

## James Bond Cold Reading Downlaod

She is beautiful. She is Russian. And she is very, very dangerous. Once Xenia worked for the KGB. But her new master is Janus, a powerful and ambitious Russian leader who no longer cares about ideology. Janus's ambitions are money and power: his normal business methods include theft and murder. And he has just acquired GoldenEye, a piece of high-tech space technology with the power to destroy or corrupt the West's financial markets. But Janus has underestimated his most determined enemy: James Bond.

'You only live twice: Once when you are born And once when you look death in the face' Doctor Guntram Shatterhand's Garden of Death is a magnet for suicides from all over Japan. James Bond - grief-stricken and unreliable - must kill him to save his career in the Service. But as Shatterhand's true identity is revealed, Bond is forced to confront his past, in Ian Fleming's twelfth 007 adventure.

With half a million copies in print, *How to Read a Book* is the best and most successful guide to reading comprehension for the general reader, completely rewritten and updated with new material. A CNN Book of the Week: "Explains not just why we should read books, but how we should read them. It's masterfully done." —Farheed Zakaria Originally published in 1940, this book is a rare phenomenon, a living classic that introduces and elucidates the various levels of reading and how to achieve them—from elementary reading, through systematic skimming and inspectional reading, to speed reading. Readers will learn when and how to "judge a book by its cover," and also how to X-ray it, read critically, and extract the author's message from the text. Also included is instruction in the different techniques that work best for reading particular genres, such as practical books, imaginative literature, plays, poetry, history, science and mathematics, philosophy and social science works. Finally, the authors offer a recommended reading list and supply reading tests you can use measure your own progress in reading skills, comprehension, and speed.

More and more people every day are visiting psychics for advice, guidance and a peek into the future. The industry is a moneymaker, with TV talk shows, Internet astrologers and corner store psychics available for the seeker's pleasure. Mediums, sages and astrologers have enjoyed a long and well-documented history, and can even be found in The Bible, while modern psychics have turned their readings into fame, fortune and celebrity. But what can a psychic really do? This book will examine the ways that psychics run their show. Readers will come to understand the basics of the "cold read," which is the psychic's main tool for convincing customers to return

This is a Borzoi book published by Alfred A. Knopf.

"Mark Edward is an equivocator, fibber, and mountebank. Which begs the question: if a liar admits to lying, can he be telling the truth? He is a literate, informative, intellectual, a student of the psychology of humans, a foe of those who would defraud the public for personal gain, and as an author and practicing psychic, he is first and foremost an entertainer."—Joel Moskowitz, International Brotherhood of Magicians Mark Edward admits that for years he exploited believers who wished to connect with supernatural ideas and sad family members who missed dead loved ones. Now Edward is a magician who works the Haunted Castle in Hollywood and is also on the editorial board of *Skeptic* magazine, where he reveals the means of psychic scamsters. This entertaining book is at once a confessional and instructional regarding human belief and those who exploit it. Though Edward believes that most practitioners of the psychic business are out-and-out scam artists, he also counters the skeptic belief that the supernatural is a lie. Both skeptic and skeptical of skepticism, Mark Edward has worked as a 900-number psychic, ghost hunter, and Hollywood Magic Castle medium. He has also worked vigorously to debunk psychic frauds and

currently works on the editorial board of Skeptic magazine.

The adventures and antics of James Bond have provided the world with many of the most gripping story lines of the last half-century. Fleming's novels were bestsellers in their day, and the Bond films have been even more popular, becoming the most enduring and successful film franchise in history. By some estimates, half of the world's population has seen a James Bond movie. A fascinating and accessible account of this global phenomenon, *The Politics of James Bond* uses the plots and characterizations in the novels and the blockbuster films to place Bond in a historical, cultural, and political context. ø Jeremy Black charts and explores how the settings and the dynamics of the Bond adventures have changed over time in response to shifts in the real-world environment in which the fictional Bond operates. Sex, race, class, and violence are each important factors, as Agent 007 evolves from Cold War warrior to foe of SPECTRE and eventually to world defender pitted against megalomaniacal foes. The development of Bond, his leading ladies, and the major plots all shed light on world political attitudes and reflect elements of the real espionage history of the period. This analysis of Bond's world and his lasting legacy offers an insightful look at both cultural history and popular entertainment.

Sixteen-year-old Jacques Rebière is living a humble life in rural France, studying butterflies and frogs by candlelight in his bedroom. Across the Channel, in England, the playful Thomas Midwinter, also sixteen, is enjoying a life of ease-and is resigned to follow his father's wishes and pursue a career in medicine. A fateful seaside meeting four years later sets the two young men on a profound course of friendship and discovery; they will become pioneers in the burgeoning field of psychiatry. But when a female patient at the doctors' Austrian sanatorium becomes dangerously ill, the two men's conflicting diagnosis threatens to divide them--and to undermine all their professional achievements. From the bestselling author of *Birdsong* comes this masterful novel that ventures to answer challenging questions of consciousness and science, and what it means to be human.

Outstanding collection of nearly 200 crowd-pleasing mental magic feats requiring no special equipment. Author offers insider's tips and expert advice on techniques, presentation, diversions, patter, staging, more.

So you want to learn how to read minds, huh? Well, understandably so! Mind-reading is an intriguing art form with a much larger scope than that with which it's credited. It smoothly finds its uses in relationships and dating, sales, business, leadership, public speaking and many other everyday avenues of life. Even when you're not performing it to interact with another person, its foundational qualities easily give you a competitive edge in all of the above aspects of life. And the fact that mind-reading can easily be learned and practiced by anyone who's willing to put in the time to practice and gain experience greatly magnifies its appeal as well. If you've tried other mind-reading guides and felt stuck and frustrated, don't worry. The purpose of this book is to help you learn the big "HOW." So, are you ready to delve into the world of pseudo-magic? Are you ready to uncover the most basic traits of humanity, and use that sacred information to score your next date, bond deeper with your partner, make your next sale, or simply become the life of the party? If so, grab this book now and let's get started!

Official, original James Bond from a writer described by Len Deighton as a 'master storyteller'. James Bond is on a mission that will become an obsession. It starts the night Flight 229 is torn apart at Washington airport, killing 435 passengers. But the victim who matters to Bond is the Principessa Sukie Tempesta: once his lover, still his friend. The search for Sukie's killers will turn out to

be the most complex and demanding assignment of Bond's career. Across continents and through ever-changing labyrinths of evil, he follows the traces of clues into the centre of a fanatical society more deadly than any terrorist army. Its code name is COLD.

Updated to include the road to Bond 25 For over 50 years, Albert R. Broccoli's Eon Productions has navigated the ups and downs of the volatile British film industry, enduring both critical wrath and acclaim in equal measure for its now legendary James Bond series. Latterly, this family-run business has been crowned with box office gold and recognised by motion picture academies around the world. However, it has not always been plain sailing. Changing financial regimes forced 007 to relocate to France and Mexico; changing fashions and politics led to box office disappointments; and changing studio regimes and business disputes all but killed the franchise. And the rise of competing action heroes has constantly questioned Bond's place in popular culture. But against all odds the filmmakers continue to wring new life from the series, and 2012's Skyfall saw both huge critical and commercial success, crowning 007 as the undisputed king of the action genre. Now, with Daniel Craig back for a fifth turn as Ian Fleming's spy in October 2019, Bond's reign shows no signs of diminishing. Some Kind of Hero recounts this remarkable story, from its origins in the early fifties right through to the present day, and draws on over a hundred unpublished interviews with the cast and crew of this iconic series.

Official, original James Bond from a writer described by Len Deighton as a 'master storyteller'. Bond reluctantly finds himself recruited into a dangerous mission involving an equally dangerous and treacherous alliance of agents from the CIA, the KGB and Israel's Mossad. The team dubbed 'Icebreaker' waste no time double crossing each other, as they try to root out the leader of the

murderous National Socialist Action Army, Count Konrad von Gloda, a one time SS officer, who now perceives himself as the New Adolf Hitler.

Is it possible to know all about someone, just by looking at their handwriting? Imagine you could ask anyone to write down two simple words yet you could start telling them 'what they're like' from their handwriting almost immediately - even complete strangers! You must admit that would be cool. How could you know so much with so little information? Well with the graphology system outlined in this new graphology book designed to be learned in few days, you can be giving interesting yet fun handwriting readings in no time at all - Here are some points to consider: \* Can be learned over a weekend \* Requires only two words to be written down \* Can be done for two or more people at the same time \* A great ice-breaker or conversation starter \* Once you've learned it, it's almost impossible to forget Oh - and did we mention the FREE AUDIOBOOK? We almost forgot - not only do you get the book packed with examples, exercises and top-tips to make learning graphology as painless as possible, you also get the 13 part audiobook thrown in as well! FLASH CARDS! With the book and audiobook you also get a set of 10 flash cards! Print them off onto index cards and stick them in your back pocket so you can have an instant 'refresher' moment while you're still learning the system. No need for last minutes nerves - a quick look at your flash cards and you can top-up your new found knowledge in a jiffy. Powerful stuff Seriously, knowing this information is powerful - everyone is interested in themselves, and by using the fun techniques in this unique book you'll find that sometimes you simply haven't got the time to check out everybody's handwriting! REVIEWS "I really enjoyed reading your new book and would heartily recommend it. It is a great way to learn the art without spending hours ploughing through the many books out there on the subject." - Richard Osterlind "Julian is a wonderful teacher. I've tried learning enough about graphology before to use as an adjunct to my mentalism performances but it never stuck. And I quickly became bored. With Julian's system once the info is in your head, it isn't easily leaving. And I found the whole process fun! Julian has set this up in a way that you get constant reinforcement for your efforts and just want to keep going." - Bill Cushman "I have finished Julian's book on Graphology and highly recommend it. Julian has condensed a large amount of information on graphology into an easily memorized system and provided a presentation that is short, sweet, and can be done on the back of a business card. I like to explain how I am getting my information as I am doing the reading, and Julian's system is perfectly suited for this. In fact, it is so simple to explain that your subject will likely go away believing they have learned something valuable even in the unlikely event that most of your reading doesn't hit the mark -- so you really cannot lose. Anyone that is interested in Graphology should definitely pick up this book." - John Lumber "As a long time graphologist, I've perused Julian's manuscript, and can attest that it is exactly as described. He's taken some of the real 'meat' of the subject and found a way to explain it clearly and simply - AND to do it in a wicked clever mnemonic sort of structure that makes it quite easy to remember. (And, therefore, easy to explain to others.) He's done a lot of hard mental work so that you won't have to! Well worth the price tag for those who wish to use it." - Brane OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: Palmistry - Palm Readings In Your Own Words Speed Learning: Numerology - Numbers Past And Present With The Lo-Shu Square Speed Learning: Star Signs "MOVE AN INCH AND I'LL KILL YOU." It had been a girl's voice, but a voice that fiercely meant what it said. Bond, his heart thumping, stared up the shaft of the steel arrow whose blue-tempered triangular tip parted the grass stalks eighteen inches from his head. The girl was dressed in ragged coat and trousers. The beauty of her face was wild and animal, with a wide, sensuous mouth, high cheekbones and silvery

gray, disdainful eyes. There was the blood of scratches on her forearms and down one cheek. She looked like a dangerous customer who knew wild country and forests and was not afraid of them. Bond thought she was wonderful. He smiled at her..."I suppose you're Robin Hood. My name's James Bond..." BOND IS BACK! 007 deals a deathblow to international crime as he tracks gunrunners in the blue Caribbean, unearths a thorny nest of spies in a French forest, smashes smugglers in sunny Italy and teams up with an untamed huntress on a mission of vengeance in Vermont.

"Moonraker" by Ian Fleming. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. The release of Skyfall in 2012 marked the fiftieth anniversary of the James Bond film franchise. It earned over one billion dollars in the worldwide box office and won two Academy Awards. Amid popular and critical acclaim, some have questioned the representation of women in the film. From an aging M to the limited role of the Bond Girl and the characterization of Miss Money Penny as a defunct field agent, Skyfall develops the legacy of Bond at the expense of women. Since Casino Royale (2006) and its sequels Quantum of Solace (2008) and Skyfall constitute a reboot of the franchise, it is time to question whether there is a place for women in the new world of James Bond and what role they will play in the future of series. This volume answers these questions by examining the role that women have historically played in the franchise, which greatly contributed to the international success of the films. This academic study constitutes the first book-length anthology on femininity and feminism in the Bond series. It covers all twenty-three Eon productions as well as the spoof Casino Royale (1967), considering a range of factors that have shaped the depiction of women in the franchise, including female characterization in Ian Fleming's novels; the vision of producer Albert R. Broccoli and other creative personnel; the influence of feminism; and broader trends in British and American film and television. The volume provides a timely look at women in the Bond franchise and offers new scholarly perspectives on the subject.

Bond is back with a license to thrill. Forty-three years ago, Ian Fleming wrote his last great 007 adventure. Now, in Devil May Care, the world's most iconic spy returns in a Cold War story spanning the world's exotic locations. By invitation of the Fleming estate to mark the centenary of his birth, acclaimed novelist Sebastian Faulks picks up where Fleming left off, writing a tour de force that will electrify every James Bond fan. A fitting tribute to the Bond tradition, Devil May Care stands on its own as a triumph of witty prose and plenty of double-0 action. "In his house in Jamaica, Ian Fleming used to write a thousand words in the morning, then go snorkeling, have a cocktail, lunch on the terrace, more diving, another thousand words in the late afternoon, then more martinis and glamorous women. In my house in London, I followed this routine exactly, apart from the cocktails, the lunch, and the snorkeling." —Sebastian Faulks

Readers can explore James Bond creator Ian Fleming's writing on the pleasures of drinking and mix themselves fifty delicious cocktails from

recipes inspired by his books and developed by award-winning London bar, Swift. Both Bond and Fleming were partial to a stiff drink. In both fiction and real life, cocktails were an important and well-chosen accompaniment to adventure and daring and often relaxing. Fleming made the Martini famous with Bond's ritual of always ordering it "shaken, not stirred". But in every James Bond book a wide selection of strong, sophisticated and carefully crafted drinks are essential details to the story. The recipes in *Shaken* are divided into five categories: Straight Up; On the Rocks; Tall; Fizzy; and Exotic. Sip on inventions such as Smersh, Moneypenny, That Old Devil M and Diamonds Are Forever, as well as classic Bond cocktails such as the Vesper—and, of course, the Dry Martini. Each recipe is illustrated by a stunning full-color photo of the drink and wonderful extracts from Fleming's writing—taken from the passage where the drink was featured or a place, character, or plot that inspired it. *Shaken* features a foreword written by the novelist's nephew, Fergus Fleming, as well as plenty of his writing on whisky, gin, rum, and other spirits.

In order to rid the British Secret Service of "Le Chiffre," a lethal Soviet operative with a weakness for gambling, James Bond is to bankrupt him in a French casino, but the secret agent's cards are not cooperating.

The James Bond Cold Reading is a whole new take on the twelve lines of the 'Classic Reading' made so popular from the 50's to the present day. Julian 'Bev' Moore shows you how this much discussed but seldom used powerful cold reading technique can be applied effectively and memorised in no time at all using characters such as James Bond that you already know and love. Forget about learning stock lines and never using them - using the proven techniques in *The James Bond Cold Reading*, you can learn to speak in your own words and amaze people by how much you know about them using one of the most misunderstood tools of mentalism - the character reading. By bringing a modern slant to an old technique, Julian 'Bev' Moore proves once again that the old ones are the best - if only we knew how to apply them. If you're not a fan of 'stock lines' and think that learning them is a waste of time, this ebook could seriously change your mind! REVIEWS "I got Julian's book and it is wonderful! It is a great system for doing a reading and extremely practical. I applaud Julian and highly recommend this!" - Richard Osterlind "First palmistry, now general Forer-Barnum 101... this guy really amazes me." - Craig Browning "Julian has taken the Classic Reading - which isn't out of date, as some would suggest - and applied a James Bond theme to its LEARNING (not to the reading itself), to make the reading's customization so much easier. It's ingenious, simple, and thought-inspiring, all at the same time! Buy this now, and start using it right away!" - R. Lee Davis "I have tried many times to learn the stock lines of cold reading. I've tried memory techniques, linking, the peg system, and even with all that everything seemed a confusing, repetitive mess. Because of Julian's system, in two days, I have learned to give a cold reading forward, backward, inside out and in my own words. Just as with Julian's palmistry book saved me about five years of study, this book is just as good and also very interesting. If you're interested in cold reading at all this will be the best money you'll ever spend. As a side note his system could be applied to anything else you might want to memorize and make your own. I have never heard of his techniques before and I have studied a lot of memory techniques. It's so easy I will add this to my 'readings' repertoire." - Scott Martisse "So I'm finally watching the new *Casino Royale* and lines from the James Bond Reading keep popping unbidden into my head. What makes this interesting is I hadn't really intended on learning the reading via James Bond but via a character I know more about. I followed Julian's suggestions to practice readings aloud, even to

inanimate objects. After a bit of this, I tried the real deal. This isn't something you can do mechanically, at least if you want to get maximum effect and responses. It is a matter of a give and take that is "entrancing" in its impact. I can't wait to see what more experience will bring. Thank you Julian, you really have made a significant contribution. Your ability to simplify and teach is exceptional. I generally rely on my knowledge as a psychologist to add a bit of reading but it wasn't anywhere as powerful as applying this system. Folks, don't just read JBR. Get out there and use it." - Dr Bill Cushman OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: Palmistry - Palm Readings In Your Own Words Speed Learning: Numerology - Numbers Past And Present With The Lo-Shu Square Speed Learning: Star Signs

On loan to the U.S. government, James Bond teams up with Cedar, daughter of Felix Leiter, an old friend, in order to discover the secret behind SPECTRE's Heavenly Wolf operation.

In his new book 'Numerology - Numbers Past And Present With The Lo Shu Square' Julian Moore breaks with tradition to add a new slant to the ancient divination technique of the Lo Shu square by combining numbers from the past and present to create a vivid and interesting reading. By taking a person's birth date, the lucky numbers that have appeared and reappeared throughout their lives and their most up to date number of all - their mobile phone number - he shows how this ancient system of divination can be brought bang up to date to be commercial and great fun. If you've read Julian's previous best selling works on cold reading, palmistry, graphology and cartomancy, then you'll know his teaching approach is second to none and instead of having a book that you'll leave gathering dust, by the end of Numerology - Numbers Past And Present With The Lo Shu Square you'll actually have acquired a new skill that you can show to friends and family - even make money out of by performing professionally as part of your other reading skills. Get it now - and start giving numerology readings within a few days or less. As always it doesn't get any more fun, or simpler, than this. Numerology - Numbers Past And Present With The Lo Shu Square is part five in the 'Speed Learning' series of readings books. Collect the set!

"Get this book, learn the system, do cool readings." - David Numen "Julian's work is the best of the bunch in these genres. I have scoured book stores. I only learn from his books and ideas." - John Cesta My latest ebook which teaches the fundamentals of cartomancy is now ready for release. It's similar to my other books in that it's aimed at complete beginners as well as people who've started learning this particular reading discipline but then given up for one reason or another. Like my other books I use a no nonsense approach with lots of memory tips, insights, reviews and exercises over ninety pages to help you get up to speed as quickly as possible and the whole experience is extremely 'hands on'. In fact part of the process involves scribbling on the cards a lot to make sure the basics are implanted in your mind as you go. I'm really hoping that this new book gets some of you on the road to giving proper and interesting readings with cards instead of just thinking about it. There's a lot more information hidden in those fifty-two bits of paper than you probably realise! REVIEWS "I got this yesterday and have started the study and have to say it's quite brilliant. I've read cards of one form or another for 20 years after learning initially from the Joe Riding course but for

## Download Free James Bond Cold Reading Downlaod

various reasons I was looking for something to help me sharpen my skills - and this more than does the trick. For anyone who might feel that they'd rather this was on tarot I think it's worth pointing out that when I started doing readings many moons ago a number of clients would tell me of this mystical sounding old man who read from "ordinary cards." It was clear that the impression given to these women was that reading ordinary cards was somehow more skillful and impressive than tarot cards (I guess the pictures on the cards might make it obvious to some astute clients that there are highly visible cues on the cards). Playing card readings rock - and playing cards predate tarot and are thus, in my book, purer and more mysterious than tarot." - David Numen "I purchased this ebook. What a great system. Always in the easily understood clear writing format you'd expect from Julian. This is of a quality you would expect to find in a book store. I have in the past purchased Julian's James Bond Cold Reading book and his Palm Reading book. For me this is one of the best. I find I am more in tune with numbers than the others. I always have a deck of cards and certainly the places I frequent there are cards as well. The fact that you can use a few cards, a few more to create a simple or more complex reading is terrific. Make it as long or short as you'd like. Julian's audio book (available for free from his site) is also top notch! Lots of valuable audio files to use while driving or sitting in a Doctor's office. Certainly worth the asking price. If you have any of Julian's other offerings you know what I mean. If you don't have any of Julian's other offerings don't hesitate. His metaphors and memory links make sense and they work." - John Cesta OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: The James Bond Cold Reading Coming Soon: Speed Learning: Palmistry - Palm Readings In Your Own Words

The search for a deadly organization called The Union and the blind criminal mastermind who controls it takes James Bond on a dangerous quest to Paris, where he encounters a seductive French movie star, and to a climactic confrontation with a vicious criminal genius at the Cannes Film Festival. Reprint.

British Secret Service agent James Bond, a.k.a. 007, is sent to investigate a diamond smuggling ring on a mission that takes him from Sierra Leone all the way to Las Vegas. James Bond is one of the most iconic characters in 20th-century literature. In addition to the 12 novels and 9 short stories written by Ian Fleming, there have been over 40 novels and short stories written about the spy by other authors, and 26 films produced, starring actors such as Sean Connery and Daniel Craig as 007. Random House Canada is proud to bring you classic works of literature in ebook form, with the highest quality production values. Find more today and rediscover books you never knew you loved.

Sean Connery's tuxedo, Ursula Andress' bikini, Oddjob's bowler hat, and Q's gadgets are just a few defining features of the 007 world examined in this text. Drawn from the fields of literary, film, music and cultural studies, the essays in this collection range from revitalized readings of Ian Fleming's spy novels to the analysis of Pussy Galore's lesbianism, Miss Monneypenny's filmic feminism and Pierce Brosnan's techno-fetishism. Together the essays not only consider the James Bond novels and films in relation to their historical, political and social contexts, from the Cold-War period onwards, but also examine the classic bond canon from an array of theoretical perspectives. What the text aims to show is that there is much more to the 007 series than

cheap thrills, fast cars and beautiful women. Leach, among others, Lindner illustrates not only how the Bond character has conquered the globe, but has sustained its pre-eminence across six decades. Starting with the original books and moving through the films, the music and the marketing, this study should be of use to students of film, media, popular literature, marketing and cultural studies.

The most memorable dialogue and witty one-liners from all 25 official James Bond films, quoting 007, M, Q, Moneypenny, Bond villains and more "Bond. James Bond." The iconic line from James Bond's first big-screen scene has been endlessly quoted and imitated since, and the memorable dialogue and witty one-liners stand alongside the glamorous locations, breath-taking stunts and creative gadgets as one of the many reasons the films are so beloved the world over. The Wit & Wisdom of James Bond includes the very best quotes, quips and pearls of wisdom from all 25 films. From "Shocking. Positively shocking," to "Choose your next witticism carefully, Mr Bond. It may be your last," (Goldfinger) this official book collects the greatest killer one-liners from the world's most famous "licensed troubleshooter", as well as M, Q, Moneypenny, Bond villains and more.

"How can you talk to a complete stranger as if you have known them all your life? Is it really possible to read someone's thoughts and feelings within seconds of meeting them? In this..book ... explains the secrets of the oldest and most powerful psychological persuasion system in the world"--Back cover.

Chronicles all the behind-the-scenes stories of every song and score written for the James Bond films and draws from new interviews with many of the songwriters and composers.

A spy is dead. A legend is born. This is how it all began. The explosive prequel to Casino Royale, from bestselling author Anthony Horowitz. Forever and a Day is the story of the birth of a legend, in the brutal underworld of the French Riviera, taking readers into the very beginning of James Bond's illustrious career and the formation of his identity. \*\*\* M laid down his pipe and stared at it tetchily. "We have no choice. We're just going to bring forward this other chap you've been preparing. But you didn't tell me his name." "It's Bond, sir," the Chief of Staff replied. "James Bond." The sea keeps its secrets. But not this time. One body. Three bullets. 007 floats in the waters of Marseille, killed by an unknown hand. It's time for a new agent to step up. Time for a new weapon in the war against organized crime. It's time for James Bond to earn his license to kill.

can get you up to speed quicker than you ever thought imaginable, while still creating your own style and being true to yourself without having to pretend that you're a great showman or anything other than yourself. 'Speed Learning ~ Palm Readings In Your Own Words' shows you how to give REAL readings that CONNECT with people. Most people who decide to learn palmistry are easily put off when they first pick up a palmistry book, there's so much information and more often than not, no clear description of even what ORDER to read the different elements of the hand in. This is not like those other books. It teaches you a step-by-step way of reading people's palms that's almost impossible to forget, and as it encourages you to create YOUR OWN way of describing what the lines and fingers mean, the speed of learning is greatly increased. You're not just learning 'parrot style', you're creating your OWN versions of how to talk about the meanings of the hand, which makes them entirely memorable! REVIEWS "No hype...just plain good! You can't go wrong if you just DO what Julian describes. I've always shied away from palmistry because I thought the system was too complicated. Julian has changed all that. And, the memory cues are an added bonus. It just can't get any easier." - Nicholas "After reading Julian's book, and going through the flash cards a couple of times, I have a practical knowledge of palm reading that I didn't have 48 hours ago. My progress is clear and tangible. Today, I was able to improvise a palm reading session with one of my regular clients, and it went very well. I'm excited! That's why I'm writing this review, hoping that some of you also take advantage of this beautiful tool that Julian is sharing with us." - Enrique Enriquez - member of Kenton Knepper's S.E.C.R.E.T. school and co-author of the groundbreaking book 'Mind Reading' "A very useful tool for both learning and reviewing palmistry basics. For learning you have taken the concept of flash cards and made the cue cards much more of a memory exercise; thereby, challenging the mind to create rather than just repeat. For the pro you have given some interesting slants on certain traits that add further dimension and depth to a reading. The cards provide an excellent review tool for all practicing palmists as it allows them to review traits and characteristics that may not appear commonly in their practice." - Charles Green & Eugene Bourgal "An excellently laid out summation of the essence of palmistry, designed to teach you as you go along. I can certainly see how one can get this today and start giving mini-readings tomorrow night. Better yet, learn it all easily in a week and give real readings and be able to answer questions. This book actually teaches easily, speedily the essence of palmistry. Nice job. I'd recommend this to anyone starting out in the field. Well worth the money." - Tom Jorgenson OTHER KINDLE BOOKS IN THE SPEED LEARNING SERIES BY JULIAN MOORE Speed Learning: Graphology - The Art Of Handwriting Analysis Speed Learning: Cartomancy - A Playing Card Reading Primer Speed Learning: The James Bond Cold Reading [Copyright: 587148a27e12f1069df7d43052af3d18](https://www.amazon.com/dp/B087148a27)
