

Iside Svelata Teologia Gli Iniziati

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

From that long investigation of mine the conclusions that I summarize and explain in this book arose and which, I will say immediately, are the following: It is true that the poetry of the "Fedeli d'Amore", especially that of Dante and his most immediate predecessors, of the his contemporaries and his successors, is written in a secret jargon for which at least thirty words (Rossetti had already pointed out some, deceiving himself about others) constantly have, in addition to the apparent meaning concerning love matter, a second and sometimes also a third conventional meaning, concerning the ideas of an initiatory doctrine and the life of a group of initiates. These words are precisely those that with exasperating monotony fill the lines of these "Faithful", very often presenting nonsense in the literal plane, namely: love, madonna, death, life, women, madness and madness, cold, gaiety, gravity, boredom, nature, weep, stone, rose, flower, source, greeting, wild, shame and others of less frequent use. It is true that all the women of the dolce stil novo are in reality one woman and that is the holy Wisdom, which in the special use of the dolce stil novo conventionally takes a different name for each different lover and is called Beatrice for Dante, Giovanna for Guido Cavalcanti, Lagia for Lapo Gianni, Selvaggia for Cino and so on. And since, as I said above, the doctrine cultivated by a sect and the sect itself are confused under the same designation, these women also serve to designate the sect of the "Fedeli d'Amore". Dante's Vita Nuova is all written in this jargon: it is all symbolic from the first to the last word and concerns the initiatory life of Dante and his relations not with the wife of Simone de 'Bardi, but with the Holy Wisdom and with the group that cultivated it. Therefore the Beatrice of the New Life does not differ substantially from the one who appears triumphant on the chariot of the Church in the apocalyptic vision of the Divine Comedy. The darkest poems of the "Fedeli d'Amore" and especially Dante's obscure songs, over which those who were ignorant of the jargon have struggled in vain, read according to the jargon, melt their clarity, coherence, unsuspected depth. Not only that, but with the knowledge of the secret meaning of these few words of jargon, they clear up in our eyes and completely transform into their spirit, other very obscure works by Dante's contemporaries, such as the Documents of love by Francesco da Barberino, the Intelligence by Dino Compagni, the Acerba by Cecco d'Ascoli, works which, while differing outwardly from the love poetry of the sweet styl novo are informed by the same profound mystical spirit, by the same secret doctrine, they come out, in other words, from the bosom of the same sect. These poems, once translated into their real meaning with the key of jargon, in place of that vague, stylized, monotonous, cold, artificial love, which they almost always show according to the letter, reveal to us an intense and deep life of love. for a mystical idea, considered the true essence of Catholic revelation, of a struggle for it, against the carnal and corrupt Church, conventionally called "Death" or "the Stone" and which is depicted as an opponent of the sect of the "Fedeli d'Amore" and as a concealer of that holy Wisdom that the "Fedeli d'Amore" pursue under the figure of the woman; they reveal to us a series of mystical kidnappings, of cries invoking help against the persecutions and threats of adversaries, of excitements with which the followers comfort each other to remain faithful to the holy idea, and other very high and very deep things, before which the fictitious love poem, which is on the surface, falls, and almost always without our regret, like a very insignificant rind, leaving us astonished that we could have believed that all this was really love poetry.

Isis Unveiled is a two-volume classic of esoteric philosophy which discusses occult science and the hidden and unknown forces of nature as well as the similarity of Christian scripture to Eastern religions such as Buddhism, Hinduism, the Vedas, and Zoroastrianism. The book follows the Renaissance notion of prisca theologia, in that all these religions purportedly descend from a common source; the ancient "Wisdom-Religion".

Towards the end of her life, the French philosopher and mystic Simone Weil (1909-43) was working on a tragedy, Venice Saved. Appearing here in English for the first time, this play explores the realisation of Weil's own thoughts on tragedy. A figure of affliction, a central theme in Weil's religious metaphysics, the central character offers a unique insight into Weil's broader philosophical interest in truth and justice, and provides a fresh perspective on the wider conception of tragedy itself. The play depicts the plot by a group of Spanish mercenaries to sack Venice in 1618 and how it fails when one conspirator, Jaffier, betrays them to the Venetian authorities, because he feels compassion for the city's beauty. The edition includes notes on the play by the translators as well as introductory material on: the life of Weil; the genesis and purport of the play; Weil and the tragic; the issues raised by translating Venice Saved. With additional suggestions for further reading, the volume opens up an area of interest and research: the literary Weil.

Il Mago Quantico è colui che possiede l'antica sapienza magica, potenziata dalle scoperte della Fisica Quantistica. In questo manuale di Magia avanzata, riceverai la tua iniziazione e apprenderai sette rituali superiori, riservati solo agli iniziati. Dopo il bestseller Magia Quantica, ecco il tanto atteso manuale di Alta Magia avanzata. In quest'epoca di Risveglio, la conoscenza segreta delle società iniziatiche può ora essere divulgata. Al contempo, la rivoluzione scientifica della Fisica Quantistica ha portato a una straordinaria scoperta: la Magia esiste davvero, e funziona. L'antica sapienza esoterica, unita alle consapevolezze della scienza, ha dato vita alla Magia Quantica. In questo affascinante percorso, apprenderai come diventare tu stesso un Mago Quantico di livello avanzato. Riceverai l'iniziazione e apprenderai sette rituali superiori, riservati agli iniziati, coi quali potrai: fare viaggi astrali ed esperienze fuori dal corpo, incontrare la Sorgente di Amore Universale, creare serbatoi di energia e scudi di protezione, realizzare desideri col tuo Sé Superiore, eseguire esorcismi, guarire energeticamente la Madre Terra. Aprirai il tuo Terzo Occhio e svilupperai il tuo grande potere magico interiore.

His Unknown Life Before And After The Crucifixion. Why Has Christianity Chosen To Ignore Its Connections With The Religions Of The East, And To Dismiss Repeatedly The Numerous Claims That Jesus Spent A Large Part Of His Life In India? This Compelling Book Presents Irrefutable Evidence That Jesus Did Indeed Live In India, Dying There In Old Age. The Result Of Many Years Of Investigative Research, Jesus Lived In India Takes The Reader To All The Historical Sites Connected With Jesus In Israel, The Middle East, Afghanistan And India. As Well As Revealing Age-Old Links Between The Israelites And The East, The Evidence Found By Theologian Holger Kersten Points To The Following Startling Conclusions: In His Youth Jesus Followed The Ancient Silk Road To India. While There He Studied Buddhism, Adopting Its Tenets And Becoming A Spiritual Master. Jesus Survived The Crucifixion. After The Resurrection Jesus Returned To India To Die In Old Age. Jesus Was Buried In Srinagar, The Capital Of Jammu And Kashmir, Where He Continues To Be Revered As A Saintly Man. The Tomb Of Jesus Still Exists In Kashmir.

The Christians and the Roman Empire overturns the myth of an unrelenting persecution of the subversive, Christian "outlaw." Using contemporary sources and authentic documents --including imperial edicts and records of the deeds of non-legendary martyrs--Marta Sordi shows that the conflict was primarily religious and almost never political. The Christians actually continued to profess their loyalty to the Roman Empire during the periods of persecution, and the Empire, which almost never thought of the Christians as a threat to security, often found itself acting simply as the secular arm of religious authorities during these periods of social and cultural intolerance.

This is a new release of the original 1931 edition.

This is a book of the key text of the Kabbalah, a work known as the Zohar ("Splendour"). The Zohar is a commentary on the Torah and although it is sometimes ascribed to a second-century rabbi, Simon Bar-Yochai, the form in which it is most widely known originates with Moses of Leon, a native of Granada, who died in 1305. The kabbalists believe that the undefinable origin of all things is Ein Sof - the cause of causes, the infinite, that which underlies everything. The universe emanates from the divine in successive layers called esefiroti. Everything exists in God, but God extends infinitely beyond existence. All we know and are is linked together, pervaded and maintained by the divine. According to this work, the light of God must be concealed in order to be revealed to creation. Even though the kabbalists believe that ultimately Ein Sof is beyond expression or understanding, the contemplation of God's presence in all things causes our thoughts to be purified.

This is the first published summary of the entire complex of the great necropolises of Rome, which were situated on Vatican Hill. The work concerns one of the most extensive, richest, and least-known Roman archaeological phenomena and bears witness to the work of creating an underground museum that has been followed internationally as a model of conservation practice. From the submerged world of the necropolises emerges the funeral 'normality' of the Roman world, from poorer cremations in wooden urns, to sumptuous sarcophagi, to sepulchres adorned with frescoes and mosaics. One can also observe Egyptian cults influencing the practice of epicurean philosophy. In addition, we can catch a glimpse of the first traces of Christianity, which include the presence of St. Peter the Apostle's tomb.

This classic explores the symbolism of classical architecture. A milestone in relating mysticism to design, it shows the correlation between mythology and the design of St. Paul's Cathedral, the Taj Mahal, the Palace of Versailles, and other architectural masterpieces. This delightful book describes the symbolism of real-world architecture, as well as architecture described in fiction, myth and folklore. Lethaby believed that architecture reflected the macrocosm. He speculated that many of the seemingly ornamental details of classical buildings actually represented aspects of the land, the sea and the sky. This is one of those books like the Golden Bough or the White Goddess (albeit shorter and a less challenging read) that will turn you on to the mythopoetic side of reality, no matter whether you agree with its conclusions.

The manual consists of the story of Dr. Hayashi including unpublished photos and main exercises of the Hayashi Reiki system.

IT was a dark, chilly night in September, 1884. A heavy gloom had descended over the streets of A——, a small town on the Rhine, and was hanging like a black funeral-pall over

the dull factory burgh. The greater number of its inhabitants, wearied by their long day's work, had hours before retired to stretch their tired limbs, and lay their aching heads upon their pillows. All was quiet in the large house; all was quiet in the deserted streets. I too was lying in my bed; alas, not one of rest, but of pain and sickness, to which I had been confined for some days. So still was everything in the house, that, as Longfellow has it, its stillness seemed almost audible. I could plainly hear the murmur of the blood, as it rushed through my aching body, producing that monotonous singing so familiar to one who lends a watchful ear to silence. I had listened to it until, in my nervous imagination, it had grown into the sound of a distant cataract, the fall of mighty waters ... when, suddenly changing its character, the ever growing "singing" merged into other and far more welcome sounds. It was the low, and at first scarce audible, whisper of a human voice. It approached, and gradually strengthening seemed to speak in my very ear. Thus sounds a voice speaking across a blue quiescent lake, in one of those wondrously acoustic gorges of the snow-capped mountains, where the air is so pure that a word pronounced half a mile off seems almost at the elbow. Yes; it was the voice of one whom to know is to reverence; of one, to me, owing to many mystic associations, most dear and holy; a voice familiar for long years and ever welcome: doubly so in hours of mental or physical suffering, for it always brings with it a ray of hope and consolation. "Courage," it whispered in gentle, mellow tones. "Think of the days passed by you in sweet associations; of the great lessons received of Nature's truths; of the many errors of men concerning these truths; and try to add to them the experience of a night in this city. Let the narrative of a strange life, that will interest you, help to shorten the hours of suffering.... Give your attention. Look yonder before you!" "Yonder" meant the clear, large windows of an empty house on the other side of the narrow street of the German town. They faced my own in almost a straight line across the street, and my bed faced the windows of my sleeping room. Obedient to the suggestion, I directed my gaze towards them, and what I saw made me for the time being forget the agony of the pain that racked my swollen arm and rheumatismal body.

This volume invites to bridge the traditional gap between the author and the scribes, which means between the "original text" and the "copies" in order deal with more complex situations, in which the performer, the screenwriter, or the director...

La genesi, il simbolismo e l'illuminismo massonico interagiscono con la capitale della cristianità in un rapporto dialettico che si snoda dalle corporazioni medievali alla nascita della massoneria speculativa settecentesca. La Roma di Cagliostro, Casanova e Piranesi svela tre volti della fratellanza che fra Settecento e Ottocento si diffonde rapidamente dall'Inghilterra in Europa fino alle Americhe: la vocazione magico-esoterica che si riveste di egittofilia ed egittomania, l'aspetto affaristico e proteiforme di alcuni settori dell'universo massonico e l'architettura come via iniziatica all'illuminazione. Teatro di questa grande kermesse "rivoluzionaria" è il nascente quartiere internazionale di Piazza di Spagna, dove la geometria tardobarocca della Scalinata di Trinità de' Monti e le scenografie della Fontana di Trevi e del Porto di Ripetta disegnano una topografia simbolica stupefacente e innovativa. Massoneria e architettura procedono di pari passo nel rinnovamento della città, mentre si profila l'inevitabile contrasto con la Chiesa. La Breccia di Porta Pia e la contrapposizione fra la Roma cattolica e la Roma massonica condiziona lo sviluppo della nuova capitale e modifica l'antico impianto urbanistico. La massoneria progressista e laicista è artefice del processo post-risorgimentale, erigendo a sua immagine e somiglianza i nuovi edifici del potere, tracciando assi viari che esaltano la "Terza Roma" e i quartieri della nuova borghesia impiegatizia piemontese. Lo sguardo della statua di Giordano Bruno che fissa la basilica di San Pietro e il Vittoriano, originale cattedrale massonica della città, si erigono come baluardo contro le pretese del cattolicesimo integralista.

In English for the first time, a guide to the true secret structure of the Illuminati and their invisible network made of various power structures, author Leo Lyon Zagami uses their internal documents and reveals confidential and top-secret events. His book contends that the presence of numerous Illuminati brotherhoods and secret societies—just as those inside the most prestigious U.S. universities such as Yale or Harvard—have always been guides to the occult. From the Ordo Templi Orientis (OTO)'s infiltration of Freemasonry to the real Priory of Sion, this book exposes not only the hidden structure of the New World Order and the occult practices but also their connections to the intelligence community and the infamous Ur-Lodges.

This book gives a remarkably fine account of the influences mathematics has exerted on the development of philosophy, the physical sciences, religion, and the arts in Western life.
