Old Testament Study Guide, Pt. 3: The Old Testament Prophets. This volume is the third of three on the Old Testament. This volume is an unusually large volume that includes nearly all of the Old Testament prophets, their teachings and warnings to their people, and their prophecies of the coming of the Messiah and the latter days. It covers the period of the Bible from the end of King Solomon's reign through the end of the Old Testament, including the ministries of Jonah, Micah, Hosea, Amos, Joel, Isaiah, Jeremiah, Ezekiel, Esther, Daniel, Ezra, Haggai, Nehemiah, Zechariah, and Malachi (Elijah and Elisha were covered in Volume 8). We are taken from 826 BC to 430 BC, when the Old Testament closes. Then finally, we read of the Intertestamental Period between the ministry of Malachi and the rise of John the Baptist to open the New Testament. The cover features a classic painting of Daniel in the lion's den, painted by Riviere in 1890.

INTERMEDIATE ACCOUNTING by Kieso, Weygandt, and Warfield is, quite simply, the standard by which all other intermediate accounting texts are measured. Through thirty years and thirteen best-selling editions, the text has built a reputation for accuracy, comprehensiveness, and student success. The Fourteenth Edition maintains the qualities for which the text is globally recognized, and continues to be your students' gateway to the profession! Volume I is comprised of Chapters 1-14. Each study guide chapter is comprised of a detailed chapter review, demonstration problems, true/false, multiple-choice, matching questions, and comprehensive exercises. This book is a bound paperback with three-hole punches for convenient storage in a binder.

This Guide surveys the more important historical, socio-cultural, theological, and literary factors we must grapple with in understanding the two letters of Jude and Second Peter, between which there are very strong similarities. It appears that the letter of Jude was almost entirely 'plagiarized' by the letter of Second Peter. George Aichele's main approach is the method of semiotics, examining signifying mechanisms in each of the texts both independently and when they are read together. In both of the letters, Jesus Christ is called the 'master', with a Greek word that means 'slave-owner', and the authors of both books refer to themselves and other Christians as the slaves of Christ. Furthermore, both writings report situations of paranoid fear within Christian communities of their time as they picture heretical infiltrators who threaten to pervert and perhaps even destroy the community. In addition to this, in an adventurous excursion, the letter of Jude is read intertextually with the classic science fiction/horror film, *Invasion of the Body Snatchers* (Siegel 1956), in order to explore the dynamics of paranoia.

Old Testament Study Guide, Pt. 2: Deuteronomy to Solomon. This volume is the second of three on the Old Testament. It covers the Bible from the Book of Deuteronomy to the reign of King Solomon. We read Moses' counsel to his people during the final days before his translation. We follow the children of Israel into the Promised Land under the leadership of Joshua, beginning at Jericho and ending with the total conquering of all the lands promised to Abraham. We are introduced to the Judge-Heroes, including but not limited to Gideon, Deborah, and Samson. We read of the rise of the prophet Samuel and reigns of Saul, David, and Solomon. We thrill at the faith and gifts of David and mourn over his fall from grace. We are inspired by the wisdom of Solomon and the beauty of the House of Lord He built at Jerusalem, but are saddened by his idolatry in his old age. Along the way, we become familiar with the ministries and teachings of Elijah, and Elisha, and the courage and faith of Job. The cover features an extremely rare photograph of the rock (es-Sakhara) inside the Dome of the Rock, which at one time stood inside the Holy of Holies of Solomon's temple.
