InfoWorld is targeted to Senior IT professionals. Content is segmented into Channels and Topic Centers. InfoWorld also celebrates people, companies, and projects.

Provides information about choosing and setting up a personal computer, getting online, and using Microsoft Windows XP.

Windows 8.1 is an all new version of Windows software that runs faster, sleeker and better than you've ever experienced. With all new built in app features, Windows 8.1 provides the same familiarity of Windows with an updated interface to keep up with the ever changing times. Users would benefit from a chart about Windows 8.1 to help visually explain all of the new features of the software. A chart would allow clarification of how to navigate the new interface as smoothly as possible.

The emphasis of this informative book, proceedings of the third NASIG conference, is on serials publishing. By exploring the relationships among the librarian, publisher, and vendor, this book builds a better understanding of these three positions. Discussions include the economics of journal publishing, the challenge of cataloging computer files, and the current developments in the bibliographic control of serials. Technical processing, cataloging, pricing and budgeting, and career development topics are also explored.
