In this dramatic adaptation of her award-winning, bestselling memoir, Joan Didion transforms the story of the sudden and unexpected loss of her husband and their only daughter into a stunning and powerful one-woman play. "This happened on December 30, 2003. That may seem a while ago but it won't when it happens to you . . ." Michiko Kakutani in *The New York Times* called the memoir that was the basis for the play, "an indelible portrait of loss and grief . . . a haunting portrait of a four-decade-long marriage." The first theatrical production of *The Year of Magical Thinking* opened at the Booth Theatre on March 29, 2007, starring Vanessa Redgrave and directed by David Hare.

In this groundbreaking union of art and science, rocker-turned-neuroscientist Daniel J. Levitin explores the connection between music—its performance, its composition, how we listen to it, why we enjoy it—and the human brain. Taking on prominent thinkers who argue that music is nothing more than an evolutionary accident, Levitin poses that music is fundamental to our species, perhaps even more so than language. Drawing on the

latest research and on musical examples ranging from Mozart to Duke Ellington to Van Halen, he reveals:

- How composers produce some of the most pleasurable effects of listening to music by exploiting the way our brains make sense of the world
- Why we are so emotionally attached to the music we listened to as teenagers, whether it was Fleetwood Mac, U2, or Dr. Dre
- That practice, rather than talent, is the driving force behind musical expertise
- How those insidious little jingles (called earworms) get stuck in our head

A Los Angeles Times Book Award finalist, *This Is Your Brain on Music* will attract readers of Oliver Sacks and David Byrne, as it is an unprecedented, eye-opening investigation into an obsession at the heart of human nature.

The circus arrives without warning. No announcements precede it. It is simply there, when yesterday it was not. Within the black-and-white striped canvas tents is an utterly unique experience full of breathtaking amazements. It is called *Le Cirque des Rêves*, and it is only open at night. But behind the scenes, a fierce competition is underway: a duel between two young magicians, Celia and Marco, who have been trained since childhood expressly for this purpose by their mercurial instructors. Unbeknownst to them both, this is a game in which only one can be left standing. Despite the high stakes, Celia and Marco soon

tumble headfirst into love, setting off a domino effect of dangerous consequences, and leaving the lives of everyone, from the performers to the patrons, hanging in the balance.

Provides instructions for shortcuts of varying degrees of difficulty for doing arithmetical calculations and estimates, and for checking answers.

A new, sexy standalone from #1 New York Times Bestseller, Vi Keeland. The first time I met Hudson Rothschild was at a wedding. I'd received an unexpected invitation to one of the swankiest venues in the city. Hudson was a groomsman and quite possibly the most gorgeous man I'd ever laid eyes on. He asked me to dance, and our chemistry was off the charts. I knew it wasn't a good idea to get involved with him, considering the wedding I was at. But our connection was intense, and I was having a great time. Though the fun came to a screeching halt when Hudson figured out I wasn't who I'd said I was. You see, that unexpected invitation I received? Well, it hadn't actually been addressed to me—it was sent to my ex-roommate who'd bounced a check for two months' rent and moved out in the middle of the night. I figured she owed me an expensive night out, but I guess, technically, I was crashing the wedding. Once caught, I couldn't get out of there fast enough. As I bolted for the door, I might've plucked a few bottles of expensive champagne off the tables I passed, all while the gorgeous, angry groomsman was hot on my tail. Outside, I jumped into a taxi. My heart ricocheted against my ribs as we drove down the block—but at least I'd escaped unscathed. Or so I thought. Until I realized I'd left my cell phone behind at the table. Take one guess who found it? This is the crazy story of how Hudson Rothschild and I met. But trust me, it's only the tip of the iceberg.

CLUB PICK • NATIONAL BOOK AWARD LONGLIST • “An instant American classic and almost certainly the keynote nonfiction book of the American century thus far.”—Dwight Garner, *The New York Times* The Pulitzer Prize–winning, bestselling author of *The Warmth of Other Suns* examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post • The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist “As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not.” In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system that influences people’s lives and behavior and the nation’s fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight

pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

This volume explores the multiple connections between the two most canonical authors in English, Jane Austen and William Shakespeare. The collection reflects on the historical, literary, critical and filmic links between the authors and their fates. Considering the implications of the popular cult of Austen and Shakespeare, the essays are interdisciplinary and comparative: ranging from Austen's and Shakespeare's biographies to their presence in the modern vampire saga Twilight, passing by Shakespearean echoes in Austen's novels and the authors' afterlives on the improv stage, in wartime cinema, modern biopics and crime fiction. The volume concludes with an account of the Exhibition "Will & Jane" at the Folger Shakespeare Library, which literally brought the two authors together in the autumn of 2016. Collectively, the essays mark and celebrate what we have called the long-standing "love affair" between William Shakespeare and Jane Austen—over 200 years and counting.
