From London to Corsica to Paris -- as a young woman pursues the truth about her late mother, two captivating love stories unfurl in this captivating novel from the author of *The Guest List*. Kate Darling's enigmatic mother -- a once-famous ballerina -- has passed away, leaving Kate bereft. When her grandmother falls ill and bequeaths to Kate a small portrait of a woman who bears a striking resemblance to Kate's mother, Kate uncovers a mystery that may upend everything she thought she knew. Kate's journey to find the true identity of the woman in the portrait takes her to some of the world's most iconic and indulgent locales, revealing a love story that began in the wild 1920s and was disrupted by war and could now spark new love for Kate. Alternating between Kate's present-day hunt and voices from the past, *The Book of Lost and Found* casts light on family secrets and love -- both lost and found.

Jutland, 1916: In the icy waters of the North Sea, the Royal Navy awaits the challenge of the Kaiser's High Sea Fleet Sub-lieutenant Nick Everard could never have imagined the terror he would face as his destroyer races to launch its torpedoes into the blazing guns of a horizon obscured by dreadnoughts. But when the steering-gear on HMS Warspite jams, it is up to Nick, along with his brother, Hugh, to save thousands of lives. Dramatic, action-packed and brimming with suspense, The Blooding of the Guns launches the epic career of Nicholas Everard.

Summer 1943; an undercover mission to occupied France... Rosie Ewing is an agent of SOE – Special Operations Executive – and a 'pianist': Resistance slang for radio operator. Their average life expectancy is six weeks. But Rosie is brighter than most, well-aware of the consequences of a second's carelessness, or bad luck, or treachery. Or a fellow agent crumbling under torture, naming names. Her brief is to set up a new network in Rouen, where the old one has been blown and an agent is suspected of betrayal. If she gets there, that is. Landing from a gunboat on the Brittany coast, she must to travel to Paris – carrying forged papers, a radio transceiver and more than a million francs in cash... Frighteningly realistic, unbearably exciting, the Rosie Ewing Spy Thrillers are perfect for fans of Philip Kerr, Ian Fleming and John Le Carré. 'You don't read a novel by Alexander Fullerton. South Africa, 1900. The bloody conflict between the forces of the British Empire and the Boer farmers seemed at last to have ended in victory for Queen Victoria's soldiers, with the Boer capitals taken and occupied. But fast-riding Boer commandos have emerged to introduce a new type of warfare – hit-and-run guerrilla tactics, fought across the veldt of South Africa and leaving the British 'Khakis' plodding and bruised in their wake. To counter these strikes, the British General Kitchener persuades Simon Fonthill, fresh from his triumphs in China's Boxer Rebellion, to divert to Cape Town and fight the Boers at their own game. So Fonthill, with his old comrade 352 Jenkins as his Regimental Sergeant Major, finds himself reinstated in the British Army as the colonel of his own cavalry unit. Can the two of them adapt to regular soldiering again – and will they be able to catch and pin down those elusive Boer Generals, Louis Botha and Christiaan de Wet? And can Simon's wife, Alice, reporting on the war for the *MorningPost*, extricate herself from her own problems in South Africa?

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Everard is returns in a new global conflict. British Captain Nick Everard's destroyer is crippled by Nazi gunfire in the German invasion of Norway. Nothing seems able to stop the advance across Europe and the Royal Navy is in a tight situation. Desperately attempting to repair his ship hidden in a remote fjord, Everard is unaware that his son is part of an Allied naval flotilla converging on Norway, and the two are fated to join forces in a deadly arctic battle. Moving into a new and explosive phase of Everard's career, *Storm Force to Narvik* takes us deep into the action and danger of the Second World War.

Crete, May 1941. Against all odds the Everards must survive a relentless Luftwaffe assault. The situation is dire for British forces in the Mediterranean. Their ships, with no air cover, have to run the gauntlet of 2,000 German bombers; and can only lick their wounds under cover of darkness. Nick Everard commands the destroyer *Tuareg* as it ventures well inside Stuka territory. There they are ordered to evacuate a body of troops, plus an Australian field hospital and thirty nurses, from right under the Germans' noses. The soon-decimated flotilla has to make it round the Aegean, then out of Crete – but only a miracle can save them! *Last Lift from Crete* combines gripping personal drama with incredible naval action, and is a must-read for fans of Alistair MacLean and C. S. Forester. Praise for Alexander Fullerton 'Impeccable in detail and gripping in impact' *Irish Independent* 'His action passages are superb and he never puts a period foot wrong' *Observer* 'The research is unimpeachable and the scent of battle quite overwhelming' *Sunday Times*

London 1849. The capital city is living in fear. Cholera is everywhere. Eminent MP Sir Charles Cooper decides it is too risky for his younger daughter, the strangely beautiful and troubled Harriet, and sends her--but not her beloved sister Mary--to the countryside. *Rusholme* is a world away from London, full of extraordinary relations: Harriet's cousin Edward and his plans for a new life in New Zealand; Aunt Lucretia, reliant on afternoon wine and laudanum; the

formidable Lady Kingdom and her two eligible, unobtainable sons. However, life in the country can offer only temporary respite to Harriet, who longs to return to her sister. But when Harriet does come home, London has become more dangerous than ever. Her health, her freedom--even her sanity--are under threat. Escape is essential. Can a young, powerless girl change her life? Can she board the *Amaryllis* without being discovered? Does she realize that if she flees, more than one person will pursue her, literally to the end of the world? Barbara Ewing's *The Trespass* is historical fiction at its most gripping, stretching from the dark side of Victorian London to the optimism and energy of the early New Zealand settlements.

Danger lurks beneath the Mediterranean waves... Sub-lieutenant Paul Everard serves in the Mediterranean aboard the submarine *Ultra*, helping the Allies attack Axis supply ships in a life or death struggle beneath the waves. But Paul has other worries: his father, Nick, is somewhere in the Far East, at risk from the rapidly advancing Japanese. His brother, Jack, has become embroiled in the murky world of clandestine operations, and been sent on a high-risk mission to destroy a key German naval base. The Everards are risking everything for the war. But what price is too high for one family to bear? The seventh instalment of the Nicholas Everard Naval Thrillers is a searing adventure of warfare at sea, perfect for fans of Alan Evans and David McDine. Praise for *The Nicholas Everard Naval Thrillers* 'The prose has a real sense of urgency, and so has the theme. The tension rarely slackens.' *Times Literary Supplement* 'The research is unimpeachable and the scent of battle quite overpowering.' *The Sunday Times* 'The accuracy and flair of Forester at his best... carefully crafted, exciting and full of patiently assembled technical detail that never intrudes on a good narrative line' *Irish Times*

NATIONAL BESTSELLER • “Steven Pressfield brings the battle of Thermopylae to brilliant life.”—Pat Conroy At Thermopylae, a rocky mountain pass in northern Greece, the feared and admired Spartan soldiers stood three hundred strong. Theirs was a suicide mission, to hold the pass against the invading millions of the mighty Persian army. Day after bloody day they withstood the terrible onslaught, buying time for the Greeks to rally their forces. Born into a cult of spiritual courage, physical endurance, and unmatched battle skill, the Spartans would be remembered for the greatest military stand in history—one that would not end until the rocks were awash with blood, leaving only one gravely injured Spartan squire to tell the tale. . . .

THE PERFECT GIFT FOR POETRY LOVERS "Broad in scope, generous in spirit and wittily accompanied by Risbridger's commentary" Sarah Perry, author of *The Essex Serpent* *Set Me On Fire* is an anthology for a new moment in poetry: a collection of fresh, vibrant voices from poets all over the globe, both living and dead. With an intuitive, accessible, feelings-first format, these are poems for the moments when you really need to know that someone else has been there too. These are poems about eating and kissing and having too many feelings, about being outside and inside and loving someone so much you think you might die. They are about break-ups and getting back together and oh-god-it's-complicated-don't-ask-me moments. They are about

wanting and waiting and having, about grieving and life after death and the end of the world. They are, in other words, about being alive.

Fifteen-year-old Lynda Mann's savagely raped and strangled body is found along a shady footpath near the English village of Narborough. Though a massive 150-man dragnet is launched, the case remains unsolved. Three years later the killer strikes again, raping and strangling teenager Dawn Ashforth only a stone's throw from where Lynda was so brutally murdered. But it will take four years, a scientific breakthrough, the largest manhunt in British crime annals, and the blooding of more than four thousand men before the real killer is found.

From No.1 bestselling author Andrew Taylor comes the sequel to the phenomenally successful *The Ashes of London*

She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, *The Immortal Life of Henrietta Lacks* captures the beauty and drama of scientific discovery, as well as its human consequences.

#1 NEW YORK TIMES BESTSELLER • Diana Gabaldon returns with the newest novel in the epic Outlander series. The past may seem the safest place to be . . . but it is the most dangerous time to be alive. . . . Jamie Fraser and Claire Randall were torn apart by the Jacobite Rising in 1746, and it took them twenty years to find each other again. Now the American Revolution threatens to do the same. It is 1779 and Claire and Jamie are at last reunited with their daughter, Brianna, her husband, Roger, and their children on Fraser's Ridge. Having the family together is a dream the Frasers had thought impossible. Yet even in the North Carolina backcountry, the effects of war are being felt. Tensions in the Colonies are great and local feelings run hot enough to boil Hell's teakettle. Jamie knows loyalties among his tenants are split and it won't be long until the war is on his doorstep. Brianna and Roger have their own worry: that the dangers that provoked their escape from the twentieth century might catch up to them. Sometimes they question whether risking the perils of the 1700s—among them disease, starvation, and an impending war—was indeed the safer choice for their family. Not so far away, young William Ransom is still coming to terms with the discovery of his true father's identity—and thus his own—and Lord John Grey has reconciliations to make, and dangers to meet . . . on his son's behalf, and his own. Meanwhile, the Revolutionary War creeps ever closer to Fraser's Ridge. And with the family finally together, Jamie and Claire have more at stake than ever before.
