Burley found that the books on money either went one of two ways. They were either too technical that once you were done reading them, you had to do a bunch of research in order to even begin, or they were very motivational but didn't tell you what to actually do. Money Secrets Of The Rich strives to be a book that does both.

Gary Eldred's 106 Mortgage Secrets All Borrowers Must Learn--But Lenders Don't Tell, Second Edition guide you. Fully updated, this practical guide explains how today's changing mortgage market really works. Unlike other mortgage guides, this book goes beyond traditional bank-originated loans and shows you how to benefit with seller financing, assumables, subject-to, wraparounds, lease options, foreclosures, and other money-saving possibilities. 106 Mortgage Secrets also protects you from the sharp practices of loan reps that have recently sparked Congressional hearings and multiple state investigations. In addition, Eldred shows how and why the right financing decisions can add tens (and sometimes hundreds) of thousands of dollars to your long-term net worth. With these 106 secrets, you'll build the confidence and the knowledge to:

- \* Increase your borrowing power
- \* Obtain the lowest interest rate
- \* Understand the true pros and cons of ARMs
- \* Cut (or eliminate) the cost of mortgage insurance
- \* Save big with seller financing, assumptions, foreclosures, and REOs
- \* Strengthen your credit profile and credit score
- \* Avoid getting taken... by the fine print and garbage fees
- \* Steer clear of scams and unprincipled loan reps and lenders
- \* Accumulate wealth through homeownership and investment properties

Simple, concise, and comprehensive, this book reveals everything property buyers need to know--especially the 106 financing secrets lenders too often omit.

**OVERVIEW** Secrets of Unclaimed \$400 Billion Dollars Lost Fortunes Held By the U.S. Government; How To Claim Your Share. AN AUTHORITY GUIDE FOR OWNERS OF UNCLAIMED PROPERTY AND CAREER LOCATORS. AN INCREDIBLE HOW-TO-DO-IT BOOK THAT COULD CHANGE YOUR FINANCIAL FUTURE !! Nine out of ten Americas based on reliable sources have some kind of money sitting latent in government treasuries, state and federal. You could be one of those. For many many years, forgotten money continue to grow and crowd government treasuries because owners and next of kin to deceased relative owners cannot be found. Within the last ten yeaes lost or forgotten unclaimed assets of individuals have skyrocketed to over \$400 Billion dollars, and continue to grow. Government is waiting and has been making effort to find owners to come forth and claim their money, but the rate is minimal. The funds continue to pile up year after year in government treasuries. New York unclaimed property alone is estimated to be over \$5 billion. California figure stands at \$3 billion. Many other states figures are in millions and millions of dollars. These forgotten money accumulate from daily business transactions of individuals. After a while people forget all about it, and then the funds are turned over to the state treasury for safekeeping until the owner comes forward to claim it. These assets are from checking and savings accounts; insurance proceeds; corporation stocks and dividends; U.S. savings bonds; security deposits with utility companies; uncashed government checks; gift certificates and credit memo issued by department stores; royalties paid to owners of minerals, inventions, authors, music recordings, motion pictures, other forms of creativity; and contents of safe deposit box from banks. This book offers an opportunity to learn how to claim your share of unclaimed funds. It is also a manual for Locators who wish to make a living assisting owners and heirs, who cannot claim the funds themselves, for a fee and hefty reward as much as 50%. The book target audience are schools, libraries, senior citizen centers, hospitals, community centers, online booksellers, military installations and bases, and anywhere Americans reside or do business, as .they may be the rightful owners or heirs of this huge unclaimed funds to be claimed. Library of Congress Ref: #: TX 6 844 125 Addendum to Book Free Preview It is established and documented by authorities that unclaimed property belonging to millions of Americans throughout the United States, stood at \$400 billion dollars in 2005, held at state and federal treasuries. Government is urging people to come forth to claim their money, but the rate of claim is very slow. People wonder if they have unclaimed money held by the government. Definitely they do. This book will show the procedure on how to claim your

funds. It will also prepare aspiring Locators the permissible way to operate to conform to government rules, for his important position, to assist owners claim their funds speedily, in full amount without hassle. How People Lose their Money: Individuals lose or forget their money in many ways, but typically by accident, forgetfulness, or death. The money is still yours, but you must follow the procedure as elaborated in my book and put a claim. Also, great many owners and beneficiaries cannot claim their money themselves due to physical handicap, in the hospital, or mentally impaired. These exigencies prompted the idea of elaborate exposition on the Locator job as a career, not a hobby, and shows what he or she need to do to perform his job with dignity, trust, and in a professional manner.. Vital Records and Resources for the Locator: The resources for the Locator to function efficiently are presented in great detail in the book, including, how to perform their searches in the absence of a computer

15 Ways To Save Money Every day we are bombarded with messages telling us how to save money. Zero percent down, half off and two for one are commonplace announcements blasted at us through television, radio and billboards. As relentless as these commercials are the reality is that very few of these solicitations will actually save us money. Quite the contrary, they are designed as a call to action to grab your credit card and spend, spend, spend! Can you spend wisely and have more savings? Yes, you can. But, you need to train yourself to be a disciplined buyer and learn to become an intelligent saver. "15 Top Ways to Save Money" is just what you need to identify those areas that can really save you significant money. Learn: How to save on insurance How to save on auto loans How to save on mortgage loans How to save on credit cards How to save on gasoline How to save on car repairs How to save on home improvement How to save on home heating and energy How to save on phone service How to save on major appliances How to save on discount furniture How to save on clothing How to save on groceries How to save on vacations How to save on prescription drugs When you buy on sale, you usually are saving more but there are other nuances to take into consideration. Saving money isn't only about buying on sale. You need to educate yourself on how to save money not just on the "large" purchases but on the everyday expenses as well. "15 Top Ways to Save Money" takes those into consideration. Taking control of your money and making a commitment to eliminating debt goes hand in hand with "15 Top Ways to Save Money." Saving money on future purchases goes hand in hand with knowing where you haven't saved in the past. There is no reason to continue paying top dollar for items that you need when there are alternatives. Saving money on everything you purchase allows you to invest additional money each month. Start with a good budget that cuts out unnecessary spending and reduces your expenses so you can save more each month. Even if you save just \$20 per month that's over \$200 that you wouldn't available otherwise! Put that \$240 into your savings account or use it for another budgetary item. Every dollar you save helps bring your budget into balance. Helps you live within your means. Don't spend more than you have. It doesn't get any more basic! Tips to remember are asking yourself these pertinent questions, as you are shopping: 1. Is this item something I really need? 2. Do I already have one of these items? 3. How many hours of pay is this item worth? 4. Again, do I really, really "need" this item or do I just "want it?" The answers to these questions and more are available at the click of your mouse at "15 Top Ways to Save Money." Good Luck and Success! You Deserve It! I want to thank you sincerely for taking the time to read this book. I know you'll be happy you did. The messages you are about to discover will change the way you think about retirement planning, and, for many of you, it will absolutely empower the future for you and your family, for generations to come. At the heart of this book are surprising secrets designed to save you and your loved ones a fortune in assets – potential buckets of money your estate would otherwise give up to the government, for no reason at all! Here's why: I don't want to sound like someone caught up in conspiracy theories (not my style) but I strongly suspect that Congress may be out to get me...and YOU...tax-wise, that is! And for good reason: During the past five years, in particular, we as a nation have run up one mountain of debt and deficit and if we don't want to stand idly by, and watch significant portions of our estate legacies disappear, it's time to alter a few well-entrenched financial strategies. We all know about the massive federal debt our country amassed during the last recession. That's no secret, is it? We also know that, as a nation, we will all have to pitch in and somehow pay it all off. The one way to get there will be through increased taxation. Count on it. Who will pay the tax? You and I will be asked to pay the brunt of it; you can count on that as well. Prudent investors and those trying to preserve their assets in retirement must accordingly begin to think about certain, perfectly legal, money making tax-preservation strategies, the fundamentals of which I will reveal to you in the coming pages of this book. I can't say it enough: My clients have been astounded by the results. Once they realize how simple and easy it is to save thousands upon hundreds of thousands of dollars in family assets, they realize how financially devastated their families might have been had they never heard the invaluable, wealth-saving advice you are about to review. It is certainly no secret that from the beginning of 2013 the federal government began raising income taxes, not only for the wealthy but for most Americans across the board. Sure, many of us have been deferring the eventual payment of taxes through instruments like annuities. But a time of reckoning is coming for millions of retirees. While many prudent investors and retirees have been solidly immersed in tax deferral investment vehicles, an impending vulnerability actually created by tax deferral forms one of the central points I want to make in this book. Fact is, the IRS is entitled to its fair share of income tax and if we have been deferring tax in things like annuities and IRAs over the past decade or more, many of us may be losing sleep over the next big hurdle in the financial planning process. Here's where this book departs from others you may have read: I'm not talking about the accumulation or preservation of retirement assets, I'm leading up to the one central issue so many of us have wanted to avoid through the years. I'm talking about the final "distribution" phase of retirement planning, when government taxation stands to take a toll, not only on your current financial picture but the legacy many must inevitably leave behind.

**DON'T RELY SOLELY ON AGENTS OR SALES REPS TO TELL YOU HOW TO SAVE ON, OR BUY INSURANCE!** Insurance is a serious topic and the truth of the matter is that most people don't have a clue as to what they're getting or what they should be asking for when talking to an insurance agent. Not knowing what to buy or what type of policy is best for your situation can cost you and your family **BIG TIME** by leaving you at the mercy of an insurance salesperson's lack of experience, knowledge and/or concern. To be honest, you have a right to know all you can without being an insurance agent yourself. This is why this information is now being revealed, so consumers like yourself can be put on a level playing field, compared to people that just blindly buy insurance everyday, pay more than they have to, and walk away with inadequate protection. Friend, don't let a lack of knowledge keep you from empowering yourself! This is the type of straight-up information that you need, "real world" info that will tell you like it really is, (something rarely found elsewhere).
