors, and semi-abstract depictions of Hindu gods informed by Cubism. Born in 1938 in Tiruchirapalli in Tamil Nadu, K M Adimoolam's natural aptitude for drawing at an early age made him move to Chennai in 1959. There, under the influence of the sculptor Dhanapal, he

enrolled in the School of Arts and Crafts. After completing his Diploma in Advanced Painting in 1966, Adimoolam started a series of black-and-white portraits of Mahatma Gandhi. Sketching from photographs of the great man, he finished nearly 100 drawings that covered over 60 years of the Mahatma's life. At about this time, Adimoolam came into contact with Tamil writers and began an association with them, illustrating their works, after which he took up oil painting. Colour came into his life, causing him to move from the figurative to the abstract. Adimoolam now works with equal ease at drawing and painting, combining the two to produce a large body of work. The recipient of many honours and awards, his works are held in numerous public and private collections in India and abroad. This book will appeal to all those with an interest in drawing, contemporary art and Indian culture.

This book resents a selection of the works collected by the author in Maharashtra, Madhya Pradesh, West Bengal, and Bihar between 1996 and the present day.

Cordial Cold War examines cultural entanglements, in various forms, between two distant yet interconnected sites of the Cold War - India and the German Democratic Republic (GDR). Focusing on theatre performances, film festivals, newsreels, travel literature, radio broadcasting, cartography and art as sites of engagement, the chapters

spotlight actual spaces of interaction that emerged in spite of, and within, the ambits of Cold War constraints. The inter-disciplinary collection of contributions sheds light on the variegated nature of translocal cultural entanglements. By foregrounding the role of actors, their practices and the sites of their entanglement, the book exposes how creative energies were mobilized to forge zones of friendship, mutual interest and envisioned solidarities. This book situates actors from the Global South as mutual co-shapers of the cultural Cold War, therein shifting its Euro-American and Soviet epicenters to Non-Aligned India. Going beyond official state channels of international political dialogue, the book locates cordiality in the micro-histories and everyday experiences of interpersonal engagements, bringing to focus a hitherto underexplored chapter of India - Germany entanglements.

This sumptuously illustrated volume examines the impact of Indian art and culture on Rembrandt (1606–1669) in the late 1650s. By pairing Rembrandt's twenty-two extant drawings of Shah Jahan, Jahangir, Dara Shikoh, and other Mughal courtiers with Mughal paintings of similar compositions, the book critiques the prevailing notion that Rembrandt “brought life” to the static Mughal art. Written by scholars of both Dutch and Indian art, the essays in this volume instead demonstrate how Rembrandt's contact with Mughal painting inspired him to draw in an entirely new, refined style on Asian paper—an approach that was shaped by the Dutch trade in Asia and prompted by the curiosity of a foreign culture. Seen in this light, Rembrandt's engagement with India enriches our understanding of collecting in seventeenth-century Amsterdam, the Dutch global economy, and Rembrandt's artistic self-fashioning. A close examination of the Mughal imperial workshop provides new insights into how Indian paintings came to Europe as well as how Dutch prints were incorporated into Mughal compositions.

Catalog includes paintings, drawings and graphic art.
