It also benefits from increased focus on ethics and sustainability as well as more content relating to emerging markets as a direct result of market feedback. In this era of rapid global economic growth and change, an understanding of how marketing is impacted by culture and society is vitally important. This leading text provides a well-rounded perspective of international markets that encompasses history, geography, language, and religion as well as economics. Cateora helps students to see the cultural and environmental uniqueness of any nation or region. This edition provides a particular focus on the changing dynamics in the Asia Pacific region and their importance in the wider global context.

A revised and updated edition with examples from European and Asian markets. New to this volume are discussions on standardization versus adaptation, emerging markets, green marketing, regional market groups like the EU and non-Western management structures.

'The approach of the chapters that comprise this volume is academically rigorous and at the same time managerially relevant, which is why I believe the book helps to push the made-in research agenda forward at the same time as it provides practitioners with new ideas they can apply to their brands.' – Nicolas Papadopoulos, Carleton University, Canada The country of origin of goods and services can have positive or negative effect on customers' intentions to purchase. This book analyzes the impact of this effect on the international development of Italian companies in emerging markets. The chapters refer to a wide range of issues, including made-in effects in relation to ethnocentrism and to corporate social responsibility in small and medium-sized enterprises; the interactions and synergistic effects between product-related made-in images and the images of places as tourism destinations; distribution channel issues; 'made-in topics' in relation to emerging markets; and a review of the relevant literature on country of origin effects. The contributors propose strategies and tools that companies might leverage to develop their international marketing and suggest policies that might strengthen these efforts. This original work will prove to be a valuable resource for students and researchers of international marketing and strategy as well as policy makers.

and issues when marketing across borders.

Johansson's Global Marketing, 5/e utilizes a three-pronged framework to organize the discussion of how to conduct global business: Foreign Entry, Local Marketing, and Global Management. Johansson seeks to develop the varied skills a marketing manager needs to be successful in each of these tasks. The discussion progresses from how to market an existing product outside of the domestic market to how to develop a new product for specific local markets and then broadens the scope to discuss marketing and management topics from a global managerial perspective. Legal, regulatory, political, and cultural, issues are discussed as appropriate throughout the text. Excellent examples and cases, many of which are drawn from the authors rich international experience, help students move from concept to application.

This is a basic text in International Marketing, a major knowledge area for students of management studies. This book attempts to make learning of the nuances of the subject easy and enjoyable for students. International trade, economic free trade zones, embargoes on exports, and tariff and non-tariff barriers that the companies face overseas form a major part of the book. In addition, the role of international organizations under the guidance of the United Nations has been given its due importance. Marshall/Johnston's Marketing Management, 2e has taken great effort to represent marketing management the way it is actually practiced in successful organisations today. Given the dramatic changes in the field of marketing, it is a sure bet that the job of leading marketing manager's contributions to the organisation and its customers, clients, and partners has changed at the same level. Yet, no marketing management book on the market today fully and effectively captures and communicates to students how marketing management is really practiced in the 21st century business world. Clearly, it is time for an updated approach to teaching and learning within the field. Marketing Management 2e is designed to fulfill this need.

Offers useful perspectives to academic researchers interested in better understanding the conceptual underpinnings of relationships and to managers seeking to build effective relationships with customers.

The New Global Marketing: Local Adaptation for Sustainability and Profit discusses the ways that marketing managers can assess the potential for global expansion and help their firms capitalize on opportunities. The book explores which companies and products should expand internationally, what countries offer the best opportunities, and which marketing plan will lead each product or company to success. The material adapts well-established frameworks to demonstrate how the global marketer can assess company strengths and weaknesses and analyze opportunities and risks in foreign markets. It discusses the proper balance between standardization and localization, and addresses the importance of the "triple" bottom line - environmental sustainability, social fairness, and financial performance. Students also learn about bottom-of-the-pyramid markets, the role of digital global marketing, and the importance of adapting to international political, social, and environmental pressures. Featuring more than twenty original case studies, The New Global Marketing is an excellent introduction to what it really takes to succeed as a global marketer. Written for students with some marketing education and exposure to international business, the book is ideally suited to upper-level business courses and M.B.A. programs.

Marketing attempts to influence the way consumers behave. These attempts have implications for the organizations making the attempt, the consumers they are trying to influence, and the society in which these attempts occur. We are all consumers and we are all members of society, so consumer behavior, and attempts to influence it, are critical to all of us. This text is designed to provide an understanding of consumer behavior. This understanding can make us better consumer, better marketers, and better citizens. A primary purpose of this text is to provide the student with a usable, managerial understanding of consumer behavior.-Pref.
